Good Afternoon Alan,

As per our conversation, I am contacting you on the behalf of the City of Doral, because the above mentioned company, has listed you as a reference. Below is a questionnaire that we use for companies that are doing business with the city. If you could answer the questions at your convenience, and return it, it would be greatly appreciated.

1. How long has the company worked for you? The Project duration is six months
2. How would you rate the responsiveness of the company? They are very responsive and have taken quick action to handle the follow up work.

3. How would you rate the quality of work? (Excellent, Good, Average, Poor) Excellent

4. Please provide any additional comments that you feel would benefit our evaluation: FHP shows very cooperative, providing very high quality work for their effectiveness and efficiency, and the City has saved money from the original contract. I highly recommend any municipalities to use them.

Your feedback is appreciated, and is valuable for our evaluation process. I apologize for any inconvenience, and again, thank you for your feedback.

Good Morning Mr. Spanioli,

I was forwarded your information, because you might be able to give feedback on the above mentioned company. (The person that was listed as a reference has since left the city)

Below is a questionnaire that we use for companies that are doing business with the city. If you could answer the questions at your convenience, and return it, it would be greatly appreciated.

1. How long has the company worked for you? This company has done business with the City of Miami for at least 5 years.
2. How would you rate the responsiveness of the company? During the last 2 years, I have mixed feelings regarding responsiveness, some of their managers respond to our needs immediately and others do not.
3. How would you rate the quality of work? (Excellent, Good, Average, Poor) I would rate the quality of the work from average to poor. Lots of time on our part has been spent on asking them to redo certain elements of certain projects.

4. Please provide any additional comments that you feel would benefit our evaluation: The current local leadership of FHPT spends too much time crafting emails and correspondence and not enough effort on the work and work quality. In addition, I don't believe that they understand that we are the client and meeting the customer's needs should be the number one concern.

Your feedback is appreciated, and is valuable for our evaluation process. I apologize for any inconvenience, and again, thank you for your feedback.

Regards,

Good morning Mike / Andrew,

As discussed and requested, I was able to get a hold of Christopher Bennett from the City of Ft. Lauderdale who was listed as a reference by FHP Tectonics on the NW 50 St project (ITB #2014-33). When he returned my call, he verbally provided the following feedback:

1. How long has the company worked for you?
8-9 Months
2. How would you rate the responsiveness of the company?
Very Responsive, PM was very easy to deal with.
3. How would you rate the quality of work? (Excellent, Good, Average, Poor)
Good. FHP Tectonics uses several subcontractors and the quality of the work on the project suffered as a result of subcontractors who delivered lower quality work. FHP Tectonics worked to resolve issues related to subcontractor lower quality work.
4. Please provide any additional comments that you feel would benefit our evaluation:
FHP Tectonics wants to make sure they do good work, City would not regret using this company.

Please advise if you have any questions.

Thank you,

6.6 Discrepancies: in case of discrepancies, computed dimensions shall govern over scaled dimensions; supplemental specifications shall govern over standard specifications; and special specifications shall govern over drawings, supplemental and standard specifications.

7.1 Evaluation of Bids: the City, at its sole discretion, reserves the right to inspect any / all Bidder's facilities to determine their capability of meeting the requirements for the Contract. Also, price, responsibility, and responsiveness of the Bidder, the financial position, experience, staffing, equipment, materials, references, and past history of service to the City and / or with other units of state, and / or local governments in Florida, or comparable private entities, will be taken into consideration in the Award of the Contract.

Failure to provide proof of compliance when requested shall be cause for rejection of the Bid as determined by the City.

7.3 Preference to Local Businesses: No local preference for this ITB.

7.4 Hold Harmless: by submitting a bid pursuant to this ITB, all Bidders agree to indemnify, defend and hold harmless the City, its officers, elected officials, agents, volunteers and employees (the "Indemnitees"), from and against any and all liability, claims, demands, damages, fines, fees, expenses, penalties, suits, proceedings, actions and cost of action, including attorney's fees for trial and on appeal, and of any kind and nature arising or growing out of or in any way connected with this solicitation, including, but not limited to, any decisions to reject, award, or not award a Bid, as applicable, as well as any aspect of the performance of the agreement in furtherance of this ITB, whether by act or omission of the Awarded Bidder, its agents, servants, employees or others, or because of or due to the mere existence of the Agreement between the parties; unless said claim for liability is caused solely by the negligence of the City or its agents or employees. The Awarded Bidder shall pay all royalties and assume all costs arising from the use of any invention, design, process materials, equipment, product or device provided hereunder which is the subject of patent rights or copyrights. Awarded Bidder shall, at its own expense, hold harmless and defend the City against any claim, suit or proceeding brought against the City which is based upon a claim, whether rightful or otherwise, that the goods or services, or any part thereof, furnished under the contract, constitute an infringement of any patent or copyright of the United States. The Awarded Bidder shall pay all damages and costs awarded against the City.

7.5 Cancellation: failure on the part of the Bidder to comply with the conditions, specifications, requirements, and terms as determined by the City, shall be cause for cancellation of the Award.

If the dispute cannot be resolved by agreement, then the department with the advice of the CITY Attorney shall resolve the dispute and send a written copy of its decision to the Contractor, which shall be binding on both parties.

8.1 Non-conformance to Contract: the City of Doral may withhold acceptance of, or reject items provided pursuant to this ITB which are found upon examination, not to meet the

specification requirements. Upon written notification of rejection, items shall be repaired to the City's satisfaction within (5) calendar days by the contractor at their own expense and redelivered at their expense. Rejected goods left longer than thirty (30) calendar days will be regarded as abandoned and the City shall have the right to dispose of them as its own property. Rejection for non-conformance or failure to meet delivery schedules may result in the Contractor being found in default.

8.2 Default Provision: in case of default by the Bidder or Contractor, the City of Doral may procure the articles or services from other sources and hold the Bidder or Contractor responsible for any excess costs occasioned or incurred thereby.

8.3 Secondary/Other Vendors: the City reserves the right in the event the primary bidder cannot provide an item(s) or service(s) in a timely manner as requested, to seek other sources without violating the Contract.

Bid Security deposited in the form of a cashier's check drawn on a local bank in good standing shall be subject to the same requirements as a Bid Bond.

