The City and Contractor may be individually referred to as a “Party” or collectively referred to as the “Parties.”

RECITALS

WHEREAS, the City has a need to install solar powered bollards on a City bike path; and

WHEREAS, the City issued Invitation to Bid #2015-16 “Solar Powered Bollards for Bike Path” the (“ITB”), for which the City received three (3) bids by the June 30, 2015 deadline, with all companies meeting the required criteria ; and

WHEREAS, upon review of the bids received, Electrical Contracting Service, Inc. was deemed the most responsive and responsible bidder and was awarded the project during the August 2015 council meeting (Resolution # 15-162); and

WHEREAS, the City desires to engage the Contractor, and the Contractor desires, to provide construction services as specified herein.

AGREEMENT

NOW, THEREFORE, in consideration of the foregoing recitals, which are incorporated herein and made a part hereof by this reference, the mutual covenants and conditions contained herein, and other good and valuable consideration, the sufficiency of which the Parties acknowledge, the Contractor and the City agree as follows.

1. **Scope of Services/Deliverables.**

- (a) The Contractor shall provide those services (the “Work”) specified in Invitation to Bid #2015-16, attached hereto as **Exhibit “A”**, which is incorporated herein and made a part hereof by this reference. Contractor shall be responsible for supplying all personnel, equipment, labor, materials, means of transport, services and tools incidental and/or necessary to complete the Work.

2. **Term/Commencement Date and Liquidated Damages.**

- (a) The Contractor shall not commence work until the City issues to Contractor a written Notice to Proceed. The Contractor agrees that the Work shall be substantially completed within **forty-five (45)** calendar days upon receipt of the

materials ordered from the manufacturer, (“Substantial Completion”), and fully completed and ready for final payment in accordance with the Agreement Documents within sixty (60) calendar days after receipt of the materials ordered from the manufacturer (“Final Completion”). Proof of when the materials ordered from the manufacturer are received must be submitted to the City by the Contractor. The City Manager may extend the term of this Agreement up to an additional sixty (60) days at his sole discretion based upon the recommendation of the City’s Community Services Director, City Engineer or Utilities Director.

- (b) Contractor agrees that time is of the essence and Contractor shall complete each deliverable for the Work within the timeframes set forth in this Agreement, unless extended by the City Manager. The City shall issue a written notice identifying the date the Work is deemed fully complete, which shall be the Final Completion date.
- (c) City and Contractor recognize that time is of the essence in this Contract and that the City will suffer financial loss if the Work is not completed within the contract times specified herein, plus any approved extensions thereof allowed by the City. The Contractor also recognizes that the damages which the City will incur if the Work is not substantially completed on time and/or fully completed on time are not readily ascertainable at the time this Agreement is entered into, and the Contractor recognizes the difficulties involved in proving the actual loss suffered by City if the Work is not substantially completed on time and/or fully completed on time. Accordingly, instead of requiring any such proof, City and Contractor agree that as liquidated damages to compensate the City, and not as a penalty for delay or as an incentive to complete on time, Contractor shall pay City \$100.00 for each calendar day that expires after the time specified for Substantial Completion of the Work. After Substantial Completion, if Contractor fails to fully complete the Work within the time specified for Final Completion and readiness for final payment or any proper extension thereof granted by City, Contractor shall pay City \$150.00 for each calendar day that expires after the time specified for Final Completion and readiness for final payment. Contractor agrees that the liquidated damage amounts specified herein bear a reasonable relationship to the actual damages to be suffered due to public inconvenience and damage to the City’s reputation if the Contractor fails to substantially complete and/or fully complete the Work on time. The liquidated damages are not in compensation for any other damages, and expressly exclude damages for completion contractor expenses, lost/unrealized revenue, financing costs, professional services, attorney fees, and/or additional City staffing that may be incurred if the Work is not substantially completed on time and/or fully completed on time. All liquidated damages amounts will continue to be charged if the Contractor abandons the Work, or is terminated, and the Work is completed by another party.
- (d) Should the Substantial Completion and/or Final Completion and acceptance of Work, together with any modification or additions, be delayed beyond the time for performance set above because of lack of performance by the Contractor, it is

understood and agreed that aside from any liquidated damages, the Contractor shall be liable to the City for all actual additional costs and/or losses incurred by the City including, but not limited to, completion contractor expenses, lost/unrealized revenue, financing costs, professional services, attorney fees, and/or additional City staffing that incurred because the Work was not substantially completed on time and/or fully completed on time.

