**MODIFICATION OF MASTER DEVELOPMENT AGREEMENT
RECORDED AT OFFICIAL RECORDS BOOK 29422 AT PAGES 4516 - 4530**

THIS MODIFICATION OF DEVELOPMENT AGREEMENT (hereinafter the "Modification") is entered into this 12th day of February, 2020, by and between 107 Avenue Doral Properties, LLC, a Florida limited liability company (the "Applicant"), Century Midtown Properties, LLC, a Florida limited liability company, New Doral 107, LLC, a Delaware limited liability company, MTD Unit 3-503 LLC, a Florida limited liability company, MTD Unit 3-307 LLC, a Florida limited liability company, and MTD Unit 3-208 LLC, a Florida limited liability company (hereinafter and collectively the "Developer"), and the City of Doral, Florida, a Florida municipal corporation (hereinafter the "City").

WITNESSETH:

WHEREAS, the Developer is the owner of the real property located within the boundaries of the City, the legal description of which is attached hereto and made a part hereof as Exhibit "A";

WHEREAS, the Property is currently designated "Community Mixed-Use" on the City's Comprehensive Plan and zoned "Planned Unit Development (PUD)" pursuant to the Land Development Regulations;

WHEREAS, on December 8, 2014, a Development Agreement was entered into between the Developer and the City, and was recorded in the Public Records of Miami-Dade County in Official Records Book 29422 at Pages 4516 – 4530 (the "Development Agreement"), a copy of

which is attached as Exhibit "B";

WHEREAS, the Development Agreement approved the development of the Property with a maximum of 1,548 dwelling units, 300,000 square feet of gross leasable area of commercial use, 75,000 square feet of net leasable area of office use, and a 47,000 square foot clubhouse, as permitted by the City's Comprehensive Plan and the Land Development Regulations (the "Project");

WHEREAS, the Developer and the City established certain terms and conditions relating to the proposed development of the Property, and established certainty as to the ultimate development of the Project, as provided pursuant to Chapter 68, Article V. Division 5 of the City's Land Development Regulations;

WHEREAS, the development of the Project was intended to be undertaken in three (3) phases under a unified conceptual master site plan;

WHEREAS, the first phase ("Phase I") of the Project, the legal description of which is attached hereto and made a part hereof as Exhibit "C", has already been developed and is currently improved with 537 dwelling units and 68,500 square feet of gross leasable area of commercial use;

WHEREAS, the remaining phases of the Project remain unbuilt (the "Unbuilt Parcels");

WHEREAS, the Developer now seeks to reallocate the remaining development rights to the balance of the Property under a new phasing schedule;

WHEREAS, Phase II, the legal description of which is attached hereto and made a part hereof as Exhibit "D", will be developed with a maximum of 505 dwelling units, 89,750 square feet of gross leasable area of commercial use, and a 47,000 square foot clubhouse;

WHEREAS, Phase III, the legal description of which is attached hereto and made a part hereof as Exhibit "E", will be developed with a maximum of 253 dwelling units and 44,875 square

feet of gross leasable area of commercial use;

WHEREAS, Phase IV, the legal description of which is attached hereto and made a part hereof as Exhibit "F", will be developed with a maximum of 126 dwelling units and 22,437.5 square feet of gross leasable area of commercial use;

WHEREAS, Phase V, the legal description of which is attached hereto and made a part hereof as Exhibit "G", will be developed with a maximum of 127 dwelling units and a maximum of 22,437.5 square feet of gross leasable area of commercial use;

WHEREAS, Phase VI, the legal description of which is attached hereto and made a part hereof as Exhibit "H", will be developed with a maximum of 52,000 square feet of gross leasable area of commercial use and 75,000 square feet of net leasable area of office use;

WHEREAS, the Development Agreement provides that the Development Agreement may be modified or amended by written instrument signed by the City and the Developer, provided that such modification or amendment is approved by the City after public hearing; the Developer and the City seek to modify the Development Agreement in order to incorporate the new phasing plan, as outlined in this Modification; and

WHEREAS, the Modification will allow for the efficient use of land resources, and will serve to provide for a more balanced and sustainable mix of uses on the Property;

WHEREAS, on February 12, 2020, the City Council enacted Ordinance No. 2019-29, which approved the Modification to the Development Agreement to develop the Unbuilt Parcels under the new phasing plan, a copy of which is attached as Exhibit "I".

