

WORK ORDER No. 11 FOR PROFESSIONAL SERVICES

TO: Marlin Engineering Inc.
2191 NW 97 Avenue
Miami, Florida 33172
(305) 477-7575

DATE: April 4, 2019

The City of Doral authorizes the firm of Marlin Engineering, Inc. to provide professional engineering services to conduct environmental services activities and conduct a Phase II Environmental Site Assessment (ESA) at the subject property located at 3000 Northwest 87th Avenue (Folio: 35-3028-020-0010). The services that will be provided as part of this task include project management, soil sampling and analysis, data interpretation, and presentation of a final report stating findings. The work should be performed as described on the attached Proposal submitted by your firm dated April 1, 2019.

SCOPE OF SERVICES AND SCEHDULE:

The scope of the project will be as described in the attached proposal from Marlin. The schedule requires the work to be performed within 15 business days from the date of execution. The performance of services associated with this Work Order will be executed on a lump sum basis with a not to exceed amount of \$8,700. If you fail to begin work subsequent to the execution of this Work Order, the City of Doral will be entitled to disqualify the Proposal and revoke the award.

Work Order is not binding until the City of Doral agrees and approves this Work Order.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement on the day and date first above written, in three (3) counterparts, each of which shall, without proof or accounting for the other counterpart be deemed an original Contract.

**Re: Professional Consulting Services for a Phase II Environmental Site Assessment
Doral Central Park (Approx. 57 Acres)
3000 Northwest 87th Avenue
Doral, Miami-Dade County, Florida 33172
Folio Number: 35-3028-020-0010**

Dear Mr. Hernandez

Marlin Engineering, Inc. proposes to provide the services identified below pursuant to the Continuing Services Final Agreement provided by the City of Doral (The City) for Engineering and Architectural services, dated February 3, 2018.

I. General

The project consists of a Phase II Environmental Site Assessment (ESA) at the above-referenced property.

II. Scope of Services

Task 1 – Please refer to attachment for the complete scope of services by EE&G, a subconsultant of Marlin Engineering.

Task 2 – Administrative Support

MARLIN will provide administrative support by developing and processing progress reports and invoicing.

III. Subconsultants – Optional Services

The below listed subconsultants will assist in the performance of the Work.

Subconsultant Name	Specialty or Expertise
EE&G	Environmental Services

IV. Schedule of Work

SCHEDULE OF DELIVERABLES			
Task or Activity ID#	Major Task, Sub-Task, Activity, or Deliverables	Duration	Delivery Date
	Data Interpretation & Report Preparation	15 business days	15 business days
			upon execution

V. Compensation

Consultant shall perform the work detailed in this Proposal for a Total fee of \$8,700.00. The City shall not be liable for any fee, cost, expense or reimbursable expense or other compensation beyond this amount unless approved in a supplemental work order.

SUMMARY OF COMPENSATION			
Task or Activity ID #	Task Name and/or Activity Description	Fee Amount	Fee Basis
	Phase I and II Environmental Site Assessment	\$8,200.00	Not to Exceed, Lump Sum
	Project Progress Reporting and Invoicing	\$500.00	Not to Exceed, Lump Sum

VI. Additional Services

Additional services and unforeseen circumstances beyond established scope shall be negotiated in good faith and at the sole discretion of The City.

VII. Data Provided by the City

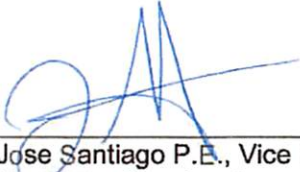

The following information or documents are to be provided by The City, if available: As-built information including survey and geotechnical information.

VIII. Project Manager

Consultant's Project Manager for this Project will be Jose Santiago, P.E.

Submitted by:

Jose Santiago P.E., Vice President
Marlin Engineering, Inc

**Subject: Revised Proposal for Phase II Environmental Site Assessment
Doral Central Park (Approx. 57 Acres)
3000 Northwest 87th Avenue
Doral, Miami-Dade County, Florida 33172
Folio Number: 35-3028-020-0010**

Dear Mr. Hernandez:

EE&G Environmental Services, LLC (EE&G) has prepared this proposal to prepare a Phase II Environmental Site Assessment (ESA) at the above-referenced property (hereafter referred to as the "*Property*"). The objective of the Phase II ESA is to assess for the presence of potential constituents of concern that may be related to the following Recognized Environmental Condition (REC) identified during the February 2019 Phase I ESA research:

- The potential for the presence of arsenic-containing native soils at the *Property* was considered to be a REC.
- The potential for historic dumping during the 1960s and 1970s at the *Property* was considered to be a REC.
- The potential for migration of agricultural chemicals associated with the historic eastern adjoining dairy farm operation during the 1960s and 1970s, which appeared to have operations that encroached onto the *Property*, was considered to be a REC.
- The potential for migration of petroleum products and/or hazardous substances from adjoining/surrounding commercial properties with some which utilized fuel tanks was considered to be a REC.

PROPOSED SCOPE OF SERVICES

Sampling will be conducted in accordance with Florida Department of Environmental Protection (FDEP) Standard Operating Procedures as specified in Chapter 62-160 of the Florida Administrative Code (FAC). Soil and Groundwater samples will be transported to a National Environmental Laboratory Accreditation Conference (NELAC) certified laboratory.