- (e) Monies due to the City for liquidated damages and/or actual damages shall be deducted from any monies due the Contractor, or if no money is due or the amount due is insufficient to cover the amount charged, the Contractor shall be liable for said amount.

3. **Compensation and Payment.**

- (a) As compensation for the Work, the City agrees to pay the Contractor a fee in the amount of ONE HUNDRED FIFTY ONE THOUSAND NINE HUNDREDED EIGHTY DOLLARS AND NO CENTS (\$151,980.00), in accordance with Contractor's Proposal attached hereto as **Exhibit "B"** (the "Fee"). Any additional fees associated with the project and agreed by the City to pay shall be billed at the unit price as outlined in the Contractor's Proposal. The Fee shall be paid as a lump sum payment within fifteen days of receiving notice of Final Completion and a corresponding invoice from the Contractor.
- (b) The Contractor shall invoice the City once the project has been completed. The invoice shall provide a detailed statement of the Work performed by Contractor for the period of time covered by the invoice. Contractor shall use the form attached hereto as **Exhibit "C"**, or such other form as may be provided by City from time to time.
- (c) The City shall pay Contractor in accordance with the Florida Prompt Payment Act. When the Contractor believes the Work is substantially complete, the Contractor shall notify the City and, within fifteen (15) calendar days, the Parties shall create and review a single draft punch list of items to be completed in order for the Work to be fully complete. The City shall review the draft punch list and within five (5) days of being provided with the draft punch list, the City shall provide the Contractor with the Final Punch list of work to be completed for the Work to be deemed fully complete.
- (d) If a dispute should occur regarding a submitted invoice, an item in the Final Punch list, or any portion of the completed Work, the City Manager may withhold payment of the disputed amount or such amount that represents the value of the disputed item in the Final Punch list or portion of the completed Work, and the City Manager may pay to the Contractor the undisputed portion of the Fee. Upon written request of the Finance Director, the Contractor shall provide written documentation to justify the disputed invoice. Within five (5) days of notice to the Contractor of the dispute/retained amount, the City and the Contractor shall work

in good faith to reach a resolution as to the dispute. If an mutually agreed upon resolution can not be reached, any compensation disputes shall be decided by the City Manager, whose decision shall be final. Any remaining undisputed and/or settled amount of the Fee shall be paid within fifteen (15) days the City Manager's final disposition.

4. **Subcontractors.**

- (a) The Contractor shall be responsible for all payments to any subcontractors and shall maintain responsibility for all work related to the Work.
- (b) Any subcontractors used on the Work must have the prior written approval of the City Manager and be properly licensed and insured in the same amounts as the Contractor.

5. **City's Responsibilities.**

- (a) Upon request, if available, the City shall furnish maps, plans, studies, reports and other information regarding anticipated field conditions readily available and in the City's possession.
- (b) The City shall arrange for access to and make all provisions for Contractor to enter upon real property as required for Contractor to inspect the site and perform the Work as may be requested in writing by the Contractor.

6. **Contractor's Responsibilities.**

- (a) Contractor shall exercise the same degree of care, skill and diligence in the performance of the Work as is ordinarily provided by a professional contractor under similar circumstances. If at any time during the term of this Agreement or within one year from the completion of the Work, it is determined that the Contractor's deliverables are incorrect, defective or fail to conform to the Scope of Work or perform as intended, upon written notification from the City Manager, the Contractor shall at Contractor's sole expense, immediately correct the Work.
- (b) Contractor and its subcontractors shall comply with all applicable laws and regulations relating to the safety of persons or property, or to the protection of persons or property from damage, injury, or loss; and shall develop and maintain all necessary safeguards for such safety and protection. Contractor shall notify owners of adjacent public and private property and of underground facilities and other utility owners when prosecution of the Work may affect them, and shall cooperate with them in the protection, removal, relocation, and replacement of their property. All damage, injury, or loss to any property caused, directly or indirectly, in whole or in part, by Contractor, any Subcontractor, Supplier, or any other individual or entity directly or indirectly employed by any of them to perform any of the Work, or anyone for whose acts any of them may be liable, shall be immediately remedied

by Contractor. Contractor's duties and responsibilities for safety and for protection of the Work shall continue until such time as all the Work is completed and the City has made final payment to Contractor.