NOW, THEREFORE, in consideration of the conditions, covenants and mutual promises hereinafter set forth, the Developer and the City agree as follows:

2. Paragraph 5 of the Development Agreement is hereby modified as follows:

FROM:

"5. Permitted Development Uses and Building Intensities.

a. **Permitted Development Uses.** Concurrently with the adoption and acceptance of this Agreement, the Developer has proffered and the City has accepted and adopted the Conceptual Master Plan and the Pattern Book as the binding development criteria for the Property (collectively, the "Project Approval"). In granting the Project Approval, the City has determined and hereby concurs that the Project is consistent with the City's Comprehensive Plan and that the Project Approval in accordance with the Land Development Regulations. Upon execution of this Agreement, the City confirms and agrees that the Property may be developed and used in the manner set forth in the Project Approval, the City's Comprehensive Plan, and the Land Development Regulations.

b. **Phasing, Density and Intensities, Building Heights, and Setbacks.** The maximum density and intensities, setbacks, and height for any development on the Property shall be regulated by the Project Approval, the Land Development Regulations, and the applicable provisions and designations in the Comprehensive Plan in effect at the time of site plan approval.

- i. **Phasing.** The Project will be developed in three (3) phases as contemplated in the Conceptual Master Plan. While the Conceptual Master Plan contemplates that the Property will be developed in three (3) phases,

residential density, and office and retail intensity may be shifted to future phases of Project development so long as said transfer does not result in an overall increase of residential density or office and retail intensity for the Project.

- ii. **Density and Intensities.** Maximum density is further determined by the provisions of that certain Settlement Agreement, dated June 12, 2005, as modified by that certain Amendment to Settlement Agreement, approved by the City of Doral on February 12, 2007, pursuant to Resolution No. 07-06, as modified by the Second Amendment to Settlement Agreement recorded in Official Records Book 28642 at Page 4067 of the Public Records of Miami-Dade County, Florida, and as subsequently amended by that certain Third Amendment to Settlement Agreement recorded in Official Records Book 29252 at Page 1882 of the Public Records of Miami-Dade County, Florida, as it applies to the Property and as may be amended from time to time (collectively, the "Settlement Agreement").
- iii. **Height.** The height of the buildings within the Project shall not exceed eight (8) stories; except within Phase III wherein buildings may reach a height of ten (10) stories.

c. **Residential Unit Type Mix.** Subject to the provisions of the Settlement Agreement, the Developer reserves the ability to modify the mix of the residential unit types to convert the mix of unit types between multi-family units and townhome units so long as said modification does not result in an overall increase of residential density for the Project. The reduction of residential density resulting from the modification of the residential unit type mix shall be deemed consistent with the Project Approval, the Land Development Regulations, and the applicable provisions and designations in the Comprehensive Plan."

"5. Permitted Development Uses and Building Intensities.

a. **Permitted Development Uses.** Concurrently with the adoption and acceptance of this Agreement, the Developer has proffered and the City has accepted and adopted the Conceptual Master Plan and the Pattern Book as the binding development criteria for the Property (collectively, the "Project Approval"). In granting the Project Approval, the City has determined and hereby concurs that the Project is consistent with the City's Comprehensive Plan and that the Project Approval in accordance with the Land Development Regulations. Upon execution of this Agreement, the City confirms and agrees that the Property may be developed and used in the manner set forth in the Project Approval, the City's Comprehensive Plan, and the Land Development Regulations.

b. **Phasing, Density and Intensities, Building Heights, and Setbacks.** Unless approved by the City in the future, the maximum density and intensities, setbacks, and height for any development on the Property shall be regulated by the Project Approval,

the Land Development Regulations, and the applicable provisions and designations in the Comprehensive Plan in effect at the time of site plan approval.

