ARTICLE A.1 GUARANTEED MAXIMUM PRICE

§ A.1.1 Guaranteed Maximum Price

Pursuant to Section 2.2.6 of the Agreement, the Owner and Construction Manager hereby amend the Agreement to establish a Guaranteed Maximum Price. As agreed by the Owner and Construction Manager, the Guaranteed Maximum Price is an amount that the Contract Sum shall not exceed. The Contract Sum consists of the Construction Manager's Fee plus the Cost of the Work, as that term is defined in Article 5 of the Agreement.

The intent of this GMP Amendment is to consolidate and summarize all prior Change Order agreements between Owner and Construction Manager that Amended the

ADDITIONS AND DELETIONS:

The author of this document has added information needed for its completion. The author may also have revised the text of the original AIA standard form. An *Additions and Deletions Report* that notes added information as well as revisions to the standard form text is available from the author and should be reviewed. A vertical line in the left margin of this document indicates where the author has added necessary information and where the author has added to or deleted from the original AIA text.

This document has important legal consequences. Consultation with an attorney is encouraged with respect to its completion or modification.

AIA Document A201™–2017, General Conditions of the Contract for Construction, is adopted in this document by reference. Do not use with other general conditions unless this document is modified.

(Check one of the following boxes.)

The date of execution of this Amendment.

Established as follows:
(Insert a date or a means to determine the date of commencement of the Work.)

June 26, 2020

If a date of commencement of the Work is not selected, then the date of commencement shall be the date of execution of this Amendment.

§ A.2.2 Unless otherwise provided, the Contract Time is the period of time, including authorized adjustments, allotted in the Contract Documents for Substantial Completion of the Work. The Contract Time shall be measured from the date of commencement of the Work.

§ A.2.3 Substantial Completion

§ A.2.3.1 Subject to adjustments of the Contract Time as provided in the Contract Documents, the Construction Manager shall achieve Substantial Completion of the entire Work:

(Check one of the following boxes and complete the necessary information.)

Not later than () calendar days from the date of commencement of the Work.

By the following date: December 19, 2024

§ A.2.3.2 Subject to adjustments of the Contract Time as provided in the Contract Documents, if portions of the Work are to be completed prior to Substantial Completion of the entire Work, the Construction Manager shall achieve Substantial Completion of such portions by the following dates:

Portion of Work	Substantial Completion Date
Phase 2/3	June 19, 2024
Phase 4	December 19, 2024

§ A.2.3.3 If the Construction Manager fails to achieve Substantial Completion as provided in this Section A.2.3, liquidated damages, if any, shall be assessed as set forth in Section 1.4 of the Agreement.

ARTICLE A.3 INFORMATION UPON WHICH AMENDMENT IS BASED

§ A.3.1 The Guaranteed Maximum Price and Contract Time set forth in this Amendment are based on the Contract Documents and the following:

§ A.3.1.1 The following Supplementary and other Conditions of the Contract:

Document	Title	Date	Pages
N/A			

§ A.3.1.2 The following Specifications:
(Either list the Specifications here, or refer to an exhibit attached to this Amendment.)

Exhibit H

Section	Title	Date	Pages
N/A			

§ A.3.1.3 The following Drawings:
(Either list the Drawings here, or refer to an exhibit attached to this Amendment.)

Exhibit I

Number	Title	Date
N/A		

§ A.3.1.4 The Sustainability Plan, if any:
(Paragraph deleted)

Title	Date	Pages
N/A		

Other identifying information:

§ A.3.1.5 Allowances, if any, included in the Guaranteed Maximum Price:
(Identify each allowance.)

Item	Price
Access Control Allowance see Exhibit E (GMP turnover D)	\$100,000.00
Security Allowance see Exhibit E (GMP turnover D)	\$80,000.00

§ A.3.1.6 Assumptions and clarifications, if any, upon which the Guaranteed Maximum Price is based:
(Identify each assumption and clarification.)

See Exhibit A,, Exhibit B, Exhibit C, Exhibit D, Exhibit E and Exhibit F for the Assumptions and Clarifications for each of the respective portions of the Project.

§ A.3.1.7 The Guaranteed Maximum Price is based upon the following other documents and information:
(List any other documents or information here, or refer to an exhibit attached to this Amendment.)

Exhibit G – City of Doral Change Order Log

ARTICLE A.4 CONSTRUCTION MANAGER’S CONSULTANTS, CONTRACTORS, DESIGN PROFESSIONALS, AND SUPPLIERS

§ A.4.1 The Construction Manager shall retain the consultants, contractors, design professionals, and suppliers, identified below:
(List name, discipline, address, and other information.)

This Amendment to the Agreement entered into as of the day and year first written above.

Title: SR VICE PRESIDENT

RESOLUTION No. 20-12

A RESOLUTION OF THE MAYOR AND THE CITY COUNCIL OF THE CITY OF DORAL, FLORIDA, APPROVING THE CONSTRUCTION MANAGER AT RISK PROCUREMENT PROCESS FOR THE CONSTRUCTION PHASE OF DORAL CENTRAL PARK; RECOGNIZING THAT THE PROPOSED PROCESS IS A CONSTRUCTION INDUSTRY STANDARD PROCUREMENT METHOD; AUTHORIZING THE CITY MANAGER TO NEGOTIATE THE GUARANTEED MAXIMUM PRICE (GMP) AND EXECUTE THE CONTRACT WITH THE SELECTED CONSTRUCTION MANAGEMENT FIRM; AND PROVIDING FOR AN EFFECTIVE DATE

WHEREAS, the General Obligations Bond was passed in November of 2018 for the improvement and construction of Parks projects throughout the City; and

WHEREAS, the Doral Parks Bond Program consists of proposed Park enhancements and new Park construction as part of the overall program; and

WHEREAS, the construction of Doral Central Park is the largest of the proposed Park Bond Projects and as such the recommendation from staff and the Program Management Team (PMT) is to proceed with the Construction Manager at Risk (CMAR) delivery method; and

WHEREAS, the Construction Management at Risk process is a construction industry standard delivery method that is used primarily on large projects having unique elements such as the proposed Doral Central Park design contains; and

WHEREAS, in using the CMAR process the City will mitigate its risk and attain price certainty once the Guaranteed Maximum Price (GMP) is proposed and negotiated between the City and selected Construction Manager; and

WHEREAS, the selected Construction Manager will be brought in at the beginning of the design process in order to provide full price validation and value engineering in cooperation with the City and selected design professional throughout the entire design phase; and

WHEREAS, by using the CMAR process for Doral Central Park, City staff is

recommending a multi-phased GMP and turn-over process where construction will begin in phases in order to accelerate the project and open areas of the park in sections prior to final completion; and

WHEREAS, staff will return to Council for award of the Request for Proposal to select the recommended Construction Manager who will assist during the pre-construction/design phase and then continue into the construction phase; and

WHEREAS, the City Manager will negotiate and agree on the GMP's of each continuous phase of the project with the Construction Manager and report back to Council through monthly or quarterly reports as to the acceptance of each GMP and progress of construction.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DORAL AS FOLLOWS:

Section 1. Recitals. The above recitals are confirmed, adopted, and incorporated herein and made part hereof by this reference.

Section 2. Approval. The Mayor and City Council-Members approve the Construction Manager at Risk delivery method for the procurement of a Construction Manager for Doral Central Park.

Section 3. Authorization. The City Manager is authorized to advertise and recommend award of the Construction Manager for Doral Central Park using the Construction Manager at Risk delivery method.

Section 4. Implementation. The City Manager and the City Attorney are hereby authorized to take such further action as may be necessary to implement the purpose and the provisions of this Resolution.

Section 5. Effective Date. This Resolution shall take effect immediately upon adoption.

The foregoing Resolution was offered by Councilmember Cabrera who moved its adoption. The motion was seconded by Vice Mayor Fraga and upon being put to a vote, the vote was as follows:

Mayor Juan Carlos Bermudez	Yes
Vice Mayor Christi Fraga	Yes
Councilwoman Digna Cabral	Absent/Excused
Councilman Pete Cabrera	Yes
Councilwoman Claudia Mariaca	Yes

PASSED AND ADOPTED this 8 day of January, 2020.

Making Insurance Less Complicated

Collinsworth, Alter, Fowler & French, LLC (CAFF)

CAFF has its roots in an insurance and surety bond agency formed back in 1974 when our founders developed a simple business plan: Focus on your discipline and be the best. Since that time our agency has developed multiple divisions with the industry's best professionals focused on their clients' specific needs. Currently CAFF is one of the largest, most recognizable, and reputable independent, privately owned insurance agencies in Florida.

The company we keep.

Over the years CAFF has forged relationships with the industry's leading insurance companies. Whether it be a construction, wholesale, professional, or property risk we represent the insurance companies to provide you with the most comprehensive and competitive insurance program possible.

Our service is the best in the industry.

With over 100 years of combined experience CAFF's service team has one simple goal: Provide the very best service to our clients. Whether issuing Certificates of Insurance, handling a claim, or coming up with new and/or inventive ways to process your service needs, you will find our staff to be prompt and professional.

Our clients are not statistics.

Our clients are the most important part of our organization. Our clients are never an interruption to our work, but rather the purpose for it. This simple fact has not, nor will ever be forgotten.

Premium Summary

Kaufman Lynn Construction, Inc Project: Doral Central park

Coverage	Insurance Carrier	Minimum Earned Premium	Proposed Premium 2021
General Liability	Endurance American Ins Co	25%	\$364,140.00
Excess – Lead \$5mil	Endurance American Ins Co	25%	\$243,337.50
Excess \$5mil over lead \$5mil	Capitol Specialty Ins Co	25%	\$152,713.05
Excess \$7.5mil p/o \$15mil	Everest Indemnity Ins Co	25%	\$119,306.26
Excess \$7.5mil p/o \$15mil	Liberty Surplus Ins Corp	25%	\$118,125.00
Excess \$10mil x of \$25mil	Navigators Specialty Ins Co	25%	\$88,200.00
Wrap Up Administration Fee			\$40,000.00
		Total	\$1,125,821.81

Subjectivities Required to Bind:

- Signed completed applications, disclosure and terrorism forms
- Copy of the Builder's Risk binder
- Contractors loss runs
- Provide copy of the detailed budget
- Contractors must be listed as AI's or provide a waiver of subrogation.
- Policy type must be a LEG3 or its equivalent for the Property Damage Course of Construction Exclusion to not apply
- Confirmation of no blasting or wrecking ball work
- Confirm all subcontractors will be enrolled in the Wrap Up
- Confirm whether Crane Operator (if any) will be enrolled (Crane Safety Protocols (to be reviewed by Vertex)
- Subsidence Exclusion has been removed subject to written confirmation from the insured that they will comply with the Geotech report recommendations (prior to binding)
- Contractor must have their owned QA/QC program in place for this project (to be reviewed by Vertex)
- Copy of the safety manual/quality control program in details (to be reviewed by Vertex)
- A satisfactory loss control report conducted by or on behalf of Endurance Specialty Underwriters and compliance with any recommendations
- A Qualified Wrap Up Administrator is required with costs to be assumed by the insured

- Vertex Engineering will contact insured prior to construction and perform periodic onsite reviews of project status and oversight of construction methods (no cost to the insured)

Engineering & Wrap Administration Note:

- As a condition of the quotation, we will be requiring the implementation of certain loss control, engineering, and risk management services/protocols. Within 10 days of binding, we will need the following information:
 - Name of Project/Superintendent and Site Safety Manager or their Equivalent
 - Telephone number and email address of these contacts
 - 100% construction drawings
 - Project specifications
 - General Contractors Site-Specific Safety Plan
 - General Contractors QA/QC Safety Plan
 - Baseline or updated construction schedule

Payment Terms: Full Annual

Compensation Disclosure

Collinsworth, Alter, Fowler & French, LLC. is an independent agency which represents our insured's in the placement of insurance coverage's and surety bonds. We are not employees of any insurance carrier and are free to place coverage in the best interests of our clients. The insurance carriers we represent believe that the independent agency system is the most efficient and effective system by which to deliver their policies. As the agent for the carriers we represent, we are paid a commission.

Typically, our commission is calculated as a percentage of premium, however we may also receive other forms of incentive compensation, including contingent commissions and non-cash awards. Incentive compensation is based upon a variety of factors that may include the level of premium written, retention, growth, overall profitability, or other performance measures established by the insurance carriers represented by us. For more specific details about compensation relating to your policy, please contact your agent or broker.

Coverages Not Included

Most commercial insurance coverage forms and policies have certain limitations and exclusions where coverage is available elsewhere. The policies below describe some of the available coverages that should be considered.

Employment Practices Liability Insurance

This insurance coverage should respond to the following actual or alleged acts. Wrongful termination, sexual harassment, discrimination against an employee, breach of employment contracts, wrongful discipline, discrimination by means of race, sex, or age, wage & hour disputes. Both defense costs and settlement amounts for employment practice claims can have a serious financial impact on a company. It is not uncommon for legal fees associated with winning an employment lawsuit to exceed \$250,000.

Pollution Insurance

Defined pollutants usually encompass the following. Any solid, liquid, gaseous or thermal irritant or contaminant, including smoke, vapor, soot, fumes, acid, alkalis, chemicals and waste. Waste includes materials to be recycled, reconditioned or reclaimed. This coverage is quite readily available today and almost any organization, regardless of its operation, can potentially have the need for this coverage. It's important to remember that "NEGLIGENCE" has nothing to do with most of the State and Federal Pollution laws as they apply a standard of STRICT LIABILITY. This basically means you do not have to be negligent, you only have to be at a site or at some place where a pollution incident occurs in order to be brought into litigation by Federal and State pollution authorities.

Professional Liability Insurance

More commonly known as errors & omissions (E&O), professional is a form of liability insurance that helps protect companies from bearing the full cost of defending against a negligence claim made by a client, and damages awarded in such a civil lawsuit. The coverage focuses on alleged failure to perform on the part of, financial loss caused by, and error or omission in the service or product sold by the policyholder. These are causes for legal action that would not be covered by a general liability insurance policy which addresses direct forms of harm. Professional liability coverage sometimes also provides for the defense costs, including when legal action turns out to be groundless.

Cyber Liability Insurance

Cyber liability insurance is a product used to protect businesses from internet and information technology infrastructure and activities. Risks of this nature are typically excluded from traditional commercial general liability policies. Coverage provided by cyber-insurance policies may include first-party coverage against losses such as data destruction, extortion, theft, hacking, and denial of service; liability coverage indemnifying companies for losses to others caused, for example, by errors and omissions, failure to safeguard data, or defamation; and other benefits including regular security audit, post-incident public relations and investigative expenses, and criminal reward funds.

Crime/Employee Dishonesty Insurance

Commercial crime insurance covers money, securities and other property against a variety of criminal acts, such as employee theft, robbery, forgery, extortion and computer fraud. The policy can include coverage for employee theft, forgery or alteration, inside the premises – theft of money and securities, inside the premises – robbery or safe burglary of other property, outside the premises, computer fraud, funds transfer fraud, and money orders and counterfeit money.

The above is not intended to outline all the Terms, Conditions & Exclusions

Coverage Checklist

This Proposal is not intended as a description of all quoted, or available coverage, nor of all the exclusions, conditions or limitations. It is intended as an outline, but it does not amend, alter, or extend the coverage afforded by the actual policies, upon issuance of the same. We provided this Proposal based on our discussions and have quoted the coverage requested.

The Coverage Checklist attached is not to be interpreted as all-inclusive for every exposure your business may have, or every coverage you may need. We have indicated by an "X" the coverage included in this proposal. We will be glad to discuss the additional coverage with you and provide you with a quote upon request. We will also provide you with a quote for higher limits, where available upon request.

Glossary of Definitions

Actual Cash Value

Provides coverage on the basis of actual cash value (ACV), also known as market value, subject to the terms of the Co-insurance Clause. Actual cash value is equal to the replacement cost minus any depreciation based on life expectancy of the item (ACV + replacement cost of new property of like kind and quality less depreciation).

Advertising Injury

This coverage pays for damages done in the course of oral or written advertisement that disparages, libels or slanders a person's or organization's goods, products or services. Coverage for these offenses is provided under advertising injury coverage only if they occur during the course of advertising the named insured's own goods, products or services.

Agreed Value

When the agreed value option is used the coinsurance requirement is removed and the insurer agrees to cover losses for its agreed value. When this option is used the insured and the insurance company agree on the value of the property before the policy is issued. As an example, the insured has property insured for \$100,000 and the agreed value is also \$100,000, if a loss occurs, any loss up to \$100,000 is covered at 100%. This option is usually assigned to one-of-a-kind property.

Any Automobile

Coverage is provided for any auto, including autos owned by the insured, autos the named insured hires or borrows from others, and other non-owned autos used in the insured's business.

Audit

The proposed premium is based on the above estimates of annual exposures. This premium is subject to an Annual audit. A deposit premium will be collected at the time of inception. Adjustments to the premium will be done after the policy expires.

Auto Liability Coverage

The liability coverage of the business auto policy provides protection against legal liability arising out of the ownership, maintenance, or use of any insured automobile. The insuring agreement agrees to pay damages for bodily injury or property damage for which the insured is legally responsible because of an automobile accident resulting from the ownership, maintenance, or use of a covered auto. The insuring agreement also states that in addition to the payment of damages for which the insured is legally liable, the insurer also agrees to defend the insured for all legal defense cost. The defense cost is in addition to the policy limits.

Automatic Coverage

Covers accidents to objects at newly acquired locations in some cases for up to ninety days after the named insured acquires the property.

Basic Extended Reporting Period Claims Made (Basic Tail)

This coverage is provided automatically without an additional premium charge if coverage is canceled, not renewed, or the insurer renews with a later retroactive date. The basic extended reporting period starts at the end of the policy period and allows for the reporting of claims that have occurred within the policy period. This also includes those claims reported to the insurer within 30 or 60 days after the end of the policy period.

Bodily Injury

Means physical damage to a person's body. It is also referred as physical injury. 18 USCS defines it as a cut, abrasion, bruise, burn, or disfigurement; physical pain; illness; impairment of the function of a bodily member, organ, or mental faculty; or any other injury to the body, no matter how temporary.

Bodily Injury by Accident Employers Liability

This amount is the most an insurer will pay under coverage (B) for all claims arising from any one accident, regardless of how many employees are involved in the accident. The standard limit is \$100,000 for any one accident, which can be increased.

Bodily Injury by Disease Employers Liability (Each Employee)

This amount is the most an insurer will pay under coverage (B) for damages due to bodily injury by disease to any one employee. The standard limit of liability for each employee is \$100,000, which can be increased.

Bodily Injury by Disease Employers Liability (Policy Limit)

This is the aggregate limit the insurer will pay under coverage (B) for all claims sustaining bodily injury by disease during the policy period. The standard policy limit is \$500,000, which can be increased.

Buildings and Business Personal Property

Coverage for the building includes the building and structures, completed additions to covered buildings, outdoor fixtures, permanently installed fixtures, machinery and equipment. The building material used to maintain and service the insured's premises is also insured. Business Personal Property owned by the insured and used in the insured's business is covered for direct loss or damage. The coverage includes furniture and fixtures, stock, and several other similar business property items when not specifically excluded from coverage. The policy is also designed to protect the insured against loss or damage to the personal property of others while in the insured's care, custody or control. In some policies this may include the contents in the location and the tenant improvements.

Business Income Coverage

Sometimes referred to as Business Interruption coverage, is protection against loss of profits, fixed ongoing expenses and payroll if included in which the business has suffered a property loss or damage from a covered peril, such as a fire, natural disaster, theft or vandalism.

Business Income (Equipment Breakdown)

This endorsement can be written to provide coverage on either a “valued” or an “actual loss sustained” basis. When the actual loss sustained option is used, the coverage pays only for the insured’s actual loss of income. If coverage is written using the valued option, the insured is able to collect a predetermined amount of coverage for each day the business is interrupted because of an accident to an insured object. The coverage is subject to a per accident limit and a deductible that can be expressed as either a specified time period or a dollar amount. When the valued form is used the daily amount of insurance is paid regardless to the actual amount of loss. Special attention must be paid to the reporting requirements in order to get the claim paid.

Causes of Loss

The term peril is used when discussing losses. A peril is a cause of loss. Basic property insurance policies are written to cover the perils of fire, lightning, explosion, windstorm, hail, smoke, aircraft or vehicle damage, riot or civil commotion, vandalism, sprinkler leakage, sinkhole collapse, and volcanic action. Other property insurance policies, often referred to as the broad form policy, add coverage for water damage, weight of snow, ice or sleet, breakage of glass and coverage for falling objects. The broadest coverage is the special form, which is best known as the all risk form. All risk covers all causes of loss, except those specifically excluded from coverage. It is possible for a commercial property policy to have more than one cause of loss form.

Claims-Made

An insurance policy that provides coverage when a claim occurs during the defined policy period and is reported to the carrier during that same period.

Coinsurance

Most building and business personal property policies have a coinsurance clause which requires the insured to carry insurance equal to at least a specified percentage of the actual cash value of the property. If a loss occurs, and it is determined that the amount of insurance carried is less than the amount required a penalty could be placed on the insured.

The insurance applying in the following example is subject to the 80% Coinsurance Clause. Under the terms in this clause, you should insure the property at risk to the stipulated percentage of value. If you fail to do so, you will not be fully reimbursed for any loss that may occur. The manner in which the Coinsurance Clause would operate in the event of a partial loss is illustrated below and is merely a hypothetical example:

Insurable Interest	Insurance Carried	Insurance Required (80%)	Amount of Loss	Policy Pays	Insured Pays
\$1,000,000	\$500,000	\$800,000	\$200,000	\$125,000	\$75,000

The computation formula is ‘did over should.’ The insured carried \$500,000, but should have carried \$800,000. Therefore, the insured carried five-eighths of what he should have carried and will receive payment for only five-eighths of his \$200,000 partial loss in spite of the fact the face amount of the policy was \$500,000. The above is merely to show how Coinsurance works. If at any time you should substantially increase building values or contents values, you should notify us immediately to increase your coverage to avoid any Coinsurance penalties.

Collision Coverage

This coverage provides protection against loss or damage to a covered auto or a non-owned auto resulting from the impact with another vehicle or object. Collision losses are paid regardless of fault.

Company Reimbursement Coverage (Directors & Officers)

This section pays on behalf of the corporation all sums which each director and officer may be required to pay for defined wrongful acts and which such directors and officers are entitled to receive by way of reimbursement or indemnification from the company per the company charter.

Comprehensive Coverage

Comprehensive coverage provides protection against loss or damage to a covered auto resulting from loss other than a collision or upset. This coverage also provides for supplemental payments for transportation expenses in the event of total theft of a covered auto or a non-owned auto. Coverage begins forty-eight hours after the theft.

Computer Equipment

Is any electronic equipment that can be programmed to store, retrieve, or process data. Peripheral equipment is computer equipment but only if it provides communication, input, and output functions and data transmission. Data and media are not computer equipment.

Computer Fraud (Crime)

This insuring agreement covers money, securities and other property fraudulently transferred by computer from the insured premises or banking premises to a location other than the insured premises or the banking premises. It does not include transfer to a messenger. Coverage is worldwide.

Consequential Damage (Equipment Breakdown)

This endorsement covers loss due to spoilage of specified property from lack of power, light, heat, steam or refrigeration, which results from an accident to an insured item.

Crime/Employee Dishonesty Insurance

Commercial crime insurance covers money, securities and other property against a variety of criminal acts, such as employee theft, robbery, forgery, extortion and computer fraud. The policy can include coverage for employee theft, forgery or alteration, inside the premises – theft of money and securities, inside the premises – robbery or safe burglary of other property, outside the premises, computer fraud, funds transfer fraud, and money orders and counterfeit money.

Cyber Liability Insurance

Cyber liability insurance is a product used to protect businesses from internet and information technology infrastructure and activities. Risks of this nature are typically excluded from traditional commercial general liability policies. Coverage provided by cyber-insurance policies may include first-party coverage against losses such as data destruction, extortion, theft, hacking, and denial of service; liability coverage indemnifying companies for losses to others caused, for example, by errors and omissions, failure to safeguard data, or defamation; and other benefits including regular security audit, post-incident public relations and investigative expenses, and criminal reward funds.

Data

Is not just data stored on media. It is also programming records used in equipment that is electronically controlled and those used to perform electronic data processing functions.

Derivative Action Lawsuit (Directors & Officers)

Claims by stockholders on behalf of the corporation

Directors & Officers Liability Coverage

Liability coverage is designed to cover the DIRECTOR AND/OR OFFICER for most liability type claims which may arise out of their activities in the MANAGEMENT of the business enterprise. This section pays on behalf of any person who is, or may become a director or officer if the named corporation all sums which such individual may be called to pay for claims which may be brought against him for any wrongful act. In this case the Liability is personal and the corporate veil is not operative.

Listed below are some of the allegations, (but obviously not all) which can or have been filed against directors and/or officers. Misrepresentation/Mismanagement or financial conditions/information, Anti-trust Violations, General conflict of interest, Lack of good judgment, Diligent or Good Faith, Irregularity in Security Issues, Mismanagement of funds, Unauthorized or imprudent loans or investments, Failure to obtain competitive bids or to qualify for governmental funds, Improper expansion resulting in loss, Using inside information for personal gain, Unwarranted Dividend Payments, Salaries or other types of compensation, Imprudent loans resulting in loss to the company, Excessive use of company funds and proxy fights, Misleading statements and forms filed with the stock exchange or other government regulatory agencies, Misrepresentation in acquisition agreements in purchasing another company, Incurring income tax liabilities, Failure to attend Board of Directors Meetings regularly, Violation of covenant in loan agreements or indentures, and Improper private disclosure or significant information before public announcement.

Discovery Basis(Crime)

The discovery approach provides for payment of losses discovered during the policy period. This is similar to the approach under the ISO claims-made commercial general liability (CGL) policies.

Drive Other Car Coverage

Provides coverage for individual named on endorsement and spouse for use of non-owned car, sometimes referred to as "Borrowed Car" Coverage.

Employee Theft(Crime)

Employee theft covers losses to money, securities and other property. It covers the unlawful taking of eligible insured property by employees. Coverage applies regardless of the number of employees involved in the loss. This is an important point, since the limit of insurance applies to each act and not to each employee.

Employers Liability

This coverage protects employers for their legal liability for bodily injury by accident or disease to an employee arising out of and in the course of the employee's employment when permitted by state under the workers compensation law. Before benefits are paid under this coverage, the employee must prove the employer is liable for the injury.

Employment Practices Liability Insurance

This insurance coverage should respond to the following actual or alleged acts. Wrongful termination, sexual harassment, discrimination against an employee, breach of employment contracts, wrongful discipline, discrimination by means of race, sex, or age, wage & hour disputes. Both defense costs and settlement amounts for employment practice claims can have a serious financial impact on a company. It is not uncommon for legal fees associated with winning an employment lawsuit to exceed \$250,000.

Excess Liability

An excess liability policy may be what is called a following form policy, which means it is subject to the same term as the underlying policies; it may also be a self-contained policy, which means it is subject to its own terms only; or it may be a combination of these two types of excess policies.

Expediting Expense

Coverage, which pays the reasonable extra cost incurred to expedite progress after a loss.

Extra Expense (Equipment Breakdown)

This endorsement pays for the extra expense of maintaining operations after an accident to an insured item until normal operations can be restored. This endorsement excludes coverage for loss of income. To have coverage for loss of income and extra expense, the endorsement called Combined Business Interruption and Extra Expense must be added to the policy.

Forgery and Alteration (Crime)

This insuring agreement applies only to the actions of outsiders. Coverage does not apply to forgery or alteration of checks done by the named insured or any employee, manager, director, trustee or representative. Coverage applies only to checks drawn on the named insured's accounts or the accounts of any party while acting as an insured's agent.

Fire Damage Limit

The fire damage limit provides coverage for fire damage caused by negligence on the part of the insured to premises rented to the named insured. If a fire occurs because of negligence of the insured and causes damage to property not in the care, custody, and control of the insured; coverage would be provided under the occurrence limit.

Funds Transfer Fraud (Crime)

This insuring agreement provides coverage when money or securities are lost because instructions were given to a financial institution to transfer such funds from the named insured's account and those instructions are fraudulent. The fraudulent instructions may be written or electronic.

General Aggregate

The General Aggregate Limit is the most money the insurer will pay under a certain coverage for all claims occurring during the policy term.

Hired Auto

Coverage is provided only for autos leased, hired, rented, or borrowed for use in the service of the named insured's business.

Indemnity

This is the insuring agreement clause found in most umbrella policies as opposed to the pay on behalf agreement. When the indemnity insuring clause is used, the insurer will indemnify or reimburse the insured for those sums of money the insured becomes obligated to pay by reason of liability imposed upon the insured by law, or assumed under a covered contract.

Inside the Premises-Robbery or Safe Burglary of Other Property(Crime)

Other property means property other than money and securities having intrinsic value and not otherwise excluded. Under this insuring agreement, coverage applies only to robbery of a custodian or to safe burglary. The act must take place within premises located in a described building. Robbery involves actual bodily harm or the threat of bodily harm, violence or intimidation or the unlawful taking of property witnessed by another person, other than a watchpersons or janitors.

Inside the Premises-Theft of Money and Securities(Crime)

This insuring agreement contains three basic coverages. It pays for the loss of money and securities from the insured premises or banking premises caused by either of the following. Theft committed by a person actually present *inside* the premises or a banking premises or Disappearance or destruction of money or securities. This insuring agreement does not cover merchandise or stock. Premises are considered to be the interior of the building occupied by the named insured and from which business is conducted. Banking premises is also defined.

Limit of Insurance

The most the insurer will pay for a loss or damage in any one occurrence is the limit of insurance stated in the policy declarations.

Loss Sustained Basis(Crime)

The loss sustained approach covers only losses both sustained and discovered during the policy period or sustained during the policy period and discovered within one year after the end of that policy period. It works much like the ISO occurrence based CGL coverage form and was the only ISO Commercial Crime coverage form previously available.

Machinery and Equipment/Equipment Breakdown

Insurance covers direct damage to covered property when caused by a covered cause of loss. A covered cause of loss is a sudden and accidental breakdown of the insured's machinery and equipment or any part of the equipment described on the policy. Machinery and equipment insurance is necessary because commercial property policies exclude explosion of steam boilers and breakdown of machinery.

Media

Is software, films, tapes, discs, drums, and cells and other electronic data processing, recording and/or storage media.

Medical Expense Limit

Medical payments coverage pays medical expenses resulting from bodily injury caused by an accident on premises owned or rented by the insured, or locations next to such property, or when caused by the insured's operations. These payments are made without regard to the liability of the insured.

Medical Payments Coverage(Automobile)

The insuring agreement states that the insurer will pay all reasonable and necessary medical and funeral expenses incurred by an insured because of bodily injury caused by an accident. The insured is the named insured, the insured's employees and guests, and any other person occupying a covered auto. These payments are made without regard to fault.

Minimum & Deposit Premium

The minimum and deposit premium shown on the declarations page of the policy is the advance premium for the full policy term applicable to this policy. At the close of each audit period, the carrier will compute the earned premium for that period. If the audit premium is less than the minimum and deposit premium, the minimum and deposit premium will apply, with no return to you.

Money Orders and Counterfeit Money(Crime)

This insuring agreement only covers money orders and counterfeit money accepted by the named insured for services, money or merchandise. The items must have been accepted with an expectation that they were valid. The money orders must have been issued by a post office express company or bank that will not pay for them when presented. **Note:** Cashier's checks and other negotiable instruments are NOT covered.

Non-Owned Auto

Coverage is provided only for autos not owned, leased, hired, or borrowed by the named insured. Coverage includes autos owned by the insured's employees or members of their households, but only while used in the named insured's business.

Occurrence

Each occurrence is considered to be an accident, which could include continuous or repeated exposure to the same harmful conditions. An occurrence can also be a sudden event, or a result of a long-term series of events.

Other States Insurance

This provides workers compensation coverage if the insured expands operations into other states not declared at the time the policy is issued or renewed. If the insured elects this coverage and operations begin in a state listed in other states, the insurer provides the same coverage as if the state was declared in the policy at the time of policy issuance.

Outside the Premises(Crime)

Money and securities are covered for theft, disappearance and destruction while outside the premises and in the custody of a messenger or armored car company. Coverage includes theft, robbery or other instances of accidental loss. Other property is covered outside the premises when it is in the custody of an officer or employee or an armored car company but only for robbery. Robbery must include at least the threat of bodily harm, violence or intimidation or the messenger must actually observe the commission of an unlawful act.

Owned Automobile

Coverage is provided for all autos owned by the named insured. The owned auto symbol is used for liability insurance only.

Pay on Behalf

This is an insuring agreement used in some umbrella policies. The agreement promises to make direct payment on behalf of the insured for those sums of money the insured becomes legally obligated to pay because of liability imposed upon the insured by law, or assumed under a covered contract.

Period of Restoration

Is a period of time that starts on the date a covered loss occurs at a covered location. It ends on the date that the damaged property should have been repaired, rebuilt, or replaced if done on a timely basis and that provides similar quality.

Personal Injury

Personal injury means injury other than bodily injury. Coverage is provided for injury resulting from offenses such as false arrest, malicious prosecution, false detention or false imprisonment, the wrongful entry into, wrongful eviction from and other acts of invasion, or rights of private occupancy of a room. Coverage for libel and slander is also provided in the policy.

Personal Injury Protection

Personal Injury Protection (PIP) is an endorsement that adds no-fault benefits. No-Fault means that in the event of an automobile accident, each party collects from his or her own insurer regardless of fault. The PIP endorsement is only available in certain states with No-Fault Laws. The endorsement applies only to bodily injury and not to property damage. (The state of Michigan is the exception to property damage.) No-Fault Laws vary widely from state to state.

Pollution Insurance

Defined pollutants usually encompasses the following. Any solid, liquid, gaseous or thermal irritant or contaminant, including smoke, vapor, soot, fumes, acid, alkalis, chemicals and waste. Waste includes materials to be recycled, reconditioned or reclaimed. This coverage is quite readily available today and almost any organization, regardless of its operation, can potentially have the need for this coverage. It's important to remember that "NEGLIGENCE" has nothing to do with most of the State and Federal Pollution laws as they apply a standard of STRICT LIABILITY. This basically means you do not have to be negligent, you only have to be at a site or at some place where a pollution incident occurs in order to be brought into litigation by Federal and State pollution authorities.

Premises/Operations

Coverage is provided for damages arising out of ownership or occupancy of the insured premises when not maintained in a reasonable manner. This also covers damages arising out of operations performed by the insured's business.

Products/Completed Operations

Products coverage is provided for damages arising out of products manufactured, sold, handled or distributed by the insured. Completed Operations covers damages occurring after operations have been completed or abandoned, or after an item is installed or built and released for its intended purpose.

Professional Liability Insurance

More commonly known as errors & omissions (E&O), professional is a form of liability insurance that helps protect companies from bearing the full cost of defending against a negligence claim made by a client, and damages awarded in such a civil lawsuit. The coverage focuses on alleged failure to perform on the part of, financial loss caused by, and error or omission in the service or product sold by the policyholder. These are causes for legal action that would not be covered by a general liability insurance policy which addresses direct forms of harm. Professional liability coverage sometimes also provides for the defense costs, including when legal action turns out to be groundless. Typically, the cost of the defense will diminish the available limit.

Property Damage

Means injury to real or personal property through another's negligence, willful destruction or by some act of nature. In lawsuits for damages caused by negligence or a willful act.