- (c) On a daily basis during the course of the Work, Contractor shall maintain the site free of debris and dust so as to minimize any inconvenience to surrounding properties. Upon completion of the Work, Contractor shall remove all apparatus, debris, equipment, materials, and tools created or used to construct the Work, and except for the Work or as otherwise directed by the City return the site in the same condition as at the beginning of the Work.
- (d) If the Work will create any obstructions, road closures or traffic impacts, Contractor shall provide the City and surrounding property owners with no less than seventy-two (72) hours prior notice of the anticipated or planned obstructions, road closures or traffic impacts.

7. **Termination.**

- (a) The City Manager without cause may terminate this Agreement upon thirty (30) days written notice to the Contractor, or immediately with cause. "Cause" for purposes of this Agreement shall be defined as a deficiency in the performance by the Contractor such that it causes significant delays in the rendition of the Work and/or causes the City to order the stoppage of work.
- (b) Unless directed otherwise in writing by the City Manager, upon receipt of the City's written notice of intent to terminate or notice of actual termination, Contractor shall stop the Work.
- (c) In the event of termination by the City, the Contractor shall be paid for all Work accepted by the City Manager up to and through the date of termination.
- (d) The Contractor shall transfer all books, records, reports, working drafts, documents, maps, and data properly indexed and labeled pertaining to the Work to the City, in a hard copy and/or electronic format (as specified by the City) within 14 days from the date of the written notice of termination or the date of expiration of this Agreement.

17. **Nonassignability.**

- (a) This Agreement shall not be assignable by Contractor unless such assignment is first approved by the City Manager. The City is relying upon the apparent qualifications and personal expertise of the Contractor, and such firm's familiarity with the City's area, circumstances, and desires.

18. **Severability.**

- (a) If any term or provision of this Agreement shall to any extent be held invalid or unenforceable, the remainder of this Agreement shall not be affected thereby, and each remaining term and provision of this Agreement shall be valid and be enforceable to the fullest extent permitted by law.

19. **Independent Contractor.**

- (a) The Contractor and its employees, volunteers and agents shall be and remain independent contractor and not agents or employees of the City with respect to all of the acts and services performed by and under the terms of this Agreement. This Agreement shall not in any way be construed to create a partnership, association or any other kind of joint undertaking, enterprise or venture between the parties.

20. **Compliance with Laws.**

21. **Waiver.**

Upon receipt of any such document, Contractor shall promptly proceed with the Work involved.
- (b) The Contract Price may only be changed by a written Change Order. Contractor shall deliver to the City a good faith estimate of the cost and time impacts caused by the claim causing event within seven (7) calendar days of the first occurrence of the event giving rise to the claim. Within seven (7) calendar days of the conclusion of the claim causing event, but no later than the Substantial Completion date, Contractor shall deliver to the City a full and

complete written claim identifying all costs and time impacts that the Contractor believes should be paid due to the claim causing event and shall include full and final substantiation for all price and time adjustments. The City Manager will review the claim and make a decision on the request. The City Manager's decision will be final unless within seven (7) calendar days of the date of the City Manager's decision the Contractor provides the City with written notice expressly stating that the Contractor disputes the decision and intends to pursue the matter via litigation. Failure by Contractor to strictly comply with the provisions of this article will result in a waiver of the claim.

28. **Subsurface Conditions**

- (a) Information shown on the Drawings and/or indicated in the Agreement Documents as to the location of existing utilities and subsurface conditions has been prepared from the most reliable data available to the City. This information is not guaranteed, however, and it shall be the Contractor's responsibility to determine the location, character and depth of existing utilities. The City expressly disclaims any warranty as to the underground conditions to be encountered. The Contractor should not rely on locations, condition, or quantity of subsurface structures or conditions depicted on drawings, as the locations, condition, and quantities are approximations.