- i. **Phasing.** The Project will be developed in six (6) ~~three (3)~~ phases (the "Phases" or individually, a Phase) as contemplated in the Conceptual Master Plan, and as delineated below:

Phase I: Maximum of 537 dwelling units and 68,500 square feet of gross leasable area of commercial use.

Phase II: Maximum of 505 dwelling units, 89,750 square feet of gross leasable area of commercial use, and a 47,000 square foot clubhouse.

Phase III: Maximum of 253 dwelling units and 44,875 square feet of gross leasable area of commercial use.

Phase IV: Maximum of 126 dwelling units and 22,437.5 square feet of gross leasable area of commercial use.

Phase V: Maximum of 127 dwelling units and 22,437.5 square feet of gross leasable area of commercial use.

Phase VI: Maximum of 52,000 square feet of gross leasable area of commercial use and 75,000 square feet of net leasable area of office use.

- ii. While the Conceptual Master Plan contemplates that the Property will be developed in six (6) Phases, which phases may not be sequential, residential density, and office and retail intensity may be shifted to other Phases of the Project so long as said transfer does not result in an overall increase of residential density or office and retail intensity for the Project. The Developer of each Phase shall adopt rules and regulations for the administration of the off-street parking within each phase which, at a minimum, recognize that guest spaces will be available for guests of the residents of each Phase. For purposes of illustration, 136 spaces in the garages that serve the four existing buildings in Phase I of the Project shall be designated as guest spaces for use by the guest of the residents in Phase I.

- iii. **Density and Intensities.** Maximum density is further determined by the provisions of that certain Settlement Agreement, dated June 12, 2005, as modified by that certain Amendment to Settlement Agreement, approved by the City of Doral on February 12, 2007, pursuant to Resolution No. 07-06, as modified by the Second Amendment to Settlement Agreement recorded in Official Records Book 28642 at Page 4067 of the Public Records of Miami-Dade County, Florida, and as subsequently amended by that certain Third Amendment to Settlement Agreement recorded in

Official Records Book 29252 at Page 1882 of the Public Records of Miami-Dade County, Florida, as it applies to the Property and as may be amended from time to time (collectively, the "Settlement Agreement").

- iv. **Height.** The height of the buildings within the Project shall not exceed eight (8) stories; except within Phases IV and V wherein buildings may reach a height of ten (10) stories.

c. **Residential Unit Type Mix.** Subject to the provisions of the Settlement Agreement, the Developer reserves the ability to modify the mix of the residential unit types to convert the mix of unit types between multi-family units and townhome units so long as said modification does not result in an overall increase of residential density for the Project. The reduction of residential density resulting from the modification of the residential unit type mix shall be deemed consistent with the Project Approval, the Land Development Regulations, and the applicable provisions and designations in the Comprehensive Plan."

- 3. Paragraph 6 of the Development Agreement is hereby modified as follows:

FROM:

"6. Project Approval.

a. The Project Approval authorizes the development of a Project that currently contemplates a development program as specifically described in the Pattern Book and the Conceptual Master Plan. This development program consists of 1,548 dwelling units, 300,000 square feet of gross leasable area of commercial use, and 75,000 square feet of office use. The development of the Property in conformity with this development program, as provided in the Pattern Book and the Conceptual Master Plan, is referred to herein as the "Project."

b. **Further Development Review.** This Agreement and the Project Approval establish the criteria upon which the Project shall be developed and shall set forth the sole and exclusive limitation upon the development of the Project. Consistent with the foregoing and pursuant to Subsection 68-40(a) of the City's Land Development Code, prior to the issuance of any building permit for any development within any portion of the Property (the "Building Site"), the Developer shall submit a Site Plan for the Building Site that includes the proposed buildings for administrative review and approval by the City's Planning and Zoning Director or as may otherwise be provided in the Land Development Regulations. The Site Plan for each Building Site shall be designed to generally conform to the Project Approval and the applicable provisions of the Land Development Regulations and Comprehensive Plan. Said Site Plan shall include the number of bedrooms, bathrooms, and the square footage of each residential unit shown on the Site Plan for that residential building.