Property Insurance

Any type of insurance that indemnifies an insured party who suffers a financial loss because property has been damaged or destroyed. Property is considered to be any tangible item that has value. Property can be classified as real property or personal property. Real property is land and the attachments to the land, such as buildings. Personal property is all property that is not real property. The Building and Personal Property coverage form is the form used to insure almost all types of commercial property. The insuring agreement in the Building and Personal Property coverage form promises to pay for direct physical loss or damage to covered property at the premises described in the policy when caused by or resulting from a covered cause of loss. The following is a brief outline of coverage and how they are used within the Commercial Building and Personal Property coverage form.

Rental Reimbursement

The business auto policy provides a coverage extension if an auto is insured for comprehensive or specified cause of loss coverage which insures against loss of use of a covered auto only if the auto is a private passenger type auto and is stolen. The coverage extension pays up to a daily limit of \$10 and a maximum limit of \$300. Payments begin 48 hours after the theft and ends when the insured auto is returned or when the insurer has paid the insured for the auto.

However, for broader coverage the insured can pay an additional premium for rental reimbursement coverage. Rental reimbursement pays the cost of renting a substitute auto for replacement of any covered auto that has suffered a covered loss. The daily and maximum limit for this coverage varies among insurers.

Replacement Cost and Actual Cash Value

Property can be valued in several different ways. Insurance companies commonly use two approaches to determine value, which also determines how a loss will be paid; the replacement cost method and the actual cash value method. Insurers consider replacement cost of a property item to be the cost to replace it with property of like kind. Actual cash value is replacement cost minus the accumulated depreciation for age and condition based on its expected useful life.

Retroactive Date

The retroactive date shown in the policy declarations may be the same as the inception date, or the retroactive date can be a date prior to the inception date. A policy can also be written with no retroactive date meaning that there is coverage for all prior acts.

Self-Insured Retention(Umbrella)

The self-insured retention is the amount of the loss an insured must pay before the umbrella policy would be required to respond. The self-insured retention would only apply when a loss is excluded from coverage under the primary policy, but not excluded under the umbrella policy.

Specified Cause of Loss

This provides coverage against loss from fire, lightning, or explosion; theft; windstorm, hail, or earthquake; flood; mischief or vandalism; and sinking, burning, collision or derailment of a conveyance transporting the covered auto. The 2 levels of coverage are Basic and Broad form.

Supplemental Extended Reporting Period Claims Made (Supplemental Tail)

The supplemental extended reporting period is available under the same circumstances as the basic one. However, it becomes effective only if the named insured makes a written request within 30 or 60 days after the termination of the policy period and the additional premium is paid. The supplemental extended reporting period begins when the basic one ends, and it continues for the specified period purchased as shown in the policy. It cannot be canceled by the insured or the insurer. The supplemental tail endorsement would provide coverage for claims that occurred during the policy period but did not result in a notice of claim or a demand being made against the insured until after the policy expired.

Towing and Labor

When this coverage is added, the insurer pays for towing and labor costs each time a covered auto or non-owned auto is disabled, up to a stated amount.

Third Party Actions (Directors & Officers)

Claims brought against the Board and/or officers by individuals or agencies outside the corporation. This usually involves past employees, competitors and/or various type regulatory agencies of the state or federal governments, etc.

Umbrella

Umbrella liability insurance provides excess liability coverage over several of the insured's primary liability policies. Umbrella liability policies may provide coverage that is broader than the insured's primary policies. Umbrella policies have three functions: (1) To provide additional limits above each occurrence limit of the insured's primary policies; (2) To take the place of primary insurance when primary aggregate limits are reduced or exhausted; and (3) To possibly provide broader coverage for some claims that would not be covered by the insured's primary insurance policies, which would be subject to the policy retention. Most umbrella liability policies contain one comprehensive insuring agreement. The agreement usually states it will pay the ultimate net loss, which is the total amount in excess of the primary limit for which the insured becomes legally obligated to pay for damages of bodily injury, property damage, personal injury, and advertising injury.

All umbrella liability policies contain an occurrence limit of insurance. Some umbrella liability policies may have a separate limit that applies to all personal and advertising injury for one person or for the organization. Also, some policies are written with aggregate limits for only one type of loss. Other policies may have one or more aggregates for all losses. Umbrella policies can be written with several different variations of the aggregate limits. There are no standard umbrella policies.

Underlying Limits

Required Underlying Limits is a requirement of the insurer. It requires the insured to have certain types and amounts of primary insurance before the umbrella policy can be written. If the limits do not exist, there will be a gap in coverage and will be the responsibility of the insured to pay before the umbrella acts to give coverage.

Uninsured Motorist Coverage

This insuring agreement pays for bodily injury to an insured who is injured by an uninsured or underinsured motorist, a hit-and-run driver, a driver whose insurer becomes insolvent, or if the driver simply has no coverage. These benefits are paid under the named insured's policy.

United States Longshore & Harbor Workers Act Endorsement (USL&HWA)

This is a federal act which is similar to the state workers compensation act. The federal act was designed to provide workers compensation benefits to employees who work in maritime employment upon the navigable waters of the United States and who are usually considered outside the scope of state workers compensation laws. When the USL&HWA endorsement is added to the standard policy it applies to work done in the states scheduled on the policy and extends the definition of the workers compensation law to include the USL&HWCA. The limits of coverage are limited by State Law. Lack of appropriate coverage may become a personal liability to the President, Vice President and/or Secretary of the company. It is Federal Law and may mandate jail time for the above officers.

Voluntary Compensation Endorsement

Workers compensation laws of most states exempt some types of employees from workers compensation benefits like volunteers and interns. This endorsement amends the standard policy to provide coverage for these employees with exempted occupations. When the endorsement is added coverage for the workers compensation is in effect under the workers compensation law.

Workers Compensation

This coverage agreement obligates the insurer to pay all compensation and other benefits required of the insured by the workers compensation law or occupational disease law of any state listed in the policy. The coverage applies to bodily injury by accident and by disease. Coverage (A) shows no dollar limit for the benefits provided since any applicable limits would be those established within the law. Benefits under coverage (A) are paid to the employee without regard to fault.

RESOLUTION No. 20-12

A RESOLUTION OF THE MAYOR AND THE CITY COUNCIL OF THE CITY OF DORAL, FLORIDA, APPROVING THE CONSTRUCTION MANAGER AT RISK PROCUREMENT PROCESS FOR THE CONSTRUCTION PHASE OF DORAL CENTRAL PARK; RECOGNIZING THAT THE PROPOSED PROCESS IS A CONSTRUCTION INDUSTRY STANDARD PROCUREMENT METHOD; AUTHORIZING THE CITY MANAGER TO NEGOTIATE THE GUARANTEED MAXIMUM PRICE (GMP) AND EXECUTE THE CONTRACT WITH THE SELECTED CONSTRUCTION MANAGEMENT FIRM; AND PROVIDING FOR AN EFFECTIVE DATE

WHEREAS, the General Obligations Bond was passed in November of 2018 for the improvement and construction of Parks projects throughout the City; and

WHEREAS, the Doral Parks Bond Program consists of proposed Park enhancements and new Park construction as part of the overall program; and

WHEREAS, the construction of Doral Central Park is the largest of the proposed Park Bond Projects and as such the recommendation from staff and the Program Management Team (PMT) is to proceed with the Construction Manager at Risk (CMAR) delivery method; and

WHEREAS, the Construction Management at Risk process is a construction industry standard delivery method that is used primarily on large projects having unique elements such as the proposed Doral Central Park design contains; and

WHEREAS, in using the CMAR process the City will mitigate its risk and attain price certainty once the Guaranteed Maximum Price (GMP) is proposed and negotiated between the City and selected Construction Manager; and

WHEREAS, the selected Construction Manager will be brought in at the beginning of the design process in order to provide full price validation and value engineering in cooperation with the City and selected design professional throughout the entire design phase; and

WHEREAS, by using the CMAR process for Doral Central Park, City staff is

recommending a multi-phased GMP and turn-over process where construction will begin in phases in order to accelerate the project and open areas of the park in sections prior to final completion; and

WHEREAS, staff will return to Council for award of the Request for Proposal to select the recommended Construction Manager who will assist during the pre-construction/design phase and then continue into the construction phase; and

WHEREAS, the City Manager will negotiate and agree on the GMP's of each continuous phase of the project with the Construction Manager and report back to Council through monthly or quarterly reports as to the acceptance of each GMP and progress of construction.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DORAL AS FOLLOWS:

Section 1. Recitals. The above recitals are confirmed, adopted, and incorporated herein and made part hereof by this reference.

Section 2. Approval. The Mayor and City Council-Members approve the Construction Manager at Risk delivery method for the procurement of a Construction Manager for Doral Central Park.

Section 3. Authorization. The City Manager is authorized to advertise and recommend award of the Construction Manager for Doral Central Park using the Construction Manager at Risk delivery method.

Section 4. Implementation. The City Manager and the City Attorney are hereby authorized to take such further action as may be necessary to implement the purpose and the provisions of this Resolution.

Section 5. Effective Date. This Resolution shall take effect immediately upon adoption.

The foregoing Resolution was offered by Councilmember Cabrera who moved its adoption. The motion was seconded by Vice Mayor Fraga and upon being put to a vote, the vote was as follows:

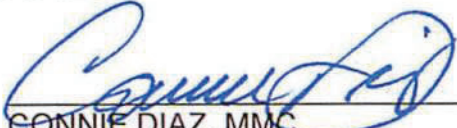

Mayor Juan Carlos Bermudez	Yes
Vice Mayor Christi Fraga	Yes
Councilwoman Digna Cabral	Absent/Excused
Councilman Pete Cabrera	Yes
Councilwoman Claudia Mariaca	Yes

PASSED AND ADOPTED this 8 day of January, 2020.

Project Name: Doral Central Park – GMP Phase 4 Foundation
Project Number: n/a

The City and Contractor hereby agree to perform the changes to the work as identified in the Proposal Description below:

APPROVED
 By Eugene Collings-Bonfill at 3:20 pm, Jun 16, 2021

PROPOSAL DESCRIPTION:

Kaufman Lynn Construction is extremely pleased for the opportunity to submit to the City of Doral “Owner” and AECOM “PMT” the Guaranteed Maximum Price (GMP) for Phase 4 Foundation of the Doral Central Park project. The scope of work for this phase is inclusive of Rec Center Cast-In-Place Concrete Foundation, Sheet Pile Marine Construction, and Aquatics Geothermal System. The GMP is in accordance with the contract documents GMP Set dated 1/29/21, ASI #01 dated 2/26/21, the attached Precon RFI log dated 4/28/21, and Phase 4 Foundation Qualifications & Assumptions dated 5/28/21.

The GMP is in the amount of Four Million, One Hundred Twenty-Three Thousand, Eight Hundred Fifty-Three and 00/100 Dollars (\$4,123,853.00) for Phase 4 Foundation Cost of Work including Allowances, Bond, Contingencies, and Contractor’s Fee.

Doral Central Park

Phase 4 Recreation Center Foundations/Geothermal/Marine Work GMP Contractors Clarifications and Assumptions

May 28, 2021

GENERAL

This scope is intended to expand and/or clarify plan interpretation in instances where the plans are in conflict or silent. Should the plans conflict with other contract documents, this proposal is based on the plans being the default.

1. This GMP is based on the following documents and plans (refer to attached logs):
 - a. Permit Set Dated 1.29.2021 by Bermello Ajamil & Partners, Inc.
 - b. Addendum #1 Set Dated 2.26.2021 by Bermello Ajamil & Partners, Inc.
 - c. Project Manual/Technical Specification Dated 1.29.2021 by Bermello Ajamil & Partners, Inc. (except as per RFI #174)
 - d. Geotechnical Engineering Report Dated 10.13.2020 by PSI
 - e. Pre-Construction RFI Log dated 4.28.2021

2. The following are excluded:
 - a. Cost and resource loaded construction schedule.
 - b. Site Security (manned) – perimeter temporary fence included.
 - c. Cost of utility usage and services and/or trash removal services to the site and/or buildings after substantial completion is achieved. An allowance has been carried for electrical utility usage prior to substantial completion is achieved.
 - d. FPL Transformers, Manholes, Cabinets, Power Poles, Primary Conduits and wire, and Deposits.
 - e. Cable TV/Phone/LAN Cable/Fiber Optic equipment and cable or phone wire from service point to communication room(s) and cable or phone wire from communication room(s) to unit.
 - f. Fire Alarm Monitoring Service Cost.
 - g. Water Meters, Fees and Deposits.
 - h. Deposits for permanent electric meter(s).
 - i. Cost relating to Radon Mitigation.
 - j. Provisions for Owner/Architect offices.
 - k. Enhanced Commissioning Agent and/or Special Testing Engineer services.
 - l. Material testing cost, threshold or special inspectors and inspection/sequencing costs.
 - m. Mock-ups rooms/units/structure not incorporated into the finish product.
 - n. Removal, disposal, remediation, and premiums associated with any unsuitable soil conditions, hazardous materials, or other existing onsite materials requiring a controlled removal/disposal.

- o. Any special labor rates that may be required by project location, funding, municipality governance, etc. such as Davis Bacon Act.
 - p. All permit fees.
 - q. Lighted bollards.
 - r. Costs for after hours and/or weekend inspections unless due to rework required/identified by the City or its representative.
 - s. Any costs associated with Florida Green Building Coalition consultant, applications, fees, reviews, inspections, etc.
 - t. Phase 4 50% Progress Set drawings dated 4.20.2021.
 - u. The below specification sections per the Phase 4 Foundation Specification Book dated 2.26.2021:
 - i. 02 41 19 Selective Demolition
 - ii. 05 12 13 Architecturally-Exposed Structural Steel Framing
 - iii. 07 19 00 Water Repellents
 - iv. 07 25 00 Weather Barriers
 - v. 07 81 23 Intumescent Fireproofing
 - vi. 07 84 13 Penetration Firestopping
 - vii. 07 84 43 Joint Firestopping
 - viii. 07 92 00 Joint Sealants
 - ix. 09 05 61.13 Moisture Vapor Emission Control
 - x. 09 24 00 Cement Plastering
 - xi. 22 05 53 Identification for Plumbing Piping and Equipment
 - xii. 22 07 19 Plumbing Piping Insulation
 - xiii. 22 11 16 Domestic Water Piping
 - xiv. 22 13 16 Sanitary Waste and Vent Piping
 - xv. 22 14 13 Facility Storm Drainage Piping
3. Contractor agrees to submit with monthly pay application, an updated monthly cash flow projection, updated P6 schedule, and comparison report.
4. Contractor shall submit any requests for testing and/or inspections from Owner's testing lab, threshold, inspectors, and/or special inspectors by 3:00pm the prior working day.
5. It is anticipated that work will be performed during normal business hours (7:00 AM to 5:00 PM) including Saturdays, if required.
6. The GMP was not based upon costs for the relocation of existing concealed conditions (i.e. structural, underground utility, rock removal, limestone, coquina, shell rock, artifacts, unsuitable soils, demucking, voids or pockets in the subsurface condition, etc.) that may be required due to the installation of the work. Relocations, removals, adjustments in design and affects from unforeseen or any underground conditions are not included and will be addressed per occurrence for Cost and Schedule impacts.

7. Plan/Drawing and CAD Files shall be provided by the Owner as required for use by KL subcontractors in their preparation of Shop Drawings for the project.
8. Construction schedules for Phase 02/03, Phase 04 Recreation Center (balance of work), and Phase 04 Aquatic are preliminary. Schedules will be submitted for approval and finalized with corresponding GMPs.
9. It is acceptable for Contractor to reallocate budgets as needed between line items to cover Cost of Work.
10. Due to uncertain market conditions, costs associated with this GMP Proposal cannot be guaranteed if an executed GMP Amendment and an Administrative Notice to Proceed "NTP" for subcontracts /submittals/procurement is not received on or before 6.4.2021.
11. Exhibit F "Milestone 3: \$100,000" language shall be modified to read: "Should Contractor achieve Substantial Completion before 647 calendar days from Notice to Proceed for Phase 1 plus 90 calendar days from the Notice to Proceed for Phase 4 Foundations, plus any additional days added via Change Order, Contractor shall meet requirements for achieving Milestone 3. Meeting this milestone shall award Contractor \$100,000 that shall be billable in the subsequent monthly application for payment. If delay in Substantial Completion is caused by CM and/or its subcontractors, CM shall have no claim to the Milestone 3 bonus."
12. In accordance with AIA A201-2017 section 1.6, Notice shall be deemed to be fully served is sent by electronic transmission via electronic mail and through Procore to the below email address:
 - a. Eugene Collings - Eugene.Collings-Bonfill@exp.com
 - b. Carmen Diaz - carmen.diaz@cityofdoral.com
 - c. Michael Trader - Michael.Trader@aecom.com
 - d. Renee Pfeilsticker - Renee.Pfeilsticker@aecom.com

Should there be any changes to the above noted personnel and/or email addresses, Owner shall notify Contractor accordingly.

ALLOWANCES

This Proposal includes the following allowances, which accounts for cost of labor, material, freight and handling, taxes, insurance, subcontractor markup and bond premium (if applicable):

Allowance #09 – Phase 4 Foundations Design Contingency	\$35,651.00
Permit Review and Comment	
Allowance #10 – Foundation Revisions Due to Café	\$97,551.00
Allowance #11 – Wireless integration from geothermal yard to City's head-end system.	\$4,800
Allowance #12 – Sleeves for MEFP	\$20,000.00

DIVISION 03 - CONCRETE

1. We are including foundations for the Recreation Center only; no other building foundations are included in this GMP.
2. No slab on grade is included.
3. Stem walls are included to slab on grade elevation.
4. The Add Alternate for the remaining concrete and masonry portion (i.e., Excluding foundations) of the Recreation Center is \$1,711,388.00 based on the Phase 4 50% Progress drawing set dated 4.20.2021. Upon receipt of the NTP for Phase 4 (balance of Work), remaining concrete and masonry portion shall be awarded to the Subcontractor awarded the Phase 4 Foundation Scope of Work based on the Add Alternate price plus Costs for any changes between the 50% progress drawing set dated 4.20.2021 and the GMP drawing set to be issued.
5. Any additional foundations and/or changes to existing foundations for added stair tower, elevator pit and shaft associated with design changes to the Rec Center second floor Café as shown in the Phase 4 50% Progress Set drawings dated 4.20.2021 are excluded.

DIVISION 04 - MASONRY

1. No Qualifications.

DIVISION 05 - METALS

1. This GMP includes anchor bolts and templates for base plates at the Recreation Center. All other steel components are not included in this GMP.

DIVISION 06 – WOOD, PLASTICS, AND COMPOSITES

1. Not Applicable to this GMP.

DIVISION 07-THERMAL AND MOISTURE PROTECTION

1. Costs for sheet waterproofing of the elevator pit located approximately at grindlines G and 36 have been included. All other waterproofing, thermal and moisture protection has been excluded.

DIVISION 08 - OPENINGS

1. Not Applicable to this GMP.

DIVISION 09 - FINISHES

1. Not Applicable to this GMP.

DIVISION 10 - SPECIALTIES

1. Not Applicable to this GMP.

DIVISION 11 - EQUIPMENT

1. Not Applicable to this GMP.

DIVISION 12 - FURNISHING

1. Not Applicable to this GMP.

DIVISION 13 - SPECIAL CONSTRUCTION**Geothermal Pool Heating System**

1. We are including a complete geothermal pool heating system by Symbiont Service Corp. Geothermal system scope includes supply and injection aquifer wells, supply well pumps, geothermal heaters, underground and aboveground well piping, piping manifolds and connections to heaters.
2. Pool supply and return piping will terminate at capped-off stubs 5 ft outside of geothermal yard. Final tie-in will be performed by Phase 4 pool contractor under a separate contract.
3. Electrical work includes electrical panels, supports, conduits, wiring, boxes, power supplies/accessories, grounding, convenience outlets, electrical terminations to geothermal equipment, and low voltage control interlocks. Geothermal system will be energized once permanent electrical is available in Phase 4.
4. We are not including switchgear SWBD "AQMSB" shown inside Grandstand electric room, it is not part of this portion of Phase 4.
5. We are including a 6 ft high perimeter fence around geothermal heater yard. Fencing will be constructed of vinyl coated 8 gage chain links with 1-3/4" squares, posts installed every 6 ft, and gate with fabric screening, specified on RFI #Precon-178.
6. We include ¾" Limestone rock at geothermal yard around heater pads.
7. We are including concrete pads for electrical panels, geothermal heaters and well covers, specified on RFI #Precon-179.
8. We are including an Allowance of \$4,800 to provide wireless integration to City's head-end system for monitoring. If integration is required, City's IT department must coordinate with Symbiont.

DIVISION 14 - CONVEYANCE

1. Not Applicable to this GMP.

DIVISION 21 – FIRE SUPPRESSION

1. Not Applicable to this GMP.

DIVISION 22 - PLUMBING

1. No Qualifications.

DIVISION 23 – HEATING, VENTILATING, AND AIR CONDITIONING

1. Not Applicable to this GMP.

DIVISION 26 - ELECTRICAL

1. No Qualifications.

DIVISION 27 – COMMUNICATIONS

1. Not Applicable to this GMP.

DIVISION 31 – EARTHWORK

Marine Seawall / Bulkhead

1. The approved alternate steel sheet piles AZ 25-800 have been provided in this GMP in lieu of the ESZ26-700 steel sheet piles.
2. Steel sheet pile coatings are excluded.
3. Seawall / bulkhead work is planned to be completed by land. The promenade pier “door knob” consisting of marine timber piles, heavy timber structure, and wood decking / planking is not included in this GMP.
4. The steel sheet pile are included as 30’ in total length along the seawall bulkhead and a total length of 28’ at the pier location per the schedule on the revised sheet MS-801 issued with RFI 171 response.
5. Vibration monitoring, noise suppressants, and settlement monitoring are excluded for this scope of work.
6. All installations are assumed to be in soils that are free from contaminations. The removal or disposal of any hazardous, contaminated, or toxic materials encountered during construction is not included.
7. Protection for nearby structures and/or utilities is not included.

DIVISION 32 – EXTERIOR IMPROVEMENTS

1. Not Applicable to this GMP.

END OF CONTRACTOR CLARIFICATIONS

RFI LOG

#	Subject	Status	Responsible Contractor	Received From	Assignee	Date Initiated	RFI Manager	Due Date	Closed Date	Ball In Court	Location	Schedule Impact	Cost Code	Cost Impact
PRECON-191	Shoring Required for Elevated Composite Decks at Rec Center	Closed	Kaufman Lynn Cons...	Sammons, Chase (Kaufman Lynn Construction, Inc)	Bakos, Scott (Ber... Torres, Camilo (B...	04/16/2021	Hans Nelson	04/21/2021	04/20/21		Foundations			
	<p>Q: Chase Sammons Sent Fri Apr 16, 2021 at 10:31 am EDT Please advise if any area of composite steel decking at the Recreation Center will be required to be shored for concrete placement. Several bidding subcontractors have inquired regarding this matter, and in ours/their experience, composite steel decks with this beam spacing are not typically shored unless they have single span decking, expected to experience excessive deflection, and/or have cantilevered sections needing extra support.</p>													
	<p>A: Camilo Torres (Bliss & Nyitray, Inc) Responded Tue Apr 20, 2021 at 02:11 pm EDT Shoring for the composite deck is not required.</p>													
PRECON-179	Geothermal Concrete Pads	Closed	Kaufman Lynn Cons...	Corado, Luis (Kaufman Lynn Construction, Inc)	Rodriguez, Luis (... Perez, Yamisleidy.. Bakos, Scott (Ber...	04/09/2021	Hans Nelson	04/14/2021	04/20/21		Foundations			TBD
	<p>Q: Luis Corado Sent Thu Apr 8, 2021 at 10:03 am EDT Concrete housekeeping pads on sheet AQ1204 reference Civil plans, but Civil plans do not show any specifications. Please provide specifications, dimensions, and details for heaters and well concrete pads.</p>													
	<p>A: Luis Rodriguez (Cordova Rodriguez & Associates) Responded Tue Apr 13, 2021 at 10:45 pm EDT Please see attached concrete pad detail for Geothermal heaters RFI179-C231-PGD-DTL1-COINC-THERMO-PAD-F.pdf</p>													
	<p>A: Scott Bakos (Bermello Ajamil & Partners, Inc.) Responded Wed Apr 14, 2021 at 09:58 am EDT See response from CRA.</p>													
	<p>A: Yamisleidys Perez (Cordova Rodriguez & Associates) Responded Wed Apr 14, 2021 at 09:54 am EDT Refer to response provided by Luis Rodriguez on 4/13/2021.</p>													
PRECON-178	Geothermal Yard Fencing	Closed	Kaufman Lynn Cons...	Corado, Luis (Kaufman Lynn Construction, Inc)	Nuno, Tania (Berm... Bakos, Scott (Ber... Olney, Kirk (Berm...	04/09/2021	Hans Nelson	04/14/2021	04/28/21		Foundations			TBD
	<p>Q: Luis Corado Sent Thu Apr 8, 2021 at 09:37 am EDT Sheet AQ1204 - Fencing and gate at geothermal yard states to refer to landscape architect. Please provide material, height, details, and installation specifications.</p>													
	<p>A: Kirk Olney (Bermello Ajamil & Partners, Inc.) Responded Tue Apr 13, 2021 at 06:14 pm EDT Unfortunately details have not been developed at this time. The fence around the geothermal yard shall be 6' tall vinyl coated chain link fencing with two 6' wide lockable gates. Gates shall have screening mesh/fabric. Fence mesh shall be heavy gauge 1 1/2" squares. Post shall be every 6'-0" and there shall be a top and bottom rail between posts.</p>													
	<p>A: Kirk Olney (Bermello Ajamil & Partners, Inc.) Responded Wed Apr 14, 2021 at 09:18 am EDT No the perimeter geothermal fence does not require fabric screen. Not sure of the fabric screen color for the gates at this point, if one color is more expensive than the other, assume the more expensive color.</p>													
	<p>A: Kirk Olney (Bermello Ajamil & Partners, Inc.) Responded Tue Apr 20, 2021 at 11:19 am EDT</p>													

Exhibit A

Kaufman Lynn Construction, Inc.

#	Subject	Status	Responsible Contractor	Received From	Assignee	Date Initiated	RFI Manager	Due Date	Closed Date	Ball In Court	Location	Schedule Impact	Cost Code	Cost Impact
	1-3/4" mesh vinyl coated heavy gage chain link fence is acceptable. It is preferable if the geothermal perimeter fence be heavier gage than the recreational fencing: 8 gage would be acceptable.													
	Luis Corado (Kaufman Lynn Construction, Inc) Responded Wed Apr 14, 2021 at 02:00 pm EDT													
A:	1-1/2" mesh is a not a common size and will cost a premium, can we instead provide 1-3/4" mesh as shown on detail 4/LM-35 included in the Phase 4 Progress Set (see attached sheet for reference), Please confirm if we should use detail 4/LM-35 as basis of design for the geothermal yard perimeter fence. LM-35 PHASE IV HARDSCAPE MATERIAL AND FURNITURE DETAIL.pdf													
A:	Scott Bakos (Bermello Ajamil & Partners, Inc.) Responded Wed Apr 14, 2021 at 09:55 am EDT See response from Kirk.													
A:	Luis Corado (Kaufman Lynn Construction, Inc) Responded Wed Apr 14, 2021 at 08:52 am EDT Will the fence also require fabric screen mesh? Should we assume fabric screen to be "green" in color?													
PRECON-175	Phase 4 Geothermal Warranty	Closed	Kaufman Lynn Cons...	Nelson, Hans (Kaufman Lynn Construction, Inc)	Ramos, Daniel (Be...) Nodorf, Jeff (Co...) Bakos, Scott (Ber...	03/30/2021	Leonor Flores	04/04/2021	04/09/21		Foundations	No		TBD
Q:	Hans Nelson Sent Tue Mar 30, 2021 at 11:49 am EDT Since there is no spec section for the Geothermal system, please confirm that it is adequate and acceptable that all systems provided for the geothermal scope include a 5-year system warranty serviced through the awarded subcontractor.													
A:	Jeff Nodorf (Counsilman Hunsaker) Responded Tue Apr 6, 2021 at 11:47 am EDT The geothermal units from Symbiont carry a five year manufacturers warranty. Other components of the system such as pumps carry a 1 year manufacturers warranty, VF drives carry an 18 month warranty, etc. A five year warranty for all components of the geothermal systems is beyond the manufacturers warranty for the individual components of the system with the exception of the geothermal units.													
A:	Scott Bakos (Bermello Ajamil & Partners, Inc.) Responded Tue Apr 6, 2021 at 02:10 pm EDT Please see the comment from Jeff with regards to the warranty.													
A:	Chris Cole (Kaufman Lynn Construction, Inc) Responded Fri Apr 2, 2021 at 11:36 am EDT Please see the attached Aquatic / Geothermal Bid Package - Scope of Work created by KL as requested per our Geothermal discussion on 03-31-21. DCP KL P4BP03 AQUATIC GEOTHERMAL.pdf													
PRECON-174	Phase 1 GMP Division Specifications	Closed	Kaufman Lynn Cons...	Nelson, Hans (Kaufman Lynn Construction, Inc)	Bakos, Scott (Ber...) Pfeilsticker, Ren...	03/30/2021	Leonor Flores	04/02/2021	04/28/21		Foundations	No		No
Q:	Hans Nelson Sent Tue Mar 30, 2021 at 09:45 am EDT Per our meeting on 3/24/21 and email response from Michael on 3/29/21, PMT and KL have mutually agreed to remove Sections 012613 "Request For Interpretation", 012900 "Payment Procedures", 013233 "Photographic Documentation", and 015000 "Temporary Facilities and Controls" from the Phase 1 GMP Specifications. Please confirm the aforementioned statement and approve the attached Specification Log. DCP Phase 1 GMP Specifications.pdf DCP - Phase 1 GMP Specifications Log.pdf													
A:	Renée Pfeilsticker (AECOM) Responded Wed Apr 28, 2021 at 03:37 pm EDT Yes the PMT concurs with KL (Hans) require to removed from all phases of the GMP, Specifications: Sections 012613 "Request For Interpretation", in KL Contract Sections 012900 "Payment Procedures", in KL Contract Sections 013233 "Photographic Documentation", KL using a sub Sections 015000 "Temporary Facilities and Controls" in KL Contract

	<p>A: Matt Carney (Kaufman Lynn Construction, Inc) Responded Tue Apr 27, 2021 at 05:58 pm EDT This RFI only references Phase 1 GMP specification sections. PMT, please confirm specification sections Sections 012613 "Request For Interpretation", 012900 "Payment Procedures", 013233 "Photographic Documentation", and 015000 "Temporary Facilities and Controls" shall be removed from all phases of the GMP.</p> <p>A: Renee Pfeilsticker (AECOM) Responded Tue Mar 30, 2021 at 02:20 pm EDT PMT concurs with KL (Hans) require to remove the following sections from the Phase 1 GMP Specifications: Sections 012613 "Request For Interpretation", in KL Contract Sections 012900 "Payment Procedures", in KL Contract Sections 013233 "Photographic Documentation", KL using a sub Sections 015000 "Temporary Facilities and Controls" in KL Contract</p>														
PRECON-173	Promenade Bulkhead Steel Sheet Pile Alternate Product	Closed	Kaufman Lynn Cons...	Nelson, Hans (Kaufman Lynn Construction, Inc)	Ramos, Daniel (Be... Bakos, Scott (Ber...	03/29/2021	Leonor Flores	04/02/2021	04/05/21		Foundations			Yes (Unknown)	
	<p>Q: Hans Nelson Sent Mon Mar 29, 2021 at 02:27 pm EDT Please review the attached specifications for Sheet Pile AZ 25-800 from Nucor Skyline and confirm that it is an acceptable alternate product for the specified ESZ26-700. Sheet Pile Alternate AZ 25-800.pdf</p> <p>A: Daniel Ramos (Bermello Ajamil & Partners, Inc.) Responded Sat Apr 3, 2021 at 10:14 am EDT BA takes no exceptions to using AZ 25-800 by Nucor as a substitute to the specified ESZ26-700.</p>														
PRECON-172	Elevator Foundation Waterproofing	Closed	Kaufman Lynn Cons...	Carney, Matt (Kaufman Lynn Construction, Inc)	Bakos, Scott (Ber...	03/26/2021	Leonor Flores	03/31/2021	03/26/21		Foundations				
	<p>Q: Matt Carney Sent Fri Mar 26, 2021 at 08:56 am EDT Please advise if a waterproofing concrete admix can be used at the elevator pit foundation in lieu of the waterproofing membrane currently shown on S4.01.</p> <p>A: Scott Bakos (Bermello Ajamil & Partners, Inc.) Responded Fri Mar 26, 2021 at 10:15 am EDT BA's recommendation is to always use a self-adhering sheet waterproofing (Specification Section 071326) on the positive side (outside) of the foundation or incorporate the pit into the pre-applied integrally bonded sheet waterproofing (Specification Section 071324). If Crystalline waterproofing is to be used, it is only be recommended as a "safety-belt redundant" approach to the negative side (interior) of the pit. Admixtures such as crystalline-Xypex, Kryton, Euclid alone are not recommended, as the admixture does not have the flexibility to elongate in order to adjust to concrete cracking of more than 1/16" to 1/8" in concrete and remain watertight. As such, no on the request for an admix in lieu of the waterproofing membrane.</p>														
PRECON-171	Pier Sheet Pile Length - Phase 4 - Foundation GMP Rev. 1.02-26-21	Closed	Kaufman Lynn Cons...	Cole, Chris (Kaufman Lynn Construction, Inc)	Ramos, Daniel (Be... Bakos, Scott (Ber...	03/19/2021	Leonor Flores	03/24/2021	03/30/21		Foundations			Yes (Unknown)	
	<p>Q: Chris Cole Sent Fri Mar 19, 2021 at 11:55 am EDT The bulkhead steel sheet pile schedule on sheet MS-801 notes that the sheet piles at the pier have an elevation tip of -22.5 and a cutoff elevation of +5.50 making the total sheet pile length 28'. However, the total length column on the same schedule on sheet MS-801 calls for the total length of the sheet piles at the pier to be 30'. Please confirm the whether the length of the sheet piles at the pier are to be 28' or 30'.</p> <p>A: Scott Bakos (Bermello Ajamil & Partners, Inc.) Responded Tue Mar 30, 2021 at 01:40 pm EDT See updated response (and attachments) from Daniel R. dated 03.30.2021.</p> <p>A: Daniel Ramos (Bermello Ajamil & Partners, Inc.) Responded Tue Mar 30, 2021 at 01:21 pm EDT The two drawings affected by BA's response to RFI 171 (dated 3/24) have been attached. The revised MS-701 and MS-801 drawings have been clouded and marked as Rev 2 and the title block has been updated to note "Permit Set". Please see attached.</p>

	[MS801] PROMENADE BULKHEAD PILE DETAILS.pdf [MS701] PROMENADE BULKHEAD SECTIONS.pdf													
A:	Chris Cole (Kaufman Lynn Construction, Inc) Responded Mon Mar 29, 2021 at 03:13 pm EDT It appears the attached sheet (MS-801) states "Progress Set dated 03-15-21" when it should be from the Permit Set Rev. 1 dated 02-26-21 with a Rev. 2 date that corresponds with a clouded revision for the 28' length change for the total pile length for the piles at the pier.													
A:	Daniel Ramos (Bermello Ajamil & Partners, Inc.) Responded Wed Mar 24, 2021 at 07:17 pm EDT BA confirms that the correct pile length should be noted as 28ft. We have updated Sheet MS-801 with the correct sheet pile length and have updated the stationing for the piles which are 28ft. Please see attached and let us know if you have any additional questions. [MS801] PROMENADE BULKHEAD PILE DETAILS.pdf													
A:	Scott Bakos (Bermello Ajamil & Partners, Inc.) Responded Thu Mar 25, 2021 at 11:16 am EDT Please see the response from Daniel R, including the attached MS-801.													
PRECON-166 02-26-21	Geothermal Specifications - Phase IV - Foundations GMP Permit Set Rev.1 dated 02-26-21	Closed	Kaufman Lynn Cons...	Cole, Chris (Kaufman Lynn Construction, Inc)	Nodortf, Jeff (Co... Balean, Daniel (B...	03/15/2021	Leonor Flores	03/17/2021	04/09/21		Foundations			
Q:	Chris Cole Sent Thu Mar 11, 2021 at 03:19 pm EST Please provide specifications for the complete geothermal system.													
A:	Jeff Nodortf (Counsilmann Hunsaker) Responded Tue Apr 6, 2021 at 11:54 am EDT The #03_Aquatic Geothermal package has been reviewed and the scope of work looks complete. The only comment is potentially looking at the warranty requirements as a five year system warranty for everything exceeds the manufacturer's warranty on some individual components.													
A:	Scott Bakos (Bermello Ajamil & Partners, Inc.) Responded Tue Apr 6, 2021 at 02:07 pm EDT Please see the response from Jeff regarding their review of #03_Aquatic Geothermal and comments about warranty comments.													
A:	Chris Cole (Kaufman Lynn Construction, Inc) Responded Fri Apr 2, 2021 at 10:21 am EDT Please see the attached Aquatic / Geothermal Bid Package - Scope of Work created by KL as requested per our Geothermal discussion on 03-31-21. DCP KL P4BP03 AQUATIC GEOTHERMAL.pdf													
A:	Chris Cole (Kaufman Lynn Construction, Inc) Responded Mon Mar 29, 2021 at 02:02 pm EDT Thank you for the response. We understand that these documents are available, but they are not part of the correct set of documents needed for final (GMP) pricing and the actual construction of the Geothermal system. All of the documents (plans, specs, details, etc.) pertaining to the Geothermal scope of work need to be combined by the Design Team and issued as part of the Phase 4 Foundations / Seawall / Geothermal GMP Permit Set dated 01-29-21 with Rev.1. dated 02-26-21. We can't have a Swimming Pool Spec 131100 that pertains to the Geothermal scope in a %50 Progress Set of Documents used for the Phase 4 Foundations / Seawall / Geothermal GMP Permit Set, we are trying to avoid intermingling of 50% Progress documents and GMP documents. We are also issuing the %50 Progress documents and GMP documents to the Subcontractor market in different packages so a Subcontractor bidding the Geothermal Scope package in the Phase 4 Foundations / Seawall / Geothermal GMP Permit Set may not be part of or see the documents in the Phase 4 - %50 Progress Set that pertain to their scope of work. Please issue the all the documents for the Geothermal system as part of the Phase 4 Foundations / Seawall / Geothermal GMP Permit Set or it could cause a potentially delay the GMP process or create areas of additional allowances and exclusions.													
A:	Scott Bakos (Bermello Ajamil & Partners, Inc.) Responded Fri Mar 26, 2021 at 10:18 am EDT The pool geothermal system is included in the 131100 Swimming Pool specification, section 2.22. The drawings that show the geothermal system include the following: AQ1202, AQ 1203, AQ1204.													
A:	Chris Cole (Kaufman Lynn Construction, Inc) Responded Thu Mar 25, 2021 at 04:24 pm EDT Please collate all of the specifications pertaining to the Geothermal scope of work (including any geothermal information included in other phase deliverables) and provide a complete Geothermal specification package for the Phase IV Foundations / Seawall / Geothermal GMP.													
A:	Scott Bakos (Bermello Ajamil & Partners, Inc.) Responded Thu Mar 25, 2021 at 11:13 am EDT The drawings on the geothermal systems were completed and issued with the Phase II/III milestone as the injection wells are located in that phase of the project. The 131100 specifications are part of the 50% CD milestone and to capture the geothermal systems as part of the pool contractor scope of work. This includes a section for geothermal systems in the 131100 specifications.

