ABOUT THIS REPORT

The financial information presented in the Popular Annual Financial Report (PAFR) of the City of Doral is published in order to increase public awareness and provide a more user-friendly presentation of the City's financial position. This includes a review of sources of revenue and uses of expenditures, as well as economic information about the community and a highlight of fiscal spending for the City for the current fiscal year 2020.

The PAFR summarizes and condenses the financial activities of the City of Doral's governmental and business-type activities and derives its information from the City's Comprehensive Annual Financial Report for the Fiscal Year Ended September 30, 2020. The Annual Financial Report is prepared in conformance with accounting principles generally accepted in the United States (GAAP) and it also includes financial statements audited by Caballero Fierman Llerena & Garcia, LLP.

Please note that the financial data in this report is un-audited and presented on a non-GAAP basis. This means that it contains condensed financial information and does not provide all of the necessary financial statements and note disclosures required by GAAP for governmental entities. The GAAP basis presentation in the Comprehensive Annual Financial Report includes the presentation of individual funds, as well as full disclosure of all material events, financial and non-financial, in notes to the financial statements. We invite you to access the City's audited Comprehensive Annual Financial Report online presented on a GAAP basis with more detailed information on the City's finances. Both the Popular Annual Financial Report and the Comprehensive Annual Financial Report are available online at <https://www.cityofdoral.com/all-departments/finance/>.

LETTER FROM THE CITY MANAGER

To the Citizens of the City of Doral:

The Mayor and City Council are pleased to present herein the City's Popular Annual Financial Report (PAFR) for the Fiscal Year ending September 30, 2020. The PAFR provides our citizens with a snapshot of the City's financial condition in a user-friendly manner and helps demonstrate why the City of Doral is such a great place to "Live, Work, Learn and Play." The financial information presented here is derived from the City's 2020 Comprehensive Annual Financial Report. The Annual Financial Report provides complete financial disclosure and may be viewed and downloaded by accessing the City's website at www.cityofdoral.com.

There is no surprise that our population has grown by 77% in the last eight years, when considering Doral's ideal location. Recognized as an epicenter of international trade and commerce, Doral is well known as an excellent place to do business. BusinessWeek once named Doral the best city in Florida for business start-ups. With a business district among the most vibrant in South Florida, and the Miami Free Zone offering duty-free warehouse space that attracts international trade, it's no wonder that Doral's economy represents many different sectors including logistics, health and hospitality, flower imports, and the number one tile district in the country.

Since the City's incorporation, City leadership has envisioned world-class parks with many amenities that would be multi-generational, multi-purpose, and multi-seasonal. Recognizing that the City would continue to grow overtime, the goal is to have a park within a short walking distance from most residences that serves the recreational needs of residents of all ages, interests, and capabilities. On November 6, 2018 the Doral Parks for Tomorrow Bond was put to a vote and passed. Since voting in favor of the Park Bond, your City Council and City Staff are fast at work to provide the quality parks desired. Park projects and improvements funded by this bond include green spaces, nature areas, sports fields, play areas, infrastructure, aquatics facility, community center, cultural amenities, walking/biking trails, specialty recreation areas, and safety features.

The City of Doral is committed to its mission "To serve our community by relentlessly pursuing the highest quality of life through the delivery of efficient, sustainable, transparent, ethical and accountable government". I would like to give thanks to the Finance staff, all City Departments and the City's Auditors, which helped provide necessary information in creating the City's Popular Annual Financial Report.

Respectfully yours,

A handwritten signature in cursive script that reads "Albert P. Childress". The ink is dark and the signature is fluid and legible.

PROFILE OF THE CITY

The City of Doral incorporated on January 28, 2003, is one of thirty-four municipalities in Miami-Dade County, Florida. Conveniently located just one mile from Miami International Airport and twelve miles from Downtown Miami, our City is home to approximately 71,314 residents and regularly hosts in excess of 100,000 people who work within the City. The City of Doral occupies a land area of 15 square miles bordered on the west by the Ronald Reagan Turnpike, to the north by the Town of Medley, to the east by the Palmetto Expressway and to the South by the City of Sweetwater.

The City of Doral has operated under the Mayor-Council-Manager form of government since incorporation. Policymaking and legislative authority are vested in a governing council consisting of the mayor and four other council members. The Council, which is elected at large, is responsible among other things, for passing ordinances and resolutions, adopting the annual budget, appointing the City Manager, City Clerk and City Attorney. The City Manager is responsible for carrying out the policies and ordinances of the Council, for overseeing the daily operations of the government, and for appointing the heads of various departments.

The Award for Outstanding Achievement in Popular Annual Reporting is valid for a period of one year only. We believe our current report continues to

conform to the Popular Annual Financial Reporting requirements, and we are submitting it to GFOA.