9.1.3 Contract Time and Contract Time Extensions:

5. I understand that a "person" as defined in Paragraph 287.133(1)(e), Florida Statutes, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into a binding Contract and which Bids or applies to Bid on Contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. Any obligations by the Contractor, including but not limited to those set forth in Section 00710 – General Conditions, Article 13, Contractor’s General Warranty and Guarantee, that would or could occur after the date of expiration or termination of the Contract shall survive the termination or expiration of the Contract.

3.4 Liquidated Damages. CITY and Contractor recognize that time is of the essence in this Contract and that the CITY will suffer financial loss if the Work is not completed within the contract times specified in Section 3.1 for the Work above, plus any approved extensions thereof allowed in accordance with the General Conditions. The Contractor also recognizes the delays, expense and difficulties involved in proving the actual loss suffered by CITY if the Work is not completed on time. Accordingly, instead of requiring any such proof, CITY and Contractor agree that as liquidated damages for delay (but not as a penalty) Contractor shall pay CITY \$1,000.00 for each calendar day that expires after the time specified in Section 3.1 for Substantial Completion of the Work. 4.1.1 For all Unit Price Work, an amount equal to the sum of the established unit price for each separately identified item of Unit Price Work times the estimated quantity of that item as indicated on the Unit Price Bid Form Section 00410. Estimated quantities are not guaranteed, and determination of actual quantities and classification are to be made by ENGINEER as provided in the Contract Documents.

4.2 The Contractor agrees that all specific cash allowances are included in the above Contract Price and have been computed in accordance with the Contract Documents.

5.2.1 No progress payment shall be made until Contractor delivers to the CITY complete original partial releases of all liens and claims signed by all Subcontractors, materialmen, suppliers, and vendors, indicating amount of partial payment, on a form approved by the CITY, and an affidavit that so far as the Contractor has knowledge or information, the releases include and cover all Materials and Work for which a lien or claim could be filed for work completed to date.

5.3 The Contractor agrees that ten percent (10%) of the amount due for Work as set forth in each Application for Payment shall be retained by CITY for each Progress Payment until Final Payment, as defined in Section 00710 - General Conditions, Article 11, Payments to Contractor and Completion.

5.3.1 Prior to Substantial Completion, progress payments will be made in an amount equal to the percentage indicated above, but, in each case, less the aggregate of payments previously made and less such amounts as CITY'S REPRESENTATIVE shall determine, or CITY may withhold, in accordance with the General Conditions.

5.4 The payment of any Application for Payment by CITY, including the Final Request, does not constitute approval or acceptance by CITY of any item of the Work in such Request for Payment, nor shall it be construed as a waiver of any of CITY's rights hereunder or at law or in equity.

5.5 The Final Application for Payment by Contractor shall not be made until the Contractor delivers to the CITY complete original releases of all liens and claims signed by all Subcontractors, materialmen, suppliers, and vendors on a form approved by the CITY, and an affidavit that so far as the Contractor has knowledge or information, the releases include and cover all Materials and Work for which a lien or claim could be filed. If the Contract is awarded, the CITY will issue the Notice of Award and give the successful Bidder a Contract for execution within ninety (90) days after opening of Bids. 2.3.3 Pursuant to the requirements of Section 255.05(1), Florida Statutes, the Contractor shall ensure that the Bond(s) referenced above shall be recorded in the public records of Dade County and Provide the CITY with evidence of such recording.

Commencement of Contract Time:

2.5 The Contract Time will start on the date the Agreement is executed and will continue to run consecutively for the period of ***one hundred and fifty (150) calendar days*** after date specified in Notice to Proceed until substantial completion. Liquidated damages are hereby fixed and agreed upon between the parties, recognizing the impossibility of precisely ascertaining the amount of damages that will be sustained by the CITY as a consequence of such delay and both parties desiring to obviate any question of dispute concerning the amount of said damages and the cost and effect of the failure of the Contractor to complete the Contract on time. Regardless of whether or not a single Contract is involved, the above-stated liquidated damages shall apply separately to each portion of the Work for which a time of completion is given. If Contractor finds a conflict, error or discrepancy in the Contract Documents, they shall call it to the City's attention in writing at once and before proceeding with the Work affected thereby; however, they shall not be liable to CITY or Contractor for their failure to discover any conflict, error or discrepancy in the Specifications or Drawings. The various Contract Documents shall be given precedence in case of conflict, error or discrepancy, as follows: Change Orders, Supplemental General Conditions, Agreement Modifications, Addenda, Special Conditions,

Instructions to BidderS, General Conditions, Specifications and Drawings. If the requirements of other Contract Documents are more stringent than those of the Supplemental General Conditions, the more stringent requirements shall apply.

Such miscellaneous items and accessories shall be of the same quality standards, including material, style, finish, strength, class, weight and other applicable characteristics, as specified for the major component of which the miscellaneous item or accessory is an essential part, and shall be approved by the CITY before installation. The above requirement is not intended to include major components not covered by or inferable from the Drawings and Specifications.

3.5 The Work of all trades under this Contract shall be coordinated by the Contractor in such manner as to obtain the best workmanship possible for the entire Project, and all components of the Work shall be installed or erected in accordance with the best practices of the particular trade.

Easements for permanent structures or permanent changes in existing facilities will be obtained and paid for by the CITY unless otherwise specified in the Contract Documents.

ARTICLE 5 – INSURANCE

5.1 The Contractor shall provide and maintain in force until all the Work to be performed under this Contract has been completed and accepted by City (or for such duration as is otherwise specified hereinafter), the insurance coverage set forth: in Exhibit A titled Insurance Requirements.

5.2 The Contractor agrees that if any part of the Work under the Contract is sublet, they will require the Subcontractor(s) to carry insurance as required, and that they will require the Subcontractor(s) to furnish to them insurance certificates similar to those required by the CITY in Section 5.1.

Cancellation and Re-Insurance:

5.3 If any insurance should be canceled or changed by the insurance company or should any insurance expire during the period of this contract, the Contractor shall be responsible for securing other acceptable insurance to provide the coverage specified in this section to maintain coverage during the life of this Contract.

5.4 All deductibles must be declared by the Contractor and must be approved by the CITY. At the option of the CITY, either the Contractor shall eliminate or reduce such deductible or the Contractor shall procure a Bond, in a form satisfactory to the CITY, covering the same. The contractor is responsible for any and all deductibles, if applicable, following a loss.