---	---------	--------	------------------------	---------------	----------	----------------	-------------	----------	-------------	---------------	----------	-----------------	-----------	-------------

PRECON-65	Recreational Center - Risk Category 3	Closed	Kaufman Lynn Cons...	Flores, Leonor (Kaufman Lynn Construction, Inc)	Pfeilsticker, Ren...	09/02/2020	Leonor Flores	09/04/2020	09/03/20		Foundations			
-----------	---------------------------------------	--------	----------------------	---	----------------------	------------	---------------	------------	----------	--	-------------	--	--	--

Q:

Leonor Flores Sent Wed Sep 2, 2020 at 08:34 pm EDT
 During some of the preliminary conversations, there were discussions for the Recreational Center possibly being upgraded/hardened and serve as an emergency/hurricane shelter (Risk Cat IV). Please note that the Schematic Design documents have designated the building as a Risk Category III. This is a confirming RFI, and we are proceeding with pricing it as per the Schematic Design Documents, Risk Cat III.

Renee Pfeilsticker (AECOM) Responded Thu Sep 3, 2020 at 10:10 am EDT

Note the Rec Center is a Cat 5 building not for public shelter (may use for employee shelter).

Our codes FBC 7th Edition 2020 and ASCE 7-16 are new, in the FBC, the design wind speed for Miami Dade County remains 175 mph and 186 mph per below:

All DCP structures are Risk Category II (175 mph) except for the Rec Center, which per below is Risk Category III (186 mph)

A:

To address the comment about the Saffir-Simpson question, we need to refer to ASCE 7-16. Per below, the lowest Cat 5 Saffir Simpson wind speed (1-minute average wind speed at 33 feet above open water) is 157 mph.

The lowest Cat 5 Saffir Simpson wind speed of 157 mph correlates to an ASCE 7 and FBC design wind speed (3-second gust wind speed at 33 feet above open ground in Exposure C) of 173 mph.

All buildings at DCP, and anywhere in Miami Dade County, will be designed for 175 mph or 186 mph, which exceeds the lowest Category 5 design wind speed of 173 mph, so the decision to design anything at DCP for Cat 5 has no implications.

PRECON-41	Structural Engineering - for Recreational Center	Closed	The Bosch Group, Inc	Bosch, Maria (The Bosch Group, Inc)	Bakos, Scott (Ber... Torres, Camilo (B...	08/31/2020	Leonor Flores	09/01/2020	08/31/20		Foundations

Kathy Rod Sent Mon Aug 31, 2020 at 12:26 pm EDT

The recreation center building features several indoor open spaces along with multipurpose rooms that require the combination of different structural systems to achieve the design intent. The specific systems to be implemented are listed below. Please confirm

1. Standard bar joists
2. Long span joists
3. Steel floor and roof deck
4. Steel columns and beams load-bearing masonry walls with concrete tie-beams
5. Roof metal deck with concrete topping
6. COURTS WITH DOUBLE HEIGHT 60" - 72" joists with tie columns instead of reinf. Masonry as permitted by glazing.
7. Facades with glazing will include HSS columns with mullions at a uniform spacing
8. Cantilever roof at drop-off will provide W steel beams. Soffit undersize and roof deck above
9. Option of structural steel with METAL cladding?
10. Building cladding - metal (confirm just aquatic or rec too?)

Q:

Camilo Torres (Bliss & Nyitray, Inc) Responded Mon Aug 31, 2020 at 03:52 pm EDT

The recreation center building features several indoor open spaces along with multipurpose rooms that require the combination of different structural systems to achieve the design intent. The specific systems to be implemented are listed below. Please confirm

1. Standard bar joists - Confirmed

#	Subject	Status	Responsible Contractor	Received From	Assignee	Date Initiated	RFI Manager	Due Date	Closed Date	Ball In Court	Location	Schedule Impact	Cost Code	Cost Impact	
	2. Long span joists - Confirmed 3. Steel floor and roof deck - Confirmed 4. Steel columns and beams - Confirmed load-bearing masonry walls with concrete tie-beams - Confirmed. Also anticipate concrete tie columns at facade where the length of wall is less than 48" (in between cladding elements) 5. Roof metal deck with concrete topping - Confirmed roof deck but we do not anticipate structural concrete toppings at the roofs. 6. COURTS WITH DOUBLE HEIGHT 60" - 72" joists with tie columns instead of reinf. Masonry as permitted by glazing. - Confirmed. 7. Facades with glazing will include HSS columns with mullions at a uniform spacing - Confirmed. This will depend on the availability of an NOA for the proposed glazing. We will provide a back up steel framing if required. 8. Cantilever roof at drop-off will provide W steel beams. Soffit undersize and roof deck above. - Confirmed. 9. Option of structural steel with METAL cladding? - Architect driven. We do not anticipate metal panels at the facade at this stage of the project. 10. Building cladding - metal (confirm just aquatic or rec too?) - Architect driven. We do not anticipate metal panels at the facade at this stage of the project.														
	Leonor Flores (Kaufman Lynn Construction, Inc) Responded Mon Aug 31, 2020 at 02:52 pm EDT Camilo, Please log in and respond. Thanks [cid:image002.png@01D67FA5.C8E96A40] Leonor L. 	<p>Q: Kathy Rod Sent Mon Aug 31, 2020 at 12:10 pm EDT With respect to the "retaining wall", given that this is an existing lake. in order to build the retaining wall, will you be asking for H-piles for the construction of the wall adjacent to the lake? We are trying to think of means and methods to retain the water.</p> <p>Daniel Ramos (Bermello Ajamil & Partners, Inc.) Responded Tue Sep 1, 2020 at 10:31 am EDT A temporary cofferdam may be required in certain locations depending on the retaining wall concept selected and the final location of the promenade structure relative to the lake. If a cofferdam is required we suggest estimating a temporary steel sheet pile system as the cofferdam. Certain proposed concepts may not require temporary water retention. See below of our assumptions. The three concepts presented within are the following:</p> <ul style="list-style-type: none"> • Concept A - Cantilever Sheet Pile Wall: No Cofferdam Required. • Concept B - Pile and Panel Wall: No Cofferdam Required. • Concept C - Precast Counterfort Wall: Cofferdam may be required. <p>Best, SD Submission_WaterfrontStructures_Drawings_1.1.pdf</p>

Q: Kathy Rod Sent Mon Aug 31, 2020 at 12:05 pm EDT
 We are assuming that the rip rap and "retaining wall" will be only behind the Rec. Building / terraced step, and littoral shelf at the remainder of lake access areas. Please confirm.

Daniel Ramos (Bermello Ajamil & Partners, Inc.) Responded Tue Sep 1, 2020 at 09:41 am EDT
 Please see the attached sketches of the retaining wall options. The limits for each structure is also attached.

The three concepts presented within are the following:

- Concept A – Cantilever Sheet Pile Wall: This concept would employ either steel sheet piles (SSP) or composite sheet piles (fiber-reinforced polymers). I ran some preliminary numbers based on the recent geotechnical report to come up with the ROM tip elevations and sheet sections.
- Concept B – Pile and Panel Wall: Similar to examples seen throughout Miami Harbor, this concept consists of precast piles driven approx. every 8ft with precast panels retaining the earth. For SD I am assuming at 12" prestressed pile and minimum 9" precast panels.
- Concept C – Precast Counterfort Wall: This precast concrete wall system would be placed after grade is prepared. The bearing strength of the soils allow for this type of structure however it is probably the concept that disturbs the exiting wetland grasses the most.

Joseph Cerrone Sent Mon Aug 17, 2020 at 05:19 pm EDT
 Please provide additional information to the questions below:

- Q:**
1. The aquatic center narrative list Geothermal heating and cooling on the main competition pool and the 25 yard training pool. What is the intent on the recreational pools? Please confirm no heating is required for the recreational pools.
 2. Are both sides of the Aquatic Facility to be used year round? If so, will heating be requested for some or all the leisure pools? Please provide temperature performance ranges.
 3. Is the competition portion of the facility to be used at night? Please provide light levels required. Do we add high mast sports lighting in addition to the in pool lighting.
 4. Will the leisure pools be open at night? Please provide light levels required.

A: Jeff Nodorft (Counsilman Hunsaker) Responded Wed Aug 19, 2020 at 11:34 am EDT

1. The basis of design is to include geothermal heating on the two competition pools. Additionally, provide a line item addition to provide geothermal heating for the recreational pools and waterslides.
2. Full year operations is desired for both competitive and recreational aquatics. Design water temperatures for the recreational side to be 85 deg. F.
3. The competition pool will be used at night. Provide underwater lights for both competition pools. NCAA recommended lighting levels are 75 foot candles for regional broadcast events so use that criteria when looking at high mast sports lighting to augment the underwater lighting.
4. The recreational aquatics is not envisioned to have night operations so no lighting is required.

Project Name: Doral Central Park – Phase 1
Project Number: n/a

The City and Contractor hereby agree to perform the changes to the work as identified in the Proposal Description below:

APPROVED
By Eugene Collings-Bonfill at 5:37 pm, Jun 24, 2021

PROPOSAL DESCRIPTION:

The Owner and Contractor Contingencies were incorrectly calculated on Cost of Work and General Conditions in the GMP Phase 1 submission. This deductive CO is to make the corrections to calculate Owner and Contractor contingencies only on the Cost of Work. Milestone Incentive #01 is also being deducted since there is no milestone incentive associated with Phase 1. Contractor’s Fee has been adjusted accordingly.

The City and Contractor hereby agree to perform the changes to the work as identified in the Proposal Description below:

PROPOSAL DESCRIPTION:

Additional GCs as a result of time impact of the issuance of the Early Works Permit. The delay is from May 12, 2021 to June 8, 2021 when the construction Early Works permit was issued. 1 Day was deducted for the Memorial Day holiday. Thus, the GCs are based on 18 working days for project staff costs not including the Memorial Day holiday and 28 calendar days for Job Office expenses.

- PO #20211051 6% Markup -----\$6,591.17
- PO #20211049 GC/GR -----\$109,852.88
- PO #20211050 Insurance, BR, & Bond ----- \$ (will be reconciled separately)

The KL Project Management team worked on several construction management activities including but not limited to:

1. Buy out and Award for Phase 1 Civil, Electrical, Demolition, Tree protection, Surveying, Rough Carpentry, Plumbing, and Video/Photo Documentation
2. Permitting temp construction trailer and septic tank permit
3. Coordinated the tree removal bond
4. Coordinating the issuance of the General Liability and Builder’s Risk insurance policies.
5. Developing project specific subcontract and exhibits.
6. Creating submittal registry
7. Weekly schedule updates
8. Weekly Staff meeting
9. Setting up Project budgets and cost codes
10. Cost projections
11. Issue construction RFI
12. Managing of construction submittals
13. Managing ASI issued to Phase 1
14. Coordinating with FPL for temp power, temp easement, and providing loads
15. Coordinating and site meeting with Comcast about establishing internet for the temp office
16. Site Preconstruction meeting with Central Civil
17. Preparing and Issuing CO 4, 5, and 6

Service Provision		Start Date	May 3, 2021	End Date* Month-to-Month

* All agreements end on the last calendar day of the month.

Comments:

An Activation fee of 49.00 _____ per occupant will be payable, (a one time, per occupant fee for Office and Coworking (dedicated desk) customers that covers all aspects of customer onboarding, administration, and set-up.)

Setup fee of \$49 pp will be waived. A refundable service retainer equivalent to 2 x the monthly office fee will be payable in two installments, the first payment will be invoiced immediately and the second payment will be invoiced on the 3rd invoice, unless the agreement has been terminated

We are Regus Corporation. This Agreement incorporates our terms of business set out on attached Terms and Conditions, attached House Rules and Service Price Guide (where available) which you confirm you have read and understood. We both agree to comply with those terms and our obligations as set out in them. This agreement is binding from the agreement date and may not be terminated once it is made, except in accordance with its terms. Note that the Agreement does not come to an end automatically. See "Automatic Renewal" section of your terms and conditions for the notice terms if you wish to end your agreement.

AGREEMENT TO ARBITRATE; CLASS ACTION WAIVER: Any dispute or claim relating in any way to this agreement shall be resolved by binding arbitration administered by the American Arbitration Association in accord with its Commercial Arbitration Rules (available at www.adr.org), except that you or the Provider may assert claims in small claims court and the Client and the Provider may pursue court actions to remove you, or prevent your removal, from the Center if you do not leave when this agreement terminates. The arbitrator shall have exclusive authority to resolve any dispute relating to the interpretation, applicability, enforceability, or formation of this agreement. The arbitrator shall not conduct arbitration as a class or representative action. The Client and the Provider acknowledge that this agreement is a transaction in interstate commerce governed by the Federal Arbitration Act. The Client and the Provider agree to waive any right to pursue any dispute relating to this agreement in any class, private attorney general, or other representative action.

Name (printed): TAYLER KIRSCH
 Title (printed): Human Resources Director
 Date: 4/30/2021

SIGNED on your behalf

These General Terms and Conditions apply to Office/Co-Working, Virtual Office and Membership agreements for services We supply to You.

1. General Agreement

- 1.1. Nature of on agreement: At all times, each Center remains in Our possession and control. YOU ACCEPT THAT AN AGREEMENT CREATES NO TENANCY INTEREST, LEASEHOLD ESTATE OR OTHER REAL PROPERTY INTEREST IN YOUR FAVOR WITH RESPECT TO THE ACCOMMODATION. Occupation by You is the commercial equivalent of an agreement for accommodation in a hotel. We are giving You the right to share the use of the Center with Us and other clients.
- 1.2. House Rules: The House Rules, which are incorporated into these terms and conditions, are primarily in place and enforced to ensure that all clients have a professional environment to work in.
- 1.3. Availability at the start of an agreement: If for any unfortunate reason We cannot provide the services or accommodation in the Center stated in an agreement by the start date, We will have no liability to You for any loss or damage but You may either move to one of Our other Centers (subject to availability), delay the start of the agreement or cancel it.
- 1.4. **AUTOMATIC RENEWAL:** SO THAT WE CAN MANAGE YOUR SERVICES EFFECTIVELY AND TO ENSURE SEAMLESS CONTINUITY OF THOSE SERVICES, ALL AGREEMENTS WILL RENEW AUTOMATICALLY FOR SUCCESSIVE PERIODS EQUAL TO THE CURRENT TERM UNTIL BROUGHT TO AN END BY YOU OR US. ALL PERIODS SHALL RUN TO THE LAST DAY OF THE MONTH IN WHICH THEY WOULD OTHERWISE EXPIRE. THE FEES ON ANY RENEWAL WILL BE AT THE THEN PREVAILING MARKET RATE (PRICES ARE SET ANNUALLY SO DEPENDING ON WHEN YOUR AGREEMENT IS DUE TO RENEW, THERE MAY BE A CHANGE IN PRICE). IF YOU DO NOT WISH FOR AN AGREEMENT TO RENEW THEN YOU CAN CANCEL IT EASILY WITH EFFECT FROM THE END DATE STATED IN THE AGREEMENT, OR AT THE END OF ANY EXTENSION OR RENEWAL PERIOD, BY GIVING US PRIOR NOTICE. NOTICE MUST BE GIVEN THROUGH YOUR ONLINE ACCOUNT OR THROUGH THE APP. THE NOTICE PERIODS REQUIRED ARE AS FOLLOWS:
- | <u>Term</u> | <u>Notice Period</u> |
|--------------------|--|
| Month-to-Month | no less than 1 month's notice from the 1 st day of any calendar month |
| 3 months | no less than 2 months' notice prior to the end of the term |
| More than 3 months | no less than 3 months' notice prior to the end of the term |
- 1.5. We may elect not to renew an agreement. If so, We will inform You by email, through the App or Your online account, according to the same notice periods specified above.
- 1.6. If the Center is no longer available: In the event that We are permanently unable to provide the services and accommodation at the Center stated in an agreement, We will offer You accommodation in one of Our other centers. In the unlikely event we are unable to find an alternative accommodation that is acceptable to You, Your agreement will end and You will only have to pay monthly fees up to that date and for any additional services You have used.
- 1.7. Ending an agreement immediately: We may put an end to an agreement immediately by giving You notice if (a) You become insolvent or bankrupt; or (b) You breach one of your obligations which cannot be remedied, or which We have given You notice to remedy and which You have failed to remedy within 14 days of that notice; or (c) Your conduct, or that of someone at the Center with Your permission or invitation, is incompatible with ordinary office use and, (i) that conduct continues despite You having been given notice, or (ii) that conduct is material enough (in Our reasonable opinion) to warrant immediate termination; or (d) You are in breach of the "Compliance With Law" clause below. If We put an end to an agreement for any of the reasons referred to in this clause, it does not put an end to any of Your financial obligations, including, without limitation, for the remainder of the period for which Your agreement would have lasted if We had not terminated it.
- 1.8. When an Office agreement ends: When an agreement ends You must vacate Your accommodation immediately, leaving it in the same state and condition as it was when You took it. Upon Your departure or if You choose to relocate to a different room within a Center, We will charge a fixed office restoration service fee to cover normal cleaning and any costs incurred to return the accommodation to its original condition and state. This fee will differ by country and is listed in the House Rules. We reserve the right to charge additional reasonable fees for any repairs needed above and beyond normal wear and tear. If You leave any property in the Center, We may dispose of it at Your cost in any way, We choose without owing You any responsibility for it or any proceeds of sale. If You continue to use the accommodation when an agreement has ended, You are responsible for any loss, claim or liability We may incur as a result of Your failure to vacate on time.
- 1.9. Transferability: Subject to availability (which shall be determined in Our sole discretion) You may transfer Your agreement to alternative accommodation in the IWG network of Centers provided that Your financial

commitment remains the same (or increases) and such transfer is not used to extend or renew an existing agreement. Such a transfer may require entry into a new agreement.

2. Use of the Centers:

2.1. Business Operations: You may not carry on a business that competes with Our business of providing serviced offices and flexible working. You may not use Our name (or that of Our affiliates) in any way in connection with Your business. You are only permitted to use the address of a Center as Your registered office address if it is permitted by both law and if We have given You prior written consent (given the administration there is an additional fee chargeable for this service). You must only use the accommodation for office business purposes. If We decide that a request for any particular service is excessive, We reserve the right to charge an additional fee. In order to ensure that the Center provides a great working environment for all, We kindly ask you to limit any excessive visits by members of the public.

2.2. Accommodation

2.2.1. Alterations or Damage: You are liable for any damage caused by You or those in the Center with Your permission, whether express or implied, including but not limited to all employees, contractors and/or agents.

2.2.2. IT Installations: We take great pride in Our IT infrastructure and its upkeep and, therefore, You must not install any cabling, IT or telecom connections without Our consent, which We may refuse at our absolute discretion. As a condition to Our consent, You must permit Us to oversee any installations (for example, IT or electrical systems) and to verify that such installations do not interfere with the use of the accommodation by other clients or Us or any landlord of the building. Fees for installation and de-installation will be at Your cost.

2.2.3. Use of the Accommodation: An agreement will list the accommodation We initially allocate for Your use. You will have a non-exclusive right to the rooms allocated to You. Where the accommodation is a Coworking desk, this can only be used by one individual, it cannot be shared amongst multiple individuals. Occasionally to ensure the efficient running of the Center, We may need to allocate different accommodation to You, but it will be of reasonably equivalent size and We will notify You with respect to such different accommodation in advance.

2.2.4. Access to the Accommodation: To maintain a high level of service, We may need to enter Your accommodation and may do so at any time, including and without limitation, in an emergency, for cleaning and inspection or in order to reset the space if You have given notice to terminate. We will always endeavor to respect any of Your reasonable security procedures to protect the confidentiality of Your business.

2.3. Membership:

2.3.1. If You have subscribed to a Membership Agreement, You will have access to all participating centers worldwide during standard business working hours and subject to availability.

2.3.2. Membership Usage: Usage is measured in whole days and unused days cannot be carried over to the following month. A membership is not intended to be a replacement for a full-time workspace and all workspaces must be cleared at the end of each day. You are solely responsible for Your belongings at the center at all times. We are not responsible for any property that is left unattended. Should You use more than Your membership entitlement, We will charge You an additional usage fee. You may bring in 1 guest free of charge (subject to fair usage). Any additional guests will be required to purchase a day pass.

2.3.3. As a Member, You may not use any Center as Your business address without an accompanying office or virtual office agreement in place. Any use of the Center address in such a way will result in an automatic enrollment in the Virtual Office product for the same term as Your membership and You will be invoiced accordingly.

2.4. Compliance with Law: You must comply with all relevant laws and regulations in the conduct of Your business. You must not do anything that may interfere with the use of the Center by Us or by others (including but not limited to political campaigning or immoral activity), cause any nuisance or annoyance, or cause loss or damage to Us (including damage to reputation) or to the owner of any interest in the building. If We have been advised by any government authority or other legislative body that it has reasonable suspicion that You are conducting criminal activities from the Center, or You are or will become subject to any government sanctions, then We shall be entitled to terminate any and all of Your agreements with immediate effect. You acknowledge that any breach by You of this clause shall constitute a material default, entitling Us to terminate Your agreement without further notice.

- 2.5. Ethical Trading: Both We and You shall comply at all times with all relevant anti-slavery, anti-bribery and anti-corruption laws.
- 2.6. Data Protection:
- 2.6.1. Each party shall comply with all applicable data protection legislation. The basis on which we will process Your personal data is set out in our privacy policies (available on our website at www.iwgplc.com/clientprivacypolicy.)
- 2.6.2. You acknowledge and accept that we may collect and process personal data concerning You and/or your personnel in the course of our agreement for services with you. Such personal data will be processed in accordance with our privacy policy. Where you provide this data to us, you will ensure that you have the necessary consents and notices in place to allow for this.
- 2.7. Employees: We will both have invested a great deal in training Our staff, therefore, neither of us may knowingly solicit or offer employment to the other's staff employed in the Center (or for 3 months after they have left their employment). To recompense the other for staff training and investment costs, if either of us breaches this clause the breaching party will pay upon demand to the other the equivalent of 6 months' salary of any employee concerned.
- 2.8. Confidentiality: The terms of our agreement are confidential. Neither of us may disclose them without the other's consent unless required to do so by law or an official authority. This obligation continues for a period of 3 years after our agreement ends.
- 2.9. Assignment: An agreement is personal to You and cannot be transferred to anyone else without prior consent from Us unless such transfer is required by law. However, We will not unreasonably withhold our consent to assignment to an affiliate provided that You execute our standard form of assignment. We may transfer any agreement and any and all amounts payable by You under our agreement to any other member of Our group.
- 2.10. Applicable law: An agreement is interpreted and enforced in accordance with the law of the place where the Center is located other than in a few specific jurisdictions which are detailed in the House Rules. We and You both accept the exclusive jurisdiction of the courts of that jurisdiction. If any provision of these terms and conditions is held void or unenforceable under the applicable law, the other provisions shall remain in force.
3. Our liability to You and Insurance
- 3.1. The extent of Our liability: To the maximum extent permitted by applicable law, We are not liable to You in respect of any loss or damage You suffer in connection with our agreement, including without limitation any loss or damage arising as a result of our failure to provide a service as a result of mechanical breakdown, strike or other event outside of Our reasonable control otherwise unless We have acted deliberately or have been negligent. In no event shall We be liable for any loss or damage until You provide written notice and give Us a reasonable time to remedy it. If We are liable for failing to provide You with any service under an agreement then, subject to the exclusions and limits set out immediately below, We will pay any actual and the reasonable additional expense You have incurred in obtaining the same or similar service from elsewhere.
- 3.2. Your Insurance: It is Your responsibility to arrange insurance for property which You bring in to the Center, for any mail You send or receive and for Your own liability to your employees and to third parties. We strongly recommend that You put such insurance in place.
- 3.3. IT Services and Obligations: Whilst We have security internet protocols in place and strive to provide seamless internet connectivity, WE DO NOT MAKE ANY REPRESENTATION AND CANNOT GUARANTEE ANY MAINTAINED LEVEL OF CONNECTIVITY TO OUR NETWORK OR TO THE INTERNET, NOR THE LEVEL OF SECURITY OF IT INFORMATION AND DATA THAT YOU PLACE ON IT. You should adopt whatever security measures (such as encryption) You believe are appropriate to Your business. Your sole and exclusive remedy in relation to issues of reduced connectivity which are within Our reasonable control shall be for Us to rectify the issue within a reasonable time following notice from You to Us.
- 3.4. EXCLUSION OF CONSEQUENTIAL LOSSES: WE WILL NOT IN ANY CIRCUMSTANCES HAVE ANY LIABILITY TO YOU FOR LOSS OF BUSINESS, LOSS OF PROFITS, LOSS OF ANTICIPATED SAVINGS, LOSS OF OR DAMAGE TO DATA, THIRD PARTY CLAIMS OR ANY CONSEQUENTIAL LOSS. WE STRONGLY RECOMMEND THAT YOU INSURE AGAINST ALL SUCH POTENTIAL LOSS, DAMAGE, EXPENSE OR LIABILITY.
- 3.5. Financial limits to our liability: In all cases, our liability to You is subject to the following limits:
- 3.5.1. without limit for personal injury or death;
- 3.5.2. up to a maximum of GBP 1 million (or USD 1.5 million or EUR 1 million or other local equivalent) for any one event or series of connected events for damage to Your personal property; and

3.5.3. in respect of any other loss or damage, up to a maximum equal to 125% of the total fees paid between the date services under an agreement commenced and the date on which the claim in question arises; or if higher, for office agreements only, GBP 50,000 / USD 100,000 / EUR 66,000 (or local equivalent).

4. Fees

- 4.1. Service Retainer/Deposit: Your service retainer / deposit will be held by Us without generating interest as security for performance of all Your obligations under an agreement. All requests for the return must be made through Your online account or App after which the service retainer/deposit or any balance will be returned within 30 days to You once your agreement has ended and when You have settled Your account. We will deduct any outstanding fees and other costs due to Us before returning the balance to You. We may require You to pay an increased retainer if the monthly office or virtual office fee increases upon renewal, outstanding fees exceed the service retainer/deposit held and/or You frequently fail to pay invoices when due.
- 4.2. Taxes and duty charges: You agree to pay promptly (i) all sales, use, excise, consumption and any other taxes and license fees which You are required to pay to any governmental authority (and, at Our request, You will provide to Us evidence of such payment) and (ii) any taxes paid by Us to any governmental authority that are attributable to Your accommodation, where applicable, including, without limitation, any gross receipts, rent and occupancy taxes, tangible personal property taxes, duties or other documentary taxes and fees.
- 4.3. Payment: We are continually striving to reduce our environmental impact and support You in doing the same. Therefore, We will send all invoices electronically and You will make payments via an automated method such as Direct Debit or Credit Card, wherever local banking systems permit.
- 4.4. Late payment: If You do not pay fees when due, a fee will be charged on all overdue balances. This fee will differ by country and is listed in the House Rules. If You dispute any part of an invoice, You must pay the amount not in dispute by the due date or be subject to late fees. We also reserve the right to withhold services (including for the avoidance of doubt, denying You access to the Center where applicable) while there are any outstanding fees and/or interest, or You are in breach of an agreement.
- 4.5. Insufficient Funds: Due to the additional administration We incur, You will pay a fee for any returned or declined payments due to insufficient funds. This fee will differ by country and is listed in the House Rules.
- 4.6. Activation: An activation fee is payable in respect of each agreement You have with Us (including any new agreements entered into under clause 1.9 above). This fee covers the administrative cost at the client onboarding process and account setup. This fee is set out in each Local Services Agreement and is charged on a per occupant basis for Serviced Office and Coworking (dedicated desk), on a per location basis for Virtual Office and on a per person basis for Membership. Further information is set out in the House Rules.
- 4.7. Indexation: If an agreement is for a term of more than 12 months, We will increase the monthly fee on each anniversary of the start date in line with the relevant inflation index detailed in the House Rules.
- 4.8. Standard services: Monthly fees, plus applicable taxes, and any recurring services requested by You are payable monthly in advance. Where a daily rate applies, the charge for any such month will be 30 times the daily fee. For a period of less than one month, the fee will be applied on a daily basis.
- 4.9. Pay-as-you-use and Additional Variable Services: Fees for pay-as-you-use services, plus applicable taxes, are payable monthly in arrears at our standard rates which may change from time to time and are available on request.
- 4.10. Discounts, Promotions and Offers: If You benefited from a special discount, promotion or offer, We will discontinue that discount, promotion or offer without notice if You materially breach Your agreement.

CHANGE ORDER FORM

To Contractor: Kaufman Lynn Construction, Inc.
3185 S. Congress Avenue
Delray Beach, Florida 33445

Change Order Number: 8
Proposal Number: PCCO #009

Project Name: Doral Central Park – Phase 1

Project Number: n/a

The City and Contractor hereby agree to perform the changes to the work as identified in the Proposal Description below:

PROPOSAL DESCRIPTION:

Attached herewith, please find the breakdown of costs, along with backup to furnish and install a temporary parking lot for use by Miami Dade County Elections Office from September 20, 2021 through November 24, 2021 in accordance with the attached logistics plan. Work not specifically listed herein is not included. This change order includes:

1. Remove/reinstall 3 existing voter parking signs.
2. Remove/reinstall exiting landscaping for entrance/exit.
3. Remove/reinstall section of existing 8' fencing for entrance/exit.
4. Remove/reinstall section of curb at 3 parking stalls for entrance/exit.
5. Grind/black out 2 parking stripes at existing parking stalls.
6. Re-stripe two parking stalls at existing MDC elections parking lot. All other striping is excluded.
7. Grade between existing parking lot and overflow area as required.
8. Install 6' temporary fence around lot perimeter with green screen. Top rail at temporary fencing is excluded.
9. As proposed and accepted by the City of Doral onsite 9/10/2021, temporary parking area shall be stabilized embankment material. Area shall be left flat with no provisions per drainage included.
10. Regrading repair ALLOWANCE of 1,000 SY.
11. Signage ALLOWANCE of \$500.

Exclusions:

1. Asphalt restoration at existing MDC Elections Office parking lot
2. Drainage at temporary parking lot
3. Grading changes/redesign of overflow parking area per RFI-Con-038
4. Maintenance of temporary parking surface
5. Supervision of the parking area
6. Striping of temporary parking area
7. Car stops
8. Water Barriers - To be provide by the City of Doral

Owner acknowledges any time delays associated with this CO are permissible and compensable delays. Approval of this CO is contingent upon the execution of hold harmless/indemnity agreement included within by both the City of Doral and Miami Dade County.

Acceptance of this proposal must be received no later than Friday, September 10th, 2021 for work to be completed for use on September 20th, 2021. Acceptance after this time frame shall be subject to review and modifications prior to the performance of the work.

Total Amount of this Change Order: \$32,233.970

The City and Contractor agrees to modify the original Contract by the following CHANGE ORDER amount:

Original Contract Amount.....	\$ 457,000.00	DS MLC
Net change by Previous authorized Change Orders.....	\$ 25,850,155.79	
Contract Amount prior to this Change Order.....	\$ 26,307,155.79	DS UF

RELEASE, INDEMNITY, AND HOLD HARMLESS AGREEMENT

This Release, Indemnity, and Hold Harmless Agreement (the "Agreement") is entered into by and between Miami-Dade County (the "County"), whose address is 111 N.W. 1st Street, Miami, Florida, 33128, and Kaufman Lynn Construction, Inc. ("KL"), whose address is 3185 S. Congress Avenue, Delray Beach, Florida, 33445 (all of whom shall collectively be referred to herein as the "Parties" or a "Party" if referring to only one of them).