29. **Compensation for Delay.**

- (a) NO CLAIM FOR DAMAGES OR ANY CLAIM OTHER THAN FOR AN EXTENSION OF TIME SHALL BE MADE OR ASSERTED AGAINST THE CITY BY REASON OF ANY DELAYS, DISRUPTION, INTERFERENCE, OR HINDRANCE (collectively "Delay"). Notwithstanding anything to the contrary contained in the Agreement Documents, the Contractor shall not be entitled to additional compensation for any Delay unless the Delay shall have been caused by acts constituting willful or intentional interference by the City with the Contractor's performance of the Work, and then only where such acts continue after Contractor's written notice to the City of such interference.

30. **Counterparts.**

- (a) This Agreement may be executed in several counterparts, each of which shall be deemed an original and such counterpart shall constitute one and the same instrument.

31. **Authorization to Sign Agreement.**

- (a) The execution and delivery of this Agreement by Contractor is within Contractor's capacity and all requisite action has been taken to make this Agreement valid and binding on Contractor in accordance with its terms.

IN WITNESS WHEREOF, the parties have executed this Agreement on the respective dates under each signature. The City, signing by and through its City Manager, attested to by its City Clerk, duly authorized to execute same; and by Contractor by and through its President, who has been duly authorized to execute same.

RECITALS

WHEREAS, the City is the owner of certain improvements to the Doral Meadows Park as further specified herein, in the solicitation documents, and the drawing and specifications (the "Project"); and

WHEREAS, on _____, the City issued an Invitation to Bid for Solar Powered Bollards – ITB# 2015-16 (the "ITB") to solicit qualified contractors to provide construction services associated with the Project (the "Work"); and

WHEREAS, following close of the acceptance period, opening of the submittals, and evaluation of the Proposals, the Contractor was recommended and selected, based on the evaluating criteria, by the City Council on the basis that Contractor and Contractor's proposal (the "Proposal"), which is attached hereto as Exhibit "B", was in the best interest of the City; and

WHEREAS, the City desires to retain the Contractor, and the Contractor desires to be retained by the City, under the terms and conditions of this Agreement for the provision of the Work.

AGREEMENT

NOW, THEREFORE, in consideration for the above-referenced recitals, which are incorporated herein and made a part hereof by this reference, the mutual covenants contained herein, and other good and valuable consideration, the sufficiency of which the Parties hereby acknowledge, the City and the Contractor hereby agree as follows:

1. Contract Documents. The "Contract Documents" shall consist of this Agreement and the ITB, the Proposal, the Drawings & Specifications, and all Addenda issued prior

to and all Modifications issued after execution of this Agreement. The Contract Documents form the Agreement and all are as fully a part of the Agreement as if attached to this Agreement or repeated herein. An enumeration of the Contract Documents appears in Article 16. If anything in the Contract Documents is inconsistent with this Agreement, the Agreement shall govern.

2. General Conditions. Contractor agrees to furnish all supervision, tools, equipment, labor and materials necessary to fully complete the Work in a workmanlike manner with due diligence and during regular working hours, in accordance with the Contract Documents. Contractor shall achieve substantial completion of the Work no later than _____ days from issuance of all required permits (the "Substantial Completion Date"), and achieve final completion of the Work no later than _____ days from the Substantial Completion Date ("Final Completion Date")(collectively "Completion Dates") Time, including, but not limited to the Completion Dates, is of the essence of this Agreement. Contractor shall be entitled to time extensions for any delays beyond Contractor's control, including but not limited to, delays in delivery of materials or equipment caused by City's delay in approving Contractor submittals or by City's delay in direct payment for materials and equipment. All personnel in the employ of the Contractor shall be fully insured and under responsible supervision, and while on the Premises, shall conduct themselves in a businesslike manner and will refrain from unnecessary interference with the general public and with agents, employees and tenants of City.