ARTICLE 6 – Contractor’s RESPONSIBILITIES

Concerning Subcontractors:

6.1 The Contractor will not employ any Subcontractor, against whom the CITY may have reasonable objection, nor will the Contractor be required to employ any Subcontractor who has been accepted by the CITY, unless the CITY determines that there is good cause for doing so.

6.2 The Contractor shall be fully responsible for all acts and omissions of their Subcontractors and of persons and organizations directly or indirectly employed by them and of persons and organizations for whose acts any of them may be liable to the same extent that they are responsible for the acts and omissions of persons directly employed by them. Nothing in the Contract Documents shall create any contractual relationship between CITY and any Subcontractor or other person or organization having a direct contract with Contractor, nor shall it create any obligation on the part of CITY to pay or to see to payment of any persons due any Subcontractor or other person or organization, except as may otherwise be required by law. CITY may furnish to any Subcontractor or other person or organization, to the extent practicable, evidence of amounts paid to the Contractor on account of specified Work done in accordance with the schedule values.

6.3 The divisions and sections of the Specifications and the identifications of any Drawings shall not control the Contractor in dividing the Work among Subcontractors or delineating the Work performed by any specific trade.

6.4 The Contractor agrees to bind specifically every Subcontractor to the applicable terms and conditions of the Contract Documents for the benefit of the CITY.

6.5 All Work performed for the Contractor by a Subcontractor shall be pursuant to an appropriate agreement between the Contractor and the Subcontractor.

6.6 The Contractor shall be responsible for the coordination of the trades, Subcontractors, materials and men engaged upon their Work.

6.6.1 The Contractor shall cause appropriate provisions to be inserted in all subcontracts relative to the Work to bind Subcontractors to the Contractor by the terms of these General Conditions and other Contract Documents insofar as applicable to the Work of Subcontractors, and give the Contractor the same power as regards to terminating any subcontract that the CITY may exercise over the Contractor under any provisions of the Contract Documents.

6.6.2 The CITY will not undertake to settle any differences between the Contractor and their Subcontractors or between Subcontractors.

6.6.3 If in the opinion of the CITY, any Subcontractor on the Project proves to be incompetent or otherwise unsatisfactory, they shall be promptly replaced by the Contractor if and when directed by the CITY in writing.

Laws and Regulations:

6.7 The Contractor will give all notices and comply with all laws, ordinances, rules and regulations applicable to the Work. If the Contractor observes that the Specifications or Drawings are at variance therewith, they will give the CITY prompt written notice thereof, and any necessary changes shall be adjusted by an appropriate modification. If the Contractor performs any Work knowing it to be contrary to such laws, ordinances, rules and regulations, and without such notice to the CITY, they will bear all costs arising wherefrom; however, it shall not be their primary responsibility to make certain that the Drawings and Specifications are in accordance with such laws, ordinances, rules and regulations.

Taxes:

6.8 Cost of all applicable sales consumers, use, and other taxes for which the Contractor is liable under the Contract shall be included in the Contract Price stated by the Contractor.

They will take all necessary precautions for the safety of, and will provide the necessary protection to prevent damage, injury or loss to:

6.9.1 All employees and other persons whom may be affected thereby; and

6.9.2 All the Work and all materials or equipment to be incorporated therein, whether in storage on or off the work area, and

6.9.3 Other property at the work area or adjacent thereto, including trees, shrubs, lawns, walks, pavements, roadways, structures and utilities not designated for removal, relocation or replacement in the course of construction.

6.10 The Contractor will designate a responsible member of their organization at the site whose duty shall be the prevention of accidents. This person shall be the Contractor'S Superintendent unless otherwise designated in writing by the Contractor to the CITY.

Emergencies:

6.11 In emergencies affecting the safety of persons or the Work or property at the site or adjacent thereto, the Contractor, without special instruction or authorization from the CITY, is obligated to act, at their discretion, to prevent threatened damage, injury or loss. They will give the CITY prompt written notice of any significant changes in the Work or deviations from the Contract Documents caused thereby. If the Contractor believes that additional Work done by them in an emergency which arose from causes beyond their control entitles them to an increase in the Contract Price or an extension of the Contract Time, they may make a claim therefore as provided in articles 11 and 12.

6.12 The Contractor will also submit to the CITY for review, with such promptness as to cause no delay in Work, all samples and photographs required by the Contract Documents. All samples and photographs will have been checked by and stamped with the approval of the Contractor, identified clearly as to material, manufacturer, any pertinent catalog numbers and the use for which intended.

6.13 At the time of each submission, the Contractor will in writing call the CITY'S attention to any deviations that the Photographs or sample may have from the requirements of the Contract Documents.

6.14 The CITY will review with responsible promptness Photographs and Samples, but their review shall be only for conformance with the design concept of the Project and for compliance with the information given in the Contract Documents. The Contractor will make any corrections required by the CITY and will return the required number of corrected copies of Photographs and resubmit new samples until the review is satisfactory to the CITY.

6.15 No Work requiring a Photograph or sample submission shall be commenced until the submission has been reviewed by the CITY. A copy of each Photograph and each approved sample shall be kept in good order by the Contractor at the site and shall be available to the CITY.

6.16 The CITY'S review of Photographs or samples shall not relieve the Contractor from their responsibility for any deviations from the requirements of the Contract Documents unless the Contractor has in writing called the CITY's attention to each deviation at the time of submission and the CITY has given written approval to the specific deviation, nor shall any review by the CITY relieve the Contractor from responsibility for supplying the plant material as specified.

Public Convenience and Safety:

6.17 The Contractor shall, at all times, conduct the Work in such a manner as to insure the least practicable obstruction to public travel. The convenience of the general public and of the residents along and adjacent to the area of Work shall be provided for in a satisfactory manner, consistent with the operation and local conditions. Proper Maintenance of Traffic (MOT) devices shall be placed immediately adjacent to the Work, in

a conspicuous position, at such locations as traffic demands. The MOT shall be designed as outlined in the latest edition of **ROADWAY AND TRAFFIC DESIGN STANDARDS SERIES 600**. At any time that streets are required to be closed or blocked, the Contractor shall notify law enforcement agencies before the street is closed and again as soon as it is opened. Access to fire hydrants and other fire extinguishing equipment shall be provided and maintained at all times.