RECITALS

WHEREAS, the City of Doral (the "City") is the owner of real property located at or near 3000 N.W. 87th Avenue, Doral, Florida, 33172; and

WHEREAS, KL is the construction manager hired by the City to perform improvements on real property known as Doral Central Park (the "Project"); and

WHEREAS, the City and KL entered into a Standard Form of Agreement Between Owner and Construction Manager as Constructor, AIA Document A133, on or about June 25, 2019, for the construction of the Project (the "Construction Contract"); and

WHEREAS, as of the effective date of this Agreement, KL has commenced construction on certain portions of the Project; and

WHEREAS, the County—with the City's consent—wishes to utilize a southeastern portion of the Project site for City and County employee overflow parking and/or public overflow parking (the "Parking Area") for uses related to the 2021 Miami-Dade County elections; and

WHEREAS, at the time the County wishes to use the Parking Area, the construction of the Project will be in process and will remain ongoing, including mobilization and demobilization; and

WHEREAS, pursuant to the terms of the Construction Contract, KL is responsible for the Project site, including the safety surrounding access and use of the Project site; and

WHEREAS, the Parties can reasonably foresee that the conditions of the Project site will be incomplete and not necessarily suitable for the presence of non-construction personnel, which could pose a risk of damage or injury to person or property; and

WHEREAS, such "non-construction personnel" is expected to include, but is not necessarily be limited to, the City's employees, the County's employees, staff members of the City's/County's vendors related to the elections, and members of the public; and

WHEREAS, in order to address the risks posed by the County's use of the Project site for the Parking Area, the Parties agree to enter into this Agreement; and

RELEASE, INDEMNITY, AND HOLD HARMLESS AGREEMENT

Page 2 of 3

WHEREAS, contemporaneous with the execution of this Agreement, KL and the City have agreed to execute a change order related to KL's additional expenses incurred, and estimated Project schedule time expended, as a result of the County's use of the Parking Area, which shall include an adjustment to the Construction Contract Price and Contract Time for performance (the "Change Order"), the execution of which is a condition precedent to the County's permitted use of the Parking Area pursuant to this Agreement; and

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties agree as follows:

AGREEMENT

1. The foregoing Recitals are true and correct and are incorporated by reference into this Agreement as if fully set forth herein.

2. The County is fully aware, or has been provided a reasonable opportunity to become fully aware, of the risks of damage or injury to person or property potentially posed by utilizing the Project site for the Parking Area. The County enters into this Agreement with such awareness.

3. No warranty, either express or implied, is given by KL as to the condition of the Project site and whether it is, or will be, suitable for use as the Parking Area and/or suitable for non-construction personnel to be present at the portion of the Project site being used as the Parking Area.

4. The County, as consideration for KL cooperating with the County to use a portion of the Project site as the Parking Area, hereby voluntarily waives and releases KL and its officers, directors, board members, shareholders, principals, heirs, employees, parent entities, subsidiaries, related entities, executors, administrators, subrogees, assignors, assignees, sureties, and insurers (the "Released Parties") from any and all claims, rights, counts, causes of action, obligations, damages, expenses, debts, demands, notices of claim, attorneys' fees, costs, and liabilities of every kind and nature, whether direct or consequential, that may be asserted by the County against the Released Parties in any way pertaining to, arising out of, or relating to the Parking Area, whether based in tort, contract, statute, common law, and/or any other legal or equitable theory of recovery. Notwithstanding anything to the contrary in this section, the County does not release the Released Parties for any claims arising from KL's intentional acts or gross negligence.

5. To the fullest extent permitted by law, the County shall indemnify and hold harmless KL, its officers, and its employees from and against any and all liabilities, damages, losses, and costs, including, but not limited to, reasonable attorney's fees, to the extent caused by the negligence, recklessness, or intentional wrongful misconduct of the County and/or its employees.

6. The indemnification obligations of this Agreement are provided to the extent of, and within, the sovereign immunity limitations of Section 768.28, Florida Statutes. Nothing in this section shall be construed to constitute an agreement by the County to indemnify KL for the negligent acts or omissions of KL, its officers, or its employees related to the Parking Area.

RELEASE, INDEMNITY, AND HOLD HARMLESS AGREEMENT

Additionally, nothing in this section shall be construed to constitute an agreement by the County to indemnify KL for the negligent acts or omissions of third parties related to the Parking Area, other than those employed or utilized by the County. The indemnification obligations of this section shall survive the termination or conclusion of this Agreement and/or the Construction Contract.

7. This Agreement may be amended only in writing, signed by or on behalf of all Parties.

8. In the event that any provision of this Agreement is determined to be unenforceable, said determination shall not affect the remaining provisions hereof which shall remain in full force and effect. Any section or portion of a section so declared to be unenforceable shall, if possible, be construed in a manner which will give effect to the terms of such section or portion of a section to the fullest extent possible while remaining enforceable.

9. It is acknowledged that all Parties participated in the drafting of this Agreement and this language shall not be presumptively construed either in favor or against any of the Parties. This Agreement shall be construed in accordance with the laws of the State of Florida.

10. The Parties to this Agreement may execute the Agreement by facsimile and/or in counterparts, all of which shall constitute one agreement and be deemed an original.

11. The Parties further warrant and represent that: (1) they have full authority to enter into this Agreement; (2) no promise, inducement or agreement not expressed in this Agreement has been made; (3) this Agreement has been carefully read and they know the contents thereof; (4) they have either consulted with legal counsel or have chosen not to do so; (5) they (or their representative executing this Agreement) are of legal age and competent to execute the Agreement; and (6) in executing this Agreement, they have not been influenced by any misrepresentation of any of the Parties being released.

This Agreement shall be considered fully executed on the date the last Party below provides its execution.

WHEREAS, KL has commenced construction on certain portions of the Project; and

WHEREAS, Miami-Dade County (the "County")—with the City's consent—wishes to utilize a southeastern portion of the Project for County employee overflow parking (the "Parking Area") for uses related to the 2021 Miami-Dade County elections; and

WHEREAS, the County requires use of the Parking Area from and including September 20, 2021, through and including November 24, 2021 (the "Use Dates"); and

WHEREAS, the City represents that it is in dominion, possession, and control of the portion of the Project to be used as the Parking Area in the City's capacity as the lessee of said portion pursuant to a Lease Agreement with the lessor, the Board of Trustees of the Internal Improvement Trust Fund of the State of Florida (the "Lessor"), executed on August 24, 2009, which is a material representation on which KL relies in entering into this Agreement; and

WHEREAS, the City represents that the County's use of the Parking Area is consistent with the terms of the Lease Agreement and/or is otherwise authorized by the Lessor, which is a material representation on which KL relies in entering into this Agreement; and

WHEREAS, during the Use Dates, the construction of the Project will be in process and will remain ongoing, including mobilization and demobilization; and

WHEREAS, pursuant to the terms of the Construction Contract, KL is responsible for the Project, including the safety surrounding access and use of the Project; and

WHEREAS, the Parties can reasonably foresee that the conditions of the Project will be incomplete and not necessarily suitable for the presence of non-construction personnel, which could pose a risk of damage or injury to person or property; and

WHEREAS, such "non-construction personnel" is expected to include, but is not necessarily be limited to the County's employees and staff members of the County's vendors related to the elections; and

WHEREAS, to address the risks posed by the County's use of the Project for the Parking Area, the Parties agree to enter into this Agreement; and

WHEREAS, contemporaneous with the execution of this Agreement, KL and the City have agreed to execute a change order related to KL's additional expenses incurred, and estimated Project schedule time expended, as a result of the County's use of the Parking Area, which shall include an adjustment to the Construction Contract price and Contract Time for performance (the "Change Order"), the execution of which is a condition precedent to KL permitting the County to use the Parking Area during the Use Dates pursuant to this Agreement; and

WHEREAS, this Agreement is intended only to supplement the Construction Contract and in no way whatsoever is this Agreement understood to supersede or alter the Construction Contract's terms, and to the extent that this Agreement may conflict with the Construction Contract's terms this Agreement shall control with respect to the portion of the Project being used for the Parking Area during the Use Dates only; and

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties agree as follows:

AGREEMENT

1. The foregoing Recitals are true and correct and are incorporated by reference into this Agreement as if fully set forth herein.
2. The City is fully aware or has been provided a reasonable opportunity to become fully aware, of the risks of damage or injury to person or property potentially posed by utilizing the Project for the Parking Area. The City enters into this Agreement with such awareness.
3. No warranty, either express or implied, is given by KL as to the condition of the Project and whether it is, or will be, suitable for use as the Parking Area and/or suitable for non-construction personnel to be present at the portion of the Project being used as the Parking Area.
4. The City, as consideration for KL permitting the County to use a portion of the Project as the Parking Area during the Use Dates, hereby voluntarily waives and releases KL and its officers, directors, board members, shareholders, principals, heirs, employees, parent entities, subsidiaries, related entities, executors, administrators, subrogees, assignors, assignees, sureties, and insurers (the "Released Parties") from any and all claims, rights, counts, causes of action, obligations, damages, expenses, debts, demands, notices of claim, attorneys' fees, costs, and

liabilities of every kind and nature, whether direct or consequential, that may be asserted by the City against the Released Parties in any way pertaining to, arising out of, or relating to the Parking Area, whether based in tort, contract, statute, common law, and/or any other legal or equitable theory of recovery.

5. Consistent with the requirements of Section 725.06(2), Florida Statutes, the City shall indemnify and hold harmless KL, its officers, and its employees from and against any and all liabilities, damages, losses, and costs, including, but not limited to, reasonable attorney's fees, to the extent caused by the negligence, recklessness, or intentional wrongful misconduct of the City, as well as of persons employed or utilized by the City in the performance of the Construction Contract. The City's indemnity obligations under this Agreement are limited to the dollar amounts set forth in Section 768.28(5)(a), Florida Statutes. The indemnity obligations of this Agreement shall terminate at 12:00 a.m. on November 25, 2021, and at that time the indemnity obligations between the Parties shall revert back to those as stated in the Construction Contract.

6. Notwithstanding any other term in this Agreement, nothing herein shall be deemed a waiver of the City's immunity, or sovereign rights, or limitations of liability as provided by Section 768.28, Florida Statutes, as may be amended from time to time.

7. This Agreement may be amended only in writing, signed by or on behalf of all Parties.

8. In the event that any provision of this Agreement is determined to be unenforceable, said determination shall not affect the remaining provisions hereof which shall remain in full force and effect. Any section or portion of a section so declared to be unenforceable shall, if possible, be construed in a manner which will give effect to the terms of such section or portion of a section to the fullest extent possible while remaining enforceable.

9. It is acknowledged that all Parties participated in the drafting of this Agreement and this language shall not be presumptively construed either in favor or against any of the Parties. This Agreement shall be construed in accordance with the laws of the State of Florida.

10. The Parties to this Agreement may execute the Agreement by facsimile and/or in counterparts, all of which shall constitute one agreement and be deemed an original.

11. The Parties further warrant and represent that: (1) they have full authority to enter into this Agreement; (2) no promise, inducement or agreement not expressed in this Agreement has been made; (3) this Agreement has been carefully read and they know the contents thereof; (4) they have either consulted with legal counsel or have chosen not to do so; (5) they (or their representative executing this Agreement) are of legal age and competent to execute the Agreement; and (6) in executing this Agreement, they have not been influenced by any misrepresentation of any of the Parties being released.

This Agreement shall be considered fully executed on the date the last Party below provides its execution.

RESOLUTION No. 21-214

A. RESOLUTION OF THE MAYOR AND THE CITY COUNCIL OF THE CITY OF DORAL, FLORIDA, AUTHORIZING THE CITY MANAGER TO EXECUTE A HOLD HARMLESS AGREEMENT BETWEEN THE CITY OF DORAL AND KAUFMAN LYNN CONSTRUCTION FOR PARKING LOT ACCESS FOR DORAL CENTRAL PARK; AND PROVIDING FOR AN EFFECTIVE DATE

WHEREAS, pursuant to the Interlocal Agreement in December 2004, Miami Dade County (County) and the City of Doral (City), agreed to make parking available at Central Park to the County during elections and election related activities; and

WHEREAS, Miami-Dade County wishes to utilize a southeast portion of the project for the overflow parking for uses related to the 2021 elections from September 20, 2021-November 24, 2021; and

WHEREAS, during these dates, the construction of the Project will be in process and will remain ongoing; and

WHEREAS, Kaufman Lynn, the Construction Manager hired by the city to perform improvements at Doral Central Park, will create and access point, clear and fence off an area closest to the Department of Elections building; and

WHEREAS, as the area will remain unimproved, Kaufman Lynn is requesting releases, indemnities and hold harmless agreements from both the County and the City to address the risks posed by the County's use of the Parking Area.

NOW, THEREFORE, BE IT RESOLVED BY THE MAYOR AND THE CITY COUNCIL OF THE CITY OF DORAL, FLORIDA, AS FOLLOWS:

Section 1. Recitals. The above recitals are confirmed, adopted, and incorporated herein and made part hereof by this reference.

Res. No. 21-214
Page 2 of 3

Section 2. Authorization. The City of Doral hereby authorizes the City Manager to execute the hold harmless agreement as Exhibit A.

Section 3. Approval. Staff recommends that the Mayor and Council authorize the City Manager to execute the Release, Indemnity and Hold Harmless Agreement

Section 4. Effective Date. This Resolution shall be effective immediately upon adoption.

The foregoing Resolution was offered by Councilmember Cabral who moved its adoption.
The motion was seconded by Councilmember Puig-Corve and upon being put to a vote,
the vote was as follows:

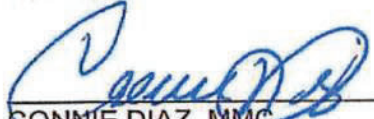

Mayor Juan Carlos Bermudez	Yes
Vice Mayor Pete Cabrera	Yes
Councilwoman Digna Cabral	Yes
Councilwoman Claudia Mariaca	Yes
Councilman Oscar Puig-Corve	Yes

PASSED AND ADOPTED this 8 day of September, 2021.

- Customer/Lessee agrees that quantities provided are estimated. Actual footage will be based upon completion of the installation.
- All materials are property of Florida Fence Rental, Inc. and have been delivered/installed in good condition.
- Price is based upon a one-time installation and one-time removal. Any additional mobilizations will incur a \$450.00 fee for Additional Work/Repairs or \$300.00 fee for Pickups. First time installation minimum is \$950.00. The fee includes the materials/labor up to that amount. Additional Work includes Relocation, Add-Ons, Repairs or Rescheduling work after mobilizing on-site. Pickups include removal of the fence only.
- Price includes material and labor for the rental duration stated on the estimate. If material is needed longer than the initial duration it will be billed at 10% of the original rate, per item, per additional month. Additional installations will be billed under the same terms/duration of the original agreement unless specified otherwise. Relocation/Repair of the material on-site does not extend the rental duration. The minimum amount of a monthly renewal billing is \$50.00 per month.
- Customer/Lessee agrees to clear, grade and stake the location of the fence line, gates, ends and corner location prior to arrival on the jobsite. Customer/Lessee agrees to provide and maintain access to the site and adequate working conditions throughout the duration of the fence rental. If equipment is required due to inaccessibility or site conditions price is subject to change. MOT to be provided by and at the expense of Customer/Lessee if required.
- Florida Fence Rental is not responsible for damages to jobsite, landscaping, asphalt, concrete or silt fence while accessing the job or installing the fence materials.
- Customer/Lessee assumes all responsibility for any material lost or damaged during the term of this agreement. It is agreed upon that fence will remain clear of debris and vegetation for the duration of the rental. If fence materials are buried/overgrown with vegetation and not removable by hand, customer/lessee will be billed for damages. This includes any material damaged by a third-party or acts of god. There is an allowance for incidental/minor damages.
- Customer is responsible for the material while it is on rent, including theft, damage, destruction or injury.
- Customer/Lessee will be billed for materials that are damaged, lost, unable to be reused or removed. The following standard damage rates apply and are not included in minimum trip fees:

6' Chain Link Fence: \$3.15 per LF	8' Chain Link Fence: \$4.05 per LF
Gate/End Posts: \$34.25 each	Line Posts: \$18.40 each
6x10 Fence Panels: \$114.00 each	8x10 Fence Panels: \$164.00 each
Fence Panel Stands: \$27.00 each	Top Rail: \$1.98 per LF
- Fence materials will not be altered except by Florida Fence Rental Inc. including removal, relocation or repairs.
- Projects with Prevailing Wage Rates, Davis Bacon Act or Certified Payroll will be subject to additional costs. Pricing does not include any fees for Drug Tests, Badging or Orientation Classes.
- Certified Payroll will have an administrative fee of \$250.00 plus tax
- Florida Fence Rental Inc. will call underground locations through 811 prior to installation. If private locations are required with GPR, customer/lessee will be responsible for cost. Orders with driven posts/post in-ground fence require 3 business days in order to complete underground locations.
- Invoice balance to be paid in full upon completion of initial installation. Net 30 due on invoice. After 60 days if total amount is not paid in full, fence will be removed and customer/lessee agrees to pay Florida Fence Rental Inc. attorney's fees and any other cost incurred to enforce payment of delinquent bill plus interest at the rate of 1.5% per month. Continuous neglect for payment of invoices may result in a construction lien against the property and our unprotected assets. The parties to this contract agree to personal jurisdiction in Dade County, Florida. All articles are rented 'as-is' and Customer/Lessee by signing this agreement accepts these conditions.
- No retainage to be withheld on temporary fence materials.
- Event projects will be paid in full prior to starting the installation.
- Florida Fence Rental Inc. retains ownership of the fence materials and reserves the right to remove it at any time if the customer refuses to comply with the conditions of this agreement, as set forth.
- All material is non-transferable unless agreed upon with Florida Fence Rental, Inc. Transfers will incur a \$300.00 fee payable by the new lessee.
- Customer/Lessee is responsible for all permitting in regards to the temporary fence.
- By signing this agreement, the customer/lessee agrees to the quantities, prices, terms and conditions as set forth.

CHANGE ORDER FORM

To Contractor: Kaufman Lynn Construction, Inc.
3185 S. Congress Avenue
Delray Beach, Florida 33445

Change Order Number: 11
 Proposal Number: PCCO #011

Project Name: Doral Central Park – Phase 1Project Number: n/a

The City and Contractor hereby agree to perform the changes to the work as identified in the Proposal Description below:

PROPOSAL DESCRIPTION:**Portion of ASI #4 Plan Revisions**

This Change Order is to compensate time and cost for the approved portion of the ASI #4 plan revision (dated 7/21/21). Upon review of the ASI #4 Rev. 4, the changes are a result of implementing RFI responses in the plans and addressing comments made by the Authorities Having Jurisdiction (AHJ) for Water, Sewer, Drainage, and Earthwork scope of work. This change order includes ongoing drainage and earthwork, drainage and earthwork work already put in place, and fabrication/delivery of fill, drainage, water, and sewer material that had been previously approved and cannot reasonably be inferred as part of the original bond program. Please refer to the attached PCPCO #012 backup for the portion of the scope included in this change order. The original time impact associated with the changes is 60 working days added to the 10-month Underground Utilities schedule. Time impact associated with this portion of ASI #4 is 6 days. The remaining portion of the change order will be reconciled in a future change order which could be subjected to material price escalation and long procurement lead time.

Portion of ASI #5 Plan Revisions

Attached herewith, please find the breakdown of costs for the approved portion of the change order, along with backup to furnish and install revised paving, grading, drainage, water, and sewer in accordance with Phase 1 ASI #005 dated September 1, 2021. This change order includes ongoing drainage and earthwork, work already put in place, and fabrication & delivery of material that had been previously approved and cannot reasonably be inferred as part of the original bond program. Please refer to the attached PCPCO #015 backup for the portion of the scope included in this change order. Time impact associated with the original change order was 21 working days added to the 10-month Underground Utilities schedule. Time impact associated with this portion of ASI #5 is 3 days in addition to the time impact of PCO #012 ASI 4 Rev 4. The remaining portion of the change order will be reconciled in a future change order which could be subjected to material price escalation and long procurement lead time.

ASI #6 Plan Revisions

Attached herewith, please find the breakdown of costs, along with backup to furnish and install an increased conduit size for the FPL secondary conduit in accordance with Phase 6 ASI #006 dated September 7, 2021. Work not specifically listed herein is not included.

Article 5 of AIA A133 and Article 7 of AIA A201 "Change in the Work" of the Prime Contract Agreement are applicable to this Change Order. Pricing for this change order is good until 10/29/21. This change order does not include any costs associated with the current permit and redesign delays for the project.

Increase PO # 20211051-06 by \$139,067.29

Increase PO # 20211050-02 by \$ 3,052.83

City of Doral Purchase Order Terms and Conditions

This purchase order constitutes an offer to purchase and not an acceptance of any offer to sell. This offer for goods and/or services may be accepted only in accordance with all terms and conditions of this order without modification, addition, deletion or alteration.

1. **Acceptance:** In absence of written acceptance or the written confirmation by Vendor, the commencement of any work pursuant to this order or the delivery of any goods and/or performance of services described herein shall be deemed an acceptance hereof by Vendor.

2. **Identification:** All shipping containers, shipped documents and invoices must be labeled with the purchase order number, job name and "Shipped to" information without exception. Every shipment must be accompanied by legible packing list or tally containing complete information.

3. **Taxes:** Federal Excise and other taxes on which exemption is allowed government agencies, must not be included or added to the price of any item on this order unless otherwise authorized on the face of this purchase order. Necessary exemption certificates will be supplied upon request if more than what is contained on the face of the purchase order is needed. Any taxes later found to have been included and paid by City shall be refunded by Vendor in the amount of the tax so paid.

4. **Prices:** If prices decline before receipt of shipment, the revised prices shall govern. Otherwise, invoices shall be approved for payment only at the prices of quotations agreed upon or prevailing at the time the order was placed, unless City is notified immediately upon receipt of the purchase order and prior to shipment or any increase in price, whereupon City shall have the right and privilege to cancel the order.

5. **Production and Manufacturing Processes:** Any knowledge or information which Vendor may disclose to City in connection herewith, shall not, unless otherwise specifically agreed to in writing by City, be deemed confidential or proprietary information and shall be acquired free of any such restrictions (other than a claim for City's infringement of Vendor's patents) as part of the consideration for this order.

6. **Drawing Approval:** Items requiring City's approval of drawings shall not be shipped or invoiced without such approval. Any expense incurred by City through Vendor's failure to comply herewith shall be charged to Vendor's account.

7. **Packing and Freight:** A. No charge will be allowed for packing and freight unless agreed upon in writing, prior to acceptance of the order. B. Materials must be packed in conformity with tariff or classification requirements so as to secure the lowest possible freight rates. C. City shall receive the benefit of any decrease in freight rates between the time of quotation and the date of shipment in all cases where freight is part of the quoted price. D. Vendor shall not make partial shipments or deviate from the shipping and routing instructions hereon without prior authorization from the City, and Vendor agrees to reimburse City for any additional expenses incurred from Vendor's breach thereof.

8. **Delivery:** Delivery shall not be made to any place other than the destination specified without City's prior written approval. If delivery cannot be made within the time specified, advise the Purchasing Division immediately, (305) 593-6725.

9. **Special Payment:** No C.O.D. shipments will be accepted.

10. **Rejections/Reimbursements:** If, within a reasonable time after delivery, City finds goods ordered hereunder to be defective in workmanship or material, or otherwise not in conformity herewith, City may, in addition to its other rights, reject and return such goods at Vendor's expense and such goods may not be replaced by Vendor without written authorization from City.

11. **Time of Essence:** Time is the essence of this contract, and if Vendor shall fail to deliver the materials or services at the time specified herein, City upon written notice to the Vendor, mailed to the address on this order, will have the right to procure materials or services elsewhere and the Vendor hereby agrees to pay any additional charge, cost or penalty that City may incur thereby. Because time is the essence of this contract, City also reserves the right to cancel this order without penalty if shipments are not made as specified herein. City further reserves the right to cancel a portion or all of this order for any reason and upon such cancellation shall pay Vendor's reasonable costs incurred.

12. **Indemnity:** Vendor shall indemnify and save City, its agents and employees harmless, and defend any suit and pay any judgment and expenses or effect settlement of any suit or proceeding brought against City, its employees or agents arising from its purchase and/or use of the goods and services covered by this purchase order, and Vendor shall hold City, its agents and employees harmless from all liability and litigation expenses based upon alleged infringement of any patent except for the specific designs or specifications of City.

13. **Warranty:** For a minimum of one (1) year after delivery to City, Vendor warrants that the goods furnished hereunder shall conform to the requirements and specifications of this order and shall be of good workmanship and quality, free of all defects and fit for the purpose for which they are intended. Disclaimers of express or implied warranties and limitations of liability from or in connection with Seller's products ordered hereby will be of no effect unless assented to in writing by City.

14. **Assignment:** Vendor cannot assign or subcontract any part of this order without prior written consent of City.

15. **Non-Waiver:** City's failure to insist upon strict performance of the terms and conditions hereof shall not be construed as a waiver of the right to rely thereon in the future.

16. **Entire Agreement:** This purchase order and the request for bid or quotation, if any, expresses the entire agreement between the Vendor to rely thereon in the future.

17. **Terms of Agreement:** The terms of this agreement shall be construed in accordance with the laws of the state of Florida and enforced only in the federal or state courts located in Miami-Dade County, Florida.

18. **REPRESENTATION REGARDING ETHICAL STANDARDS FOR CITY OFFICERS AND EMPLOYEES AND FORMER CITY OFFICERS AND EMPLOYEES:** The bidder, offeror, or contractor represents that it has not: (1) provided an illegal gift or payoff to a city officer or employee or former city officer or employee, or his or her relative or business entity; (2) retained any person to solicit or secure this contract upon an agreement or understanding for a commission, percentage, brokerage or contingent fee, other than bona fide employees or bona fide commercial selling agencies for the purpose of securing business; (3) knowingly breached any of the ethical standards set forth in the city's conflict of interest ordinance, Chapter 2.44, City of Doral Code; or (4) knowingly influenced, and hereby promises that it will not knowingly influence, a city officer or employee or former city officer or employee to breach any of the ethical standards set forth in the city's conflict of interest ordinance, Chapter 2.44, City of Doral Code.

19. If items purchased are classified as toxic or hazardous substances under Chapter 403, Florida Statutes, Vendor must submit copies of the Material Safety Data Sheet (MSDS) for each substance to the City of Doral, Purchasing Division, 8401 NW 53 Terrace, Doral, Florida 33166 and to the delivery location at time of shipment. Products must be identified and labeled in accordance with OSHA standards. Failure to comply with these requirements will result in delay of payment until compliance is effected.

City of Doral Purchase Order Terms and Conditions

This purchase order constitutes an offer to purchase and not an acceptance of any offer to sell. This offer for goods and/or services may be accepted only in accordance with all terms and conditions of this order without modification, addition, deletion or alteration.

1. **Acceptance:** In absence of written acceptance or the written confirmation by Vendor, the commencement of any work pursuant to this order or the delivery of any goods and/or performance of services described herein shall be deemed an acceptance hereof by Vendor.

2. **Identification:** All shipping containers, shipped documents and invoices must be labeled with the purchase order number, job name and "Shipped to" information without exception. Every shipment must be accompanied by legible packing list or tally containing complete information.

3. **Taxes:** Federal Excise and other taxes on which exemption is allowed government agencies, must not be included or added to the price of any item on this order unless otherwise authorized on the face of this purchase order. Necessary exemption certificates will be supplied upon request if more than what is contained on the face of the purchase order is needed. Any taxes later found to have been included and paid by City shall be refunded by Vendor in the amount of the tax so paid.

4. **Prices:** If prices decline before receipt of shipment, the revised prices shall govern. Otherwise, invoices shall be approved for payment only at the prices of quotations agreed upon or prevailing at the time the order was placed, unless City is notified immediately upon receipt of the purchase order and prior to shipment or any increase in price, whereupon City shall have the right and privilege to cancel the order.

5. **Production and Manufacturing Processes:** Any knowledge or information which Vendor may disclose to City in connection herewith, shall not, unless otherwise specifically agreed to in writing by City, be deemed confidential or proprietary information and shall be acquired free of any such restrictions (other than a claim for City's infringement of Vendor's patents) as part of the consideration for this order.

6. **Drawing Approval:** Items requiring City's approval of drawings shall not be shipped or invoiced without such approval. Any expense incurred by City through Vendor's failure to comply herewith shall be charged to Vendor's account.

7. **Packing and Freight:** A. No charge will be allowed for packing and freight unless agreed upon in writing, prior to acceptance of the order. B. Materials must be packed in conformity with tariff or classification requirements so as to secure the lowest possible freight rates. C. City shall receive the benefit of any decrease in freight rates between the time of quotation and the date of shipment in all cases where freight is part of the quoted price. D. Vendor shall not make partial shipments or deviate from the shipping and routing instructions hereon without prior authorization from the City, and Vendor agrees to reimburse City for any additional expenses incurred from Vendor's breach thereof.

8. **Delivery:** Delivery shall not be made to any place other than the destination specified without City's prior written approval. If delivery cannot be made within the time specified, advise the Purchasing Division immediately, (305) 593-6725.

9. **Special Payment:** No C.O.D. shipments will be accepted.

10. **Rejections/Reimbursements:** If, within a reasonable time after delivery, City finds goods ordered hereunder to be defective in workmanship or material, or otherwise not in conformity herewith, City may, in addition to its other rights, reject and return such goods at Vendor's expense and such goods may not be replaced by Vendor without written authorization from City.

11. **Time of Essence:** Time is the essence of this contract, and if Vendor shall fail to deliver the materials or services at the time specified herein, City upon written notice to the Vendor, mailed to the address on this order, will have the right to procure materials or services elsewhere and the Vendor hereby agrees to pay any additional charge, cost or penalty that City may incur thereby. Because time is the essence of this contract, City also reserves the right to cancel this order without penalty if shipments are not made as specified herein. City further reserves the right to cancel a portion or all of this order for any reason and upon such cancellation shall pay Vendor's reasonable costs incurred.

12. **Indemnity:** Vendor shall indemnify and save City, its agents and employees harmless, and defend any suit and pay any judgment and expenses or effect settlement of any suit or proceeding brought against City, its employees or agents arising from its purchase and/or use of the goods and services covered by this purchase order, and Vendor shall hold City, its agents and employees harmless from all liability and litigation expenses based upon alleged infringement of any patent except for the specific designs or specifications of City.

13. **Warranty:** For a minimum of one (1) year after delivery to City, Vendor warrants that the goods furnished hereunder shall conform to the requirements and specifications of this order and shall be of good workmanship and quality, free of all defects and fit for the purpose for which they are intended. Disclaimers of express or implied warranties and limitations of liability from or in connection with Seller's products ordered hereby will be of no effect unless assented to in writing by City.

14. **Assignment:** Vendor cannot assign or subcontract any part of this order without prior written consent of City.

15. **Non-Waiver:** City's failure to insist upon strict performance of the terms and conditions hereof shall not be construed as a waiver of the right to rely thereon in the future.

16. **Entire Agreement:** This purchase order and the request for bid or quotation, if any, expresses the entire agreement between the Vendor to rely thereon in the future.

17. **Terms of Agreement:** The terms of this agreement shall be construed in accordance with the laws of the state of Florida and enforced only in the federal or state courts located in Miami-Dade County, Florida.

18. **REPRESENTATION REGARDING ETHICAL STANDARDS FOR CITY OFFICERS AND EMPLOYEES AND FORMER CITY OFFICERS AND EMPLOYEES:** The bidder, offeror, or contractor represents that it has not: (1) provided an illegal gift or payoff to a city officer or employee or former city officer or employee, or his or her relative or business entity; (2) retained any person to solicit or secure this contract upon an agreement or understanding for a commission, percentage, brokerage or contingent fee, other than bona fide employees or bona fide commercial selling agencies for the purpose of securing business; (3) knowingly breached any of the ethical standards set forth in the city's conflict of interest ordinance, Chapter 2.44, City of Doral Code; or (4) knowingly influenced, and hereby promises that it will not knowingly influence, a city officer or employee or former city officer or employee to breach any of the ethical standards set forth in the city's conflict of interest ordinance, Chapter 2.44, City of Doral Code.

19. If items purchased are classified as toxic or hazardous substances under Chapter 403, Florida Statutes, Vendor must submit copies of the Material Safety Data Sheet (MSDS) for each substance to the City of Doral, Purchasing Division, 8401 NW 53 Terrace, Doral, Florida 33166 and to the delivery location at time of shipment. Products must be identified and labeled in accordance with OSHA standards. Failure to comply with these requirements will result in delay of payment until compliance is effected.

RESOLUTION No. 20-66

A RESOLUTION OF THE MAYOR AND THE CITY COUNCIL OF THE CITY OF DORAL, FLORIDA, AWARDED REQUEST FOR PROPOSALS #2020-06, "CONSTRUCTION MANAGEMENT AT RISK SERVICES FOR DORAL CENTRAL PARK," TO KAUFMAN LYNN CONSTRUCTION, THE HIGHEST RANKED, MOST QUALIFIED, MOST RESPONSIVE AND RESPONSIBLE BIDDER; APPROVING AN AGREEMENT BETWEEN THE CITY AND KAUFMAN LYNN IN AN AMOUNT NOT TO EXCEED FUNDING ALLOCATED WITHIN THE GENERAL OBLIGATION PARKS BOND FOR THE PRE-CONSTRUCTION AND CONSTRUCTION MANAGEMENT SERVICES FOR DORAL CENTRAL PARK; AUTHORIZING THE CITY MANAGER TO NEGOTIATE AND ENTER INTO AN AGREEMENT WITH THE NEXT HIGHEST QUALIFIED FIRM SUCCESSIVELY IF AN AGREEMENT CAN NOT BE NEGOTIATED WITH THE TOP RANKED FIRM; AUTHORIZING THE CITY MANAGER TO EXECUTE THE AGREEMENT AND EXPEND ALLOCATED FUNDING FROM WITHIN THE GENERAL OBLIGATION PARKS BOND ON BEHALF OF THE CITY IN FURTHERANCE HEREOF; PROVIDING FOR IMPLEMENTATION; AND PROVIDING FOR AN EFFECTIVE DATE

WHEREAS, in response to Request for Proposal #2020-06 for "Construction Management at Risk services for Doral Central Park" (the "Project"), the City received five (5) bids by the February 28, 2020 deadline with all five (5) teams meeting the required criteria; and

WHEREAS, the established evaluation committee met on January 15, 2020 to review and score Phase 1 of the responsive and responsible proposers where the committee shortlisted the top ranked three firms: Kaufman Lynn, ANF/Wharton Smith, and PCL/Pirtle (the "Construction-Manager"); and

WHEREAS, the established evaluation committee met on April 20, 2020 to review and score the oral/virtual presentations of Phase 2, Round 1 of the shortlisted proposers where the committee scored Kaufman Lynn Construction as the highest ranked and most qualified firm from the top ranked firms; and

WHEREAS, the established evaluation committee met again on May 1, 2020 to review and score the oral/virtual presentations of Phase 2, Round 2 of the shortlisted proposers where the committee scored Kaufman Lynn Construction as the highest ranked and most qualified firm from the top ranked firms; and

WHEREAS, a copy of the Phase 2 presentations, RFP #2020-06 Inventory, and Scoring Tabulation are all attached as Exhibit A; and

WHEREAS, the City Council finds that accepting the evaluation committee's recommendation and entering into a contract for the Project with the Construction Manager in an amount not to exceed funding allocated within the General Obligation Parks Bond, is in the best interest of the City.

WHEREAS, per Resolution 20-12 the City Manager is authorized to negotiate and agree on the phased Guaranteed Maximum Price (GMP) for each construction phase and report back to Council through monthly or quarterly reports as to acceptance of GMP's and construction progress; and

WHEREAS, funds for the pre-construction services, construction management services, and overall total construction costs will be allocated from the Park Bond Fund estimated at \$111,000,000 in account number 303.9000572.500650. \$40,000,000 will be funded from fiscal year 2020 and the remainder from the second bond issuance.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DORAL AS FOLLOWS:

Section 1. Recitals. The above recitals are confirmed, adopted, and incorporated herein and made part hereof by this reference.

