The City may, at its sole option, determine to proceed with the Project without Budget adjustment or any other change to the Project. This shall in no way obligate the City to accept the CM's GMP Proposal whether or not it is within the estimate or whether or not it is within the Budget. The City in this and all cases may reject the GMP at its sole discretion and proceed to exercise its options as identified in this Agreement.
- c) The CM and A/E shall advise the City immediately when the A/E or CM estimate exceeds the construction budget.

The City is not obligated to consider Requests for Substitution or resubmittal of previously rejected substitutions after forty-five (45) days of contract award. The City is not obligated to approve Requests for Substitutions and has the discretion to require Construction Manager to provide the materials as specified in the Construction Documents. Should the City, during the course of the Work, find it necessary or desirable to use a material, equipment, product or system other than specified, the City shall notify Construction Manager, in writing. Should Construction Manager accept the proposal without a change in price or time, it shall be considered an approved substitute. If A/E requests a sample of a specified material, product, element of work or approved substitute, Construction Manager shall provide same. If the sample is approved, all subsequent materials used in the Work shall be equal in every respect to the sample.