Indemnification:

6.18 In consideration of the separate sum of twenty-five dollars (\$25.00) and other valuable consideration, the Contractor shall indemnify, defend and save harmless the CITY, its officers, agents and employees, from or on account of any injuries or damages, received or sustained by any person or persons during or on account of any operations connected with the construction of this Project, or by or in consequence of any negligence by or on account of any act or omission of the said Contractor or his Subcontractor, agents, servants or employees. The Contractor will indemnify, defend and hold harmless the CITY and their agents or employees from and against all claims, damages, losses and expenses including attorneys' fees arising out of or resulting from the performance of the Work, provided that any such claim damage, loss or expense (a) is attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property including the loss of use resulting wherefrom and (b) is caused in whole or in part by any negligent act or omission of the Contractor, Subcontractor, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, regardless of whether or not it is caused by a party indemnified hereunder. In the event that a court of competent jurisdiction determines that Sec. 725.06 (2), F.S. is applicable to this Work, then in lieu of the above provisions of this section 6.18 the parties agree that Contractor shall indemnify, defend and hold harmless CITY, their officers and employees, to the fullest extent authorized by Sec. 725.06 (2) F.S., which statutory provisions shall be deemed to be incorporated herein by reference as if fully set forth herein.

6.19 In the event that any action or proceeding is brought against CITY by reason of any such claim or demand, Contractor, upon written notice from CITY shall defend such action or proceeding by counsel satisfactory to CITY. The indemnification provided above shall obligate Contractor to defend at its own expense or to provide for such defense, at CITY'S option, any and all claims of liability and all suits and actions of every name and description that may be brought against CITY, excluding only those which allege that the injuries arose out of the sole negligence of CITY, which may result from the operations and activities under this Contract whether the construction operations be performed by Contractor, its Subcontractors or by anyone directly or indirectly employed by either.

6.20 The obligations of the Contractor under Article 6 shall not extend to the liability of the CITY, their agents or employees arising out of (a) the preparation or approval of maps, drawings, opinions, reports, surveys, Change Orders, designs or specifications or (b) the giving of or the failure to give directions or instructions by the CITY, their agents or employees provided such giving of failure to give is the primary cause of injury or damage. These indemnification provisions shall survive the term of this Contract.

8.1 All Work completed under the Contract will be measured by the CITY according to the United States Standard Measures. All linear surface measurements will be made horizontally or vertically as required by the item measured.

8.8 The CITY will not be responsible for the acts or omissions of the Contractor, or any Subcontractors, or any of their or their agents or employees, or any other person performing any of the Work.

ARTICLE 9 – CHANGES IN THE WORK

9.1 Without invalidating the Agreement, the CITY may, at any time or from time to time, order additions, deletions or revisions in the Work; these shall be authorized by Change Orders. Upon receipt of a Change Order, the Contractor will proceed with the Work involved. All such Work shall be executed under the applicable conditions of the Contract Documents. If any Change Order causes an increase or decrease in the Contract Price or an extension or shortening of the Contract Time, an equitable adjustment will be made as provided in Article 11 or Article 12. A Change Order signed by the Contractor indicates their agreement therewith.

9.2 The CITY may authorize minor changes or alterations in the Work not involving extra cost and not inconsistent with the overall intent of the Contract Documents. These may be accomplished by a Field Order. If the Contractor believes that any minor change or alteration authorized by the CITY entitles them to an increase in the Contract Price or extension of Contract Time, they may make a claim therefore as provided in Articles 11 and 12.

9.3 Additional Work performed by the Contractor without authorization of a Change Order will not entitle them to an increase in the Contract Price or an extension of the Contract Time, except in the case of an emergency as provided in paragraph 6.11 and except as provided in paragraph 10.2.

9.4 The CITY will execute appropriate Change Orders prepared by the CITY covering changes in the Work, to be performed and Work performed in an emergency as provided in paragraph 6.11 and any other claim of the Contractor for a change in the Contract Time or the Contract Price which is approved by the CITY.

9.5 It is the Contractor'S responsibility to notify his Surety of any changes affecting the general scope of the Work or change in the Contract Price or Contract Time and the amount of the applicable bonds shall be adjusted accordingly. The Contractor will furnish proof of such an adjustment to the CITY.

ARTICLE 10 – CHANGE OF CONTRACT PRICE

10.1 The Contract Price constitutes the total compensation payable to the Contractor for performing the Work. All duties, responsibilities and obligations assigned to or undertaken by the Contractor shall be at their expense without changing the Contract Price.

10.2 (a) The CITY may, at any time, without written notice to the sureties, by written order designated or indicated to be a Change Order, make any change in the Work within the general scope of the Contract, including but not limited to changes:

- 1) in the specifications (including drawings and designs);
- 2) in the method or manner of performance of the Work;
- 3) in the CITY-furnished facilities, equipment, materials, services, or site; or
- 4) in directing acceleration in the performance of the Work.

(b) Except as herein provided, no order, statement, or conduct of the CITY shall be treated as a change under this clause or entitle the Contractor to an equitable adjustment hereunder.

(c) If any change order under this clause causes an increase or decrease in the Contractor'S cost of, or the time required for, the performance of any part of the Work, under this Contract, whether or not changed by any order, an equitable adjustment shall be made and the Contract modified in writing accordingly.

(d) If the Contractor intends to assert a claim for an equitable adjustment under this clause, he must, within ten (10) days after receipt of a written Change Order, submit to the CITY a written notice including a statement setting forth the general nature and monetary extent of such claim, and supporting data.

(e) No claim by the Contractor for an equitable adjustment hereunder shall be allowed if not submitted in accordance with this section or if asserted after final payment under this Contract.

10.3 The value of any Work covered by a Change Order or of any claim for an increase or decrease in the Contract Price shall be determined in one of the following ways:

10.3.1 By negotiated lump sum.

10.3.2 On the basis of the cost of the Work, determined as provided in Sections 10.4 and 10.5, plus a mutually agreed upon fee to the Contractor to cover overhead and profit.

10.4 The term cost of the Work means the sum of all direct costs necessarily incurred and paid by the Contractor in the proper performance of the Work. Except as otherwise may be agreed to in writing by CITY, such costs shall be in amounts no higher than those prevailing in Miami-Dade County, shall include only the following items and shall not include any of the costs itemized in Paragraph 10.5.