Section 2. Approval. The contract between the City and Kaufman Lynn Construction for the Project in an amount not to exceed funding allocated within the General Obligation Parks Bond, together with such non-material changes as may be acceptable to the City Manager and approved as to form and legality by the City Attorney, is hereby approved.

Section 3. Authorization. The City Manager is authorized to execute the CMAR contract and expend budgeted funds on behalf of the City.

Section 4. Implementation. The City Manager and the City Attorney are hereby authorized to take such further action as may be necessary to implement the purpose and the provisions of this Resolution.

Section 5. Effective Date. This Resolution shall take effect immediately upon adoption.

The foregoing Resolution was offered by Councilmember Mariaca who moved its adoption. The motion was seconded by Councilmember Cabral and upon being put to a vote, the vote was as follows:

Mayor Juan Carlos Bermudez	Yes
Vice Mayor Christi Fraga	Yes
Councilwoman Digna Cabral	Yes
Councilman Pete Cabrera	Yes
Councilwoman Claudia Mariaca	Yes

PASSED AND ADOPTED this 13 day of May, 2020.

JUAN CARLOS BERMUDEZ, MAYOR

Comments:	Attach original quote to this request
	Be advised that all ODP Requests are to be submitted to KL no less than 45 business days prior to the date required for ordering the materials.
	Once the ODP is issued to the vendor by City of Doral, you will receive a Subcontractor Change Order from KL deducting the total price of the materials and the applicable sales tax from your contract.
	Please make sure that your supplier sends ALL INVOICES TO YOU FOR APPROVAL. Once you have STAMPED each invoice signed and approved, they must be sent to KL. Upon receipt, they will be forwarded to City of Doral for payment.

PRIMARY CONTRACT
Exhibit B

"For all the right reasons" SM

CHANGE ORDER FORM

To Contractor: Kaufman Lynn **Change Order Number:** 18

 _____ **Proposal Number:** _____

Project Name: Doral Centreal Park
Project Number: Phase 2/3 - Turnover A

The City and Contractor hereby agree to perform the changes to the work as shown on the Field Work Order No. , dated: N/A
 and/or the additional work as described on Proposal Number: N/A , dated N/A .

PROPOSAL DESCRIPTION:

This proposal from Kaufman Lynn includes the Cost of Work as outlined in their GMP Phase 2/3 - Turnover A package submitted to the City and will amend their existing contract. Phase II/III – Turnover A, services along with the intermediate milestones of Phase II/III, are to be completed as outlined in the attached schedule, which indicates a completion date of January 26th, 2024. This GMP is in accordance with the contract documents, Phase 2/3 Set, Revision 8, Dated April 8th, 2022, by Bermello Ajamil & Partners. Owner Direct Purchase shall be utilized wherever possible, by the contractor, to realize tax savings for the City of Doral. A detailed and negotiated Schedule of Values (SOV) shall be provided by the contractor, for each contract scope of work, as contractors are issued subcontracts, associated with Phase 2/3 Turnover A: Structural Steel, Misc. Metals, Aluminum HD Insect Screens, Shelters/Pavilions, Playground Equipment (Sensory & Amphitheater), Tensile Fabric Leveling, Athletic Lighting (Musco), and Augercast Piles. Tax savings will be reimbursed to the City of Doral via deductive change order. It should be noted that the City would take over utilities, maintenance, insurance security and disposal of trash generated by the City for the portions of the Park that achieve Substantial Completion and are accepted by the City. Concerning "Note 5" of the GMP exclusions, it should be noted that Note #5 is applicable to the extent that scope associated with plan notes, which can be reasonably inferred, is included."

Contract extension request: (Calendar Days)	<u>N/A</u>
Original Contract expiration date:	<u>N/A</u>
New Contract expiration date:	<u>N/A</u>
Total additional dollar amount requested:	<u>\$ 11,333,105.00</u>

Total Amount of this Change Order: \$ 11,333,105.00

The City and Contractor agree to modify the original Contract by the following CHANGE ORDER amount:

Original Contract Amount.....	<u>\$ 457,000.00</u>
Net change by Previous authorized Change Orders.....	<u>\$ 25,496,070.54</u>
Contract Amount prior to this Change Order.....	<u>\$ 25,953,070.54</u>
Contract Amount will be (increased) (decrease)(unchanged) in the amount of.....	<u>\$ 11,333,105.00</u>
Contract Deduction for Owner Direct Purchase.....	<u>\$ -</u>
New Contract Amount including this Change Order.....	<u>\$ 37,286,175.54</u>
Contract Time will be (increased)(decreased)(unchanged) by.....	<u>See attached Schedule</u>

ACCEPTANCE: The above prices and specifications of the Change Order Proposal are satisfactory and are hereby accepted.

CITY OF DORAL
NOTICE TO PROCEED

To: Kaufman Lynn Construction Inc
6303 Blue Lagoon Dr
Miami, FL 33126

Date: July 22nd, 2022

PROJECT DESCRIPTION: Doral Central Park, in accordance with Contract Documents as prepared by the City of Doral.

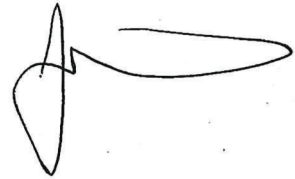

Site Number/Name: Doral Central Park
Site Location: 3000 N.W. 87th Avenue Doral Florida 33172

You are hereby notified to commence all the work that conforms to the scope of work in accordance with the Contract Agreement dated July 22nd, 2022.

- **Phase II/III – Turnover A**, services (\$11,333,105), along with the intermediate milestones of Phase II/III, are to be completed as outlined in the attached schedule, which indicates a completion date of January 26th, 2024.

This GMP is in accordance with the contract documents, Phase 2/3 Set, Revision 8, dated April 8th, 2022, by Bermello Ajamil & Partners. The Phase 2/3 Set of Drawings, Revision 8 is to be fully permitted no later than September 12th, 2022 (Pending Electrical Responses to comments), although this does not affect the contractor's ability to pull all sub permits, including electrical that should be based on Revision 8. The Purchase Order for this work will be issued by the City of Doral to the contractor, no later than August 15th, 2022. The cost to perform this scope of work shall not exceed \$11,333,105.

DESCRIPTION:

Kaufman Lynn Construction is pleased for the opportunity to submit to the City of Doral (herein "Owner") and AECOM(herein "PMT") the Guaranteed Maximum Price (GMP) for Turnover A (1 of 4) of the Doral Central Park project. The scope of work for this phase is included in the backup herein and is inclusive of only the following Phase 2/3 scopes: Structural Steel, Shelters, Playground Equipment (Sensory), Playground Equipment (Amphitheater), Tensile Fabric Roof Structure, Exterior Athletic Lighting (Musco Only), and Augercast Piles. Additionally included within this GMP are the **projected** General Conditions and General Requirements for Phase 2/3. The backup herein notes the drawings, RFI's, specifications, project schedule (to date), and Qualifications & Assumptions for Turnover A.

The GMP is in the amount of Eleven Million, Three Hundred Thirty-Three Thousand, One Hundred and Five Dollars (\$11,333,105.00).

RE: **Doral Central Park – Phase 2/3 GMP – Turnover A**

Mr. Garcia,

Kaufman Lynn Construction is extremely pleased for the opportunity to submit to the City of Doral “Owner” and AECOM “PMT” the Guaranteed Maximum Price (GMP) for **Turnover A** (1 of 4) portion of Phase 2/3 of the Doral Central Park project. The GMP is in accordance with the contract documents GMP Set Revision 8 Dated 04.08.2022 by Bermello Ajamil & Partners, Inc., the attached RFI log dated 7/12/2022, and Phase 2/3 Qualifications & Assumptions dated 7/15/2022.

The GMP is in the amount of **Eleven Million, Three Hundred Thirty-Three Thousand, One Hundred and Five Dollars (\$11,333,105)** for Phase 2/3 Cost of Work including Contingencies, Contractor’s Fee, and Milestone Bonuses.

Should you have any questions or need additional information, please do not hesitate to contact us.

Thank you for your consideration.

Phase 2 & 3 Guaranteed Maximum Price (GMP)

Contractors Clarifications and Assumptions

July 15, 2022

GENERAL

This scope is intended to expand and/or clarify plan interpretation in instances where the plans are in conflict or silent. Should the plans conflict with other contract documents, this proposal is based on the plans being the default.

1. **PLANS AND DATES – see attached document outlining list of plans and specifications**
2. The following are excluded:
 - a. Cost and resource loaded construction schedule.
 - b. Cost of utility usage for temp for test.
 - c. Cost of utility usage and services and/or trash removal services to the site and/or buildings after substantial completion is achieved. An allowance has been carried for electrical utility usage prior to substantial completion is achieved.
 - d. FPL transformers, Manholes, Cabinets, Power Poles, Primary Conduits and wire, and Deposits.
 - e. Cable TV/Phone/LAN Cable/Fiber Optic equipment and cable or phone wire from service point to communication room(s) and cable or phone wire from communication room(s) to unit.
 - f. Water Meters, Fees and Deposits.
 - g. Deposits for permanent electric meter(s).
 - h. Cost relating to Radon Mitigation.
 - i. Provisions for Architect offices.
 - j. Enhanced Commissioning Agent and/or Special Testing Engineer services. Normal start-up included.
 - k. Material testing cost, threshold or special inspectors and inspection/sequencing costs

- l. Mock-up's rooms/units/structure not incorporated into the finish product.
 - m. Removal, disposal, remediation, and premiums associated with unforeseen or unsuitable soil conditions, hazardous materials, or other materials requiring a controlled removal/disposal.
 - n. Any special labor rates that may be required by project location, funding, municipality governance, etc. such as Davis Bacon Act.
 - o. All permit fees.
 - p. Owner contingency as the owner has agreed to carry that *outside* of this GMP.
3. NTP on the project is to be delivered to KL no earlier than both permit receipt **and** approval of GMP. This does not preclude Kaufman Lynn from beginning subcontractor shop drawings and procurement of subcontractor bonds, the costs of which City of Doral agrees to make Kaufman Lynn financially whole. The procurement of shop drawings and subcontractor bonds shall begin immediately.
4. It is anticipated that work will be performed during normal business hours (7:00 AM to 5:00 PM) including Saturdays, if required.
5. The budget update was not based upon costs for the relocation of existing concealed conditions (i.e., structural, underground utility, rock removal, limestone, coquina, shell rock, artifacts, unsuitable soils, demucking, voids or pockets in the subsurface condition, etc.) that may be required due to the installation of the work. Relocations, removals, adjustments in design and affects from unforeseen or any underground conditions are not included and will be addressed per occurrence for Cost and Schedule impacts
6. Any potential revisions made to Phase 1 or Phase 4 scope of work documents (plan sheets and/or specs) that may impact the Phase 2/3 scope of work are not included in this GMP and will result in revised pricing.
7. Plan/Drawing Revit Model and CAD Files shall be provided by the Owner as required for use by KL subcontractors in their preparation of Shop Drawings for the project.
8. Regarding temporary and permanent power, temporary or construction power will be the responsibility of KL in its entirety. On permanent power and consumption, KL is responsible for secondary power feeds complete. Once the permanent meter(s) have been installed by FPL, KL will no longer be responsible for its consumption henceforth.
9. Milestone Bonuses are noted for logic purposes in the project schedule, however durations for these milestones are yet to be determined and not final until a final schedule is established.
10. Reference the RFI Log included for all RFI's included within this GMP. It is understood all RFI's created prior to 4/14/22 **and** not included in the attached RFI Log, have been addressed in the

latest drawing set.

11. In accordance with AIA A201-2017 section 1.6, Notice shall be deemed to be fully served is sent by electronic transmission via electronic mail or through Procore to the below email address:

- a. George.Garcia@aecom.com
- b. James.Wille@aecom.com and
- c. Joanne.regidor@aecom.com

ALLOWANCES

This Proposal includes the following allowances, which accounts for cost of labor, material, freight and handling, taxes, insurance, markup, and bond premium (if applicable):

DIVISION 05 – METALS

1. Amphitheater structure, as well as stage rigging structure provided as in accordance with the contract drawings as referenced in the GMP Drawing Log **not inclusive** of the sprinkler system, or its associated support infrastructure, which is currently under redesign. The stage rigging structure shop drawings will be per the current structural drawing set and assumes all heights/dimensions have taken into account basis of design tensile fabric deflection. It is assumed that the foundations for both the canopy structure and the rigging structure have taken these future loads for the fire protection sprinkler system as well as the steel support structure into account.
2. Steel will be provided for the Amphitheatre Canopy Structure in accordance with Specification P2.3 13 31 23.13. Specification P2.3 05 12 13 for Architecturally Exposed Structural Steel Framing does not apply to this Scope of Work.
3. Steel will be provided for the Amphitheatre Rigging Structure in accordance with Specification P2.3 05 12 00. Specification P2.3 05 12 13 for Architecturally Exposed Structural Steel Framing does not apply to this Scope of Work.
4. The upturned trusses for the stage rigging structure (Upturned truss 1 & 2) shown on sheet S2.71 are included as galvanized with bolted splices.
5. Steel columns shown on the column schedule on sheet S5.01 that are not shown in plans are excluded, the only columns included are ST-11 as shown on plans.
6. Steel items not specifically shown, sized and/or located on the architectural and/or structural drawings unless specifically included are excluded.
7. Architecturally exposed structural steel (AESS) is excluded.
8. Guardrails & Handrails at Amphitheater are included as anodized aluminum.
9. HD Bird Screens are included as aluminum.

DIVISION 13 – SPECIAL CONSTRUCTION

Tensile Fabric Roof Structures

1. The tensile roof structure includes translucent PTFE-coated fiberglass tensile membrane fabric.
2. Amphitheater structure is provided as in accordance with the design documents and is not providing additional protection for wind driven rain intrusion, or rain intrusion associated with lack of water diversion/downspout systems, outside of what is shown in the design documents.
3. The tensile fabric structure manufacturer will provide engineering and design of the tensile fabric roof structure. Concrete pile caps and auger cast piles will be engineered and designed by the structural engineer of record.
4. Excludes Tensile fabric roof structure mock-ups.
5. Excludes water diversion systems, downspouts, etc.

6. Excludes mounting points/structures are excluded.

DIVISION 21 – FIRE SUPPRESSION

1. No fire suppression systems nor their infrastructures are included in this turnover.

DIVISION 23 – HEATING, VENTILATING, AND AIR CONDITIONING

1. Supports will be provided for the installation of MS-AHU-B3 in Outbuilding 'B'. This does not include any supports for above ceiling mechanical access (i.e., catwalk). It is assumed that mechanical access will be made from an access panel in the ceiling.

DIVISION 31 – EARTHWORK

Augercast Piles

1. Kaufman Lynn is referencing the Geotechnical Report dated 10/13/2020. No additional borings have been completed since those shown within the report, which references the original design, particularly at the amphitheater area. Kaufman Lynn is assuming the latest structural drawings are taking this into account for all augercast piles and the previous location of borings suffice for the newly proposed pile areas. Cost associated with additional borings will be via owner contingency.
2. The augercast piles for the amphitheater are included as 16" diameter and 35' in length below working grade per the construction documents and the Geotechnical Report by PSI dated 10-13-20.
3. One mobilization is included for the augercast piling rig with work requiring continuous operation.
4. The scope of work for the augercast piles includes 8-EA compression piles, 72-EA tension piles and 13-EA tension piles (battered).
5. One compression load test and one tension load test are included for the augercast pile scope of work.
6. Due to potential for grout loss in this geology, an overall grout factor of 1.8 times the theoretical volume for all piles on the project is included.
7. Battered piles are provided with a maximum batter angle of 1:6.
8. Working grade is understood to be approximately +6-ft NGVD. Due to the repositioning of the Amphitheater regrading of the area will need to occur to achieve working grade elevation. This cost is not included in this GMP turnover and will be included in future turnover.
9. Vibration and settlement monitoring is not included.
10. Optimization of the augercast piles has been included, which may include changes in the reinforcing, pile diameter or depth. This optimization will not change the capacity of the pile. If these optimizations are not approved by the Engineer of Record, Contractor will install the piles as designed without increasing the Contract Sum.

DIVISION 32 EXTERIOR IMPROVEMENTS

Site Furnishings

1. The standard powder coat finish is included from the manufacturer (Poligon), additional "coastal coating" / anti-rust coatings are not included.

Playground Equipment

1. The referenced structure and description listed on sheet LM19.1 for 1179 / EEEE – Booster Play Structure does not match playground equipment shown on drawing LM-26 for the Amphitheater Playground. The GMP includes this playground equipment as shown on LM-26.

The following Divisions are not included in this GMP turnover

DIVISION 03 - CONCRETE

DIVISION 04 - MASONRY
DIVISION 06 – WOOD, PLASTICS, AND COMPOSITES
DIVISION 07-THERMAL AND MOISTURE PROTECTION
DIVISION 08 - OPENINGS
DIVISION 09 - FINISHES
DIVISION 10 - SPECIALTIES
DIVISION 11 - EQUIPMENT
DIVISION 12 - FURNISHING
DIVISION 21 – FIRE SUPPRESSION
DIVISION 22 - PLUMBING
DIVISION 23 – HEATING, VENTILATING, AND AIR CONDITIONING
DIVISION 26 - ELECTRICAL
DIVISION 27 - COMMUNICATIONS

PRECON-382	Food Service Equipment (Reference RFI 342)	Closed	Kaufman Lynn Cons...	Guirguis, Andrew (Kaufman Lynn Construction, Inc)	Balean, Daniel (B... Bakos, Scott (Ber...	07/11/2022	Andrew Guirguis	07/16/2022	07/12/22		Phase 04 Rec. Center GMP 2022 (Precon)			
	<p>Andrew Guirguis Sent Mon Jul 11, 2022 at 09:56 am EDT Sheet A2.59 dated 5/6/22 shows Lettered Marks to define the Food Service Equipment in the Kitchen/Demo Areas. However, we cannot locate where the Letters correspond to. For example, Ice Machine is marked as Letter "F" but there is no schedule or legend that corresponds to this. See attached reference. Please provide manufacturer, model, details regarding the Food Service Equipment. There is also no Spec Section for the Food Service Equipment.</p> <p>Q: In the last round of documents, there was an RFI in question that was answered (RFI 342) that addresses my question above. Does this still apply? Please advise. RFI - Food Service Equipment.pdf</p> <p>A: Daniel Balean (Bermello Ajamil & Partners, Inc.) Responded Mon Jul 11, 2022 at 04:47 pm EDT RFI 342 is still applies.</p>													
PRECON-379	operable wall or curtain wall at gym	Closed	Kaufman Lynn Cons...	Schreiner, Ron (Kaufman Lynn Construction, Inc)	Bakos, Scott (Ber... Balean, Daniel (B...	07/06/2022	Ron Schreiner	07/11/2022	07/08/22		Phase 04 Rec. Center GMP 2022 (Precon)	TBD		
	<p>Ron Schreiner Sent Wed Jul 6, 2022 at 03:05 pm EDT Recreation Center- Level 1- Area C: Please advise if the 84' long divider curtain shown separating the gymnasium is an actual "curtain" or an operable wall? A2.50C - REV15.pdf</p> <p>A: Daniel Balean (Bermello Ajamil & Partners, Inc.) Responded Thu Jul 7, 2022 at 01:56 pm EDT See spec book provided for Phase IV-Division 11 - 11 66 53 Gymnasium Dividers</p>													
PRECON-378	LM Item "FFFF Playstructure" Reference Sheet Clarification	Closed		None	Olney, Kirk (Berm... Healey, Liliana (...)	06/22/2022	Randy Perez	06/29/2022	06/29/22		Phase 2/3 GMP 2022 (Precon)			
	<p>Randy Perez Sent Wed Jun 22, 2022 at 02:30 pm EDT LM-19.1 shows Item FFFF as Playstructure and references Image 9 on Sheet LM-26. Detail 9/LM-26 however notes Item BBB as Playstructure. Please confirm this is a typo. and 9/LM-26 does in fact reference item FFFF - Playstructure.</p> <p>A: Liliana Healey (Bermello Ajamil & Partners, Inc.) Responded Tue Jun 28, 2022 at 04:07 pm EDT Item FFFF on sheet LM-26 Detail 9 is a play structure. It was a typo. See attached PDF with correction. Play Structure FFFF_2022-06-28.pdf</p>

					(Ber... Regidor, Joanne (... Ramsay, Grant (Os...									
	<p>Randy Perez Sent Mon Jun 20, 2022 at 12:56 pm EDT See the attached markup. Telecom AV drawings depict "SP" and "H" abbreviations at lightpoles throughout the project site, however the Telecom Legend (T001) doesn't clarify what these abbreviations mean.</p> <p>Q: 1) Please confirm what each of these are. 2) If they are speakers, and/or other pole mounted items, please advise on the mounting requirements/bracket detail of the product.</p> <p>Sports Lighting Poles, as well as standard site light poles, will need to account for all required brackets prior to contracting and be outfitted prior to release for fabrication. RFI PRECON-37.pdf</p> <p>Daniel Balean (Bermello Ajamil & Partners, Inc.) Responded Mon Jun 27, 2022 at 03:31 pm EDT The conduit on the IT drawings from Osborne (T-series) reference the AVI drawings and provide power to their scope. The AVI drawings are the AV-SB series from Phase II&III permit set submittal. They are being revised and be submitted in Phase II&III rev 10. Sp-speaker -pole mounted, H=Horn (lightning announcement system)-pole mounted. Per conversation with Joanne Regidor, the mounting details have been coordinated with the pole manufacturer RTEC and with MUSCO. RFI-PRECON 377_OE_Response_20220627.pdf</p>													
PRECON-376	Locker width and depth / follow up on Precon RFI 368	Closed	None		Bakos, Scott (Ber... Balean, Daniel (B...	06/17/2022	Ron Schreiner	06/22/2022	07/08/22		Phase 04 Rec. Center GMP 2022 (Precon)	No		Yes (Unknown)
	<p>Q: Ron Schreiner Sent Thu Jun 16, 2022 at 11:33 am EDT Please provide width and depth of lockers in both the mens/womens locker rooms, and the family corridor. Our subs will not bid if those dimensions are not provided as they will not bid on scaled dimensions.</p> <p>A: Daniel Balean (Bermello Ajamil & Partners, Inc.) Responded Wed Jun 22, 2022 at 09:20 pm EDT Width of lockers are 15". depth as per plans. Also see details on A8.02.</p>													
PRECON-375	Fire Extinguishers	Closed	None		Bakos, Scott (Ber... Balean, Daniel (B...	06/16/2022	Ron Schreiner	06/21/2022	07/08/22		Phase 04 Rec. Center GMP 2022 (Precon)	No		Yes (Unknown)
	<p>Ron Schreiner Sent Wed Jun 15, 2022 at 02:06 pm EDT Q: None of the cabinets as marked on the life safety plans are noted as fire-rated and yet the specs are calling for that. Specifications note the cabinet material as steel 2.2-C then 2.2E. is calling out aluminum while 2.2F is calling for stainless. 2.2H is calling for temp. glass, but that option is not available in the Oval line of cabinets, only the acrylic. Please advise.</p> <p>Daniel Balean (Bermello Ajamil & Partners, Inc.) Responded Thu Jun 23, 2022 at 12:51 pm EDT A: The specs were made to include all types of cabinets in case we needed them. For 2.2C, yes that is for the cabinet material. 2.2E is regarding the trim. 2.2F is for the Door. Provide what is available from Oval line since that is what is being call out.</p>													
PRECON-374	Airblade Hand Dryer Model Discontinued	Closed	None		Balean, Daniel (B...	06/15/2022	Ron Schreiner	06/21/2022	06/21/22		Phase 04 Rec. Center GMP 2022 (Precon)	No		TBD

					Regidor, Joanne (...) Bakos, Scott (Ber...)									
	<p>Q: Ron Schreiner Sent Wed Jun 15, 2022 at 02:24 pm EDT Please be advised that the specified Airblade dB (A0.10) has been discontinued and replaced with the attached model Dyson Airblade 9kj. Please advise. 212223513_DYS_AB_GLOB_N280_TECH-SPEC_LV_VFF.pdf</p> <p>A: Scott Bakos (Bermello Ajamil & Partners, Inc.) Responded Tue Jun 21, 2022 at 07:50 am EDT Both the design team and P&R have no objection to the substitution as long as the pricing is the same or less than what was previously specified in the project.</p>													
PRECON-373	Rec Center - Roof System	Closed	None		Bakos, Scott (Ber...) Balean, Daniel (B...)	06/13/2022	Darryl Ditzel	06/20/2022	07/08/22		Phase 04 Rec. Center GMP 2022 (Precon)			
	<p>Q: Darryl Ditzel Sent Tue May 31, 2022 at 04:31 pm EDT On the overall roof drawing it shows that the roofing is PVC over ½" Dens Deck, over R-30 Polyiso Insulation, but detail A6.20 #2 & 6 show a fully adhered membrane over lightweight insulating concrete, A6.21 #8 shows Modified Bitumen over insulation as indicated on roof plan. Please advise to which roof system is preferred.</p> <p>A: Daniel Balean (Bermello Ajamil & Partners, Inc.) Responded Wed Jun 15, 2022 at 12:00 pm EDT Contractor to follow A2.53 and specs. for rec center. Details 2 and 6 on sheet A6.20 do not apply to the rec center. Detail 3 A6.20 is the rec center roof detail. Detail 8 on A6.21 is a roof access hatch detail. Sheet A6.25 has Rec center roof details.</p>													
PRECON-372	Missing Footing	Closed	None		Bakos, Scott (Ber...) Torres, Camilo (B...) Balean, Daniel (B...)	06/13/2022	Robert Lalle	06/20/2022	06/14/22		Phase 04 Rec. Center GMP 2022 (Precon)			
	<p>Q: Robert Lalle Sent Fri May 27, 2022 at 11:56 am EDT Sheet S2.50A indicates a column at grid intersection RL/C2 however, no footing is shown for this column. Please confirm there should be an F-4.0 footing at this location or provide information otherwise.</p> <p>A: Camilo Torres (Bliss & Nyitray, Inc) Responded Tue Jun 14, 2022 at 09:08 am EDT Please assume an F-4.0. Correction will be formalized in next revision.</p>

					Olney, Kirk (Berm... Nuno, Tania (Berm... Andrade, Liliana ... Healey, Liliana (... Balean, Daniel (B...									
	<p>Andrew Guirguis Sent Fri Jun 10, 2022 at 02:00 am EDT There appear to be some missing Mechanical Sheets based on the index on Sheet M1.00 dated 5-6-22. However, the index on the Architectural Sheet A0.01.4.C dated 5-6-22 matches what we received in the drawing documents. If there are in fact missing mechanical sheets please send them. See attached for reference.</p> <p>Missing Sheets are:</p> <ul style="list-style-type: none"> • M2.10 • M2.20 • M2.30 • M2.31 • M2.53N • M2.53S • M2.60 • M2.70 <p>RFI - Missing Mechanical Sheets.png RFI - Missing Mechanical Sheets2.png</p>													
	<p>Daniel Balean (Bermello Ajamil & Partners, Inc.) Responded Tue Jun 14, 2022 at 10:16 am EDT A: Sheets for Rev15 per index. Mechanical index sheet M1.00 to be ignored. Sheets M2.10,M2.20,M2.30,M2.31,M2.60,M270 will be provided in future rev20 as part of Aquatics package since those sheets are not part of rec center scope. M2.53N and M2.53S were meant for the roof of the rec center but there is no mechanical equipment up there so those sheets will not exist. Please follow the architectural sheet index.</p>

	No further comments from BA beyond Daniels.													
	Daniel Balean (Bermello Ajamil & Partners, Inc.) Responded Mon May 23, 2022 at 01:34 pm EDT													
	A: KL to use project index for all Doral central park permits. Project index supersedes all other indexes. For Phase II&III use A0.2.01 and A0.2.02. Sheets S2.90 and S2.91 are on the latest index sheets. The canopy on Sheet S2.90 is located in the north playground on the west of the west portion. See LM-09-2&3 (latest version Rev8) for example. The canopy on S2.91 is void. That canopy structure has been removed from the project.													
PRECON-357	Tensile Fabric Roof Structure	Closed	None		Bakos, Scott (Ber...	05/17/2022	Andrew Guirguis	05/22/2022	06/02/22		Phase 2/3 GMP 2022 (Precon)			
	Andrew Guirguis Sent Wed May 11, 2022 at 03:59 pm EDT													
	<ol style="list-style-type: none"> Please confirm the canopy steel (shown on drawing A4.2.70 and other drawings) receives a 3 part paint system as defined in spec section 13 31 01 "Tensile Fabric Roof Structures" (or its approved equal), and does not receive intumescent paint. Regarding the sprinkler system described on drawing A2.2.71 and FP2.10 and other drawings: Please confirm the contractor for the tensile membrane structure can exclude the sprinkler pipe system "cablenet" at this stage, based on either: <ul style="list-style-type: none"> The cablenet and sprinkler pipe system planning to be developed jointly between the tensile membrane contractor and the design team at a later stage, or, The sprinkler system being supported by the rigging structure. 													
	Q:	<ul style="list-style-type: none"> To explain the reason for this RFI - Our contractor has the following concerns about trying to attach a sprinkler system to a cablenet underneath the membrane structure: <ul style="list-style-type: none"> The tensile membrane structure deflects upwards and downwards significantly under wind loads. A cablenet supported by the tensile membrane structure will also be flexible. Trying to support a stiff sprinkler pipe system from the tensile membrane structure or a secondary cablenet could be a problem due to the sprinkler pipe system not being able to handle the movements associated. The tensile membrane structure shape is doubly curved like a clamshell which would make locating sprinklers in close proximity to the membrane difficult. As stated by our tensile membrane contractor, they are not experts at NFPA requirements for sprinkler pipe systems or their support. 												
	Daniel Balean (Bermello Ajamil & Partners, Inc.) Responded Wed May 18, 2022 at 09:58 am EDT													
	A: 1. Intumescent paint not required. Only 3 part paint system. 2. Sprinklers are required by the Fire Department for the size of tensile structure. The cablenet was the proposed system that was agreed on with that looked best. If the subcontractor does not agree with the cablenet then they have to propose another equal system to hold the sprinklers and provide the same coverage. Additional input from owner requested since this involves pricing and means and methods.													
	Scott Bakos (Bermello Ajamil & Partners, Inc.) Responded Sun May 22, 2022 at 12:36 pm EDT													
	The final response should be:													
	1. Confirmed that the canopy steel is shown on drawing A4.2.70 and other drawings receive a 3-part paint system as defined in spec section 13 31 01 "Tensile Fabric Roof Structures" (or it's approved equal), and does not receive intumescent paint.													
	A:	2. Sprinklers are required by the Fire Department for the size of tensile structure. The cable is the proposed system/design intent, and a photo of a constructed tensile project with the same sprinkler piping/design intent has been provided to KL for reference. If the subcontractor cannot provide what is shown in the drawings, they have to be fully transparent as to how they provide an equal code approved sprinkler system with the same required coverage, as part of their scope and cost. Any and all deviations/substitutions must be reviewed by the design team and owner and either accepted as an alternate substitution or rejected as an alternate solution. All costs associated with the sprinkler system as part of the tensile structure as indicated in the drawings must be included, as part of the Bid, and not by others.												
	Randy Perez (Kaufman Lynn Construction, Inc) Responded Thu Jun 2, 2022 at 01:59 pm EDT													
	A: Please take note of response #1 on below. Sprinkler attachment and feasibility is currently being analyzed with design.

A:	<p>Randy Perez (Kaufman Lynn Construction, Inc) Responded Thu Jun 9, 2022 at 12:52 pm EDT KL to provide follow-up RFI for balance of questions related to different disciplines.</p> <p>Kirk Olney (Bermello Ajamil & Partners, Inc.) Responded Mon Jun 6, 2022 at 08:00 am EDT Please see below and attached responses to landscape architecture related comments. We defer to other discipline for balance of responses:</p> <p>2.This is a rolling gate.</p> <p>3.Free standing bleachers do not include shade structures</p> <p>4.This area is separated from pedestrian thoroughfares with a 6" raised landscape curb. Landscape in this area is intended to create a fun tropical area with the slides tucked into the landscape. The landscape is also intended to encourage people to use the ladder and not exit the pool near the bottom of the slides. We will look at scaling back landscape.</p> <p>5.Updated landscape plans shall be provided as part of the Phase 4 VE redesign submission the week of June 20, 2022.</p> <p>7.Yes this is intended to be a landscape area. It is intentionally show next to the water to provide tropical interest and provide some breaks from all of the pavement. Would prefer to not locate between lounges as indicated as it would block route of travel from the large pavilion to the water. PMT to confirm if the 6" raised landscape curbs are within the budget. Editorial Note: landscape architect is HIGHLY in favor of having the 6" raised landscape curbs.</p> <p>9.Correct, cabanas have been removed. There are still three large pavilions though. It is our understanding that the cabanas were removed for budgetary reasons. PMT to confirm and provide direction.</p> <p>10.Furniture: these are picnic tables and one with an umbrella. DCP Precon RFI 076 Response_2022-06-06.pdf</p>

	<p>Susan Velazquez Sent Tue May 17, 2022 at 10:18 am EDT</p> <p>The below are comments from the City of Doral Parks & Recreations team's review of Phase IV drawings (see attached for original email chain). This RFI will serve as a memorialization of the comments as well as for follow up responses on the items:</p> <ol style="list-style-type: none"> On sheet E2.50N, Parks Team has noted the need for exterior power outlets in the area outside of the meeting rooms which would serve the plaza area outside of the rec building. Please confirm. See attached commented sheet E2.50N for additional reference. Please confirm that proposed HVAC system comes with or is part of a BMS or control system which can be monitored and accessed remotely. See attached commented sheet M1.00 for additional reference. On sheet P2.50N, Parks Team has noted the need to add exterior wall hydrant outside of demo kitchen. Please confirm. See attached commented sheet P2.50N for additional reference. On sheet T212-4, Parks Team has noted the need to add data drops in Parks & Rec Admin Office reception, work, and breakroom areas. Please confirm. See attached commented sheet T212-4 for additional reference. Please confirm City water is not being used for irrigation. Additionally, please identify proposed location where new wells will be installed. Please advise if system will draw water from existing lake as well. If not, will the existing intake structure inside lake be removed? See attached commented sheet IR-01-2&3 for additional reference. Parks Team has noted that Sheet LF-24 show that the dimensions of the outdoor basketball courts (94 feet long by 50 feet wide) differ from what the City has at their existing facilities. The dimensions of the outdoor and indoor basketball courts should follow NFHS and FHSAA high school standards which is 84 feet long by 50 feet wide. See attached detail of the outdoor courts proposed for Doral Central Park along with the details of the outdoor courts currently, at Doral Glades Park and Doral Legacy Park. During a design meeting last year with BA and Hastings Chivetta Parks requested that the main center basketball court (north and south) in the rec center include the City's logo at mid-court similar to Doral Legacy Park (see attached image provided). The Phase IV GMP set does not reflect the inclusion of the logo. Please add or please confirm if it will be handled through the shop drawing submittal process. <p>RFI Con-74.pdf E2.50N - REV15_PR Comment.pdf M1.00 - REV15_PR Comment.pdf P2.50N - REV15_PR Comment.pdf T212-4 - REV15_PR Comment.pdf IR-01-2&3-REV9_PR Comment.pdf Outdoor basketball courts .pdf City's logo at basketball court .pdf</p>

	<p>Randy Perez Sent Tue May 10, 2022 at 11:27 am EDT The below are comments from the City of Doral Parks & Recreations team's review of Phase II/III drawings along with some responses from the project team (see attached for original email chain). This RFI will serve as a memorialization of the comments as well as for follow up responses on the items:</p> <p>Q:</p> <ol style="list-style-type: none"> Current sheets LL-03/LL-04 shows overflow parking area (MDC Elections) to have Bermuda Sod. Parks team has inquired on reasoning for Bermuda Sod and requested substitution to Bahia Sod due to value, maintenance purposes, and less irrigation requirements. Please confirm this acceptability. Additionally, please advise if the area is stabilized and presence of irrigation at the parking area. Sheet LL-17 calls for use of Pine Straw mulch. Parks team has noted this type of mulch is not used at any of the city facilities. Parks preference would be to utilize type of mulch currently being used to remain consistent (Melaleuca Mulch). Please confirm this acceptability. On sheet LM-07, parks has noted the need for vehicular access or ability for vehicles to access multi-purpose open area for maintenance and events. Please advise on options for solution. On sheets LM-16, LM-17, LM-18, Parks Team has noted that all fencing & gates to be black (Chain link & Aluminum Picket). PMT has noted that on the Hardscape Materials and Furniture Legend sheets (TYPE: L; M; N; GG; HH; II; UU; VV; and ADD ALTERNATE No. 136.1) to reflect: Black, chain link or aluminum picket depending on type. Parks team has noted that this color/finish applies to the following on Sheet LM-19.1 as well Type: OOO; PPP; GGGG, and RRR. On sheet LM-19.1, Parks team has noted that Baseball Safe-Top Fence Padding Color at Fair territory to be yellow and Foul territory to be black. Please advise on acceptability and add note for the mentioned colors for Fair territory versus Foul territory. Design team has noted that the spacing between the horizontal 5/32" steel cables on the boardwalk are 3.75". Parks team has brought the concern that patrons could be able to climb on steel cables causing durability issues and noted the previous set of drawings showed vertical railing instead of horizontal. Parks Team has noted that vertical railing is preferred as it does not encourage climbing and addresses the durability concerns with the horizontal railing. Please advise on acceptability. <p>RFI Con-73.pdf</p> <p>A: Scott Bakos (Bermello Ajamil & Partners, Inc.) CHANGE ORDER FORM

To Contractor: Kaufman Lynn Construction Change Order Number: 19
 Contractor Address: 3185 S Congress Ave, Delray Beach, FL 33445 Proposal Number: N/A
 Project Name: Doral Central Park
 Project Number: GMP TURNOVER B

The City and Contractor hereby agree to perform the changes to the work as shown on the Field Work Order No. , dated: N/A
 and/or the additional work as described on Proposal Number: N/A , dated N/A .

