Getting stronger together starts here!

Walmart is currently providing the Pfizer COVID-19 vaccine to patients aged 12+ in partnership with Miami Dade College.

Insurance is not required and there is no cost to receive the vaccine.

Why should I get vaccinated?

Getting the COVID-19 vaccine not only helps protect you, but also those around you who are not yet eligible to get the vaccine or are extra-vulnerable. By doing so, you're performing an act of service for your community and freeing up health care resources for those in need with other health conditions.