c. Any Site Plan approved pursuant to the provisions of this Paragraph may be modified from time to time in accordance with Section 53-185(d) and Section 68-740 of

the City's Land Development Code, as may be amended from time to time. Minor variations to the building placement, building style, and lot configuration may be approved administratively by the Director of the Planning and Zoning Department, or the executive officer of the successor of such Department, as provided in the Land Development Regulations.

d. In the event that the City's Planning and Zoning Director does not approve the Site Plan, the Director shall render his or her decision by notifying the Developer (or its assigns as to such portion of the Property) in writing by certified mail, overnight express delivery, or hand delivery. The Developer, or its assigns, has the right to appeal the administrative decision directly to the City Council for the City Council to determine whether the City's Planning and Zoning Director erred in his or her decision to deny the approval of the Site Plan based on the Site Plan's conformance with this Agreement, the Project Approval, and the applicable provisions of the Land Development Regulations and Comprehensive Plan. The City agrees to process any appeal to the City Council on an expedited basis and, in the absence of a force majeure event, agrees to hear and decide on any appeal within sixty (60) days from receipt of a letter from the Developer requesting such hearing addressed to the City Clerk and the City's Planning and Zoning Director (or successor thereto), appealing the decision of the City's Planning and Zoning Director to the City Council."

TO:

"6. Project Approval.

a. The Project Approval authorizes the development of a phased Project that currently contemplates a development program as specifically described in the Pattern Book and the Conceptual Master Plan. This development program consists of 1,548 dwelling units, 300,000 square feet of gross leasable area of commercial use, and 75,000 square feet of office use, and a 47,000 square foot clubhouse. The development of the Property in conformity with this development program, as provided in the Pattern Book and the Conceptual Master Plan, is referred to herein as the "Project."

b. Further Development Review. This Agreement and the Project Approval establish the criteria upon which the Project shall be developed and shall set forth the sole and exclusive limitation upon the development of the Project. Consistent with the foregoing and pursuant to Subsection 68-40(a) of the City's Land Development Code, prior to the issuance of any building permit for any Phase development within any portion of the Property (the "Phase Building Site"), the Developer of such Phase shall submit a Phase Site Plan for the Phase Building Site (the "Phase Site Plan") that includes the proposed buildings for administrative review and approval by the City's Planning and Zoning Director or as may otherwise be provided in the Land Development Regulations. The Site Plan for each Phase Building Site shall be designed to generally conform to the Project Approval and the applicable provisions of the Land Development Regulations and Comprehensive Plan. Said Site Plan shall include the number of bedrooms, bathrooms, and the square footage of each residential unit shown on the Site Plan for that residential building. Notwithstanding anything in this Agreement, the Conceptual Master Plan, or in

the Pattern Book to the contrary, parking for subsequent phases of the Project shall be provided in accordance with Article IV of Chapter 77 of the City Code.

As depicted in the Conceptual Master Plan, the Project includes the construction and operation of a clubhouse within the boundaries of Phase II. In consideration of the City Council's approval of this Modification, the developer of Phase II agrees to commence construction of the clubhouse by no later than the earlier of (i) sixty days following the issuance of a building permit for the construction of any building in Phase II ; or (ii) March 30, 2022, unless said period is extended by the City Manager in his/her absolute discretion for good cause shown, which decision will be entirely administrative and not subject to appeal to the City Council. In the event, an extension is approved by the City Manager, any member of the Council within thirty days of the City Manager's decision may direct that the extension be placed on the agenda for review by the Mayor and Council. The Mayor and Council may overturn the City Manager's decision for any reason. Construction of the clubhouse shall be the exclusive obligation of the developer of Phase II. Once construction of the clubhouse begins, the developer of Phase II shall use its best efforts to complete the construction of the clubhouse within twenty-four (24) months of the start of construction. The timely performance of its obligations under this Paragraph by the developer of Phase II shall be subject to delay for "Force Majeure." The developer of Phase II shall use good faith efforts to counter and minimize the impact of any Force Majeure delay. The failure on the part of the developer of Phase II to commence or to complete the construction of the clubhouse as provided in this Paragraph 6 shall in no way affect the ability of the developers of Phases III, IV, V and VI to obtain permits and certificates of occupancy for the construction and occupancy of the proposed Project components for those phases. Any enforcement action by the City relating to the obligations of the developer(s) of any Phase under this Agreement, or relating to compliance with the City Code, shall be limited to the noncompliant developer and Phase.