10.4.1 Payroll costs for employees in the direct employ of Contractor in the performance of the Work described in the Change Order under schedules of job classifications agreed upon by CITY and Contractor. Payroll costs for employees not

employed full time on the Work shall be apportioned on the basis of their time spent on the Work. Payroll costs shall be limited to: salaries and wages, plus the costs of fringe benefits which shall include social security contributions, unemployment, excise and payroll taxes, workers' compensation, health and retirement benefits, sick leave, vacation and holiday pay applicable thereto. Such employees shall include superintendents and foremen at the site. The expenses of performing Work after regular working hours, on Sunday or legal holidays shall be included in the above only if authorized by CITY.

10.4.2 Cost of all materials and equipment furnished and incorporated in the Work, including costs of transportation and storage, and manufacturers' field services required in connection therewith. All cash discounts shall accrue to Contractor unless CITY deposits funds with Contractor with which to make payments in which case the cash discounts, shall accrue to the CITY. All trade discounts, rebates and refunds, and all returns from sale of surplus materials and equipment shall accrue to CITY, and Contractor shall make provisions so that they may be obtained.

10.4.3 Payments made by Contractor to the Subcontractors for Work performed by Subcontractors. If required by CITY, Contractor shall obtain competitive bids from Subcontractors acceptable to him and shall deliver such bids to CITY who will then determine which Bids will be accepted. If a Subcontract provides that the Subcontractor is to be paid on the basis of Cost of Work plus a fee, the cost of the Work shall be determined in accordance with paragraphs 10.4 and 10.5.

10.4.4 Rentals of all construction equipment and machinery and the parts thereof whether rented from Contractor or others in accordance with rental agreements approved by CITY with the advice of Contractor, and the costs of transportation, loading, unloading, installation, dismantling and removal thereof - all in accordance with terms of said rental agreements. The rental of any such equipment, machinery or parts shall cease when the use thereof is no longer necessary for the Work.

10.4.5 Sales, use or similar taxes related to the Work, and for which Contractor is liable, imposed by any governmental authority.

10.4.6 Payments and fees for permits and licenses. Costs for permits and licenses must be shown as a separate item.

10.4.7 The cost of utilities, fuel and sanitary facilities at the site.

10.4.8 Minor expenses such as telegrams, long distance telephone calls, telephone service at the site, expressage and similar petty cash items in connection with the Work.

10.4.9 Cost of premiums for additional Bonds and Insurance required solely because of changes in the Work, not to exceed two percent (2%) of the increase in the Cost of the Work.

10.5 The term Cost of the Work shall not include any of the following:

10.5.1 Payroll costs and other compensation of Contractor's officers, executives, principals (of partnership and sole proprietorships), general managers, engineers, architects, estimators, lawyers, agents, expeditors, timekeepers, clerks and other personnel employed by Contractor whether at the site or in his principal or a branch office for general administration of the Work and not specifically included in the schedule referred to in subparagraph 10.4.1 - all of which are to be considered administrative costs covered by the Contractor's fee.

10.5.2 Expenses of Contractor's principal and branch offices other than his office at the site.

10.5.3 Any part of Contractor's capital expenses, including interest on Contractor's capital employed for the Work and charges against Contractor for delinquent payments.

10.5.4 Cost of premiums for all bonds and for all insurance policies whether or not Contractor is required by the Contract Documents to purchase and maintain the same (except as otherwise provided in subparagraph 10.4.9).

10.5.5 Costs due to the negligence of the Contractor, any Subcontractor, or anyone directly or indirectly employed by any of them or for whose acts any of them may be liable, including but not limited to, the correction of defective work, disposal of materials or equipment wrongly supplied and making good any damage to property.

10.5.6 Other overhead or general expense costs of any kind and the costs of any item not specifically and expressly included in paragraph 10.4.

10.6 The Contractor's fee which shall be allowed to the Contractor for their overhead and profit shall be determined as follows:

10.6.1 In the event of an oversight or omission by the Contractor no compensation for overhead or profit will be provided; otherwise.

10.6.2 A mutually acceptable firm fixed price; or if none can be agreed upon.

10.6.3 A ten percent (10%) fixed fee based on the estimate of the various portions of the Cost of the Work.

10.7 The amount of credit to be allowed by the Contractor to the CITY for any such change which results in a net decrease in cost will be the amount of the actual net decrease. When both additions and credits are involved in any one change, the net shall be computed to include overhead and profit, identified separately, for both additions and credit, provided however, the Contractor shall not be entitled to claim lost profits for any Work not performed.

10.8 Whenever cost of any Work is to be determined pursuant to paragraphs 10.4 and 10.5, the Contractor will submit in form prescribed by CITY an itemized cost breakdown together with supporting data.

ARTICLE 11 – PAYMENTS AND COMPLETION

Payments to Contractor:

11.1 At least ten (10) days before each progress payment falls due (but not more often than once a month), the Contractor will submit to the CITY a partial payment estimate filled out and signed by the Contractor covering the Work performed during the period covered by the partial payment estimate and supported by such data as the CITY may reasonably require.

The CITY will within ten (10) days after receipt of each partial payment estimate, either indicate in writing their approval of payment and present the partial payment estimate to the CITY, or return the partial payment estimate to the Contractor, indicating in writing their reasons for refusing to approve payment. In the latter case, the Contractor may make the necessary corrections and resubmit the partial payment estimate. The CITY, will within thirty (30) days of presentation to them of any approved partial payment estimate, pay the Contractor a progress payment on the basis of the approved partial payment estimate. The CITY may retain ten percent (10%) of the amount of each payment until final completion and acceptance of all Work covered by the Contract Documents. On completion and acceptance of a part of the Work on which the price is stated separately in the Contract Documents, payment may be made in full, including retained percentages, less authorized deductions. Any interest earned on the retainage shall accrue to the benefit of the CITY.

11.2 The CITY shall have the right to demand and receive from the Contractor, before he shall receive final payment, final releases of lien executed by all persons, firms or corporations who have performed or furnished labor, services or materials, directly or indirectly, used in the Work. Likewise, as a condition to receiving any progress payment, the CITY may require the Contractor to furnish partial releases of lien executed by all persons, firms and corporations who have furnished labor, services or materials incorporated into the Work during the period of time for which the progress payment is due, releasing such lien rights as those persons, firms or corporations may have for that period.