3. The Work. All work reasonably inferable from the Contract Documents shall be deemed to be included in and shall form a part of this Agreement, although not mentioned herein, and no additional payment shall be made to the Contractor for same. Contractor shall take all reasonably necessary steps to protect the Work in progress, and Contractor shall be responsible for any or all damage to the Work or Facility caused by Contractor, its subcontractors, agents or employees. The Work is to be constructed and completed in compliance with the Contract Documents, all applicable laws, ordinances, rules and regulations. Contractor acknowledges that the Work is being performed at a location where the City has ongoing business operations, and therefore, shall follow the reasonable requirements of City and shall maintain good order among its agents and employees performing the Work, and shall comply with all rules and regulations of the City, including safety requirements, regulatory compliance and any limitations on hours of operation, staging and storage areas, construction parking, use and shutdown or interruption to City facilities and utilities, temporary signage, and ingress and egress to occupied tenant areas; provided none of these requirements shall relieve Contractor of its safety obligations hereunder. Contractor agrees that it will cause the Work to be performed in such a manner and by such contractors so as to maintain harmonious labor relations with the other contractors and/or labor employed by City at the Facility. Contractor shall work in conjunction with all other trades and cooperate with the superintendent in charge of the job by keeping its work cleaned up

as it progresses and, upon completion, shall clean the same and remove any and all rubbish and debris resulting from such Work.

4. Changes.

- 4.1 City reserves the right to order Work changes in the nature of additions, deletions and modifications without invalidating this Agreement, and agree to make corresponding adjustments in the Contract Price (defined below) and time of completion. All changes must be authorized by a written change order signed by Contractor and City and will be billed at Contractor's cost plus twenty percent (20%) for Contractor's overhead and profit.
- 4.2 Work shall be changed and the Contract Price shall be modified only as set out in the written change order. Notice of any and all claims for additional compensation, extra work, delay, extensions of time, or loss, injury or damages of any kind, shall be submitted in writing by Contractor to the City within ten (10) days after the occurrence giving rise to the claim, or the claim shall be deemed waived by the Contractor. Any adjustment in the Contract Price resulting in a credit or a charge to City or adjustment in the Completion Dates shall be determined by mutual agreement of the parties before starting the Work involved in the change and shall be set forth in the written change order.
- 4.3 The Contractor shall be granted reasonable extensions of time for delays resulting from acts or omissions by the City that causes the Contractor to be delayed in completing the Work. An extension of time to complete the Work shall be determined by the City provided that the Contractor provides the City with notice in writing of the cause of said act, interruption or delay in accordance with the provisions of this Article 4.

5. Contractor's Duties & Status.

- 5.1 The Contractor accepts the relationship of trust and confidence established between him and the City by this Agreement. He covenants with the City to furnish his best skill and judgment and to cooperate with the Architect in furthering the interests of the City. He agrees to furnish efficient business administration and superintendence and to use his best efforts to furnish at all times an adequate supply of workmen and materials, and to perform the Work in the best way and in the most expeditious and economical manner consistent with the interests of the City.

- 5.2 Contractor has by careful examination ascertained: (a) The nature and location of said project; (b) The character, quality and quantity of the materials, equipment and facilities necessary to complete said project; (c) The general and local conditions pertaining to said project; and (d) Any governmental code and permit requirements for the Work.
- 5.3 Contractor enters this Agreement solely based on the representations in the ITB and the results of its examination of the Facility and not because of any representations pertaining to said project or the completion thereof made to him by the City or any of their agents and not contained in this Agreement. The parties acknowledge that Contractor is experienced in the construction activities included in the Work.
- 5.4 Contractor will advise City in writing at least forty-eight hours prior to the actual start of the Work. City and/or any of City's agents shall at all times have the right to enter the project work area and inspect the progress of the project and the quality of the Work. If City gives Contractor notice of faulty construction or of any lack of compliance with the Contract Documents, Contractor agrees to cause all requested corrections to be promptly made at no cost to City. Neither the privilege to inspect nor the making of inspections shall operate as a waiver of the right to require good and workmanlike construction of the Work. Contractor and City shall inspect the completed project prior to City's acceptance of the Work and final payment therefore.