c. Any respective Phase Site Plan approved pursuant to the provisions of Paragraph 6(b) may be modified from time to time in accordance with Section 53-185(d) and Section 68-740 of the City's Land Development Code, as may be amended from time to time. Minor variations to the building placement, building style, and lot configuration may be approved administratively by the Director of the Planning and Zoning Department, or the executive officer of the successor of such Department, as provided in the Land Development Regulations. Such modifications (whether administrative or which require a public hearing) may be undertaken for an individual and respective phase, without the authorization or consent of the owners of the other Phases, their successors or assigns.

d. In the event that the City's Planning and Zoning Director does not approve the Site Plan, the Director shall render his or her decision by notifying the Developer (or its assigns as to such portion of the Property) in writing by certified mail, overnight express delivery, or hand delivery. The Developer, or its assigns, has the right to appeal the administrative decision directly to the City Council for the City Council to determine whether the City's Planning and Zoning Director erred in his or her decision to deny the approval of the Site Plan based on the Site Plan's conformance with this Agreement, the Project Approval, and the applicable provisions of the Land Development Regulations and Comprehensive Plan. The City agrees to process any appeal to the City Council on an

expedited basis and, in the absence of a force majeure event, agrees to hear and decide on any appeal within sixty (60) days from receipt of a letter from the Developer requesting such hearing addressed to the City Clerk and the City's Planning and Zoning Director (or successor thereto), appealing the decision of the City's Planning and Zoning Director to the City Council."

4. Paragraph 10 of the Development Agreement is hereby modified as follows:

FROM:

10. Roadway Improvements. In order to address the impacts of the proposed Project on the City and regional roadways, the Developer agrees to address and shall provide certain on-site and off-site roadway improvements to the area's roadway network. The Developer shall construct or cause to be constructed the following roadway improvements, as more particularly set forth below.

- a. The Developer shall restore any existing landscaping, irrigation, and lighting within the NW 107 Avenue median that may be impacted by the roadway improvements made to NW 107 Avenue in connection with the Project.
- b. Modifications to NW 107 Avenue to provide deceleration and/or right turn lanes at certain Project access points along NW 107 Avenue. A larger north-to-east turning radius may be constructed in lieu of turn lanes at the discretion of the Miami-Dade County Public Works and Waste Management Department Traffic Engineering Division.
- c. Dedication of right-of-way to accommodate a roadway width of sixty feet (60') for NW 78 Street to provide two (2) westbound approach lanes (one exclusive left-turn lane and one exclusive right-turn lane). Said dedication shall be made by plat.
- d. Dedication of right-of-way to accommodate a roadway width of sixty feet (60') for NW 82 Street to provide two (2) westbound approach lanes (one exclusive left-turn lane and one shared through/right-turn lane) and an exclusive northbound right-turn lane at the intersection with NW 107 Avenue. A larger north-to-east turning radius may be constructed in lieu of the exclusive northbound right-turn lane at the discretion of the Miami-Dade County Public Works and Waste Management Department Traffic Engineering Division. Said dedication shall be made by plat.
- e. Dedication of right-of-way to accommodate a roadway width of sixty feet (60') for NW 88 Street to provide two (2) westbound approach lanes (one shared through/left-turn lane and one exclusive right-turn lane) and an exclusive northbound right-turn lane at the intersection with NW 107 Avenue. A larger north-to-east turning radius may be constructed in lieu of the exclusive northbound right-turn lane at the discretion of the Miami-Dade County Public Works and Waste Management Department Traffic Engineering Division. Said dedication shall be made by plat.