Contractor's Warranty of Title:

11.3 The Contractor warrants and guarantees that title to all Work, materials and equipment covered by an Application for Payment, whether incorporated in the Project or not, will have passed to the CITY prior to the making of the Application for Payment, free and clear of all liens, claims, security interest and encumbrances (hereafter in these General Conditions referred to as "Liens"); and that no Work, materials or equipment covered by an Application for Payment will have been acquired by the Contractor or by any other person performing the Work at the site or furnishing materials and equipment for the Project, subject to an agreement under which an interest therein or encumbrance thereon is retained by the seller or otherwise imposed by the Contractor or such other person.

Acceptance of Final Payment as Release:

11.4 The Acceptance by the Contractor of final payment shall be and shall operate as a release to the CITY and a waiver of all claims and all liability to the Contractor other than claims in stated amounts as may be specifically excepted by the Contractor for all things done or furnished in connection with the Work and for every act and neglect of the CITY and others relating to or arising out of this Work. Any payment, however, final or otherwise, shall not release the Contractor of their sureties from any obligations under the Contract Documents or the Performance Bond and Payment Bonds.

ARTICLE 12 – SUSPENSION OF WORK AND TERMINATION

12.1 The CITY may, at any time and without cause, suspend the Work or any portion thereof for a period of not more than ninety (90) days by notice in writing to the Contractor which shall fix the date on which Work shall be resumed. For suspensions longer than ninety (90) days, The Contractor will be allowed an increase in the Contract Price or an extension of the Contract Time, or both, directly attributable to any suspension if they make a claim therefore as provided in Articles 11 and 12.

Work During Inclement Weather:

12.2 No Work shall be done under these specifications except by permission of the CITY when the weather is unfit for good and careful Work to be performed. Should the severity of the weather continue, the Contractor upon the direction of the CITY, shall suspend all Work until instructed to resume operations by the CITY and the Contract Time pursuant to Section 12.7 shall be extended to cover the duration of the order.

City May Terminate:

12.3 If the Contractor is adjudged bankrupt or insolvent, or if they make a general assignment for the benefit of their creditors, or if a trustee or receiver is appointed for the Contractor or for any of their property, or if they file a petition to take advantage of any debtor's act, or to reorganize under bankruptcy or similar laws, or if they repeatedly fails to supply sufficient skilled workmen or suitable materials or equipment, or if they repeatedly fail to make prompt payments to Subcontractors or for labor, materials or equipment or they disregards laws, ordinances, rules, regulations or orders of any public body having jurisdiction, or if they disregard the authority of the CITY, or if they otherwise violate any provision of the Contract Documents, then the CITY may, without prejudice to any other right or remedy and after giving the Contractor and their surety seven (7) days written notice, terminate the services of the Contractor and take possession of the Project and of all materials, equipment, tools, construction equipment and machinery thereon owned by the Contractor, and finish the Work by whatever method they may deem expedient. In such case the Contractor shall not be entitled to receive any further payment until the Work is finished. If the unpaid balance of the Contract Price exceeds the direct and indirect costs of completing the Project, including compensation for additional professional services, such excess shall be paid to the Contractor. If such costs exceed such unpaid balance, the Contractor will pay the difference to the CITY. Such costs incurred by the CITY will be determined by the CITY and incorporated in a Change Order.

If after termination of the Contractor under this Section, it is determined by a court of competent jurisdiction for any reason that the Contractor was not in default, the rights and obligations of the CITY and the Contractor shall be the same as if the termination had been issued pursuant to Section 12.5.

12.4 Where the Contractor'S services have been so terminated by the CITY said termination shall not affect any rights of the CITY against the Contractor then existing or which may thereafter accrue. Any retention or payment of moneys by the CITY due the Contractor will not release the Contractor from liability.

12.5 Upon seven (7) days written notice to the Contractor, the CITY may, without cause and without prejudice to any other right or remedy, elect to terminate the Agreement. In such case, the Contractor shall be paid for all Work executed and accepted by the CITY as of the date of the termination. No payment shall be made for profit for Work which has not been performed.

Removal of Equipment:

12.6 In the case of termination of this Contract before completion for any cause whatever, the Contractor, if notified to do so by the CITY, shall promptly remove any part or all of his equipment and supplies from the property of the CITY. Should the Contractor not remove such equipment and supplies, the CITY shall have the right to remove them at the expense of the Contractor. Equipment and supplies shall not be construed to include such items for which the Contractor has been paid in whole or in part.

Contractor May Stop Work or Terminate:

12.7 If, through no act or fault of the Contractor, the Work is suspended for a period of more than ninety (90) days by the CITY or under an order of court of other public authority, or the Contractor fails to act on any Application for Payment within thirty (30) days after it is submitted, or the CITY fails to pay the Contractor any sum approved by the CITY, within thirty (30) calendar days of its approval, and presentation, then the Contractor may, upon twenty (20) calendar days written notice to the CITY, terminate the Agreement. The CITY may remedy the delay or neglect within the twenty (20) calendar days time frame. If timely remedied by the CITY the Contract shall not be considered terminated. In lieu of terminating the Agreement, if the CITY has failed to act on an Application for Payment or the CITY has failed to make any payment as aforesaid, the Contractor may upon ten (10) calendar days notice to the CITY and the Contractor stop the Work until they have been paid all amounts then due. If the Contractor stops neither by default nor by non-payment from the CITY, the Contractor will be responsible for 100% of the difference between the total of his/her Bid and the second lowest Bid.

ARTICLE 13- CONTRACTOR'S GENERAL WARRANTY AND GUARANTEE

13.1 Contractor warrants and guarantees to CITY all Work shall be in accordance with the Contract Documents and will not be defective.

13.2 Contractor'S obligation to perform and complete the Work in accordance with the Contract Documents shall be absolute. None of the following will constitute an acceptance of Work that is not in accordance with the Contract Documents or a

release of Contractor'S obligation to perform the Work in accordance with the Contract Documents:

13.2.1 Observations by CITY or CITY'S REPRESENTATIVE, based on the recommendation of the ARCHITECT or ENGINEER;

13.2.2 Payment by CITY of any progress or final payment;

13.2.3 The issuance of a certificate of Substantial Completion, certificate of Final Completion, or any payment related thereto by CITY;

13.2.4 Use or occupancy of the Work or any part thereof by CITY;

13.2.5 Any acceptance by CITY or any failure to do so;

13.2.6 Any review and approval of a Submittal or the issuance of a notice of acceptability by the CITY'S REPRESENTATIVE;

13.2.7 Any inspection, test, or approval by others; or

13.2.8 Any correction of defective Work by CITY.

13.3 Access to Work:

The CITY'S REPRESENTATIVE, ARCHITECT or ENGINEER and other representatives of CITY, testing agencies and governmental agencies with jurisdictional interests shall have access to the Work at reasonable times for their observation, inspecting and testing. Contractor shall provide proper and safe conditions for such access.