PROPOSAL DESCRIPTION:

This proposal from Kaufman Lynn Construction (CMaR) includes the Cost of Work as outlined in their GMP Turnover B package submitted to the City, and will amend their existing contract. GMP Turnover B includes cost of work in Phases II/III and IV including Contingencies, Contractor's Fee, and Milestone Bonuses. Services along with the intermediate milestones of the Phases are to be completed as outlined in the attached schedule, which indicates a completion date of November 10th, 2024. The GMP is in accordance with the contract documents' GMP drawing log attached by Bermello Ajamil & Partners, Inc. (Design Team).
 Owner Direct Purchase shall be utilized whenever possible, by the Contractor, to realize tax savings for the City of Doral. A detailed and negotiated Schedule of Values (SOV) shall be provided by the Contractor for each contract scope of work, as contractors are issued subcontracts associated with the GMP Turnover. Included in this GMP Change Order are the following scopes of work associated with Phases II/III and IV: Concrete and Masonry, Roofing, Skate Park, Fire Suppression, HVAC, Electrical, and Earthwork Define Updates. Tax savings will be reimbursed to the City of Doral via deductive change order. It should be noted that the City would take over utilities, maintenance, insurance, security, and disposal of trash generated by the City for the portions of the Park that achieve Substantial Completion and are accepted by the City.

Phase 2/3	\$ 8,303,577
Phase 4	\$ 21,404,000
Phase I	\$ 2,177,827
Phase I	\$ 353,648
Grand Total	\$ 32,329,251.00

RE: **Doral Central Park – Phase 2/3 & Phase 4 GMP – Turnover B**

Mr. Garcia,

Kaufman Lynn Construction is extremely pleased for the opportunity to submit to the City of Doral “Owner” and AECOM “PMT” the Guaranteed Maximum Price (GMP) for **Turnover B** (2 of 4) portion of Phase 2/3 and Phase 4 of the Doral Central Park project. The GMP is in accordance with the contract documents GMP drawing log attached by Bermello Ajamil & Partners, Inc., the attached RFI log dated 8/05/2022, and Phase 2/3 Qualifications & Assumptions dated 9/1/2022.

The GMP is in the amount of **Thirty-Two Million, Three Hundred and Twenty-Nine Thousand, Two Hundred and Fifty-One Dollars (\$32,329,251)** for Phase 2/3 & Phase 4 Cost of Work including Contingencies, Contractor’s Fee, and Milestone Bonuses.

Should you have any questions or need additional information, please do not hesitate to contact us.

Thank you for your consideration.

Kaufman Lynn Construction**CONTRACT NO:** 1,
Phone:

Fax:

RE:**To:****From:****Number:****DESCRIPTION OF PROPOSAL**

Rev 9.12.22 Please find attached the cost proposal associated to the civil drawing changes as per REV.10,WASD Field Change No1, 33 St & 87 th Ave turn lanes modifications,and REV 12 (RFI-CON-094) .Qualifications: Changes to Storm Drainage excluded, directed to hold pending for redesign. Shaping and final grading to achieve the skate park design by others. The following changes will require a time extension of 90 calendar days to perform the additional work. Assumption has been made for the Bushes Disposal ,Grass scraping ,mixing in Placed and Compaction; the mentioned works include a maximum of 25 Acres nominal area and up to 60 loads of vegetation disposal. Price to be adjust accordingly based on final measurements. No consideration is made to the material procurement lead time delays for fabrication and delivery. Concrete quote valid to December 31,2022. Price increase on concrete is anticipated for January 2023. Proposal valid for 30 days

Item	Description	Stock#	Quantity	Units	Unit Price	Tax Rate	Tax Amount	Net Amount
00001	Changes to Contract Drawings as per REV 10 to REV 12 Including WASD Field Change No.1 (Please see breakdown attached) breakdown for reference.)		1.000	LS	\$1,551,376.92	0.00%	\$0.00	\$1,551,376.92
00002	Payment & Performance Bond		1.000	LS	\$15,513.77	0.00%	\$0.00	\$15,513.77
00003	Central O&P		1.000	LS	\$156,689.06	0.00%	\$0.00	\$156,689.06

Unit Cost: \$1,723,579.75

Unit Tax: \$0.00

Unit Total: \$1,723,579.75

Budget Hold for Expected Concrete Escalation on January 1st 2023
Roughly 3020 CY of Concrete @ \$25/CY Increase = \$75,500
Budget Hold for Asphalt/Limerock Escalation = \$20,000
Subtotal = \$95,500

Grand Total = \$95,500 + \$1,723,579.75 = \$1,819,079.75**APPROVAL:****By:** _____

Doral Central Park Phase 2/3 & 4 Guaranteed Maximum Price (GMP)

Contractors Clarifications and Assumptions

September 1st, 2022

GENERAL

This scope is intended to expand and/or clarify plan interpretation in instances where the plans are in conflict or silent. Should the plans conflict with other contract documents, this proposal is based on the plans being the default.

1. **PLANS AND DATES – see attached document outlining list of plans and specifications**
2. The following are excluded:
 - a. Cost and resource loaded construction schedule.
 - b. Cost of utility usage for temp for test.
 - c. Cost of utility usage and services and/or trash removal services to the site and/or buildings after substantial completion is achieved. An allowance has been carried for electrical utility usage prior to substantial completion is achieved.
 - d. FPL specific utilities/materials/equipment provided directly by FPL such as: transformers, Manholes, Cabinets, Power Poles, Primary Conduits and wire, and Deposits.
 - e. Cable TV/Phone/LAN Cable/Fiber Optic equipment and cable or phone wire from service point to communication room(s) and cable or phone wire from communication room(s) to unit.
 - f. Water Meters, Fees and Deposits.
 - g. Deposits for permanent electric meter(s).
 - h. Cost relating to Radon Mitigation.
 - i. Provisions for Architect offices (Onsite trailer provisions are included for AECOM team – See Turnover A)
 - j. Enhanced Commissioning Agent and/or Special Testing Engineer services. Normal start-up included.
 - k. Material testing cost, threshold or special inspectors and inspection/sequencing costs

- i. Mock-up's rooms/units/structure not incorporated into the finish product unless explicitly noted in the project specifications.
 - m. Removal, disposal, remediation, and premiums associated with unforeseen or unsuitable soil conditions, hazardous materials, or other materials requiring a controlled removal/disposal.
 - n. Any special labor rates that may be required by project location, funding, municipality governance, etc. such as Davis Bacon Act.
 - o. All permit fees.
 - p. Owner contingency as the owner has agreed to carry that *outside* of this GMP.
3. NTP on the project is to be delivered to KL no earlier than both permit receipt (barring permits which are already approved, however undergoing revisions, which shall not prevent KL from calling inspections) **and** approval of GMP. This does not preclude Kaufman Lynn from beginning subcontractor shop drawings and procurement of subcontractor bonds, the costs of which City of Doral agrees to make Kaufman Lynn financially whole. The procurement of shop drawings and subcontractor bonds shall begin immediately.
4. It is anticipated that work will be performed during normal business hours (7:00 AM to 5:00 PM) including Saturdays, if required.
5. The budget update was not based upon costs for the relocation of existing concealed conditions (i.e., structural, underground utility, rock removal, limestone, coquina, shell rock, artifacts, unsuitable soils, demucking, voids or pockets in the subsurface condition, etc.) that may be required due to the installation of the work. Relocations, removals, adjustments in design and affects from unforeseen or any underground conditions are not included and will be addressed per occurrence for Cost and Schedule impacts
6. Any potential revisions made to further Phase 4 scope of work documents (plan sheets and/or specs) that may impact the scope included herein are not included in this GMP and will result in revised pricing.
7. Plan/Drawing Revit Model and CAD Files shall be provided by the Owner as required for use by KL subcontractors in their preparation of Shop Drawings for the project.
8. Regarding temporary and permanent power, temporary or construction power will be the responsibility of KL in its entirety. On permanent power and consumption, KL is responsible for secondary power feeds complete. Once the permanent meter(s) have been installed by FPL, KL will no longer be responsible for its consumption henceforth.
9. Milestone Bonuses are noted for logic purposes in the project schedule, however durations for these milestones are yet to be determined and not final until a final schedule is established.

10. Reference the RFI Log included for all RFI's included within this GMP. It is understood all RFI's created prior to 4/14/22 **and** not included in the attached RFI Log, have been addressed in the latest drawing set.
11. In accordance with AIA A201-2017 section 1.6, Notice shall be deemed to be fully served is sent by electronic transmission via electronic mail or through Procore to the below emailaddress:
- a. George.Garcia@aecom.com
 - b. Joanne.regidor@aecom.com
 - c. James.Wille@aecom.com
12. In alignment with the statements of item 3.1.4.4 in the AIA Prime Contract, the GMP is contingent on review of project submittals by the design team/owner are assumed to be a maximum of 10 working days following submission by KL.

DIVISION 02 – SITEWORK

1. Excludes cost for 3rd party Geotechnical specialty inspections for Augercast Piles per requirements in Spec. sections 316316. (See 2-K above, by owner)
2. Assumes the results of previously performed percolation testing (by others) of existing grounds has been reviewed and approved by the design team for all areas requiring ground percolation. Project team will make an effort to avoid excessive compaction at areas which require future ground percolation in the final design.

DIVISION 03 - CONCRETE

1. Assumes on-site materials resulting from excavation operations are suitable for backfill.
2. Excludes any galvanized rebars. None shown.
3. We exclude waterproofing membrane at foundations (not shown)
4. Phase 2/3 & Phase 4 Recreational Concrete is qualified to the extent that installation occurs in accordance with dates set forth in current project schedule. Included within Phase 2/3 Concrete subcontract is a budget hold escalation allowance for concrete of \$25,000 (1250 CY @ \$20/CY) and Phase 4 concrete subcontract a budget hold escalation allowance of \$80,000 (4000 CY @ \$20/CY).
5. Waterproof membrane will be included at elevator pits, concrete admixtures are excluded from this turnover.

DIVISION 04 - MASONRY

1. Masonry insulation is not included (not shown)
2. Special block sealers are not included (not shown).
3. Assumes sponge finish at Exposed Block.

DIVISION 05 – METALS

1. Steel items not specifically shown, sized and/or located on the architectural and/or structural drawings unless specifically included are excluded.
2. Steel is standard shop prime painted.
3. All Stainless Steel and Mesh Railing at the Recreational Center to be finish #4 with bolted connections using Q-Line railing product and McNichols mesh.

DIVISION 07-THERMAL AND MOISTURE PROTECTION

1. Vending machine roofing to be waterproofing system above roof slab per drawings (future turnover). No roof membrane or Light Weight Insulated Concrete is included or shown.
2. Scuppers, collectors, gutters, and downspouts are stainless steel per drawings; however, Fascia/Drip

- Edge is PVC coated metal in order to heat weld the PVC membrane per contract documents.
3. Roof walkway pads are not included in Phase 2/3 as none are shown (no rooftop HVAC equipment). Roof walkway pads at the Recreational Center are included solely around the roof hatch location as none are shown.
 4. Roofing blocking detail will be in accordance with the project specific details on A6.24 in lieu of typ. details on A6.22.

DIVISION 8 – GLAZING

1. The exposed aluminum finish for the exterior frames will be 3-Coat Standard PPG in a standard color option (4 options). Deduct option for 2-Coat Power Paint AAMA 2605 is available.
2. Glass /glazing mock-ups are not included.
3. Special Finish Warranty for Aluminum (exterior) duration is 2-year in accordance with maximum coverage from manufacturer.
4. Glass smoke baffles included at areas where called out on floorplans at Recreational building.

DIVISION 11 – EQUIPMENT

1. Amphitheater performance lighting, lawn speakers, LED walls / screens, portable and fixed seating are excluded in this specific turnover.

DIVISION 13 – SPECIAL CONSTRUCTION

1. Skate Park is non-inclusive of any additional design/acid staining/concrete coloring above and beyond what is shown in the contract drawings.

DIVISION 14 - CONVEYANCE

1. Includes elevator specifications and clarifications per RFI #CON-100.
2. Includes TKE Gold Coverage & Maintenance Services which includes unlimited callbacks during standard times (8AM-4:30PM). Overtime service calls and maintenance are billable.

DIVISION 21 – FIRE SUPPRESSION

1. All exterior installed piping exposed to weather at the amphitheater will be black steel with anti-corrosive paint per drawings. Exterior risers only at the amphitheater to be galvanized.
2. Excludes drain piping at pre-action system (None Shown in plans – To be provided in future turnover if required in RFI response).

DIVISION 23 – HEATING, VENTILATING, AND AIR CONDITIONING

1. Refrigerant piping of all sizes is included as Type ACR per spec #23 23 00.2.1.A and Type L for above ground.
2. Includes neoprene pads for chiller set at ground level, no other form of vibration isolation is included for chiller.
3. Sound criteria for HVAC equipment is based on basis-of-deign equipment as scheduled on plans and a no additional sound mitigation for chiller/generator yard is included above and beyond drawings.
4. Excludes kitchen hoods, scrubbers, kitchen grease fans, kitchen make-up air units (none shown).

DIVISION 26 - ELECTRICAL

1. Excludes grounding and bonding of existing-to-remain fencing. Grounding/Bonding of proposed permanent fencing will be in future turnover.
2. Amphitheater performance lighting, lawn speakers, LED walls / screens, portable and fixed seating are excluded.

3. Excludes Telecom racks shown on T drawings, all racks are by the city.
4. Excludes main incoming Telecom conduit from Utility provider and any associated infrastructure within the telecom room not indicated on the plans.
5. Light poles carried are HAPCO and light pole fixtures are Lithonia per plans.
6. Excludes AVI pricing. To be included in future turnover based on recently revised AVI drawings.
7. Excludes UPS within Recreational Center. To be included in future turnover based on expected updated specification information.
8. Excludes door power supply (access control) as confirmed in Telecom Drawing Responsibility Matrix.
9. Includes conduit to Emergency Call Boxes (ECB) only, no power/wiring shown. Assumes no foundations for Emergency Call Boxes.
10. Excludes camera/light pole at North Boardwalk as none shown on Telecom or Electrical drawings.
11. Excludes any light fixtures which are shown on the legend, however not depicted on any floor plans/elevations.
12. Includes Siemens as the basis of manufacturer for all electrical equipment including, but not limited to, switchgear, transformers, etc.
13. Low voltage access control equipment/accessories are excluded.
14. Excludes the additional receptacles and data drops depicted in RFI 74, which will be included in future turnover following receipt of updated drawings.

DIVISION 31 – EARTHWORK

1. This Turnover captures costs, and associated escalation, of the augercast pile installation at the Amphitheater to the end of 2022.
2. Included within Div. 32 90 00 *Earthwork Defined Updates* is a budget hold escalation allowance for concrete of \$75,500 (3020 CY @ \$25/CY) and Asphalt/Limerock for \$20,000.

The following Divisions are not included in this GMP turnover

DIVISION 04 – MILLWORK/CABINetry

DIVISION 06 – WOOD, PLASTICS, AND COMPOSITES

DIVISION 08 – DOORS & HARDWARE

DIVISION 09 - FINISHES

DIVISION 10 - SPECIALTIES

DIVISION 12 - FURNISHING

DIVISION 27 - COMMUNICATIONS

END OF CONTRACTOR CLARIFICATIONS

	<ol style="list-style-type: none"> The panel subtotals and totals for KVA are not accurate. For example, see Panel PB2S on page E3.02. The panel shows 0.3KVA of load but the KVA total is 87KVA. Panel PB2S does not appear on any distribution panel or riser diagram, and panel PN2S on <i>Distribution Panel ADLD2</i> does not have a provided panel schedule. I assume this is a typo and that these are supposed to be the same panel. Please clarify. Panels CS1S, CS2S, CS3S, and CS4S were not provided. These are apparently projected loads for sound equipment that would be installed during performances, but no panel schedules can currently be provided. Please communicate to the customer that, without a panel schedule for these loads, we cannot count this towards their "justified load." This means that their transformer will be sized without taking into account this load. Most likely, the customer will still want a transformer large enough to handle this load even though they don't have a panel schedule to back it up. If this is the case, FPL can provide a transformer large enough to handle the entire load. The customer would then be responsible for paying the difference in material between the larger transformer they want and the smaller transformer which their plans justify. On the plans I was previously provided (dated 6/30/21), <i>Distribution Panel ADLD1</i> included Panels RP1S, RP2S, and PB1S. On the current plans, each of the individual panel schedules are provided for these subpanels, but they appear nowhere on the riser diagrams or distribution panels. It appears that either these panels were intended to be removed from the project, or they were accidentally removed from ADLD1. Please confirm which is the case. <p>Page E3.03:</p> <ol style="list-style-type: none"> Panel AQH appears twice, once on Phase II & III on page E3.03 and once on Phase IV on page E4.02, and the panels are not the same between the two occurrences. Please advise which panel is correct and that I should use. Panel EM is a subpanel of both <i>AQH panels</i>, but that panel is not provided in the plans. Please provide Panel EM. <hr/> <p>A: Steve Bender (Delta G Consulting Engineers, Inc.) Responded Thu Jul 21, 2022 at 03:08 pm EDT Refer to response from Dario Senalle, nothing further to add.</p> <p>Dario Senalle (Delta G Consulting Engineers, Inc.) Responded Thu Jul 21, 2022 at 01:54 pm EDT Refer to attached latest revision of panel schedule, which addresses previously shown information issues.</p> <p>Page E3.02</p> <ol style="list-style-type: none"> I reduced the total load to 81KVA (225A), which is not that significant. I understand that the total load is incorrect, but this panel, as well as all other that are not shown or also have the same situation of indicating smaller loads than the actual totalized load (PBS1, CS1S, CS2S, CS3S and CS4S), were requested to be calculated at their full load by Stages' vendor, without providing actual loads. These panels are to power 3rd party equipment that actual load is unknown. See latest sheet E3.02 attached. Correct, PN2S currently shown in panel "ADLD2" is a typo and does not exist. Panel's entry should read PB2S, and it was corrected. We understand FPL's concern. See attached sketch with only main distribution panel ADDP and actual loads in panel ADLD1 and ADLD2 without considering full power requirement from Stages (vendor). Connected load came down to 315A. A 150KVA is what FPL would provide for this load, as they size their transformers about half of what connected loads are, and this is also the smaller transformer they have. I would say FPL could provide 300KVA transformer to account for future loads, but because these loads are unknown, and we also have a 500KVA step down transformer, I would not recommend going with a smaller than 500KVA FPL transformer. They were accidentally removed, and now they are back. <p>A: Page E3.03</p> <ol style="list-style-type: none"> For final AQH schedule, use phase IV. See attached sheet E4.02 with AQH as 2-section panel. In phase II and III, we locate a note on top of it stating that the panel would be finalized on phase IV. Eventually we never used it. It was supposed to feed pool light poles and bleachers emergency lights by feeding panel ALIC, to be provided by MUSCO (per small sketch shown on E5.01). Instead, we went directly from the UPS to panel ALIC. Refer to riser diagram on sheet E5.01 on phase IV. If you go to small MUSCO sketch in the same sheet, you'll see the reference to the "Emergency Panel", which would have been "EM", but I'm not using this panel and I'm getting the 2 circuits directly from the UPS. Notice that ALIC panel needs a 120V circuit from emergency to operate. This is indicated in the MUSCO sketch. What we will do instead, we will put a small 277V/120V 500W transformer from the UPS's 277V circuit that will also feed the bleachers lights to power ALIC. See revised phase IV riser diagram attached on E5.01. <p>Sincerely, Dario Senalle / Delta G Eng., Inc. 7-21-22 E3.02.pdf E4.02.pdf E5.01.pdf PANELS SKETCH WITH NO VENDOR EQUIPMENT.pdf</p> <hr/> <tr> <td>PRECON-385</td> <td>S2.71-STAGE RIGGING STRUCTURE references wrong page for Section View STEEL DETAILS</td> <td>Closed</td> <td>None</td> <td></td> <td>Bakos, Scott (Ber... #	Subject	Status	Responsible Contractor	Received From	Assignee	Date Initiated	RFI Manager	Due Date	Closed Date	Ball In Court	Location	Schedule Impact	Cost Code	Cost Impact
	<ol style="list-style-type: none"> Please confirm the canopy steel (shown on drawing A4.2.70 and other drawings) receives a 3 part paint system as defined in spec section 13 31 01 "Tensile Fabric Roof Structures" (or its approved equal), and does not receive intumescent paint. Regarding the sprinkler system described on drawing A2.2.71 and FP2.10 and other drawings: Please confirm the contractor for the tensile membrane structure can exclude the sprinkler pipe system "cablenet" at this stage, based on either: <ul style="list-style-type: none"> The cablenet and sprinkler pipe system planning to be developed jointly between the tensile membrane contractor and the design team at a later stage, or, The sprinkler system being supported by the rigging structure. To explain the reason for this RFI - Our contractor has the following concerns about trying to attach a sprinkler system to a cablenet underneath the membrane structure: <ul style="list-style-type: none"> The tensile membrane structure deflects upwards and downwards significantly under wind loads. A cablenet supported by the tensile membrane structure will also be flexible. Trying to support a stiff sprinkler pipe system from the tensile membrane structure or a secondary cablenet could be a problem due to the sprinkler pipe system not being able to handle the movements associated. The tensile membrane structure shape is doubly curved like a clamshell which would make locating sprinklers in close proximity to the membrane difficult. As stated by our tensile membrane contractor, they are not experts at NFPA requirements for sprinkler pipe systems or their support. 													
	Daniel Balean (Bermello Ajamil & Partners, Inc.) Responded Wed May 18, 2022 at 09:58 am EDT													
A:	<ol style="list-style-type: none"> Intumescent paint not required. Only 3 part paint system. Sprinklers are required by the Fire Department for the size of tensile structure. The cablenet was the proposed system that was agreed on with that looked best. If the subcontractor does not agree with the cablenet then they have to propose another equal system to hold the sprinklers and provide the same coverage. Additional input from owner requested since this involves pricing and means and methods. 													
	Scott Bakos (Bermello Ajamil & Partners, Inc.) Responded Sun May 22, 2022 at 12:36 pm EDT													
	The final response should be:													
	<ol style="list-style-type: none"> Confirmed that the canopy steel is shown on drawing A4.2.70 and other drawings receive a 3-part paint system as defined in spec section 13 31 01 "Tensile Fabric Roof Structures" (or it's approved equal), and does not receive intumescent paint. 													
A:	<ol style="list-style-type: none"> Sprinklers are required by the Fire Department for the size of tensile structure. The cable is the proposed system/design intent, and a photo of a constructed tensile project with the same sprinkler piping/design intent has been provided to KL for reference. If the subcontractor cannot provide what is shown in the drawings, they have to be fully transparent as to how they provide an equal code approved sprinkler system with the same required coverage, as part of their scope and cost. Any and all deviations/substitutions must be reviewed by the design team and owner and either accepted as an alternate substitution or rejected as an alternate solution. All costs associated with the sprinkler system as part of the tensile structure as indicated in the drawings must be included, as part of the Bid, and not by others. 													
	Randy Perez (Kaufman Lynn Construction, Inc) Responded Thu Jun 2, 2022 at 01:59 pm EDT													
A:	Please take note of response #1 on below. Sprinkler attachment and feasibility is currently being analyzed with design.													
CON-97	Ph2&3 - Bleachers & Shelters - Quantities and Revised drawings for Shelters	Closed		None	Balean, Daniel (B... Healey, Liliana (... Olney, Kirk (Berm... Bakos, Scott (Ber...	08/02/2022	Andy Salcedo	08/09/2022	08/04/22		Phase 02.03

A:	<p>Randy Perez (Kaufman Lynn Construction, Inc) Responded Thu Jun 9, 2022 at 12:52 pm EDT KL to provide follow-up RFI for balance of questions related to different disciplines.</p>													
	<p>Kirk Olney (Bermello Ajamil & Partners, Inc.) Responded Mon Jun 6, 2022 at 08:00 am EDT Please see below and attached responses to landscape architecture related comments. We defer to other discipline for balance of responses:</p> <p>2.This is a rolling gate.</p> <p>3.Free standing bleachers do not include shade structures</p> <p>4.This area is separated from pedestrian thoroughfares with a 6" raised landscape curb. Landscape in this area is intended to create a fun tropical area with the slides tucked into the landscape. The landscape is also intended to encourage people to use the ladder and not exit the pool near the bottom of the slides. We will look at scaling back landscape.</p> <p>5.Updated landscape plans shall be provided as part of the Phase 4 VE redesign submission the week of June 20, 2022.</p> <p>7.Yes this is intended to be a landscape area. It is intentionally show next to the water to provide tropical interest and provide some breaks from all of the pavement. Would prefer to not locate between lounges as indicated as it would block route of travel from the large pavilion to the water. PMT to confirm if the 6" raised landscape curbs are within the budget. Editorial Note: landscape architect is HIGHLY in favor of having the 6" raised landscape curbs.</p> <p>9.Correct, cabanas have been removed. There are still three large pavilions though. It is our understanding that the cabanas were removed for budgetary reasons. PMT to confirm and provide direction.</p> <p>10.Furniture: these are picnic tables and one with an umbrella. DCP Precon RFI 076 Response_2022-06-06.pdf</p>

					(A... Regidor, Joanne (... Bakos, Scott (Ber... Healey, Liliana (...									
	<p>Susan Velazquez Sent Tue May 17, 2022 at 10:18 am EDT The below are comments from the City of Doral Parks & Recreations team's review of Phase IV drawings (see attached for original email chain). This RFI will serve as a memorialization of the comments as well as for follow up responses on the items:</p> <ol style="list-style-type: none"> On sheet E2.50N, Parks Team has noted the need for exterior power outlets in the area outside of the meeting rooms which would serve the plaza area outside of the rec building. Please confirm. See attached commented sheet E2.50N for additional reference. Please confirm that proposed HVAC system comes with or is part of a BMS or control system which can be monitored and accessed remotely. See attached commented sheet M1.00 for additional reference. On sheet P2.50N, Parks Team has noted the need to add exterior wall hydrant outside of demo kitchen. Please confirm. See attached commented sheet P2.50N for additional reference. On sheet T212-4, Parks Team has noted the need to add data drops in Parks & Rec Admin Office reception, work, and breakroom areas. Please confirm. See attached commented sheet T212-4 for additional reference. Please confirm City water is not being used for irrigation. Additionally, please identify proposed location where new wells will be installed. Please advise if system will draw water from existing lake as well. If not, will the existing intake structure inside lake be removed? See attached commented sheet IR-01-2&3 for additional reference. Parks Team has noted that Sheet LF-24 show that the dimensions of the outdoor basketball courts (94 feet long by 50 feet wide) differ from what the City has at their existing facilities. The dimensions of the outdoor and indoor basketball courts should follow NFHS and FHSAA high school standards which is 84 feet long by 50 feet wide. See attached detail of the outdoor courts proposed for Doral Central Park along with the details of the outdoor courts currently, at Doral Glades Park and Doral Legacy Park. During a design meeting last year with BA and Hastings Chivetta Parks requested that the main center basketball court (north and south) in the rec. center include the City's logo at mid-court similar to Doral Legacy Park (see attached image provided). The Phase IV GMP set does not reflect the inclusion of the logo. Please add or please confirm if it will be handled through the shop drawing submittal process. <p>RFI Con-74.pdf E2.50N - REV15_PR Comment.pdf M1.00 - REV15_PR Comment.pdf P2.50N - REV15_PR Comment.pdf T212-4 - REV15_PR Comment.pdf IR-01-2&3-REV9_PR Comment.pdf Outdoor basketball courts .pdf City's logo at basketball court .pdf</p>													
	<p>Liliana Healey (Bermello Ajamil & Partners, Inc.) Responded Thu Jun 2, 2022 at 03:09 pm EDT</p> <p>A: Response to item 6. 6. The size of the basketball courts have been adjusted per provided layout.</p>													
	<p>Daniel Balean (Bermello Ajamil & Partners, Inc.) Responded Thu May 26, 2022 at 02:56 pm EDT</p> <ol style="list-style-type: none"> 4 dedicated exterior outlets will be added in future revision. See sheet M4.03 detail 1. HVAC connected to control system. 1 exterior wall hydrant will be added outside of demo kitchen in future revision. <p>A: 4. Additional data drops will be added in future revision. 5. City water will be used in the area around the swimming pools as per DOH requirements. Landscaping within 100'-0" of pool water needs to be potable. The system will draw water from lake. The pump and the rest of the irrigation scope is part of phase IV and will be submitted in Aquatics BID package rev 20. 6. Outdoor basketball court sizes will be revised in shown in Aquatics BID package rev 20. 7. logo will be added. Drawings and specs will be revised in future revision.</p>

					Bakos, Scott (Ber...									
	<p>Randy Perez Sent Tue May 10, 2022 at 11:27 am EDT The below are comments from the City of Doral Parks & Recreations team's review of Phase II/III drawings along with some responses from the project team (see attached for original email chain). This RFI will serve as a memorialization of the comments as well as for follow up responses on the items:</p> <p>Q:</p> <ol style="list-style-type: none"> Current sheets LL-03/LL-04 shows overflow parking area (MDC Elections) to have Bermuda Sod. Parks team has inquired on reasoning for Bermuda Sod and requested substitution to Bahia Sod due to value, maintenance purposes, and less irrigation requirements. Please confirm this acceptability. Additionally, please advise if the area is stabilized and presence of irrigation at the parking area. Sheet LL-17 calls for use of Pine Straw mulch. Parks team has noted this type of mulch is not used at any of the city facilities. Parks preference would be to utilize type of mulch currently being used to remain consistent (Melaleuca Mulch). Please confirm this acceptability. On sheet LM-07, parks has noted the need for vehicular access or ability for vehicles to access multi-purpose open area for maintenance and events. Please advise on options for solution. On sheets LM-16, LM-17, LM-18, Parks Team has noted that all fencing & gates to be black (Chain link & Aluminum Picket). PMT has noted that on the Hardscape Materials and Furniture Legend sheets (TYPE: L; M; N; GG; HH; II; UU; VV; and ADD ALTERNATE No. 136.1) to reflect: Black, chain link or aluminum picket depending on type. Parks team has noted that this color/finish applies to the following on Sheet LM-19.1 as well Type: OOO; PPP; GGGG, and RRR. On sheet LM-19.1, Parks team has noted that Baseball Safe-Top Fence Padding Color at Fair territory to be yellow and Foul territory to be black. Please advise on acceptability and add note for the mentioned colors for Fair territory versus Foul territory. Design team has noted that the spacing between the horizontal 5/32" steel cables on the boardwalk are 3.75". Parks team has brought the concern that patrons could be able to climb on steel cables causing durability issues and noted the previous set of drawings showed vertical railing instead of horizontal. Parks Team has noted that vertical railing is preferred as it does not encourage climbing and addresses the durability concerns with the horizontal railing. Please advise on acceptability. <p>RFI Con-73.pdf</p> <p>A: Scott Bakos (Bermello Ajamil & Partners, Inc.) Responded Thu Jun 9, 2022 at 09:57 am EDT Please see the response from Liliانا with her (6) six responses.</p> <p>Liliana Healey (Bermello Ajamil & Partners, Inc.) Responded Thu Jun 2, 2022 at 01:05 pm EDT</p> <ol style="list-style-type: none"> The modification has been done. Bahia sod has been specified for those areas. The modification has been done. Melaleuca Mulch has specified. <p>A:</p> <ol style="list-style-type: none"> We need more clarification for this comment. The requested specifications have been added to the fences and gates. The specifications for the Padding colors have been added. We are working with the structural engineer to provide a cost effective solution.

CHANGE ORDER FORM

To Contractor: Kaufman Lynn Construction Change Order Number: 22

Contractor Address: 3185 S Congress Ave, Delray Beach, FL 33445 Proposal Number: N/A

Project Name: Doral Central Park

Project Number: GMP TURNOVER C

The City and Contractor hereby agree to perform the changes to the work as shown on the Field Work Order No. , dated: N/A and/or the additional work as described on Proposal Number: N/A , dated N/A .

PROPOSAL DESCRIPTION:

This proposal from Kaufman Lynn Construction (CMaR) includes the Cost of Work as outlined in their GMP Turnover C package submitted to the City, and will amend their existing contract. GMP Turnover C includes cost of work in Phases II/III and IV including Contingencies, Contractor's Fee, and Milestone Bonuses. Services along with the intermediate milestones of the Phases are to be completed as outlined in the attached schedule, which indicates a completion date of April 16th, 2025. The GMP is in accordance with the contract documents' GMP drawing log attached by Bermello Ajamil & Partners, Inc. (Design Team).
 Owner Direct Purchase shall be utilized whenever possible, by the Contractor, to realize tax savings for the City of Doral. A detailed and negotiated Schedule of Values (SOV) shall be provided by the Contractor for each contract scope of work, as contractors are issued subcontracts associated with the GMP Turnover. Included in this GMP Change Order are the following scopes of work: For Phase II/III - OH Coiling Doors, Stucco, Framing and Drywall, Rigging Systems, Plumbing, Site Concrete, Landscape and Irrigation, Pile Testing for Amph. For Phase IV - Canopies Aquatics, Stucco/Exterior Framing, Drywall Rec, Sports Flooring and Gym Equipment, Athletic Lighting, Fire Suppression (Aquatics/Maintenance Bldg.), Plumbing Rec., Landscape.