- f. The Developer shall prepare and submit to the City and the Miami-Dade County Public Works Departments a traffic signal warrant study for traffic signals at the following intersections of (i) NW 107 Avenue at NW 78 Terrace, (ii) NW 107 Avenue at NW 82 Street, (iii) NW 107 Avenue at NW 88 Street, and (iv) NW 107 Avenue and NW 86 Street in the event that a Project driveway aligns with this existing intersection, within six (6) months of the issuance of the first certificate of occupancy for any building adjacent to each of the respective intersections. If a signal is not warranted or is otherwise rejected by Miami-Dade County, then the Developer shall be relieved of any obligation to construct a signal at such location. If warranted, within six (6) months of the acceptance of the warrant study by the City and Miami-Dade County, the Developer shall prepare and submit plans and diligently process a permit application for said signal to Miami-Dade County. Once permitted by Miami-Dade County, the Developer shall install the signal within six (6) months after the approval of the plans by the Miami-Dade County and the City; provided, however, that the timeframe for the completion of the installation of the signal may be extended by the City's Public Works Director for good cause shown.

It is expressly acknowledged by the parties that the potential traffic signal(s) will constitute a voluntary off-site improvement and that the costs paid by the Developer for the installation of the signal(s) shall be considered a voluntary contribution over and above the applicable Project roadway impact fees. The Developer may seek to apply to Miami-Dade County for a credit against the applicable Miami-Dade County roadway impact fees for off-site roadway improvements pursuant to Chapter 33-E, Miami-Dade County Code. The City agrees to support the Developer's application for an impact fee contribution in lieu of fee determination by the County. However, the Developer's obligation to submit the traffic signal warrant studies and, if warranted, to install the signal(s) is not contingent upon the County's approval of such a credit.

TO:

10. Roadway Improvements. In order to address the impacts of the proposed Project on the City and regional roadways, the Developer agrees to address and shall provide certain on-site and off-site roadway improvements to the area's roadway network. The Developer shall construct or cause to be constructed the following roadway improvements, as more particularly set forth below.

- a. The Developer shall restore any existing landscaping, irrigation, and lighting within the NW 107 Avenue median that may be impacted by the roadway improvements made to NW 107 Avenue in connection with the Project.
- b. Modifications to NW 107 Avenue to provide deceleration and/or right turn lanes at certain Project access points along NW 107 Avenue. A larger north-to-east turning radius may be constructed in lieu of turn lanes at the discretion of the Miami-Dade County Public Works and Waste

Management Department Traffic Engineering Division.

- c. Dedication of right-of-way to accommodate a roadway width of sixty feet (60') for NW 78 Street to provide two (2) westbound approach lanes (one exclusive left-turn lane and one exclusive right-turn lane). Said dedication shall be made by plat.
- d. Dedication of right-of-way to accommodate a roadway width of sixty feet (60') for NW 82 Street to provide two (2) westbound approach lanes (one exclusive left-turn lane and one shared through/right-turn lane) and an exclusive northbound right-turn lane at the intersection with NW 107 Avenue. A larger north-to-east turning radius may be constructed in lieu of the exclusive northbound right-turn lane at the discretion of the Miami-Dade County Public Works and Waste Management Department Traffic Engineering Division. Said dedication shall be made by plat.
- e. Dedication of right-of-way to accommodate a roadway width of sixty feet (60') for NW 88 Street to provide two (2) westbound approach lanes (one shared through/left-turn lane and one exclusive right-turn lane) and an exclusive northbound right-turn lane at the intersection with NW 107 Avenue. A larger north-to-east turning radius may be constructed in lieu of the exclusive northbound right-turn lane at the discretion of the Miami-Dade County Public Works and Waste Management Department Traffic Engineering Division. Said dedication shall be made by plat.
- f. The Developer shall prepare and submit to the City and the Miami-Dade County Public Works Departments a traffic signal warrant study for traffic signals at the following intersections of (i) NW 107 Avenue at NW 78 Terrace, (ii) NW 107 Avenue at NW 82 Street, (iii) NW 107 Avenue at NW 88 Street, and (iv) NW 107 Avenue and NW 86 Street in the event that a Project driveway aligns with this existing intersection, within six (6) months of the issuance of the first certificate of occupancy for any building adjacent to each of the respective intersections. If a signal is not warranted or is otherwise rejected by Miami-Dade County, then the Developer shall be relieved of any obligation to construct a signal at such location. If warranted, within six (6) months of the acceptance of the warrant study by the City and Miami-Dade County, the Developer shall prepare and submit plans and diligently process a permit application for said signal to Miami-Dade County. Once permitted by Miami-Dade County, the Developer shall install the signal within six (6) months after the approval of the plans by the Miami-Dade County and the City; provided, however, that the timeframe for the completion of the installation of the signal may be extended by the City's Public Works Director for good cause shown.