13.4 Tests and Inspection:

13.4.1 Contractor shall give CITY timely notice of readiness of the Work for all required inspections, tests, observations or approvals. Inspections, tests or observations by the CITY'S REPRESENTATIVE, the ARCHITECT or ENGINEER, CITY or its agents may be performed at its discretion to provide information to the CITY on the progress of the Construction. However such information is not intended to fulfill the Contractor'S obligations in accordance with the Contract Documents.

13.4.2 Contractor shall assume full responsibility, pay all costs in connection therewith and furnish CITY the required certificates of inspection, testing or approval for all materials, equipment or the Work or any part thereof unless otherwise specified herein.

13.5 Uncovering the Work:

If any Construction that is to be inspected, tested or approved is covered without written concurrence of CITY'S REPRESENTATIVE, it must, if requested by CITY or the CITY'S REPRESENTATIVE, be uncovered for observation. Such uncovering shall be at Contractor's expense and will exclude the right to an increase in the Contract Price or Contract Time unless Contractor has given CITY

or the CITY'S REPRESENTATIVE timely written notice of Contractor'S intention to cover such Construction and CITY or the CITY'S REPRESENTATIVE has not acted with reasonable promptness in response to such notice.

13.5.1 If CITY considers it necessary or advisable that covered Work be observed by CITY'S REPRESENTATIVE or the ARCHITECT or ENGINEER, or inspected or tested by others, Contractor, at CITY'S request, shall uncover, expose or otherwise make available for observation, inspection or testing as CITY may require, that portion of the Work in question, furnishing all necessary labor, material and equipment. If it is found that such Work is defective, Contractor shall bear all the expenses of such uncovering, exposure, observation, inspection and testing and of satisfactory reconstruction, including compensation for additional professional services and any additional expenses experienced by the CITY due to delays to others performing additional work, other contractual obligations, and CITY shall be entitled to issue an appropriate deductive Change Order. Contractor shall further bear the responsibility for maintaining the schedule and will not be allowed an increase in Contract Price or Contract Time due to the uncovering. If, however, such Construction is not found to be defective, and Section 00700.8.5 is not applicable, Contractor shall be allowed an increase in the Contract Price or the Contract Time, or both, directly attributable to such uncovering, exposure, observation, inspection, testing and reconstruction if it makes a claim therefore as provided in the Contract Documents.

13.6 CITY May Stop the Work:

If the Work is defective, or Contractor fails to supply sufficient skilled workers or suitable materials or equipment, or fails to furnish or perform the Work in such a way that the completed Work will conform to the Contract Documents, CITY may order Contractor to stop the Work, or any portion thereof, until the cause for such failure has been eliminated; however, this right of CITY to stop the Work shall not give rise to any duty on the part of CITY to exercise this right for the benefit of Contractor or any other party. Contractor shall not be allowed an increase in Contract Price or the Contract Time or both as a result of the stopping of Work under this section.

13.7 Correction or Removal of Defective Work:

If required by the CITY'S REPRESENTATIVE, with the recommendation of the ARCHITECT and/or ENGINEER, Contractor shall promptly, as directed, either correct all defective Work, whether or not fabricated, installed or completed, or, if the Work has been rejected by the CITY'S REPRESENTATIVE, upon the recommendation of the ARCHITECT or ENGINEER, remove it from the site and replace it with non-defective Work. Contractor shall bear all direct, indirect and consequential costs of such correction or removal (including but not limited to fees and charges of the CITY'S REPRESENTATIVE, the ARCHITECT or ENGINEER, attorneys and other professionals) made necessary thereby.

13.8 One Year Correction Period:

Without prejudice to any other right of the City, if within one (1) year after the date of final completion or within any designated manufacturer's warranty, whichever is greater, or such longer period of time as may be prescribed by laws or regulations or by the terms of any applicable special guarantee required by the Contract Documents or by any specific provision of the Contract Documents, any Work is found to be defective, Contractor shall promptly, without cost to CITY and in accordance with CITY'S written instructions, either correct such defective Work, or, if it has been rejected by CITY or the CITY'S REPRESENTATIVE, based on the recommendation of the ARCHITECT or ENGINEER, remove it from the site and replace it with non-defective Work. If Contractor does not promptly comply with the terms of such instructions, or in an emergency where delay would cause serious risk of loss or damage, CITY may have the defective Work corrected or the rejected Work removed and replaced, and all of the CITY'S direct, indirect and consequential costs of such removal and replacement (including but not limited to fees and charges of the ARCHITECT or ENGINEER) will be reimbursed by Contractor. In special circumstances where a particular item of equipment is placed in continuous service before Substantial Completion of all the Work, the correction period for that item may start to run from an earlier date if so provided in the Specifications or by written amendment.

13.9 CITY shall reserve and retain all of its rights and remedies at law and equity against Contractor and its surety for damages and for corrections of any and all latent defects.

13.10 Extended Warranty Period Due to Defective Construction:

Any defective Construction that is either corrected or rejected and replaced will be warranted and guaranteed for a period of one (1) year from the date of acceptance of such correction or removal and replacement, even if it had previously been corrected or replaced, in accordance with the provisions of this Article 12. If within such extended Warranty Period, the Work is once again found to be defective, CITY shall be entitled to all of CITY'S rights and remedies under this Article.

ARTICLE 14 – MISCELLANEOUS

14.1 Whenever any provision of the Contract Documents requires the giving of written notice it shall be deemed to have been validly given if delivered in person to the individual or to a member of the firm or to an officer of the corporation for whom it is intended, or if delivered at or sent by registered or certified mail, postage prepaid, to the last business address known to them who gives the notice.

14.2 The Contract Documents shall remain the property of the CITY. The Contractor and the Contractor shall have the right to keep one record set of the Contract Documents upon completion of the Project.