6. Charges and Liens. Provided that Contractor has received payment hereunder, Contractor shall timely pay all charges incurred by him for labor and materials used in the construction involved in the Work as they become due. Should Contractor fail to pay any such charge, City may pay the same on behalf of Contractor and shall be reimbursed by Contractor for such payment on request. Contractor unconditionally warrants that, except as to Contractor, there will be no liens for labor and materials or appliances against the Work covered by this Agreement and agrees to defend with counsel chosen by and acceptable to City, indemnify and hold harmless City from and against and to keep the Premises free and clear of any and all such non-Contractor claims, liens and liabilities (including costs, expenses and attorneys' fees, paralegals' fees and disbursements of defending such claims) ("Claims") arising or alleged to have arisen from any Claim by any laborer, materialman or subcontractor for materials furnished or labor performed in connection with the Work. Contractor's obligation with regard to liens shall survive expiration or earlier termination of this Agreement. Upon completion of the Work, Contractor shall provide City with signed and notarized lien releases for all labor, materials and equipment, as well as any other evidence required by City that there shall be no liens affecting the Premises by reason of the Work. Upon requests for draws, Contractor shall supply City with signed and notarized partial/final unconditional lien releases in the form attached hereto as applicable, for all labor,

materials and equipment for which payment is requested in the draw request; provided however, that for draw requests by Contractor that include amounts due a subcontractor or supplier in an amount over \$5,000.00, Contractor shall be paid by check jointly payable to Contractor and such subcontractor or supplier in such amount.

Additionally, Contractor agrees to indemnify and hold City harmless from all Claims arising or alleged to have arisen from any act or omission of Contractor or its agents, employees, contractors, subcontractors, laborers, materialmen or invitees or arising from any bodily injury or property damage occurring or alleged to have occurred incident to the Work, but only to the extent caused by breach of this Agreement or the negligence of Contractor, its subcontractors, materialmen or others for whose actions Contractor may be held liable.

6. Contract Price. The fixed-price contract amount (the "Contract Price") for performance of the Work in accordance with this Agreement shall be the amount of

Contractor shall be entitled to progress payments on account of the Contract Price on submission of applications for payment and upon completion of the Work in accordance with the Draw Schedule. In regards to payments in excess of Five Thousand Dollars (\$5,000.00), City shall pay Contractor by means of joint check or checks payable to Contractor and any subcontractor, supplier, subcontractor, or other person or entity who may claim a materialman's lien or mechanic's lien as a result of the performance of the Work. Within 30 days after Contractor's Substantial Completion (and City's acceptance) of the Work described in Section 2. hereof, and less a dollar amount of 150% of the outstanding punchlist items, City shall pay the balance of the Contract Price to Contractor, provided that all of Contractor's obligations under this Agreement (except punchlist items) with respect to such Work have been satisfied, certification from Contractor that all subcontractors, laborers, materialmen and suppliers have been paid in full, and, if requested, receipt of final waivers of lien from all subcontractors and suppliers. To compensate City for the damages it will suffer due to Contractor's failure to complete construction on time, the Contractor and City agree that as liquidated damages, the Contract Price shall be decreased by \$75.00 for each day after the Substantial Completion Date set forth in section 1 above that the Work has not achieved Substantial Completion due to the fault of Contractor, except the foregoing shall not apply to the extent Contractor's failure to achieve Substantial Completion on or before the Substantial Completion Date is caused by reasons beyond Contractor's control. No payment to Contractor shall be construed as an approval or acceptance of defective Work or Work failing to comply with this Agreement. Further, no payment to Contractor shall constitute a waiver of any of City's rights under the terms of Contractor's Guarantee attached hereto as Exhibit "___" or with respect to unsettled liens. "Substantial Completion" shall be defined as having completed the scope of work (except "punchlist" work) and having obtained a Temporary Acceptance letter or similar document from a third party elevator inspector.

The Contract Price may be increased or decreased only by written change order as provided in Article 3 hereof.