It is expressly acknowledged by the parties that the potential traffic signal(s) will constitute a voluntary off-site improvement and that the costs paid by the Developer for the installation of the signal(s) shall be considered a

voluntary contribution over and above the applicable Project roadway impact fees. The Developer may seek to apply to Miami-Dade County for a credit against the applicable Miami-Dade County roadway impact fees for off-site roadway improvements pursuant to Chapter 33-E, Miami-Dade County Code. The City agrees to support the Developer's application for an impact fee contribution in lieu of fee determination by the County. However, the Developer's obligation to submit the traffic signal warrant studies and, if warranted, to install the signal(s) is not contingent upon the County's approval of such a credit.

- g. In the event the Property is owned by multiple owners, the owner of each Phase shall be responsible for the dedication of any necessary right-of-way and the construction and installation of any improvements that are adjacent to its respective Phase(s). In connection with each Phase, the City shall only require the construction and installation of improvements that are adjacent that particular Phase.

5. Paragraph 11 of the Development Agreement is hereby modified as follows:

FROM:

“11. Street Lighting. The Developer shall be responsible for installing or causing the installation of street lighting along the rights-of-way adjacent to the Project. Said street lighting shall be installed in connection with the development of each Building Site and shall be operational prior to the issuance of a final certificate of occupancy for any building within that certain Building Site.”

TO:

“11. Street Lighting. The Developer shall be responsible for installing or causing the installation of street lighting along the rights-of-way adjacent to the Project. Said street lighting shall be installed in connection with the development of each Phase Building Site and shall be operational prior to the issuance of a final certificate of occupancy for any building within that certain Phase Building Site.”

6. Paragraph 12 of the Development Agreement is hereby modified as follows:

FROM:

“12. Pedestrian Connection to Bikeway. The Developer shall provide a pedestrian connection from the Project to the City's adjacent public bikeway.”

“12. Pedestrian Connection to Bikeway. The Developer shall provide a pedestrian connection from the Project to the City's adjacent public bikeway. In the event the Property is owned by multiple owners, the owner of each Phase shall be responsible for providing a

connection pedestrian connection for its Phase(s) to the bikeway.”

7. Paragraph 22 of the Development Agreement is hereby modified as follows:

FROM:

“22. Modification, Amendment, and Release. This Agreement may not be modified, amended, or released, except by written instrument signed by the City and the Developer (and/or its assigns, which may include, but not be limited to a Community Development District and/or master property owners' association with appropriate authority over the Property), provided that such modification, amendment, release has been approved by the City after public hearing.”

TO:

“22. Modification, Amendment, and Release. This Agreement may not be modified, amended, or released, except by written instrument signed by the City and the owner (s) (and/or its assigns, which may include, but not be limited to a Community Development District and/or master property owners' association with appropriate authority over the Property-Phase) of the respective and individual Phase being modified, amendment, or released, without the consent of any other owners of the other Phases, their successors or assigns, provided that such modification, amendment, release has been approved by the City after public hearing.”

8. Except as hereby amended, all other conditions and provisions of the Development Agreement shall remain in full force and effect.