14.3 The duties and obligations imposed by these General Conditions, Special Conditions and Supplemental Conditions and the rights and remedies available hereunder, and, in particular but without limitation, the warranties, guarantees and obligations imposed upon Contractor and those in the Special Conditions and the rights and remedies available

to the CITY and there under, shall be in addition to, and shall not be construed in any way as a limitation of, any rights and remedies available by law, by special guarantee or by other provisions of the Contract Documents.

14.4 Should the CITY or the Contractor suffer injury or damage to its person or property because of any error, omission, or act of the other or of any of their employees or agents or others for whose acts they are legally liable, claim shall be made in writing to the other party within a reasonable time of the first observance of such in- jury or damage.

ARTICLE 15 – WAIVER OF JURY TRIAL

15.1 The CITY and the Contractor knowingly, irrevocably voluntarily and intentionally waive any right either may have to a trial by jury in State or Federal Court proceedings in respect to any action, proceeding, lawsuit or counterclaim based upon the Contract Documents or the performance of the Work thereunder.

ARTICLE 16 – ATTORNEYS FEES/JURISDICITON/VENUE/GOVERNING LAW

16.1 The Contract shall be construed in accordance with and governed by the law of the State of Florida.

16.2 The parties submit to the jurisdiction of any Florida State or federal court in any action or proceeding arising out of or relating to the Contract. Venue of any action to enforce the Contract shall be in Dade County, Florida.

16.3 If either the CITY or the Contractor is required to enforce the terms of the Contract by court proceedings, the prevailing party shall be entitled to recover from the other party all such costs and expenses, including, but not limited to, court costs, and reasonable attorney's fees.

ARTICLE 17 – PROJECT RECORDS

17.1 The CITY shall have right to inspect and copy during regular business hours at CITY'S expense, the books and records and accounts of Contractor which relate in any way to the Project, and to any claim for additional compensation made by Contractor, and to conduct an audit of the financial and accounting records of Contractor which relate to the Project. Contractor shall retain and make available to CITY all such books and records and accounts, financial or otherwise, which relate to the Project and to any claim for a period of three (3) years following final completion of the Project. During the Project and the three (3) year period following final completion of the Project, the Contractor shall provide the CITY access to its books and records upon five (5) days written notice.

ARTICLE 18 – SEVERABILITY

18.1 If any provision of the Contract or the application thereof to any person or situation shall to any extent, be held invalid or unenforceable, the remainder of the Contract, and the application of such provisions to persons or situations other than those as to which it shall

have been held invalid or unenforceable shall not be affected thereby, and shall continue in full force and effect, and be enforced to the fullest extent permitted by law.

ARTICLE 19 – INDEPENDENT Contractor

19.1 The Contractor is an independent Contractor under the Contract. Services provided by the Contractor shall be by employees of the Contractor and subject to supervision by the Contractor, and not as officers, employees, or agents of the CITY. Contractor shall adhere to any restrictions imposed by FPL for conducting work under power lines.

8.2 Hours of Work:

Contractor will perform work Monday through Friday, excluding City holidays, from 8:00 a.m. to 6:00 p.m. unless prior written approval is received from The City. The Contractor must comply with the CITY's Noise Ordinance, Ordinance No. 2006-23. Contractor shall also pay special attention to school arrival and dismissal hours so as to not cause disruption to vehicle traffic patterns.

8.3 Disputes:

If any dispute concerning a question of fact arises under the Contract, other than termination for default or convenience, the Contractor and the CITY's responsible department for the administration of the Contract shall make good faith effort to resolve the dispute. If the dispute cannot be resolved by agreement, then the department with the advice of the City Attorney shall resolve the dispute and send a written copy of its decision to the Contractor, which shall be binding on both parties.

8.4 Default Provisions:

In case of default by the Bidder or Contractor, the CITY procure the articles or services from other sources and hold the Bidder or Contractor responsible for any excess costs occasioned or incurred thereby.

All employees of the Contractor shall be considered to be at all times the sole employees of the Contractor, under the Contractor's sole direction, and not an employee or agent of the City of Doral. The Contractor shall supply competent, suitably qualified and capable employees and the CITY may require the Contractor to remove any employee it deems careless, incompetent, insubordinate or otherwise objectionable and whose presence on CITY property is not in the best interest of the CITY. The CITY shall not have any duty to implement or enforce such requirements.

Each employee of the Contractor shall be a citizen of the United States or an alien who has been lawfully admitted for permanent residence as evidenced by an Alien Registration Receipt Card. The CITY shall notify the Contractor, in writing, of any proposed person or entity to which CITY has an objection. The Contractor shall not contract with a proposed person or entity to which the CITY has made an objection. The Contractor shall not change a Subcontractor, person or entity previously selected if the CITY makes objection to the change.

The Contractor shall be fully responsible to CITY for all acts and omissions of the Contractor, its employees, Sub-Contractors, suppliers, other persons directly or indirectly employed by its Sub-Contractors or suppliers, persons for whose acts any of them may be liable and any other persons or organizations performing or furnishing supplies under a direct or indirect Contract with the Contractor. Nothing in the Contract Documents shall create any contractual relationship between CITY and any such Sub- Contractor, supplier or other person or organization, nor shall it create any obligation on the part of CITY to pay or to cause the payment of any money due any Sub-Contractor, supplier, employee or agent except as may otherwise be required by law.

All Work performed for the Contractor by a Sub-Contractor will be pursuant to an appropriate agreement between the Contractor and the Sub-Contractor which specifically binds the Sub-Contractor to all applicable terms and conditions of the Contract Documents for the benefit of the CITY.

8.9 Protection:

All work in fulfillment of this project shall be performed on CITY property or public right- of-way. No permission will be given to trespass on adjoining property.

Subject: Addendum #3 ITB 2014-33

Good Morning,

Please see the answered question below for ITB 2014-33:

Q: Can you please clarify bid item #48 "Painted, Traffic Stripe Solid (White) (6") " and item #52 " Painted Traffic Stripe Solid (Yellow) (6") ", the quantities for this items on the bid tabulation seen to be very high for the plans provided and scope. The amount of net miles is excessive for the job , on item #48 you have 201 NM and for item #52 you have 4,361 NM. The price for this two items will be astronomical.

A: The unit for the pay items mentioned below should be in feet.

If you should have any additional questions or concerns, please feel free to contact us.