8.3 Contractor shall require each subcontractor employed by him (to perform labor) in connection with said project to procure and maintain, at such subcontractor's own cost and expense during the performance of such labor, General Liability insurance, as well as Automobile Liability, Worker's Compensation, and Employer's Liability insurance, in the amounts required of Contractor under Section 7.1 of this Agreement, and to deposit with Contractor certificates (which comply with the requirements in Section 7.2 hereof) evidencing such insurance. Contractor shall not allow any subcontractor to commence work until all required insurance has been obtained (by the subcontractor) and approved (by Contractor) as being in compliance with this Section 8.3.

8.4 Nothing contained in this Agreement creates any contractual relationship between any subcontractor and City nor are any rights conferred to subcontractor as third party beneficiaries of this Agreement.

8.5 Contractor will provide City with a list of all subcontractors prior to the commencement of construction and make any additions or deletions during construction as necessary. At the conclusion of the job, Contractor will provide City a final list of subcontractors.

8.6 Contractor agrees to provide City with a schedule of completion and the approximate dates of each draw request prior to the commencement of construction.

9. Attorney's Fees and Venue. Should any litigation be commenced between the parties hereto concerning said project, any provisions of this Agreement, or the rights and obligations of either party in relation thereto, the Party prevailing in such litigation shall be entitled, in addition to such other relief as may be granted, to have and recover from the other party all costs and expenses (including reasonable attorneys' fees) incurred in such litigation and any appeal therefrom. 16. Compliance with Laws, Ordinances, Regulations. The Contractor shall give all notices and comply with all laws, ordinances, rules, regulations and orders of any public authority bearing on the performance of the Work on said project.

17. Termination of Agreement by City. Should Contractor fail to provide competent and adequate labor to do the Work, or fail to furnish sufficient quantities of material to keep up with the progress of the Work or otherwise fail to regularly continue with the Work from day to day, City, after seven (7) days' written notice to Contractor to cure, reserves the right, after an additional three (3) days' written notice to Contractor, to terminate this Agreement and to purchase materials and equipment, employ labor and to do all or any portion of the Work included in this Agreement, all at the expense of Contractor. If the cost of completing Contractor's Work, plus the amounts previously paid to Contractor under this Agreement, exceeds the Contract Price for the Work, Contractor shall pay such excess to City on demand, along with an overhead charge of ten percent (10%).

If Contractor is adjudged a bankrupt or a debtor or files a petition for relief under any Chapter of the Bankruptcy Code, or if he makes a general assignment for the benefit of his creditors, if a receiver is appointed on account of his insolvency, or if he disregards laws, ordinances, rules, or regulations or orders of any public authority having jurisdiction, or otherwise is guilty of a substantial violation of a provision of this Agreement, then City may exercise the remedies available to City under the paragraph above.

After seven (7) days' prior written notice to Contractor, the City reserves the right to terminate this Agreement for the convenience of City, in which event the Contractor shall be paid for all work properly completed (subject to setoffs due to incomplete or defective work) the reasonable cost of the Work properly performed (including earned overhead and profit, but not to exceed the Contract Price provided for herein), but shall not be entitled to recover lost profits, or incidental and consequential damages.

18. Notices. All notices and other communications required by this Agreement or by law shall be in writing and must be served by (1) certified or registered mail, postage prepaid, return receipt requested; (2) any so-called "overnight" or "one day" express mailing service; or (3) by hand delivery addressed to the parties hereto at the following addresses, or such other addresses as are provided to the other parties in accordance with this Article:

25. Ownership and Access to Records and Audits. Contractor shall comply with the provisions of Chapter 119, Florida Statute, by performing such tasks as, without limitation:

- (a) Keep and maintain public records that ordinarily and necessarily would be required by the City in order to perform the service;
- (b) Provide the public with access to public records on the same terms and conditions that the City would provide the records and at a cost that does not exceed the cost provided in Chapter 119 or as otherwise provided by law;
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law; and
- (d) Meet all requirements for retaining public records and transfer, at no cost, to the public agency all public records in possession of the contractor upon termination of the contract and destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. All records stored electronically must be provided to the public agency in a format that is compatible with the information technology systems of the public agency.

All records, books, documents, maps, data, deliverables, papers and financial information (the "Records") that result from this Agreement are the property of the City.

