Miami-Dade County (County) is commencing the process for reimbursement of the Fiscal Year 2013-2014 Parking Fines. In order to participate in the program, each municipality must submit an executed Interlocal Agreement and the annual Affidavit. Because your municipality submitted an Interlocal Agreement in 2013, you are not required to submit one this year and it will remain on file until further notice. The Affidavit (enclosed), an annual requirement, states that the funds reimbursed shall be used to improve accessibility and equal opportunity to qualified persons who have disabilities in the municipality and to conduct disability public awareness programs.

Reimbursements to municipalities are based on a percentage of revenue collected during Fiscal Year 2012-2013. The amount is determined by calculating the total amount of fines collected on tickets issued in a municipality divided by the total number of tickets paid countywide. Funding estimates include a percentage of the carryover monies that were not distributed to any municipality in the previous year.

The City of Doral is entitled to \$4,311 as a result of fines collected in the previous fiscal year and unspent funds from other municipalities. The aforementioned Affidavit must be submitted within 60 days of the date of this letter to receive these funds.

In accordance with Section 30-447 of the Code of Miami-Dade County, parking fine funds generated from the misuse of marked spaces for people with disabilities is used in the following manner:

- One-third of the funds are to be used to defray the Clerk of Courts' administrative expenses, and
- Two-thirds of the funds are to be used to improve accessibility and equal opportunity to qualified physically disabled persons and to provide funds to conduct public awareness programs concerning physically disabled persons. Of this amount, 30 percent is retained by the County for countywide purposes, in accordance with State law and 70 percent is allocated to the governmental entity having jurisdiction over the violation.