Phase 2/3 PO 20221504 Add	\$ 8,414,354
Phase 4 PO 20220320 Add	\$ 11,676,420
Phase I PO 20220280 Add	\$ 221,648
Grand Total	\$20,312,420

Contract extension request: (Calendar Days)	0 Days	Justification	Checked by:
Contract expiration date:		<input type="checkbox"/> AHJ Requirement	<input type="checkbox"/> Contractor Error
Total additional dollar amount requested:	\$ 20,312,420.00	<input type="checkbox"/> Errors & Omissions	<input type="checkbox"/> Vis Major
		<input checked="" type="checkbox"/> Owner Request	<input type="checkbox"/> Unforeseen

Total Amount of this Change Order: \$ 20,312,420.00

The City and Contractor agree to modify the original Contract by the following CHANGE ORDER amount:

Original Contract Amount.....	\$ 457,000.00
Net change by Previous authorized Change Orders.....	\$ 68,767,966.24
Contract Amount prior to this Change Order.....	\$ 69,224,966.24
Contract Amount will be (increased)(decrease)(unchanged) in the amount of.....	\$ 20,312,420.00
Contract Deduction for Owner Direct Purchase.....	N/A
New Contract Amount including this Change Order.....	\$ 89,537,386.24
Contract Time will be (increased)(decreased)(unchanged) by.....	N/A

ACCEPTANCE: The above prices and specifications of the Change Order Proposal are satisfactory and are hereby accepted.

PROJECT: Doral Parks Bond Program
SUBJECT: Kaufman Lynn Construction
REGARDING: Recommendation for City to Issue Phase 2/3 & 4 GMP – Turnover C

Mrs. Hernandez,

Please accept this letter as formal recommendation from the Program Management Team to the City of Doral to execute the Guaranteed Maximum Price Proposal from Kaufman Lynn Construction.

Our team, along with the City of Doral and Kaufman Lynn, have met to review the terms and conditions of the GMP along with various pricing components. The GMP that is attached to this recommendation is the result of those meetings and collective agreements made between all parties for the success of the project and to ensure the best interest of the City of Doral is served. GMP Phase 2/3 & 4 – Turnover C is for the following scopes of work: For Phase II/III - OH Coiling Doors, Stucco, Framing and Drywall, Rigging Systems, Plumbing, Site Concrete, Landscape and Irrigation, Pile Testing for Amph. For Phase IV – Canopies Aquatics, Stucco/Exterior Framing, Drywall Rec, Sports Flooring and Gym Equipment, Athletic Lighting, Fire Suppression (Aquatics/Maintenance Bldg.), Plumbing Rec., Landscape.

Should you have any questions regarding this document package, please contact me personally via email at George.Garcia@aecom.com or phone at 305-401-5037.

Sincerely,

A handwritten signature in blue ink, appearing to read "George Garcia", is written over a light blue horizontal line.

RE: **Doral Central Park – Phase 2/3 & Phase 4 GMP – Turnover C**

Mr. Garcia,

Kaufman Lynn Construction is extremely pleased for the opportunity to submit to the City of Doral "Owner" and AECOM "PMT" the Guaranteed Maximum Price (GMP) for **Turnover C** (3 of 4) portion of Phase 2/3 and Phase 4 of the Doral Central Park project. The GMP is in accordance with the contract documents GMP drawing log attached by Bermello Ajamil & Partners, Inc., the attached RFI log dated 10/28/2022, and Qualifications & Assumptions dated 11/17/22.

The GMP is in the amount of **Twenty Million, Three Hundred and Twelve Thousand, Four Hundred and Twenty Dollars (\$20,312,420)** for Phase 2/3 & Phase 4 Cost of Work including Contingencies, Contractor's Fee, and Milestone Bonuses.

Should you have any questions or need additional information, please do not hesitate to contact us.

Thank you for your consideration.

Attention: Mitchell Espinosa

Allow us to submit our Bid Proposal for your project entitled:

Stage Rigging Steel

Subject to the following Exclusions, Terms and Conditions:

Scope of Work

We propose to furnish and install the structural steel as per the American Institute of Steel Construction Code of Standard Practice as follows:

Structural Steel

Fabricate & Install:

- Galvanized Structural Steel for Rigging Structure at Amphitheater Per RFI#CON-81

This offering excludes the following:

- Protection of, or liability for any existing finishes or equipment.
- Testing and inspections.
- Connections of any type for other trades.
- Permits.
- Surveying and location of underground utilities.
- ANY ITEMS NOT SPECIFIED IN THE SCOPE

Terms and Conditions:

This change order will be an additional cost to your contract. Work on these changes will NOT START until we receive written acceptance from you. Total Price shown herein for this change order is in addition to the original contract amount. The work covered by this order shall be performed under the same terms and conditions as those included in the original contract. RFI#CON-81

THIS PROPOSAL WILL BE WITHDRAWN IF NOT ACCEPTED IN 15 DAYS.

Bid Proposal 7162X1

Bid Date: 09/22/22

Page # 2

Destination

We propose to provide this project as described above,
for the lump sum price of **\$79,873.00** including taxes.
F.O.B Destination.

Thank you for the opportunity to submit our Bid Proposal for this project.

CHANGE ORDER FORM

To Contractor: Kaufman Lynn Construction **Change Order Number:** 28
Contractor Address: 3185 S Congress Ave, Delray Beach, FL 33445 **Proposal Number:** N/A
Project Name: Doral Central Park
Project Number: GMP TURNOVER D

The City and Contractor hereby agree to perform the changes to the work as shown on the Field Work Order No. , dated: N/A
 and/or the additional work as described on Proposal Number: N/A, dated N/A.

PROPOSAL DESCRIPTION:

This proposal from Kaufman Lynn Construction (CMaR) includes the Cost of Work as outlined in their GMP Turnover D package submitted to the City, and will amend their existing contract. GMP Turnover D includes cost of work in Phases II/III and IV including Contingencies, Contractor's Fee. Services along with the intermediate milestones of the Phases are to be completed as outlined in the attached schedule, which indicates a completion date of December, 2024. The GMP is in accordance with the contract documents' GMP drawing log attached by Bermello Ajamil & Partners, Inc. (Design Team).
 Owner Direct Purchase shall be utilized whenever possible, by the Contractor, to realize tax savings for the City of Doral. A detailed and negotiated Schedule of Values (SOV) shall be provided by the Contractor for each contract scope of work, as contractors are issued subcontracts associated with the GMP Turnover. Included in this GMP Change Order are the following scopes of work: For Phase II/III – Rough Carpentry, Doors, Frames, Hardware, Waterway/Boardwalk Construction, Security Guard Service, Construction Staffing/Site Office cost. For Phase IV – Concrete/Masonry package Aquatics/Maintenance Outbuildings, Structural Steel Maintenance Outbuildings, Roofing Aquatics Maintenance Outbuildings, Doors/Frames/Hardware Rec Center, OH Coiling Doors, Glass & Glazing Aquatics, Swimming Pools, Metal Building Systems, Electrical Maintenance/Aquatics Outbuildings, Augercast Piles, Pool Drainage, Dewatering, Drainage Further Defined Updates. General Conditions, General Requirements, Bond, Insurance, CMR Contingency, and CM Fee also included.

Phase 2/3 PO 20221504 Add	\$ 2,899,129
Phase 4 PO 20220320 Add	\$ 31,349,884
Phase I PO TBD Insurance/GC/GR	\$ 6,631,930
Phase I PO COW 20220284	\$ (652,386)
Grand Total	\$ 40,228,557

PROJECT: Doral Parks Bond Program
SUBJECT: Kaufman Lynn Construction
REGARDING: Recommendation for City to Issue Phase 2/3 & 4 GMP – Turnover D

Mrs. Hernandez,

Please accept this letter as formal recommendation from the Program Management Team to the City of Doral to execute the Guaranteed Maximum Price Proposal from Kaufman Lynn Construction.

Our team, along with the City of Doral and Kaufman Lynn, have met to review the terms and conditions of the GMP along with various pricing components. The GMP that is attached to this recommendation is the result of those meetings and collective agreements made between all parties for the success of the project and to ensure the best interest of the City of Doral is served. For Phase II/III – Rough Carpentry, Doors, Frames, Hardware, Waterway/Boardwalk Construction, Security Guard Service, Construction Staffing/Site Office cost. For Phase IV –Concrete/Masonry package Aquatics/Maintenance Outbuildings, Structural Steel Maintenance Outbuildings, Roofing Aquatics Maintenance Outbuildings, Doors/Frames/Hardware Rec Center, OH Coiling Doors, Glass & Glazing Aquatics, Swimming Pools, Metal Building Systems, Electrical Maintenance/Aquatics Outbuildings, Augercast Piles, Pool Drainage, Dewatering, Drainage Further Defined Updates. General Conditions, General Requirements, Bond, Insurance, CMR Contingency, and CM Fee also included.

Should you have any questions regarding this document package, please contact me personally via email at George.Garcia@aecom.com or phone at 305-401-5037.

Sincerely,

A handwritten signature in blue ink, appearing to read "George Garcia", is written over a light blue horizontal line.

RE: **Doral Central Park – Phase 2/3 & Phase 4– Turnover D**

Mr. Garcia,

Kaufman Lynn Construction is extremely pleased for the opportunity to submit to the City of Doral “Owner” and AECOM “PMT” the **Turnover D** portion of Phase 2/3 and Phase 4 of the Doral Central Park project. This Turnover is in accordance with the contract documents and drawing log attached by Bermello Ajamil & Partners, Inc., the attached RFI log and Qualifications & Assumptions dated 12/08/22.

The Turnover is in the amount of **Forty Million, Two Hundred and Twenty-Eight Thousand, Five Hundred and Fifty-Seven Dollars (\$40,228,557)** for Phase 2/3 & Phase 4 Cost of Work including Contingencies, Contractor’s Fee, Insurances, and Milestone Bonuses.

Should you have any questions or need additional information, please do not hesitate to contact us.

Thank you for your consideration.

Turnover D Contractor Clarifications and Assumptions

December 08, 2022

GENERAL

This scope is intended to expand and/or clarify plan interpretation in instances where the plans are in conflict or silent. Should the plans conflict with other contract documents, this proposal is based on the plans being the default.

1. **PLANS AND DATES – see attached document outlining list of plans and specifications**
2. The following are excluded:
 - a. Cost and resource loaded construction schedule.
 - b. Cost of utility usage for temp for test.
 - c. Cost of utility usage and services and/or trash removal services to the site and/or buildings after substantial completion is achieved. An allowance has been carried for electrical utility usage prior to substantial completion is achieved.
 - d. FPL specific utilities/materials/equipment provided directly by FPL such as: transformers, Manholes, Cabinets, Power Poles, Primary Conduits and wire, and Deposits.
 - e. Cable TV/Phone/LAN Cable/Fiber Optic equipment and cable or phone wire from service point to communication room(s) and cable or phone wire from communication room(s) to unit.
 - f. Water Meters, Fees and Deposits.
 - g. Deposits for permanent electric meter(s).
 - h. Cost relating to Radon Mitigation.
 - i. Provisions for Architect offices (Onsite trailer provisions are included for AECOM team – See Turnover A)
 - j. Enhanced Commissioning Agent and/or Special Testing Engineer services. Normal start-up included.
 - k. Material testing cost, threshold or special inspectors and inspection/sequencing costs

- l. Mock-up's rooms/units/structure not incorporated into the finish product unless explicitly noted in the project specifications.
 - m. Removal, disposal, remediation, and premiums associated with unforeseen or unsuitable soil conditions, hazardous materials, or other materials requiring a controlled removal/disposal.
 - n. Any special labor rates that may be required by project location, funding, municipality governance, etc. such as Davis Bacon Act.
 - o. All permitting fees.
 - p. Owner contingency as the owner has agreed to carry that *outside* of this GMP.
3. It is anticipated that work will be performed during normal business hours (7:00 AM to 5:00 PM) including Saturdays, if required.
4. The budget update was not based upon costs for the relocation of existing concealed conditions (i.e., structural, underground utility, rock removal, limestone, coquina, shell rock, artifacts, unsuitable soils, demucking, voids or pockets in the subsurface condition, etc.) that may be required due to the installation of the work. Relocations, removals, adjustments in design and affects from unforeseen or any underground conditions are not included and will be addressed per occurrence for Cost and Schedule impacts
5. Any potential revisions made to further Phase 4 scope of work documents (plan sheets and/or specs) that may impact the scope included herein are not included in this GMP and will result in revised pricing.
6. Plan/Drawing Revit Model and CAD Files shall be provided by the Owner as required for use by KL subcontractors in their preparation of Shop Drawings for the project.
7. Regarding temporary and permanent power, temporary or construction power will be the responsibility of KL in its entirety. On permanent power and consumption, KL is responsible for secondary power feeds complete. Once the permanent meter(s) have been installed by FPL, KL will no longer be responsible for its consumption henceforth.
8. Exhibit F in the Prime Contract regarding Milestone bonuses shall be amended to the durations shown in the project schedule which are to be memorialized once reviewed and approved by AECOM. Milestone durations are subject to revision due to any formal project Time Extensions (Change Order, Weather, etc.).
9. Reference the RFI Log included for all RFI's included within this GMP. It is understood all RFI's created prior to 4/14/22 **and** not included in the attached RFI Log, have been addressed in the latest drawing set. Highlighted RFI's are pending cost impact due to revised scope and those costs are not included within this Turnover.

10. In accordance with AIA A201-2017 section 1.6, Notice shall be deemed to be fully served is sent by electronic transmission via electronic mail or through Procore.
11. In alignment with the statements of item 3.1.4.4 in the AIA Prime Contract, the GMP is contingent on review of project submittals by the design team/owner are assumed to be a maximum of 10 working days following submission by KL.
12. Contractor may utilize a CCIP program, as long as it stays within the budget. Any Subcontractor participation or savings shall accrue to the Contractor.
13. **Scopes not included within this Turnover D are: Phase 2/3: Finished Carpentry, Waterproofing, Doors/Frames, Tile, Resinous Flooring, Painting, Signage, Toilet Partitions & Specialties, Trail Equipment, Playfield Equipment, Artificial Turf, Fence & Gates, Site Furnishings (Trash Receptacles, Benches, Bike Racks, Tennis Shade Structures, Volleyball Equipment, Etc.) and Phase 4: Rough Carpentry, Finished Carpentry, Waterproofing, Foamed-in-Place insulation, Fireproofing, Aquatics Door/Frames, Stucco/Exterior Framing Aquatics, Drywall Aquatics, Phase 4 ACT, Phase 4 Tile, Resinous Flooring, Painting, Signage, Toilet Partitions & Specialties, Folding Panel Partitions Aquatics, Fire Extinguishers, Lockers, Appliances/Food Service Equipment, Window Treatment, Stadium/Arena Bench Seating, Saunas, Plumbing Aquatics, HVAC Aquatics, Site Concrete (Phase 4), Geothermal Decommittment, Artificial Turf, Fence & Gates, Site Furnishings** and Projected Turnover E budget allowances are being shown respectively. KL, the Owner, and Design Team shall endeavor to generate VE savings to accommodate the necessary budget for that scope. Furthermore, we will generate VE to establish an Owner's contingency fund commensurate with the Contractors contingency targeted at no less than \$3M each and up to 3% of the GMP for each. Within the Projected Turnover E of scope exclusions there is a Budget Hold Allowance included for: Revision 22/23 (including grandstand bathroom revisions) for \$250,000.00, Pool Deck Furniture inclusions (Storage Bins, Water Polo Balls) for \$10,000.00, Trenwa Tub (Amphitheater) for \$180,000.00, Amphitheater Performance Lighting/Lawn Speakers/LED Walls/AVI for \$350,000.00, Blue Phones & Associated Power for \$185,000.00

Item is Phase 4, not Phase 2/3, however still remains not included within Turnover D.

DIVISION 03 – CONCRETE

1. Pricing is based on on-site materials resulting from excavation operations are suitable for backfill at concrete foundation areas.
2. Sheeting or shoring of excavations for foundations is excluded.
3. Colored/Integrally colored concrete is excluded.
4. All concrete finishes are included as Class "B" finish. No architectural concrete finish included.
5. Waterproofing membrane at foundations are excluded - none shown. See Waterproofing Notes in Division 7 for Waterproofing membrane at Aquatic Support Building only.
6. Specialty topping slab at Rec. Center Terrace is excluded.
7. Corrosion inhibitors concrete are excluded.
8. All sidewalk concrete work will include medium broom finish.
9. Steel reinforcing (rebar or wire mesh) is excluded for all site concrete flatwork except for rebar in concrete curbing as shown in the permit set.
10. Budget hold allowance of \$2,929,291.00 is being carried for Site Concrete

DIVISION 05 – METALS

1. Steel items not specifically shown, sized and/or located on the architectural and/or structural drawings unless specifically included are excluded.
2. Architecturally exposed structural steel (AESS) is excluded.
3. Detailing, connections, and engineering for the steel structure to be provided by the Structural Steel Engineer of Record.
4. Maintenance Building is included as Premanufactured facility manufactured by Butler with integral metal roofing/soffits and assembly in lieu of PVC and stucco. Eave overhang is included as 6'.
5. Excludes any additional fence barrier/elevated grandstands at aquatics than what is currently shown in the drawings.

DIVISION 07 - THERMAL AND MOISTURE PROTECTION

1. Clear sealer included at amphitheater stage floor only.

DIVISION 08 – OPENINGS

1. We have included product-approved assemblies at exterior applications.
2. Decorative trim caps/break metal is included as indicated in the Permit set of drawings. Glazing panic devices are equal/alternate Falcon hardware.

DIVISION 09 – FINISHES

1. Prostud 20 to be provided for interior non-structural metal stud framing.
2. Field sound testing of STC rated partitions is not included.
3. Exterior and interior walls are provided per the wall types in the Permit Set of documents.
4. Drywall is included with a Level 4 finish. Level 5 finish is excluded unless explicitly called out in drawings.
5. Demountable partitions are excluded (FFE)
6. Millwork is included per specification for cabinets & countertops. Stone countertops included as separate pieces; no alignment of veins is included. AWI Certification is included. All toe kicks are included as plywood.
7. Proposal includes furnish & installation of equal product Troweled Epoxy Coating by Hybri-Flex EQ Flooring System in lieu of Stonhard.
8. Tile is included as thinset. Fluid crack isolation and waterproofing membrane for restrooms included as Mapei AquaDefense or equal.

DIVISION 10-13 – EQUIPMENT & SPECIALTY

1. Field sound testing of Folding Panel Partitions is not included.
2. Drawings & Specifications do not specify Phenolic Partitions manufacturer. Proposal includes Phenolic Partitions material & installation by Accurate.
3. Due to material availability, 4500 PSI Gunite (pneumatically installed concrete) will be used for the Aquatic's Pool Vertical work in lieu of Shotcrete.
4. 4" Unreinforced, normal color (grey) concrete pool deck is included with no color additives.
5. Assumes relocation of Competition Pool Surge Tank to between the Competition and Training pools as well as adjacent to the Training Pool Surge Tank if DSM/Dewatering at Training Pool is in fact necessary.

6. The following Pool Deck Equipment is included (all other pool deck equipment shall be tenant furnished including lounge chairs, tables/chairs, umbrellas, site furniture, cabanas):

ADA Lift w/Anchors & Covers	4	Each	Water Polo Ring	1	Each
Portable Lifeguard Chairs (Mendota 60")	8	Each	Handrails 3 Bend	9	Each
Portable Lifeguard Chairs (Mendota 60")	6	Each	Handrails (SR Smith SRS-35-1310 (Pretzell))	16	Each
Diving Stand / 1m Durafirm	2	Each	Anchor Sockets (KDI 28105)	80	Each
Diving Stand / 3m Durafirm	2	Each	Escutcheon Plates (KDI 28301SS)	80	Each
Diving Board / 16 Maxiflex	4	Each	Pole Hanger Set	9	Each
Dive Stand Anchors (4 Sets)	4	Each	Life Ring W/Rope	9	Each
Starting Platforms / Comp Pool Deck	17	Each	Life Ring Holder (#101)	9	Each
Platform Anchors / Comp Pool	40	Each	Life Hook (Rainbow #153) W/16' Pole	9	Each
Platform Anchors / Training Pool	8	Each	Skimmer Net	2	Each
8'-0" Stanchions w/ Sliding Hooks	18	Each	Wall Brush	2	Each
Stanchions Anchors w/Screw Caps & Keys	20	Each	Telescopic Pole	2	Each
Tagline	4	Each	Vacuum Pole	2	Each
75'-0" Backstroke Flagline w/12"x18" Mesh Flags Comp Pool	520	Each	Vacuum Hose	2	Each
75'-0" Backstroke line w/12"x18" Flags Training Pool	150	Each	Portable Vacuum	2	Each
False Start Rope Comp Pool	4	Each	Portable Vacuum Discharge Hose	2	Each
False Start Rope Training Pool	2	Each	Robot Vacuum	2	Each
3/4" Poly Safety Rope (w/5"x9" Handi-Lock Float) Comp Pool	1	Each	Pool Rules Sign	4	Each
3/4" Safety Rope (w/5"x9" Handi-Lock Float) Training Pool	1	Each	Test Kit (Taylor #2000-5)	2	Each
Tee Handle	1	Each	Test Kit (Taylor #2000-5)	2	Each
50 Meter Lane Dividers 6" (Gold Medal) Comp.	9	Each	First Aid Kit	2	Each
25-Yard Lane Divider 6" (Gold Medal) Comp.	14	Each	Spine Board	1	Each
25-Yard Lane Divider 6" (Gold Medal) Train.	9	Each	Rescue Tubes	20	Each
Lane Line Extensions / Comp Pool	80	Each	Eye Wash	1	Each
Lane Line Extensions / Training Pool	18	Each	Safety Glasses	10	Pair
Lane Line Anchors / Training Pool & Comp	98	Each	Adult & Child Bag	2	Each
Sheridan Storage Reel w/covers	7	Each	Thermometer	4	Each
Water Polo Goals (x6)	6	Each	AED	1	Each
Tethers (x8)	24	Each	Timing System / Comp Pool	1	ump Sum
50 meter playing field	2	Each			

7. Excludes waterproofing of exterior side of pool vessel shells or tanks. Not specified on drawings, hence not included.
8. We are including a dewatering Allowance of \$300,000 for swimming pool vessels, surge and balance tanks, and pump pits.

DIVISION 22 – PLUMBING

1. Insulation of domestic cold-water piping is excluded.
2. Above and underground sanitary piping to be PVC per response to RFI PRECON-348.
3. Includes storm drainage system for Rec Center per RFI #Precon-290.
4. Includes Cast Iron (No-Hub) piping for Storm drainage piping per RFI #Precon-348.
5. Excludes insulation on domestic cold-water piping per RFI #Precon-349.

DIVISION 23 – HEATING, VENTILATING, AND AIR CONDITIONING

1. Refrigerant piping of all sizes is included as Type ACR per spec #23 23 00.2.1.A and Type L for above ground.
2. Includes neoprene pads for chiller set at ground level, no other form of vibration isolation is included for chiller.
3. Sound criteria for HVAC equipment is based on basis-of-deign equipment as scheduled on plans and a no additional sound mitigation for chiller/generator yard is included above and beyond drawings.

DIVISION 26 - ELECTRICAL

1. Amphitheater performance lighting, lawn speakers, LED walls / screens, portable and fixed seating, are excluded. Included within Turnover E is a budget hold of \$350,000.00
2. Excludes Telecom racks shown on T drawings, all racks are by the city.
3. Excludes main incoming Telecom conduit from Utility provider and any associated infrastructure within the telecom room not indicated on the plans (by Utility Provider or IT).
4. Trenwa Tub Install only was included in Turnover C and cost to furnish is excluded and noted as as budget hold allowance for Project Turnover E of \$180,000.00
5. Light poles carried are HAPCO and light pole fixtures are Lithonia per plans.

6. AVI/Telecom conduit only is included is per the responsibility matrix within the drawing log drawings. Any revisions since the drawing log set are excluded in this Turnover.
7. Currently Electrical Switchgear is the longest procurement time on the critical path for both Phase 2/3 and Phase 4 project schedule, for which KL has assumed 67 weeks for fabrication and delivery. Due to volatility of electrical switchgear in the current market, fabrication/delivery in excess of this duration shall be compensable.
8. Excludes grounding/bonding of fencing.
9. Excludes door power supply (access control) as confirmed in Telecom Drawing Responsibility Matrix.
10. Includes conduit to Emergency Call Boxes/Bluepoles (ECB). Power and blue poles equipment is excluded from this Turnover D and is included in Turnover E as a budget hold of \$185,000.00.
11. Includes Siemens as the basis of manufacturer for all electrical equipment including, but not limited to, switchgear, transformers, etc.
12. Low voltage access control equipment/accessories are excluded (by city IT).

RFI LOG

#	Subject	Status	Responsible Contractor	Received From	Assignee	Date Initiated	RFI Manager	Due Date	Closed Date	Ball In Court	Location	Schedule Impact	Cost Code	Cost Impact
PRECON-405	Phase 4 - Various Roofing Questions	Closed	Kaufman Lynn Cons...	Guirguis, Andrew (Kaufman Lynn Construction, Inc)	Bakos, Scott (Ber... Balean, Daniel (B...	09/12/2022	Andrew Guirguis	09/19/2022	09/26/22		Phase 04 Aquatics GMP 2022 (Precon)			

Andrew Guirguis Sent Mon Sep 12, 2022 at 10:19 am EDT
 Some clarification is needed in regard to the roofing scope.

Aquatic Center

- Both the upper and lower middle roofs at The Aquatic Center show internal gutters per details 2&7/A5.11, however the higher roof does not show any downspouts. Please provide a detail of this gutter indicating metal type and show where the downspouts will be located. This is needed in order to properly price this integral part of the roofing system.
- The two outer roofs also call for internal gutters, however details 1,2,&4/A5.12 shows what looks like an external concrete gutter. Please provide internal detail of this concrete gutter and indicate how this is to be finished, specifically:
 - Is the concrete gutter a stand-alone unit that is to be installed by others, or are we as roofers to waterproof it?
 - Will the concrete gutter be sloped internally to the drop tubes? If so, what is the slope?
 - Is there an internal metal sleeve that is to be installed inside the concrete gutter? If so, how is it attached?
 - How will the downspouts be attached to the bottom side of the concrete gutter?

Q:

Support Exterior Buildings

- Roof plans A2.31 calls out for prefinished gutter along the exterior perimeter of the building, however, the elevations, sections, and details do not show gutters. Are gutters needed? If so...
 - Provide detail showing the attachment of said gutter.
 - Indicate locations of downspouts.

Maintenance Building

- All other buildings show a PVC roof system fully adhered over LWIC. The roof plans call for 1/2" Densdeck over R-30 Polyiso, however, sections on A4.80 are calling for PVC roofing adhered over LWIC. Is the intent for this building to be like all others and have LWIC?

Susan Velazquez (Kaufman Lynn Construction, Inc) Responded Mon Sep 26, 2022 at 08:49 am EDT
A: See attached sketch A-SKA-PRECON-405-M (revised sheet A4.80) provided by BA on 9/23/2022.
[A-SKA-PRECON-405-M.PDF](#)

Susan Velazquez (Kaufman Lynn Construction, Inc) Responded Fri Sep 23, 2022 at 11:15 am EDT
 See attached revised drawings Rev 22 provided by BA on 9/22/2022.

Electrical panels ERHB, ERLB and ERLD were removed and no longer needed as part of the redesign to reduce the size and load of the emergency generator.</p> <p>A: Delta G response is complete.</p>													
PRECON-386	FPL Questions on Phase 2&3 Electrical Drawings	Closed	Florida Power & L...	Moore, Drew (Florida Power & Light)	Senalle, Dario (D... Bender, Steve (De...	07/20/2022	Andy Salcedo	07/27/2022	07/22/22		Phase 2/3 GMP 2022 (Precon)			
	<p>Andy Salcedo Sent Wed Jul 20, 2022 at 01:49 pm EDT Questions and concerns about the plans are as follows:</p> <p>Page E3.02:</p> <p>1. The panel subtotals and totals for KVA are not accurate. For example, see Panel PB25 on page E3.02. The panel shows 0.3KVA of load but the KVA total is 87KVA.</p> <p>2. Panel PB25 does not appear on any distribution panel or riser diagram, and panel PN25 on <i>Distribution Panel ADLD2</i> does not have a provided panel schedule. I assume this is a typo and that these are supposed to be the same panel. Please clarify.</p> <p>3. Panels CS15, CS25, CS35, and CS45 were not provided. These are apparently projected loads for sound equipment that would be installed during performances, but no panel schedules can currently be provided. Please communicate to the customer that, without a panel schedule for these loads, we cannot count this towards their "justified load." This means that their transformer will be sized without taking into account this load. Most likely, the customer will still want a transformer large enough to handle this load even though they don't have a panel schedule to back it up. If this is the case, FPL can provide a transformer large enough to handle the entire load. The customer would then be responsible for paying the difference in material between the larger transformer they want and the smaller transformer which their plans justify.</p> <p>4. On the plans I was previously provided (dated 6/30/21), <i>Distribution Panel ADLD1</i> included Panels RP15, RP25, and PB15. On the current plans, each of the individual panel schedules are provided for these subpanels, but they appear nowhere on the riser diagrams or distribution panels. It appears that either these panels were intended to be removed from the project, or they were accidentally removed from ADLD1. Please confirm which is the case.</p> <p>Page E3.03:</p> <p>1. Panel AQH appears twice, once on Phase II & III on page E3.03 and once on Phase IV on page E4.02, and the panels are not the same between the two occurrences. Please advise which panel is correct and that I should use.</p> <p>2. Panel EM is a subpanel of both <i>AQH panels</i>, but that panel is not provided in the plans. Please provide Panel EM.</p> <hr/> <p>A: Steve Bender (Delta G Consulting Engineers, Inc.) Responded Thu Jul 21, 2022 at 03:08 pm EDT Refer to response from Dario Senalle, nothing further to add.</p> <hr/> <p>Dario Senalle (Delta G Consulting Engineers, Inc.) Responded Thu Jul 21, 2022 at 01:54 pm EDT A: Refer to attached latest revision of panel schedule, which addresses previously shown information issues. Page E3.02</p>

	<p>1. I reduced the total load to 81KVA (225A), which is not that significant. I understand that the total load is incorrect, but this panel, as well as all other that are not shown or also have the same situation of indicating smaller loads than the actual totalized load (PBS1, CS15, CS25, CS35 and CS45), were requested to be calculated at their full load by Stages' vendor, without providing actual loads. These panels are to power 3rd party equipment that actual load is unknown. See latest sheet E3.02 attached.</p> <p>2. Correct, PN25 currently shown in panel "ADLD2" is a typo and does not exist. Panel's entry should read PB25, and it was corrected.</p> <p>3. We understand FPL's concern. See attached sketch with only main distribution panel ADDP and actual loads in panel ADLD1 and ADLD2 without considering full power requirement from Stages (vendor). Connected load came down to 315A. A 150KVA is what FPL would provide for this load, as they size their transformers about half of what connected loads are, and this is also the smaller transformer they have. I would say FPL could provide 300KVA transformer to account for future loads, but because these loads are unknown, and we also have a 500KVA step down transformer, I would not recommend going with a smaller than 500KVA FPL transformer.</p> <p>4. They were accidentally removed, and now they are back.</p> <p>Page E3.03</p> <p>1. For final AQH schedule, use phase IV. See attached sheet E4.02 with AQH as 2-section panel. In phase II and III, we locate a note on top of it stating that the panel would be finalized on phase IV.</p> <p>2. Eventually we never used it. It was supposed to feed pool light poles and bleachers emergency lights by feeding panel ALIC, to be provided by MUSCO (per small sketch shown on E5.01). Instead, we went directly from the UPS to panel ALIC. Refer to riser diagram on sheet E5.01 on phase IV. If you go to small MUSCO sketch in the same sheet, you'll see the reference to the "Emergency Panel", which would have been "EM", but I'm not using this panel and I'm getting the 2 circuits directly from the UPS. Notice that ALIC panel needs a 120V circuit from emergency to operate. This is indicated in the MUSCO sketch. What we will do instead, we will put a small 277V/120V 500W transformer from the UPS's 277V circuit that will also feed the bleachers lights to power ALIC. See revised phase IV riser diagram attached on E5.01.</p> <p>Sincerely, Dario Senalle / Delta G Eng., Inc. 7-21-22 E3.02.pdf E4.02.pdf E5.01.pdf PANELS SKETCH WITH NO VENDOR EQUIPMENT.pdf</p>

				<p>Q: Robert Lalle Sent Fri May 20, 2022 at 03:09 pm EDT Structural Sheets S2.90 and S2.91 are included in the Structural drawing set however these sheets are not listed on the index. Please confirm these sheets are to be included, add them to the index, and provide the specific locations for these canopies.</p>										
				<p>A: Scott Bakos (Bermello Ajamil & Partners, Inc.) Responded Thu Jun 2, 2022 at 11:29 am EDT No further comments from BA beyond Daniels.</p>										
				<p>A: Daniel Balean (Bermello Ajamil & Partners, Inc.) Responded Mon May 23, 2022 at 01:34 pm EDT KL to use project index for all Doral central park permits. Project index supersedes all other indexes. For Phase II&III use A0.2.01 and A0.2.02. Sheets S2.90 and S2.91 are on the latest index sheets. The canopy on Sheet S2.90 is located in the north playground on the west of the west portion. See LM-09-2&3 (latest version Rev8) for example. The canopy on S2.91 is void. That canopy structure has been removed from the project.</p>										
PRECON-357	Tensile Fabric Roof Structure	Closed		None	Bakos, Scott (Ber...	05/17/2022	Andrew Guirguis	05/22/2022	06/02/22		Phase 2/3 GMP 2022 (Precon)			
				<p>Andrew Guirguis Sent Wed May 11, 2022 at 03:59 pm EDT</p> <p>Q:</p> <ol style="list-style-type: none"> Please confirm the canopy steel (shown on drawing A4.2.70 and other drawings) receives a 3 part paint system as defined in spec section 13 31 01 "Tensile Fabric Roof Structures" (or its approved equal), and does not receive intumescent paint. Regarding the sprinkler system described on drawing A2.2.71 and FP2.10 and other drawings: Please confirm the contractor for the tensile membrane structure can exclude the sprinkler pipe system "cablenet" at this stage, based on either: <ul style="list-style-type: none"> The cablenet and sprinkler pipe system planning to be developed jointly between the tensile membrane contractor and the design team at a later stage, or, The sprinkler system being supported by the rigging structure. To explain the reason for this RFI - Our contractor has the following concerns about trying to attach a sprinkler system to a cablenet underneath the membrane structure: <ul style="list-style-type: none"> The tensile membrane structure deflects upwards and downwards significantly under wind loads. A cablenet supported by the tensile membrane structure will also be flexible. Trying to support a stiff sprinkler pipe system from the tensile membrane structure or a secondary cablenet could be a problem due to the sprinkler pipe system not being able to handle the movements associated. The tensile membrane structure shape is doubly curved like a clamshell which would make locating sprinklers in close proximity to the membrane difficult. As stated by our tensile membrane contractor, they are not experts at NFPA requirements for sprinkler pipe systems or their support. 										
				<p>A: Daniel Balean (Bermello Ajamil & Partners, Inc.) Responded Wed May 18, 2022 at 09:58 am EDT 1. Intumescent paint not required. Only 3 part paint system. 2. Sprinklers are required by the Fire Department for the size of tensile structure. The cablenet was the proposed system that was agreed on with that looked best. If the subcontractor does not agree with the cablenet then they have to propose another equal system to hold the sprinklers and provide the same coverage. Additional input from owner requested since this involves pricing and means and methods.</p>										
				<p>Scott Bakos (Bermello Ajamil & Partners, Inc.) Responded Sun May 22, 2022 at 12:36 pm EDT The final response should be:</p>										
				<p>A:</p> <ol style="list-style-type: none"> Confirmed that the canopy steel is shown on drawing A4.2.70 and other drawings receive a 3-part paint system as defined in spec section 13 31 01 "Tensile Fabric Roof Structures" (or it's approved equal), and does not receive intumescent paint. Sprinklers are required by the Fire Department for the size of tensile structure. The cable is the proposed system/design intent, and a photo of a constructed tensile project with the same sprinkler piping/design intent has been provided to KL for reference. If the subcontractor cannot provide what is shown in the drawings, they have to be fully transparent as to how they provide an equal code approved sprinkler system with the same