The City Manager or his designee shall, during the term of this Agreement and for a period of three (3) years from the date of termination of this Agreement, have access to and the right to examine and audit any Records of the Contractor involving transactions related to this Agreement. The City may cancel this Agreement for refusal by the Contractor to allow access by the City Manager or his designee to any Records pertaining to work performed under this Agreement that are subject to the provisions of Chapter 119, Florida Statutes.

26. Prohibition of Contingency Fees. Contractor warrants that he/she/it has not employed or retained any company or person, other than a bona fide employee working solely for Contractor, to solicit or secure this Agreement and that he or she has not paid or agreed to pay any person, company, corporation, individual, or firm, other than a bona fide employee working solely for the registered surveyor and/or mapper, any fee, commission, percentage, gift, or other consideration contingent upon or resulting from the award or making of this agreement. For the breach or violation of this provision, the City shall have the right to terminate the agreement without liability and, at its discretion, to deduct from the contract price, or otherwise recover, the full amount of such fee, commission, percentage, gift, or consideration.

27. Force Majeure. It is understood that performance of any act by the City or Contractor hereunder may be delayed or suspended at any time while, but only so long as, either party is hindered in or prevented from performance by acts of God, the elements, war, rebellion, strikes, lockouts or any cause beyond the reasonable control of such party, provided however, the City shall have the right to provide substitute service from third parties or City forces as may be necessary to meet City needs, and, in such event, the City shall withhold payment due Contractor for such period of time, if any. Contractor further agrees that the Contract Price provided shall be adjusted to exclude any significant sums by which the City determines the agreement price was increased due to inaccurate, incomplete, or non-current wage rates and other factual unit costs. All such agreement adjustments shall be made within one (1) year following the end of the Term or any Extension term.

30. Counterparts. This Agreement may be executed in several counterparts, each of which shall be deemed an original and such counterpart shall constitute one and the same instrument.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed by their duly authorized representatives as of the date first set forth above.

PLB Series
Solar Powered LED Bollard

Project: _____

Type: _____

Quantity: _____

The PLB series solar powered LED bollard is an ideal choice for low level architectural and commercial pathway and landscape lighting applications. Visual appeal combined with high quality construction and unequalled solar power performance make the PLB series an excellent fit where quality low level lighting is required.

Utilizing solar power and LED lighting the PLB bollards are fully self contained and offer significant benefits over typical wired bollards:

- Low installed costs and minimal site impacts with no trenching, cabling or wiring
- Minimal ongoing costs with no electricity bills or bulbs to change
- Immune from power outages
- Provide a visibly green statement with no ongoing carbon emissions

The performance of the PLB Series Solar LED Bollard is maximized through the use of proprietary Energy Management System (EMS) technology that allows the luminaire to function in harmony with its environment.

The EMS ensures that regardless of low-solar weather patterns or unusual charging conditions such as shading, the bollard continues to provide useable light that enhances the appeal and safety of the night time environment.

APPLICATION FOR PAYMENT INSTRUCTIONS

A. GENERAL INFORMATION

The sample form of Schedule of Values is intended as a guide only. Many projects require a more extensive form with space for numerous items, descriptions of Change Orders, identification of variable quantity adjustments, summary of materials and equipment stored at the site and other information. It is expected that a separate form will be developed by City and Contractor at the time Contractor's Schedule of Values is finalized. Note also that the format for retainage must be changed if the Agreement permits (or the law provides), and Contractor elects to deposit securities in lieu of retainage.

B. COMPLETING THE FORM

The Schedule of Values, submitted and approved, should be reproduced as appropriate in the space indicated on the Application for Payment form. Note that the cost of materials and equipment is often listed separately from the cost of installation. Also, note that each Unit Price is deemed to include Contractor's overhead and profit.

All Change Orders affecting the Contract Price should be identified and included in the Schedule of Values as required for progress payments.

The form is suitable for use in the Final Application for Payment as well as for Progress Payments; however, the required accompanying documentation is usually more extensive for final payment. All accompanying documentation should be identified in the space provided on the form.

C. LEGAL REVIEW

All accompanying documentation of a legal nature, such as lien waivers, should be reviewed by an attorney.