- EE&G will contact the Sunshine One Call utility clearance service to mark public underground utilities, for the protection of the Client; however, they do not assume responsibility for marking private utilities. EE&G will not accept responsibility for damage to unmarked, private underground utilities that are not disclosed.

- EE&G will retain a Florida-licensed environmental driller to advance eight 10 borings across the *Property* over a 1-day event. Soils will be collected in 2-foot intervals from surface grade to a total depth of approximately 6-feet BLS (adjusted to extend approximately 2-feet below water table interface), and inspected for signs of staining, debris or hydrocarbon/chemical odors. Soil samples will be analyzed in the field using an organic vapor analyzer (OVA) equipped with a flame ionization detector (FID), both with and without the use of a carbon filter.
- EE&G will collect 10 surficial soil samples (0 to 2-feet BLS) for analysis of Total Arsenic using EPA Method 6010.
- EE&G will select three of the shallow soil samples collected from the eastern portion of the *Property* that also will be analyzed for Organochlorine Pesticides using EPA Method 8081.
- EE&G will collect six shallow groundwater samples using direct-push sampling technology (at an interval screened across the groundwater table interface), which will be analyzed for the following parameters:
 - Total/Dissolved Arsenic by EPA Method 6010
 - Volatile Organic Compounds (VOCs) by EPA Method 8260
 - Polynuclear Aromatic Hydrocarbons (PAHs) by EPA Method 8270
 - Ammonia (as N) by EPA Method 350.1
 - Organochlorine Pesticides by EPA Method 8081 (3 samples only)
- EE&G recommends that one surface water sample be collected from the onsite lake, and analyzed for the following parameters:
 - Total Arsenic by EPA Method 6010
 - Ammonia (as N) by EPA Method 350.1
- Upon receipt of the field and analytical data, EE&G will evaluate the results and incorporate the assessment methodologies, findings, conclusions and recommendations into a Phase II ESA Summary Report, including associated figures, tables, attachments and supporting documentation.

FEE & TIME FRAME

EE&G's lump sum fee for completion of the proposed Phase II ESA scope is **\$8,200.00**. EE&G can complete the Phase II ESA within 15 business days from receipt of authorization to proceed.

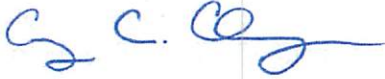

AUTHORIZATION TO PROCEED

We are prepared to initiate this proposal immediately, upon written authorization. If this proposal is satisfactory, please sign and return the attached Professional Services Agreement, along with the required professional retainer.

City of Doral
March 11, 2019

Attachments – Professional Services Agreement (PSA)

PROFESSIONAL SERVICES AGREEMENT BETWEEN
CITY OF DORAL
AND
EE&G ENVIRONMENTAL SERVICES, LLC

This Agreement is made on March 11, 2019, by the City of Doral (Client") and EE&G Environmental Services, LLC ("EE&G").

WITNESSETH

That for the considerations set forth below, the parties hereto do agree as follows:

1. **Description of Services:**

EE&G's Phase II ESA Proposal, dated March 11, 2019, attached and incorporated in it's entirety by reference.

2. **Period of Performance:**

15 business days from received authorization to proceed.

3. **Basis of Compensation:**

\$8,200.00 – Lump Sum.

4. **Method of Invoicing:**

A final invoice will be generated upon completion of the site inspection. Payment-in-full is due upon receipt of invoice and prior to report submittal to client.

5. **Professional Retainer:**

50%; Due upon Authorization to Proceed (Waived with receipt of P.O.).

6. **General Conditions:**

- a. Payments for invoices prepared by EE&G are due and payable upon delivery. EE&G reserves the right to apply a 1.5% monthly finance charge on all balances over 30 days outstanding.
- b. This Agreement may be terminated by either party hereto upon 10 days notice in writing to the other party. Upon termination, EE&G shall prepare and submit a final invoice for services rendered to the date of termination together with any termination expenses incurred.
- c. The parties hereto shall maintain in full force and effect comprehensive public liability insurance with coverage limits which are reasonable in light of the work to be undertaken, and workmen's compensation insurance as required by law.

- d. Any drawings and specifications developed pursuant to this Agreement are instruments of service, and as such the original documents, tracings, and field notes are and remain the property of EE&G regardless of whether the work for which they were prepared is executed.
- e. In the event that legal action is instituted to enforce any of the terms of this Agreement, the party, which does not prevail, shall pay the legal expenses of the prevailing party, including attorney's fees.
- f. The parties hereto each binds itself, its successors, executors, administrators and assigns to the other party to this Agreement and to the successors, executors, administrators and assigns of such other party in respect of all covenants of this Agreement.
- g. EE&G's liability for services to be rendered under this Agreement shall be limited to \$1,000,000, unless Client pays for the assumption of additional liability by EE&G as a separate line item in Article 3, *Basis of Compensation*.
- h. If applicable, Client agrees that EE&G shall not be responsible for liability caused by the presence or release of hazardous substances or petroleum products at the site. The Client will either make others responsible for liabilities due to such conditions, or will indemnify and save harmless EE&G from such liability. The provisions of this Article (6,h) shall survive any termination of this Agreement.

IN WITNESS WHEREOF, the parties hereto have caused the Agreement to be executed by their duly authorized officers on the date first written above.