	<p>Doral Amphitheater - Load Criteria - 16September22.pdf A1.dwg</p> <p>A: Daniel Balean (Bermello Ajamil & Partners, Inc.) Responded Thu Oct 6, 2022 at 03:49 pm EDT 5. (additional response) A4.2.70 Rev8.</p> <p>Daniel Balean (Bermello Ajamil & Partners, Inc.) Responded Fri Oct 7, 2022 at 03:52 pm EDT Kaleb asked about question 3. Also, response to question #3 states that encasement of anchor reinforcement in portion of concrete able pile caps is by Birdair. Can this be clarified? We are responsible for providing anchor rods and anchor templates to be installed by others but concrete, rebar, grout, etc. is to be by others.</p> <p>A: Camilo responded, Kaleb, The anchor reinforcement is specified by Bird Air so you can control the detailing and geometry since the base plate is above the pile cap. If we do it, then we would need to wait for your final design (geometry and height above the ground) in order to detail the pedestal that will receive it. This is the way we have handled this item in the past with your team and it seems to work best because you can control the engineering up to the connection with our pile caps where you would just need to develop the pedestal reinforcement. We can detail it if you prefer but would need the info above from you.</p> <p>A: Daniel Balean (Bermello Ajamil & Partners, Inc.) Responded Wed Oct 5, 2022 at 03:21 pm EDT 4(additional), account for central -front of house lighting truss (approx 40 feed wide) -(2) 4,000# loads shown on A4.2.20. 6 (additional). Height per Birdair requirements.</p> <p>Daniel Balean (Bermello Ajamil & Partners, Inc.) Responded Wed Oct 5, 2022 at 03:15 pm EDT A: 4. See A4.2.20 Rev 8 for locations and loads. in addition to the integral access stair inside truss and followspot perch previously discussed with Birdair. 5. Birdair to provide based on elevation A4.2.20.</p> <p>Camilo Torres (Bliss & Nyitray, Inc) Responded Wed Oct 5, 2022 at 02:48 pm EDT 1. Loading is acceptable 2. Confirmed but sprinkler support structure is connected to the space truss. See SSK #7 attached for clarity. 3. Confirmed. Encasement of anchor reinforcement in portion of concrete above pile caps is by Birdair (See S4.02) A: 4. Arch/Sub to confirm 5. Arch/Sub to confirm 6. Please see S2.71 for frame of rigging structure. The top elevation of the trusses can be defined based on the deflection of the tensile fabric (Arch to confirm, the idea is to have it as higher as possible) SSK #7 - Rigging structure extension for sprinklers (RFI #81).pdf S4-02 - AMPHITHEATER FOUNDATION DETAILS.pdf</p>

CON-126	PH 4 - MDF Room #R2030 Clarifications	Closed	Sprinklermatic Fi...	Lorenzo, Manny (Sprinklermatic Fire Protection)	Balean, Daniel (B... Bakos, Scott (Ber...	09/06/2022	Susan Velazquez	09/13/2022	09/09/22		Phase 04 Rec. Center GMP 2022 (Precon)	TBD		TBD
	<p>Susan Velazquez Sent Tue Sep 6, 2022 at 09:36 am EDT Some clarification is needed in regard to the Clean Agent/Pre-Action for the MDF Room R2030. Please see below the following items needing clarification.</p> <p>Per NFPA 75:9.1.1 ITE rooms and ITE areas located in a sprinklered building shall be provided with an automatic sprinkler system. Please reference to attached email from fire sprinkler sub-contractor.</p> <p>Please reference to the attached pre-action cabinet product data. Coordination may be required to locate this equipment in the room or some other external room. There will be a vertical cylinder, manifold, (2) releasing panels, a pre-action cabinet (see attached) also visit page 17 (single unit) for the drain requirement, and it will also have (2) layers of piping at the ceiling (dry piping with closed sprinklers and open piping with open nozzles).</p> <p>Q:</p> <ol style="list-style-type: none"> 1. Please confirm this requirement and include the pre-action system and its associated power on the electrical drawings. Current plans do not include 120VAC power. 2. Current plans show a 1-hour rated assembly on sheet A1.11 for this room. However, sheet A2.51B only calls for the south wall to be 1 hr rated. Please advise the correct wall types for this room. 3. Reflected ceiling plans show an exposed ceiling on A3.51B. Please confirm ceiling type and advise if changes need to be made to accommodate the clean agent/pre-action systems. 4. A9.01 does not call for this door and frame to be fire rated. Please advise. 5. Hardware set is 13.1 which doesn't call for an auto threshold or smoke seals. These are typical on clean agent room necessary to prevent air/gas leakage and pass a "fan" test. Please confirm these are required and revise the hardware set for the MDF Room R2030. <p>Clean Agent Requires Fire Sprinkler System - NFPA 75.9.1.1.pdf FM-076D-0-55H-T3-Double-interlock-electric-pneumatic_Self-contained.pdf</p> <p>Daniel Balean (Bermello Ajamil & Partners, Inc.) 	Luis Rodriguez (Cordova Rodriguez & Associates) Responded Sun Aug 21, 2022 at 03:10 pm EDT REF RFI#CON-094 CRA responses.													
	<ol style="list-style-type: none"> Structures are installed per Rev 5 Location. Rim elevations are modified, and openings of the structures will not work. Pipe and exfiltration trench are installed per Rev 5. Please refer to attached snapshot from sheet C-201. <ol style="list-style-type: none"> Structure #75 (already installed) remains as installed. Remove pipe connecting #75 to #116. Plug opening at #75. Core drill #75 to SE towards lawn. Connect new 15" pipe to #154 Remove #116 Adjust grading required to drain per original design. Several changes due to the rotation of the Amphitheater. Please advise if the drainage is considering the use of the yard drains released as directed. Please refer to attached snapshot from sheet C-202 and the yard drain list onsite. <ol style="list-style-type: none"> The latest design considered the original design for the amphitheater. Overall drainage at the stage / VIP area remains the same except for the 180 degrees rotation. The connection to drainage system to the east and west might require field adjustment and new connection per latest revision. Please consider and take advantage of using items previously released and already at the site. No objections to field adjustments to still use material (yard drains / pipes / fitting) readily available. Field changes can be coordinated with pour field representative and reflected in the as-builts. 													
A:	<ol style="list-style-type: none"> Structures are installed per Rev 5 Location. Rim elevations are modified, and openings of the structures will not work. Pipe upsizing, subgrade will need to be regrade to new elev. (1ft cut). Please refer to attached snapshot from sheet C-204. <ol style="list-style-type: none"> Piping from #83 to #85 to remain as installed. #86 to be removed/replaced or field adjusted to comply with revised rim elevation of 6.00. YD #82 to be installed connecting to YD284 only YD #284 to be revised to include a connection to the SE to #82. This includes a new run of 12" pipe to #82. Core drill #82 (NW at inv el 3.50) for new 12" pipe from YD#284. Yard Drain has been revised, but they are already onsite per previous layout. Rev. 10 is adding precast structure instead of yard drain previously ordered. Please confirm if anything can be repurposed. Please refer to attached snapshot from sheet C-205. <ol style="list-style-type: none"> Please take advantage of all opportunities to re-purpose items already at the site. YD #87 to be replaced to include new pipe / outlet in the NW direction connecting to #280. Structure #87 to be replaced with a "ditch bottom" type. Adjust location of #87 such that structure YD#88 can still be used. Adjust length of exfiltration trench between #280 and #183 accordingly. Drainage on the ball field is by others. Drainage is installed per Rev 5. Grades. Revisions will require cut of the previous prepared areas to subgrade. Please advise if installed lines can

	Q: Susan Velazquez Sent Fri Jul 15, 2022 at 10:35 am EDT Clarification is needed for the Recreation Center Indoor Equipment, Training Equipment and Fitness Equipment, please see the following questions: 1. Item #114 on the latest FFE Matrix states that the Appliances (W/D, Refrigerators, microwaves, etc.) are to be furnished and installed by KL. Please confirm. If so, please provide product info/specifications. 2. Item #116 on the latest FFE Matrix states that the Demo Kitchen Equipment (Refrigerator/Freezers, Microwaves, Dishwasher, Ovens, Stove Tops) is to be furnished and installed by KL. Please confirm. If so, please provide product info/specifications. 3. Item #119 on the latest FFE Matrix states that the Storage Shelving is to be furnished and installed by KL. Please confirm. If so, please provide product info/specifications. 4. Item #120 on the latest FFE Matrix states that the Tables and Chairs are to be furnished and installed by KL. Please confirm. If so, please provide product info/specifications. 5. Item #125 on the latest FFE Matrix states that the Gymnasium Fixed Equipment (Lockers, Divider Curtain, Wall-Pads, Bleachers, Scoreboards, Basketball Backstops, Volleyball Poles, Nets and Floor Sleeves) is to be furnished and installed by KL. Please confirm. 6. Please provide final confirmation on the responsibility of furnishing and installing of the interior fitness equipment. Please confirm KL will not be installing/providing fitness equipment as contract documents are silent. • If actual fitness equipment is to be furnished and installed by the Contractor, please provide product info/specifications and any necessary drawing revisions.													
	A: Joanne Regidor (AECOM) Responded Mon Jul 18, 2022 at 11:23 am EDT Note: Attachments to be confirmed by Design Team 1. Yes, Item #114 furnished and installed by KL. Please see attachment #1 for product info/specifications. 2. Yes, Item #116 furnished and installed by KL. Please see attachment #1 for product info/specifications.

	6. Please provide updated MEP plans for revised pool site plan to include proposed locations for data drops. 8. On Pool Layout plan, please confirm if there are any outdoor showers on the competition and/or recreation pool sides. 11. On sheet A2.20, Parks Team has noted that since 2nd level restrooms have been eliminated in competition side, can they discuss access to shower areas from 1st level restrooms. 12. On sheet A2.30, please confirm if there is a direct connection from Timing Room to the scoreboards on the competition pool side. If not, what method of communication will the scoreboard use? Has IT reviewed proposed communication method? 13. On sheet A2.68, please confirm if all showers have phenolic partitions separating them. 14. On sheet A4.20, please confirm the capacity of revised grandstand layout. AOR/EOR: Please advise how we are to proceed and provide any necessary drawing revisions to reflect any changes made.														
	Daniel Balean (Bermello Ajamil & Partners, Inc.) Responded Tue Aug 9, 2022 at 12:02 pm EDT A: Please see attached partial responses. CON-92-BA-partial response 08.09.2022.pdf														
CON-77	Doral Park's Department Questions Phase II/III (Remaining Questions)	Closed	None		Regidor, Joanne (...) Olney, Kirk (Berm... Bakos, Scott (Ber... Healey, Liliana (...)	06/13/2022	Susan Velazquez	06/20/2022	08/03/22		Phase 2/3 GMP 2022 (Precon)				
	Susan Velazquez Sent Mon Jun 13, 2022 at 04:05 pm EDT This RFI will serve as a memorialization of the below comment from the City of Doral Parks & Recreations team's review of Phase II/III drawings as well as for follow up responses on this item: <ul style="list-style-type: none"> Please advise if the overflow parking area is stabilized and has irrigation. On sheet LM-07, parks has noted the need for vehicular access or ability for vehicles to access multi-purpose open area for maintenance and events. Please advise on options for solution. On RFI #CON-73, Kirk Olney responded the following: "Comment No. 3 Response: Vehicle access to the multi-purpose field is problematic from the north due to baseball facility components and existing to remain trees. We would suggest access to the multi-purpose field being from the south parking lot. As such, the pedestrian sidewalk would need to be made 6" thick concrete as depicted in the attached sketch. Please note that exercising this option will add cost to the concrete sidewalk. Please confirm if this change should be incorporated into the construction contract documents."														
	Q: On RFI #CON-73, Joanne Regidor responded the following: "Question/Comment 3 to be discussed further with the City during next OAC meeting. The proposed option provided by the design team may not meet Parks' operational needs." <ul style="list-style-type: none"> Parks Team has noted that vertical railing is preferred as it does not encourage climbing and addresses the durability concerns with the horizontal railing. On RFI #CON-73, Liliana Healey responded the following: "We are working with the structural engineer to provide a cost effective solution."														
	AOR/EOR: Please advise how we are to proceed and provide any necessary drawing revisions to reflect any changes made.														
	Joanne Regidor (AECOM) Responded Tue Aug 2, 2022 at 03:55 pm EDT A: Response for vertical railing submitted by Daniel Ramos (Attached). This closes RFI #CON-77. BA_RFI_073 Marine - Boardwalk Railing.pdf														
	Joanne Regidor (AECOM) Responded Fri Jul 29, 2022 at 03:25 pm EDT

	<p>2.This is a rolling gate. 3.Free standing bleachers do not include shade structures 4.This area is separated from pedestrian thoroughfares with a 6" raised landscape curb. Landscape in this area is intended to create a fun tropical area with the slides tucked into the landscape. The landscape is also intended to encourage people to use the ladder and not exit the pool near the bottom of the slides. We will look at scaling back landscape. 5.Updated landscape plans shall be provided as part of the Phase 4 VE redesign submission the week of June 20, 2022. 7.Yes this is intended to be a landscape area. It is intentionally show next to the water to provide tropical interest and provide some breaks from all of the pavement. Would prefer to not locate between lounges as indicated as it would block route of travel from the large pavilion to the water. PMT to confirm if the 6" raised landscape curbs are within the budget. Editorial Note: landscape architect is HIGHLY in favor of having the 6" raised landscape curbs. 9.Correct, cabanas have been removed. There are still three large pavilions though. It is our understanding that the cabanas were removed for budgetary reasons. PMT to confirm and provide direction. 10.Furniture: these are picnic tables and one with an umbrella. "For all the right reasons!" SM

CHANGE ORDER FORM

To Contractor: Kaufman Lynn Construction Change Order Number: 40
 Contractor Address: 3185 S Congress Ave, Delray Beach, FL 33445 Proposal Number: N/A
 Project Name: Doral Central Park
 Project Number: GMP TURNOVER E

The City and Contractor hereby agree to perform the changes to the work as shown on the Field Work Order No. , dated: N/A
 and/or the additional work as described on Proposal Number: N/A , dated N/A

PROPOSAL DESCRIPTION:

This proposal from Kaufman Lynn Construction [CMAA] includes the Cost of Work as outlined in their GMP Turnover E package submitted to the City, and will amend their existing contract. GMP Turnover E includes cost of work in Phases II/III and IV including Contingencies, Contractor's Fee. Services along with the intermediate milestones of the Phases are to be completed as outlined in the attached schedule, which indicates a substantial completion date of December, 2024. The GMP is in accordance with the contract documents' GMP drawing log attached by Bemello Ajamil & Partners, Inc. (Design Team).
 Owner Direct Purchase shall be utilized whenever possible, by the Contractor, to realize tax savings for the City of Doral. A detailed and negotiated Schedule of Values (SOV) shall be provided by the Contractor for each contract scope of work, as contractors are issued subcontracts associated with the GMP Turnover. Included in this GMP Change Order are the following scopes of work: For Phase II/III – Finished Carpentry, Waterproofing, Tile, Resinous Flooring, Paint, Signage, Toilet Partitions and Specialties, Shelters, Shelters, Rigging Systems, Trail Equipment, Playfield Equipment, Fire Suppression, Plumbing, Site Concrete, Artificial Turf, Fence & Gates, Site Furnishings, Landscape and Irrigation. For Phase IV – Concrete & Masonry for the Recreation Center and Aquatics Facility, Structural Steel for the Recreation Center, Aquatics Canopies, Structural Steel for Outbuildings, Rough Carpentry, Finished Carpentry & Countertops, Aquatics Roofing, Fireproofing/Firestopping, Doors/Frames/Hardware, Glass/Glazing/Hardware, Stucco/Exterior Framing for Aquatics and Recreation Centers, Drywall, ACT, Tile, Sports Flooring & Gym Equipment, Resinous Flooring, Paint, Signage, Toilet Partitions, Folding Panel Partitions, Lockers, Appliances, Window Treatment, Stadium and Arena Bench Seating, Elevated Grandstand, Swimming Pools, Plumbing, HVAC, Electrical, Augercast Piles, Site Concrete, Artificial Turf, Fence & Gates, Site Furnishings, Landscape, Turnstiles. General Conditions, General Requirements, Bond, Insurance, CMR Contingency, and CM Fee also included. ODP's have been deducted in the amount of \$9,889,778 through 6/13/23. Kaufman Lynn's total contract value, including this Turnover E and deducted ODP's is \$147,616,015.52

Contract extension request: (Calendar Days) N/A

RE: **Doral Central Park – GMP – Turnover E**

Mr. Garcia,

Kaufman Lynn Construction is extremely pleased for the opportunity to submit to the City of Doral “Owner” and AECOM “PMT” the Guaranteed Maximum Price (GMP) for **Turnover E** (5 of 5) of the Doral Central Park project. The GMP is in accordance with the contract documents GMP Set Revision 15 of Phase 2.3 and Revision 24 (sans DOH comments) of Phase 4 by Bermello Ajamil & Partners, Inc., as well as Qualifications & Assumptions dated 5/18/2023.

The GMP is in the amount of **Sixteen Million, Nine Hundred and Twenty-Nine Thousand, Seven Hundred and Ninety Three Dollars (\$16,929,793)** for the the Phase 2/3 and Phase 4 Cost of Work including adjusted insurances and fee.

Should you have any questions or need additional information, please do not hesitate to contact us.

Thank you for your consideration.

Turnover E Contractor Clarifications and Assumptions

May 18, 2023

GENERAL

This scope is intended to expand and/or clarify plan interpretation in instances where the plans are in conflict or silent. Should the plans conflict with other contract documents, this proposal is based on the plans being the default.

1. The following are excluded:
 - a. Cost and resource loaded construction schedule.
 - b. Cost of utility usage for temp for test.
 - c. Cost of utility usage and services and/or trash removal services to the site and/or buildings after substantial completion is achieved. An allowance has been carried for electrical utility usage prior to substantial completion is achieved.
 - d. FPL specific utilities/materials/equipment provided directly by FPL such as: transformers, Manholes, Cabinets, Power Poles, Primary Conduits and wire, and Deposits.
 - e. Cable TV/Phone/LAN Cable/Fiber Optic equipment and cable or phone wire from service point to communication room(s) and cable or phone wire from communication room(s) to unit.
 - f. Water Meters, Fees and Deposits.
 - g. Deposits for permanent electric meter(s).
 - h. Cost relating to Radon Mitigation.
 - i. Provisions for Architect offices (Onsite trailer provisions are included for AECOM team – See Turnover A)
 - j. Enhanced Commissioning Agent and/or Special Testing Engineer services. Normal start-up included.
 - k. Material testing cost, threshold or special inspectors and inspection/sequencing costs

- i. Mock-up's rooms/units/structure not incorporated into the finish product unless explicitly noted in the project specifications.
 - m. Removal, disposal, remediation, and premiums associated with unforeseen or unsuitable soil conditions, hazardous materials, or other materials requiring a controlled removal/disposal.
 - n. Any special labor rates that may be required by project location, funding, municipality governance, etc. such as Davis Bacon Act.
 - o. All permit fees, other than direct subcontractor subpermit fees by KL, are by others.
 - p. Owner contingency as the owner has agreed to carry that *outside* of this GMP.
2. It is anticipated that work will be performed during normal business hours (7:00 AM to 5:00 PM) including Saturdays, if required.
3. The budget update was not based upon costs for the relocation of existing concealed conditions (i.e., structural, underground utility, rock removal, limestone, coquina, shell rock, artifacts, unsuitable soils, demucking, voids or pockets in the subsurface condition, etc.) that may be required due to the installation of the work. Relocations, removals, adjustments in design and affects from unforeseen or any underground conditions are not included and will be addressed per occurrence for Cost and Schedule impacts
4. Plan/Drawing Revit Model and CAD Files shall be provided by the Owner as required for use by KL subcontractors in their preparation of Shop Drawings for the project.
5. Regarding temporary and permanent power, temporary or construction power will be the responsibility of KL in its entirety (FPL Fees by owner). On permanent power and consumption, KL is responsible for secondary power feeds complete. Once the permanent meter(s) have been installed by FPL, KL will no longer be responsible for its consumption henceforth.
6. In accordance with AIA A201-2017 section 1.6, Notice shall be deemed to be fully served is sent by electronic transmission via electronic mail or through Procore.
7. In alignment with the statements of item 3.1.4.4 in the AIA Prime Contract, the GMP is contingent on review of project submittals by the design team/owner are assumed to be a maximum of 10 working days following submission by KL.
8. Exhibit F in the Prime Contract regarding Milestone bonuses shall be amended to the dates and activity codes in the project schedule as follows:

- **Milestone 1 - \$100,000**
 - (Activity Code MS-OI-1000) **Date 06/19/2024** – *Substantial Completion for the Amphitheater and Immediate Surrounding Site Amenities within 8" Picture Frame surrounding Amphitheater.* Contingent on Phase 2/3 Switchgear arriving to the project site on, or before, 3/1/2024 **and** Nature area (Sensory Playground) being excluded from Phase 2/3 permit for AHJ TCO/Sign-off. If Nature Area must remain in milestone, then date shall be latter of playground completion/AHJ Sign-off **or** 6/19/24. If new Playground is completed and signed off without schedule impact, then 6/19/2024 milestone date shall remain.
- **Milestone 2 - \$100,000**
 - (Activity Code MS-OI-1040) **Date 12/19/2024**- *Substantial Completion for the Aquatics Facility Contingent on Phase 4 Aquatics Switchgear arriving to the project site on or before 5/28/2024.*
- **Milestone 3 - \$100,000**
 - (Activity Code MS-OI-1020) **Date 10/28/2024**- *Substantial Completion for the Rec. Center. Contingent on Phase 4 Rec. Center Switchgear arriving to the project site on or before 3/8/2024 3/8/2024*
 - The contract drawings for both the Recreational Center and Aquatics center are currently permitted as one (1) Phase 4 package. The substantial completion date of 10/28/2024 listed in this milestone assumes the AHJ will provide a TCO/Signoff solely for the Recreational Center prior to completion of the Aquatics Facility and surrounding Phase 4 site. If the AHJ does not permit this sign-off, the Milestone 3 date shall be amended to the completion of remainder of Phase 4 to **12/19/2024**.
- **Milestone 4 (A,B,C) - \$100,000 (Divided into 3 sub-milestones – Punchlist Related)**
 - **Milestone 4A (\$30,000):** (Activity Code MS-OI-1010) **Date 8/1/2024.** *Punchlist completion for the Amphitheater (Type 1 & 2 on Exhibit F)*
 - **Milestone 4B (\$35,000):** (Activity Code MS-OI-1050) **Date 2/3/2025** *Punchlist completion for the Aquatics Facility (Type 1 & 2 on Exhibit F)*
 - **Milestone 4C (\$35,000):** (Activity Code MS-OI-1030) **Date 12/10/24** *Punchlist completion for the Recreational Center (Type 1 & 2 on Exhibit F)*

*For **Punchlist** Milestones (herein Milestone 4A, Milestone 4B, and Milestone 4C), in an effort to expedite Final Turnover and Punchlist sign-off, AECOM or Bermello Ajamil can serve to review and approve/sign-off on corrected punch list items.

- Exhibit F is amended to Punchlist to be provided by Owner/Architect within 30 calendar days of Substantial Completion or prior to occupancy of an area, whichever is sooner. Design team shall begin punch list walk within 36 hours of KL notification that Milestone area is ready for review.
- The punch list and all its associated processes will be digital via Procore digital software. This includes but not limited to: Punchlist item logging and pictures, punch list responses, and punch list approval. KL will provide walk through of the software's Punchlist tool as well as access to all parties who will be part of the punch list process.

*All Milestone dates are subject to revision in the event of a formal project Time Extensions (Change Orders, Weather, etc.). **Distribution and awarding of Milestone funds shall not be subject to delays due to scopes of work outside of Kaufman Lynn's GMP or sub tiered by others (including, but not limited to, CCTV/IT/AVI/Security/City Provided Furniture Vendor/Interior Exercise Equipment Installer/etc.). Milestone bonuses shall not be unreasonably withheld.**

- 9.** The following items are not included within this GMP and are hereby excluded. KL has made a good faith effort to provide Rough Order of Magnitudes for owner budgeting purposes, however items shall be added to the project as a Change Order if they are to be included within the project: Rec/Aquatics Shelving (~\$30,000), Revisions included in latest VE plan set which are *not* related to VE (~\$60,000), Irrigation Revisions not yet received associated with VE drawings (~\$50,000), Site Lighting Mounted Assembly Brackets (~\$75,000), Pool Deck Storage bins and Water Polo Balls (~\$10,000), potential Fire Hoses required at Amphitheater due to Sprinkler Removal (~\$50,000), and Flagpoles (x3) *and* associated uplights (\$20,000)

- Examples of revisions associated with this \$60K budgetary number for VE plan set updates include additional/revised gates for FH access (C215), revised trench drain piping and amphitheater lawn slope (C202), Service Entrance Swing Gate (LF-07/LM-07), Seat Wall Adjustment at Amp. (LL-02), Revised Sliding Door Update (A2.50A), E2.50N, Door Hardware Updates in Door Schedule, and all other updates on the drawing set/narrative not associated with VE.

DIVISION 04 – Masonry

1. Masonry Fill insulation is excluded (not required)
2. Masonry scope of work on structural drawings taking precedence over architectural drawings.

DIVISION 05 – METALS

1. Stair cladding is excluded per response to RFI 386 (Painted).

DIVISION 06 – Woods & Plastics

1. Wood base (WDB) is excluded (none shown)
2. Counter tops in the Laundry R1205 are included as plastic laminate with manufacturer's standard finish.
3. Wall cap at Check-in R1095 is included per A7.09.
4. Windowsills / stools are included as solid surface and provided where shown on the Drawings.
5. Millwork hardware is included as standard grade.
6. Quartz / stone provided as separate pieces, alignment of veins excluded.
7. No fire rated materials are included for millwork components
8. Storage Shelving is included as an allowance (\$30,000) as locations within the project, quantities, and specification parameters (including sizing/dimensions) are not specified. Refer to RFI CON-373.
9. Fabric wrapped acoustical panels are not shown on drawings and as such not included.
10. AWI certification cost are included in this GMP.
11. Custom Artwork is excluded (OFOI – FF&E)
12. Locks for casework/cabinets/drawers are only provided where shown on Drawings.

DIVISION 08 – Fireproofing

1. Sprayed on fireproofing is included at the metal decking of the roofing system at the Recreation Center building only. (below 20' floor to deck only)
2. Cementitious fireproofing is included for exposed structural beams of floor assemblies, joists, and metal decking of roof assemblies at the Recreation Center only. (See submittal P4R-078100-001PH4RC for approved Fireproofing Shop Drawing)
3. All other buildings other than the Recreation Center exclude sprayed fireproofing per Life Safety drawing requirements

DIVISION 08 – OPENINGS

1. Standard door hardware is included throughout as shown on the Door Schedule. Card reader or biometric access control technology provisions are not included unless specifically shown on Door Schedule. Card Reader/Biometric Access Control Tech. provided and installed by others.
2. Auto operators, card readers, biometric readers, magnetic locks, and keypads are excluded. (By others)
3. Hardware is included as best-match at openings which do not specify assigned hardware sets.
4. We have included product-approved assemblies at exterior applications.
5. Door protection which is not called out on the door and hardware schedules is excluded.

DIVISION 09 – FINISHES

Drywall and framing

1. Fi Foil insulation at all exterior partitions included.
2. Exterior and interior walls are provided per the wall types in the Permit Set of documents.
3. Drywall is included with a Level 4 finish. Level 5 finish is excluded.
4. Exterior framing included as 3 5/8" 18 GA 16" OC framing with 5/8" plywood.
5. Demountable partitions are excluded. (FFE)

Flooring

1. Carpet is included as direct glue down.
2. Rubber stair treads (RBSTR) are excluded – none shown on plans. See RFI 143
3. Resinous Flooring is included per the permit set of plans.
4. Gym carpet tile/mats and transportation carts have been included per RFI CON-374. Included are 840 Facility Armor 3"x6" CourtArmor Tile Gym Floor Cover with 6 Tile Storage Carts (150 tile capacity) to cover 15,140 sq ft for the 2 court Gym. Tile mat is ¼" thick, charcoal color, and 7 year limited warranty.

Paint

1. Painting materials based on Sherwin Williams, PPG, or equal products.
2. White satin finish has been included at Recreation Center Stair 1 stringers only per response to RFI CON-386.

Stucco

1. Stucco assemblies are excluded at the Maintenance Building (Prefabricated building comes pre-finished)

Tile

1. Tile is included as thin-set (Only porcelain tile on the project)
2. Fluid crack isolation and waterproofing membrane for restrooms included as Mapei AquaDefense or equal.

DIVISION 10-13 – EQUIPMENT & SPECIALTY**Operable Partition**

1. The operable partitions at the aquatics support meeting areas are Skyfold's Classic or Zenith 51 Powerlift Wall Partition System with an STC 61 rating and a vertically folding movement.
 - a. System includes a 1HP Standard Drive motor.
 - b. The partitions will fold into a pocket door system / bulkhead soffit.
 - c. We have included a standard fabric finish – vinyl SKY-509.
 - d. Approximate size = (2-EA) opening 20'-0" wide x 10'-0" high.

Wall Protection

1. Full height stainless steel corner guards are included as shown in the Permit set of Drawings.

Fire Protection Specialties

1. We have included fire extinguishers in cabinets per fire extinguisher plans / fire code.
2. We have included 8 Knox Boxes per the LM drawings.

Signage

1. Site signage as indicated on the Permit set of plans.
2. Excludes display monitors (by others) and digital signage kiosks (removed)

Bathroom Accessories

1. Toilet accessories are by Bobrick or (ASI) American Specialties, Inc. Single source manufacturer will be provided for entire project.
2. Toilet partitions are manufactured by either PSISC or ASI Global Partitions. A single source manufacturer will be provided for the entire project.
3. Toilet partitions are included as phenolic class A partitions with stainless steel hardware and

continuous brackets in manufacturer's standard colors and finished only.

Lockers/Benches

1. 5 Tier & Z Tier Lockers for specified buildings are included. This includes standard surface mounted padlock hasp bars only.
2. Phenolic Lockers to be manufactured by either List Industries (Versamax), Summit Lockers, Columbia Lockers, PSISC, or ASI Storage Solutions. Single source manufacturer will be provided for entire project.

EQUIPMENT

1. Portable gym / multipurpose fitness equipment (exercise machines, weight benches, free weights (all weight training equipment), mats, steps, bands, balls etc.) are to be furnished and installed by others. All power requirements shall be provided to this equipment as shown on the contract electrical drawings.
2. Portable gymnasium equipment (portable nets, balls, carts, racquets etc.) are excluded per the responsibility matrix. These items are to be furnished and installed by others.
3. 2nd floor Terrace Café (R2090) Kitchen Equipment/Applications at the Recreation Center Kitchen are excluded and OFOI, or future tenant, per drawings and latest responsibility matrix. This includes F&B equipment.
4. Food service equipment at the Demo Kitchen (R1030) is included in the GMP.
5. Appliances in the Recreation Center Breakroom (R1200 - no details on plans) have been included in this GMP. Appliances at the Breakroom (M1025) in the Maintenance Building have been included.
6. Window washing equipment / suspended maintenance and fall protection equipment is excluded (none shown)
7. This GMP includes the concession equipment and appliances at the aquatics support building
8. All IT equipment (computers, printers, copiers, etc.) are OFOI.
9. This GMP includes a furnish and install budget only for the Recreation Center and Aquatic Center turnstiles. Electrical, data, telecom, IT, security, etc. provisions for these turnstiles are excluded as none are shown in the Contract Documents.

FURNISHINGS

1. Pool deck furniture is by others per FFE Matrix is by others (excluding Waste Receptacles and Pavilions)
2. "Pop-up" tents are excluded and assumed to be OFOI.
3. All furniture (desks, chairs, cubicles, file cabinets, etc.) are excluded and intended to be OFOI /VFVI
4. The GMP includes Manual Roller Shades by using Mermet E Screen 5% Fabric with Aluminum Fascia at all locations indicated by mark "JJ" on Sheet A10.01.
5. The GMP includes Motorized Roller Shades using Mermet E Screen 5% Fabric with Aluminum Fascia at all locations indicated by Mark "MM" on sheet A10.01.

SPECIAL CONSTRUCTION

Grandstands Seating System

1. The Grandstand seating system (bleachers) are included as Alum-A-Stand as manufactured by Dant Clayton.
2. Railings shall have a clear anodized finish.
3. Front closure skirt is included for the elevated bleachers at Grandstand building.

DIVISION 22 – PLUMBING

1. Includes PVC piping for Storm drainage piping per RFI #CON-135.1.
2. Includes CPVC water piping in lieu of copper per RFI #CON-262.

DIVISION 31 – Earthwork

1. Drainage structure locations at amphitheater are included per what is installed in Revision/ASI# 12. Trench drain shift to the North will be accommodated with drainage structures (other than Trench Drain) to remain in the same location.
2. Drainage is not included for the AV floor boxes not shown on the Plumbing or Civil drawings.

DIVISION 32 – Exterior Improvements**Site Concrete - Sidewalks / Decorative Concrete**

1. Integrally colored concrete is excluded. (not shown)
2. Providing both exposed aggregate concrete finish **and** picture frame border effect concurrently for the esplanade 8" concrete walkway is not feasible. Therefore, only exposed aggregate finish is carried (without picture-framing) at Esplanade area (Promenade area along lake shall be picture frame per LM drawings).
3. All sidewalk concrete work will include medium broom finish.
4. Steel reinforcing (rebar or wire mesh) is excluded for all site concrete flatwork with the exception of rebar in concrete curbing as shown in the permit set.
5. All esplanade concrete sidewalk/walkway is included as 8" concrete per RFI CON-175.

Fencing & Gates

1. We have assumed that the existing chain link fencing at the North & South property lines, at the areas specifically called in drawings, are to remain at these locations unless specifically shown to be replaced

Indoor Playground Equipment

1. Indoor play equipment is included per the response to RFI CON-322 (Orcacoast Play Model OC-104)

Athletic Courts

1. Painting and markings on tennis courts and basketball courts are included. Playing lines to be painted in accordance with USTA & High school regulations using white textured heavy bodied acrylic latex paint.
2. All athletic equipment for the athletic courts (4-EA tennis courts & 3-EA Basketball courts) is included per the permit set of documents.

Sensory Playground (North)

1. Sensory Playground (North) area, including playground equipment installation, has been placed on hold via email directive on 5/16 by City of Doral. Kaufman Lynn will exclude Nature Area completion from Phase 2/3 Turnover until further direction is provided on revised drawings, newly selected equipment procurement times, and owner approval on cost impacts. Boardwalk will be completed & turned over, however accessibility from Boardwalk to Playground will not be available.

Landscaping

1. Clusia Flavia (Small Leaf Pitch Apple) quantities are carried based on the quantities shown on Landscape Plan for Revision 8 (Quantity: 2328)