STATEMENT OF NET POSITION

The Government-wide Balance Sheet, known as the *Statement of Net Position*, presents information on all of the City's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating. There was an increase of \$4.3 million in the City's net position over fiscal year 2019. The following financial summary is based upon a condensed summary of the City's net position for all governmental and business-type activities as of September 30, 2019 and 2020.

Net Position

Net Investment in Capital Assets - This represents the City's investment in its capital assets, less accumulated depreciation, and any related outstanding debt attributable. The resources needed to repay this debt must be provided by other sources, since the capital assets cannot be used to liquidate these liabilities.

Restricted Net Position - Resources whose use is subject to externally imposed restrictions. The City has resources set aside for debt service, capital projects, and specific projects and programs established by the City Council.

Unrestricted Net Position - These are resources that are accessible to the City to provide services to the residents if there were no additional revenues or resources available.

STATEMENT OF ACTIVITIES

The Government-wide Income Statement is known as the *Statement of Activities*, which provides a report on the money received (revenues) and spent (expenses) by the City during the fiscal year. The following graphs show a summary of revenues and expenses for Governmental and Business-type activities as they relate to the program category in which the funds were collected or expended. Governmental activities reflect the City's basic services, including general government, police, public works and physical environment, planning, zoning, and code enforcement, building, and parks and recreation. Business-type activities are comprised of Stormwater (wastewater) utilities.

Governmental Activities-Program Revenues and Expenses

Governmental activities increased the City's net position by \$1.2 million during the current fiscal year. Charges for services accounted for 20% of total governmental revenues. A decrease of \$6.6 million over prior year, attributable to the effects of the Covid-19 pandemic. As well as, a decrease in police services by \$1.1 million, due to school closures and safer at home mandates. Total governmental program expenses totaled \$75 million with Police program expenses representing 42% of the total. The increase of \$3.1 million in Police program expenses is primarily attributable to personnel and related operating expenditures along with depreciation expense.

Business-Type Activities - Program Revenues and Expenses

Business-type funds are used to report any activity for which a fee is charged to users for goods and services to recover the cost of the service provided. The net position in business-type activities increased to \$40.1 million when compared to the \$36.9 million from the last fiscal year. Overall, this is a result of revenues continuing to exceed expenditures.

GOVERNMENTAL FUNDS

The City maintains many individual governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year.

Revenues by Major Governmental Fund

Expenditures by Major Governmental Fund

Fund Balance: Represents the difference between the assets and liabilities in a governmental fund.

Unassigned Fund Balance: Is the residual classification for the government's general fund and includes all spendable amounts not contained in the other classifications.

Committed Fund Balance: Is the portion of fund balance that represents resources whose use is constrained by limitations that the government imposes on itself.

The General Fund balance increased from \$75.8 million at the end of 2019, to \$79.6 million at the end of the current fiscal year. Of that amount, \$72.3 million constitutes *unassigned fund* balance, which is available for spending at the City's discretion; \$7.2 million, is *committed* for various projects such as the design and construction of adoptive re-use area, park improvements, installation of license plate readers, implementation of a permitting system and fleet purchases.

The Transportation Fund balance increased by \$234 thousand. The general fund did not contribute to the transportation fund in the current fiscal year. While revenues decreased by \$335 thousand mainly attributable to effects of the Covid-19 pandemic, expenditures in the fund did not exceed revenues. Currently, there are various ongoing roadway improvement projects, which were funded from the fund's reserve.

GENERAL FUND - REVENUES

The General Fund is the primary operating fund of the City. It is used to account for all financial resources except for those required to be accounted for in another fund. It is useful to analyze as it reflects revenues and expenditures available for general use. The general fund is where the most significant revenue source (property taxes) and a majority of the City's expenditures are accounted for, including public safety (police) and City administration.

The majority of services are financed through shared state sales tax, local utility tax, property tax and direct charges for services. Compared to previous year, FY 2019 total general fund revenues decreased by \$7.1 million. The largest revenue source for the City is property taxes, which make up for 40% of general fund revenues. The second and third largest revenue sources are utility taxes (16%) and licenses, permits and fines (12%), respectively.

Property Taxes: An Ad Valorem tax levied on the assessed value (net of any exemptions) of real personal property within the City.

Utility Taxes: A tax on purchases within the City for electricity, metered natural gas, manufactured gas and water service.

Franchise Fees: Fees charged for the ability to operate businesses such as electricity and waste disposal services within the City limits.

Intergovernmental: The combined resources received from other governments in the form of state shared revenue.

Licenses, Permits, and Fines: Revenues received for business taxes, building and planning permits, and code fines.

Communication Service Tax: A tax on telephone and cable television received from state shared revenue.

Charges for Services: The combined resources of various departments for fees paid by the public such as, recreation fees.

Grants: Operating and capital grants and contributions received from other entities.

Investment Income: Interest earned on investments, such as treasuries, and federal agencies as allowed by state statutes and city policy.

Miscellaneous: Revenues received that do not fall into the above designated categories, such as insurance proceeds.
